REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Participants and their Beneficiaries
Wenger Corporation Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Wenger Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following description of the Wenger Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Wenger Corporation (the "Company", "Employer" or the "Plan Sponsor") to provide retirement benefits for eligible employees. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Fidelity Workplace Services, LLC is the Plan Custodian and Trustee. The Custodian and Trustee are responsible for holding the investment assets of the Plan and for processing and approving Plan distributions in accordance with Plan provisions. Effective March 15, 2021, the Plan adopted the volume submitter defined contribution plan established by Fidelity Management & Research Company ("FMRC"). The provisions within the Plan's amended and restated adoption agreement are consistent with the provisions outlined below.

Eligibility

All employees of the Company become eligible to participate in the Plan if they are 18 years of age and after completing 90 days of recognized employment. Any employees that are covered by a collective bargaining agreement are automatically ineligible to participate in the plan. Eligible employees can enter the Plan the first day of any payroll period, following meeting the service requirement. An employee of the Company will become eligible to receive a portion of the profit sharing contribution as of January 1, immediately preceding the date of completion of one year (and 1,000 hours) of recognized employment.

Funding Policy

Participants may elect to defer 1% - 50% of their eligible compensation per year, in the form of pre-tax and Roth deferrals, subject to limits established by law. In addition, participants may make rollover contributions to the Plan and participants satisfying certain criteria are permitted to make catch-up contributions, as stated in the Plan agreement. The Plan provides for Employer matching contributions (equal to 25% of the first 4% of compensation deferred), Employer profit sharing contributions, and qualified non-elective contributions (when needed to help the Plan satisfy nondiscrimination requirements). The Employer profit sharing contributions are established by the Board of Directors of the Company and are discretionary. For the years ended December 31, 2025 and 2024, the Employer made profit sharing contributions of $3,369,227 and $3,224,209, respectively.

Vesting

Prior to November 1, 2025, participants shall be fully vested in all accounts at all times. Effective November 1, 2025, the Company amended the plan to require one year of service to vest in employer matching contributions.

Investment Options

All funds of the Plan are participant-directed. Participants may direct their accounts to be invested in one or more of the investment options available in the Plan and may transfer assets in their accounts between funds on a daily basis, except for the participant loan fund. The Plan currently offers mutual funds and collective trust funds as investment options for participants. Notes receivable transactions are treated as transfers between the investment funds and participant loan funds. Notes receivable from participants are subject to certain restrictions and the loan policy as adopted by the Plan.

Participants' Accounts

Participants' accounts are credited with participant contributions (elective deferral, catch-up, and rollover), Employer matching contributions, Employer profit sharing contributions and an allocation of Plan earnings or losses. Allocations are based on participant compensation or account balances as defined in the Plan. The benefit that a participant is entitled to is the participant's vested account balance.

Benefits Paid to Participants

On termination of service, due to death, disability, termination of employment or retirement, the payment of benefits method depends on the participant's account balance. For termination of the participants whose account balance is less than $5,000, the participant shall receive the account balance as a lump-sum distribution or rollover. If the participant does not elect a lump-sum distribution or rollover and the total value of his or her account balance exceeds $1,000, but does not exceed $5,000, the trustee is directed to pay the distribution as a direct rollover to an individual retirement account or annuity. If the participant's account balance is less than $1,000 and no election was made, a single lump-sum distribution will be provided to the participant.

In-service withdrawals from a participant's Roth after-tax and rollover accounts are available in accordance with the Plan agreement.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have up to two outstanding notes receivable. Notes receivable must be repaid within five years, or ten years if for a purchase of a home, and shall bear interest at the prime rate plus 1%, as determined by the Plan Administrator. All notes receivable are collateralized by the borrower's account. Principal and interest payments are paid through equal payroll deductions, with payments to be made not less frequently than monthly over the term of the notes receivable.

Forfeitures

Forfeitures of excess deferrals receiving applicable matching contributions are used to reduce the Employer matching contributions or, if directed by the Plan Administrator, can be used to pay administrative expenses of the Plan. During the years ended December 31, 2025 and 2024, there were $117,171 and $0 of forfeitures used to reduce Employer matching contributions, respectively. During both of the years ended December 31, 2025 and 2024, there were no forfeitures used to pay administrative expenses of the Plan. At December 31, 2025 and 2024, the accumulated forfeited nonvested account balances totaled $2,300 and $116,297, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note C for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded at the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Administrative Expenses

The cost of administering the Plan, including advisor fees, are paid by the Plan participants, except legal and auditing charges that are paid by the Plan Sponsor.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains and losses plus the net unrealized appreciation of investments. Realized gains and losses are the difference between the proceeds received and either the cost of the investments sold, determined on an average cost basis, or the fair market value at the end of the previous year, whichever is applicable. Net unrealized appreciation is the change in the difference between fair market value and the cost of investments or the fair market value at the end of the previous year, whichever is applicable.

Benefits Paid to Participants

Benefits paid to participants are recorded by the Plan when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants based on each individual participant's account balance. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - INVESTMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- If the asset or liability has a specified (contractual) term, the Level 2 input must by observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Shares of registered investment companies are valued at the net asset value ("NAV") of shares, based on active market prices, held by the Plan at year end.

Collective trust funds: Shares of interest in the collective trust funds are valued at fair value as reported by the investment manager at year end, using NAV as a practical expedient.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 96,553,899	$ -	$ -	$ 96,553,899
Total investments in the fair value hierarchy	$ 96,553,899	$ -	$ -	96,553,899
Investments measured at NAV as a practical expedient [(a)]				21,579,562
Total investments at fair value				$ 118,133,461

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 83,572,363	$ -	$ -	$ 83,572,363
Total investments in the fair value hierarchy	$ 83,572,363	$ -	$ -	83,572,363
Investments measured at NAV as a practical expedient [(a)]				23,204,893
Total investments at fair value				$ 106,777,256

[(a)] Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments.

NOTE D - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Total investment income and interest income on notes receivable from participants, as shown on the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2025.

NOTE E - INCOME TAX STATUS

Effective March 15, 2021, the Plan adopted the non-standardized pre-approved profit sharing plan document sponsored by FMRC. The pre-approved plan document sponsored by FMRC has received an advisory letter from the IRS dated June 30, 2020, which states that the pre-approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a separate determination letter since having adopted the FMRC pre-approved plan document. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY TRANSACTIONS

Certain administrative expenses of the Plan, including audit and legal fees, are paid by the Plan Sponsor. Also, certain employees of the Plan Sponsor provide administrative services to the Plan at no expense.

Certain assets are invested in funds managed by Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the net assets per the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 122,930,612	$ 111,574,869
Current year: Employer profit sharing contributions receivable	(3,354,444)	(3,224,209)
Net assets available for benefits per the Form 5500	$ 119,576,168	$ 108,350,660

The following is a reconciliation of Employer contributions from the financial statements to the Form 5500, for the year ended December 31:

	2025	2024
Employer profit sharing and matching contributions per the financial statements	$ 3,820,058	$ 3,671,154
Current year: Employer profit sharing contributions receivable	(3,354,444)	(3,224,209)
Prior year: Employer profit sharing contributions receivable	3,224,209	1,697,036
Employer contributions per the Form 5500	$ 3,689,823	$ 2,143,981

NOTE H - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through September 25, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
