Independent Auditors' Report

To the Plan Administrator of the
HNB National Bank 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of HNB National Bank 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HNB National Bank 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HNB National Bank 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HNB National Bank 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HNB National Bank 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HNB National Bank 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the HNB National Bank 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The HNB National Bank 401(k) Retirement Savings Plan (Plan 001) is a defined contribution plan sponsored by HNB National Bank (the "Company"), established January 1, 2010 and most recently restated effective April 1, 2022 on the Automatic Data Processing non-standardized pre-approved plan document. The Company is the Plan administrator. ADP, Inc. is the recordkeeper, and ADP Retirement Trust Services, LLC is the non-discretionary directed trustee and custodian effective January 1, 2025, succeeding Reliance Trust Company, which resigned December 31, 2024. Employees who are not in an excluded class (see B below) are eligible to participate upon attaining age 21 and enter the Plan on the date that requirement is met. Excluded part-time, temporary, and seasonal employees who complete a Year of Service, as defined in the Plan agreement (1,000 hours of service), become eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has been operated in accordance with the mandatory provisions of the SECURE 2.0 Act of 2022 that were effective through 2025. The Plan document will be amended for those provisions, and for any optional provisions the Company elects, within the remedial amendment period, which ends December 31, 2026.

B. Excluded Employees

There are certain employees of HNB National Bank who will not be eligible to participate in the Plan. Those employees are:

1. Employees whose employment is governed by a collective bargaining agreement.
2. Nonresident aliens who do not receive any compensation from U.S. sources.
3. Leased employees.
4. Part-time employees whose regularly scheduled service is less than 1,000 hours of service, and temporary and seasonal employees so classified on the Company's payroll records, unless the employee completes a Year of Service

C. Contributions to the Plan

Contributions to the Plan consist of the following:

1. Participants:

    a. Elective contributions – Participants may elect to defer from 1% to 90% of compensation, subject to Internal Revenue Code limits. These may be made as pre-tax salary deferrals or as after-tax Roth deferrals and at all times have a 100% vested balance. Roth deferrals are a form of salary deferral but, instead of being contributed on a pre-tax basis, income tax is paid currently on such deferrals.

    Participant deferrals were $547,762 and $534,461 for the years ended December 31, 2025 and 2024, respectively.

1. Description of Plan (Concluded)

C. Contributions to the Plan (Concluded)

b. Rollover contributions – Qualified distributions from certain other kinds of retirement plans or accounts may be rolled over into this Plan, including by employees who have not yet met the age requirement, and at all times have a 100% vested interest. Rollovers are held in a separate rollover account and may be withdrawn at any time. Rollover contributions were $4,751 and $2,945 for the years ended December 31, 2025 and 2024, respectively.

c. Catch-up contributions – These are available to participants 50 years of age or older and are not counted toward any other limits imposed on other Plan contributions and at all times have a 100% vested interest.

2. Employer:

d. Discretionary matching contributions – The Company may make a discretionary matching contribution, determined each payroll period on a formula the Company establishes and communicates to participants each year; no year-end true-up is made. For 2025 and 2024, the Company matched 50% of a participant's elective deferrals up to 6% of compensation. Compensation for this purpose excludes bonuses.

e. The Company match contribution was $184,575 and $181,108 for the years ended December 31, 2025 and 2024, respectively, net of forfeitures applied (Note 1.G).

f. Discretionary nonelective contributions – The Company may make a discretionary nonelective (profit sharing) contribution, allocated in proportion to compensation among participants who are employed on the last day of the Plan year and completed at least 1,000 hours of service during the year, whether or not they made elective deferrals. The service and last-day conditions are waived for participants whose employment ends because of death, disability, or retirement on or after normal retirement age. No nonelective contribution was made for 2025 or 2024.

g. Special employer contribution – QNEC – In addition to any other contributions authorized under the Plan, the Company may contribute a special discretionary contribution called a qualified non-elective contribution (QNEC) and at all times participants have a 100% vested balance.

D. Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contribution, and plan earnings, and charged with an allocation of investment gains or losses, withdrawals, and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

E. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contributions, plus earnings, is based on years of service, with a year of service being a Plan year in which the participant completes at least 1,000 hours. Participants vest 30% after one year of service, 60% after two years, and 100% after three years. Service with certain predecessor employers named in the Plan agreement is counted. Regardless of years of service, a participant becomes 100% vested upon death, total and permanent disability, or attainment of normal retirement age (65) while employed. Amounts held in the Plan's frozen safe-harbor nonelective account are fully vested.

F. Payment of Benefits

On termination of employment, retirement, disability, or death, a participant or beneficiary may elect to receive the vested account balance as a lump sum, in substantially equal installments, or in partial withdrawals, as provided in the Plan document. Vested balances of $5,000 or less (excluding rollovers) are distributed without the participant's consent; balances over $1,000 that are not otherwise directed are rolled to an individual retirement account. Participants who are still employed may withdraw amounts from any account after reaching age 59½ or on account of financial hardship, subject to a $500 minimum, and may withdraw their rollover account at any time. The Plan does not permit participant loans. All distributions are made in cash.

