INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Lighthouse Electric Company, Inc. 401(k) Retirement Plan

SCOPE AND NATURE OF THE ERISA SECTION 103(A)(3)(C) AUDIT

We performed an audit of the accompanying financial statements of the Lighthouse Electric Company, Inc. 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2024, the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained a certification from a qualified institution as of and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION ON THE 2024 FINANCIAL STATEMENTS

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2024 financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE 2024 FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE 2024 FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACCOUNTANTS' REPORT ON THE COMPILED 2023 FINANCIAL STATEMENT

Plan management is responsible for the accompanying financial statement of the Plan, which comprises the Statement of Net Assets Available for Benefits as of December 31, 2023. We performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2023 financial statement.

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Lighthouse Electric Company, Inc. 401(k) Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan sponsored by Lighthouse Electric Company, Inc. All employees of the participating employers in the Plan, which comprise Lighthouse Electric Company, Inc. and Miterron, LLC (collectively referred to as the Company), who complete one month of service and who are at least 21 years old, other than those who are union employees or residents of Puerto Rico, are eligible to participate in the Plan. For purposes of participation, the entry date for eligible participants is the first day of the month following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain annual limitations in the Internal Revenue Code (IRC) including catch-up contributions if applicable. Participants who are 50 years old before the end of the Plan year are eligible to make catch-up contributions. Participants may designate some or all of their own contributions as Roth 401(k) contributions. Participants may also rollover distributions received from other qualified plans.

The Company may make a discretionary matching contribution for active participants in the Plan. For the year ended December 31, 2024, the Company made matching contributions of 100% of each participant's salary deferral contribution up to a maximum of 5% of each participant's eligible compensation. Additionally, the Company may elect, at its sole discretion, to make an additional profit sharing contribution, which will be "allocated" or divided among participants eligible to share in the contribution for the Plan year. Participants who are employed on the last day of the Plan year and who have completed at least 500 hours of service during the Plan year will be eligible to share. The Company did not make profit sharing contributions during the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and profit sharing contributions, and an allocation of any Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options offered by the Plan. Specific information regarding these options may be obtained from the Plan Administrator. Participants may change their investment options at any time.

(See Independent Auditors' Report)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan terms may not exceed five years unless the proceeds are used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Loans bear interest at a rate comparable to rates charged by commercial lending institutions for loans of similar terms. Loans are repaid through payroll deductions and may be repaid in full at any time. Participants may have a maximum of two outstanding loans at any one time.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus earnings thereon, is based on years of service. A participant becomes fully vested in the employer discretionary matching and profit sharing contributions after five years of service.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive a lump sum amount equal to the value of the participant's interest in the participant's account with certain exceptions allowed. Benefits from the Plan for terminated participants whose vested account balances are less than $5,000 and who do not make payment elections shall be rolled over to individual retirement accounts designated by the Plan Administrator.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled $12 and $98, respectively. These accounts may be used to pay Plan expenses, reduce employer contributions, or be used as additional employer contributions. During the year ended December 31, 2024, Company contributions were reduced by $38,352 from forfeited non-vested accounts.

Administrative Expenses

The Plan's administrative expenses are paid by the Company as provided by the Plan Agreement. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in the net change in investments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, all interests of the participants not previously vested would become vested and non-forfeitable, and the net assets of the Plan would be distributed to participants based upon individual equities in the Plan.

(See Independent Auditors' Report)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Valuation of Investments

Investments are reported at fair value, except for fully benefit responsive investment contracts which are reported at contract value. See Note 4 for a discussion of fair value measurements.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation paid to participants. The employer contributions are recorded the year in which the employer designated the contribution.

Notes Receivable From Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses

and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 4, 2026, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments were held by the Trustee, Ameritas Life Insurance Corporation, at December 31, 2024. Financial information related to those investments is included in the accompanying financial statements based on information certified by the Trustee. The information was not audited by the Plan's independent auditors. As of December 31, 2024, certified investment information consisted of the following:

Pooled Separate Accounts	$ 16,797,107
Guaranteed Investment Account	875,064
	$ 17,672,171

During the year ended December 31, 2024, certified investment income consisted of the following:

Net Appreciation in Fair Value of Investments	$ 2,143,459
Interest and Dividends	29,527
	$ 2,172,986

NOTE 4 – VALUATION OF INVESTMENTS

Investments are recorded at fair value in accordance with the provisions of the Fair Value Measurements and Disclosures Topic of the Codification, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

(See Independent Auditors' Report)

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There were no changes in the methodology used at December 31, 2024 and 2023.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	2024	2023
	Level 1 and Total	Level 1 and Total
Pooled Separate Accounts	$ 16,797,107	$ 13,361,593

(See Independent Auditors' Report)

NOTE 5 – INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has investments in the Ameritas Guaranteed Investment Account, which is a fully benefit responsive investment contract and, therefore, reported at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the fund, plus earnings, less participant withdrawals and administrative expense. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan Agreement (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include: (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded that there were no uncertain tax positions taken as of December 31, 2024.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee of the Plan. The Plan paid approximately $4,000 to parties-in-interest for the year ended December 31, 2024. These transactions qualify as parties-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. In addition, administrative

fees were paid indirectly through revenue sharing and are included in the net appreciation in fair value of investments.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net Assets Available for Benefits	$ 17,811,974	$ 14,249,053
Less: Contributions Receivable	(44,470)	-
Net Assets Available for Benefits per Form 5500	$ 17,767,504	$ 14,249,053

The following is a reconciliation of contributions between the financial statements and Form 5500 as of December 31, 2024:

Increase in Net Assets Available for Benefits	$ 3,562,921
Less: Contributions Receivable at December 31, 2024	(44,470)
Plus: Contributions Receivable at December 31, 2023	-
Increase in Net Assets Available for Benefits per Form 5500	$ 3,518,451

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date
t-1 = prior business date
NAV = Net asset value provided by mutual fund company
MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company
Declared dividend rate(t) = as provided by the mutual fund company
Short and long term capital gains (t) = S&LT(t) = as provided by the mutual fund company
Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains
Daily Expense Factor = the expense rate specific to a contract
Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses
Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV(t) + MTD daily div factor (t) + declared dividend rate (t) + S\&LT (t)}}{\text{NAV(t-1) + MTD daily dividend factors(t-1)}}$$

Net Investment Factor(t) = Gross Investment Factor - Daily Expense Factor

Unit Price (t) = Unit Price (t-1) times Net Investment Factor (t)

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