G. Forfeitures

The nonvested portion of a terminated participant's account is forfeited at the earlier of the distribution of the vested portion or the date the participant incurs five consecutive one-year breaks in service. Forfeitures may be used to pay Plan expenses and are otherwise applied to reduce employer contributions. Nonvested accounts forfeited during the years ended December 31, 2025 and 2024 totaled $822 and $4,066, respectively, and employer contributions were reduced by forfeitures of $823 and $4,068 for those years. There were no unallocated forfeitures at December 31, 2025 or 2024.

H. Plan Expenses and Revenue-Sharing Credits

Certain mutual funds offered under the Plan pay revenue-sharing amounts (12b-1, sub-transfer agency and similar fees) that ADP, Inc. credits to a Plan expense account held in the Federated Hermes Capital Preservation Fund. These credits are reported as other income and are used to pay Plan administrative expenses, including investment advisory, audit, and recordkeeping fees; any excess is allocated to participant accounts as provided in the Plan agreement. Credits received were $48,097 and $38,068 for the years ended December 31, 2025 and 2024, respectively. There was no balance of the expense account at December 31, 2025 and 2024, respectively. Fees for participant-initiated transactions, such as distributions and withdrawals, are charged directly to the accounts of the participants who incur them.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except that the Plan's interests in common/collective trust funds are reported at net asset value (NAV) per unit as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Administrative expenses of the Plan, including recordkeeping, investment advisory, and audit fees, are paid from Plan assets, principally from the revenue-sharing credits described in Note 1.H, except to the extent the Company elects to pay them. Expenses paid by the Company are excluded from these financial statements. Fees for participant-initiated transactions are charged to the accounts of the participants who incur them. Investment-related expenses, including fund operating expenses, are netted in the returns of the respective funds and included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurement

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued at the NAV of units held, as reported by the trustee of each fund, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it were probable that the Plan would sell the investment for an amount different from the reported NAV. Investments measured at NAV as a practical expedient are not classified within the fair value hierarchy and are presented in the table below as a reconciling item to total investments at fair value.

3. Fair Value Measurements (Concluded)

The State Street funds are index funds that seek to match the return of the S&P 500 Index and the Bloomberg U.S. Aggregate Bond Index, respectively. The Federated Hermes Capital Preservation Fund is a stable value collective trust that invests in fixed-income securities and benefit-responsive investment contracts and seeks to preserve principal and provide a stable rate of return. Participant-directed transactions in each fund may occur daily at the reported NAV; withdrawals initiated by the Plan from the Capital Preservation Fund may be subject to a notice period of up to twelve months.

4. Certified Investments

ADP Retirement Trust Services, LLC was the directed trustee and custodian of the Plan's investments for the year ended December 31, 2025, and Reliance Trust Company was the trustee and custodian for the year ended December 31, 2024. Financial information relating to the investments held by the trustee is included in the accompanying financial statements, in the information presented in this note, and in the supplemental schedule based on information provided by the trustee. Each trustee has certified that the information provided to the plan administrator relating to the Plan's investment assets and investment transactions for its respective year is complete and accurate. This information has not been audited by independent auditors.

Dividend income reported by the trustee totaled $728,826 and $458,207 for the years ending December 31, 2025 and 2024, respectively.

During 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year), as reported by the trustee, appreciated in fair value by $1,022,381 and $974,357, respectively.

5. Related-Party Transactions and Party-in-Interest Transactions

ADP Retirement Trust Services, LLC served as directed trustee and custodian and ADP, Inc. as recordkeeper of the Plan during 2025; Reliance Trust Company was trustee and custodian during 2024. Stifel Independent Advisors provided investment advisory services to the Plan, and Wade Stables P.C. audits the Plan. Fees paid from Plan assets to these service providers totaled $42,140 and $36,654 for the years ended December 31, 2025 and 2024, respectively, including $31,579 and $27,189 to Stifel Independent Advisors, $6,250 and $5,895 to Wade Stables P.C., and $2,661 and $1,918 to ADP, Inc, and $1,650 and $0 to Retirement Management Services. The Company provides administrative and accounting services to the Plan without charge. The Plan holds no securities of, or deposits with, the Company. These transactions are exempt party-in-interest transactions under ERISA.

6. Reconciliation of Financial Statements to Form 5500.

There were no reconciling items between the financial statements and the Form 5500 for the years ended December 31, 2025 and 2024.

7. Income Tax Status

The Plan is maintained under a non-standardized pre-approved plan document sponsored by ADP, LLC. The Internal Revenue Service issued an opinion letter to ADP, LLC dated October 6, 2020, stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code (IRC). The Company adopted the current document in 2022 and has not requested a separate determination letter for the Plan. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Investment Options

Participants direct the investment of all of their accounts among the mutual funds and common/collective trust funds offered under the Plan, as listed in the supplemental schedule, and may change their elections daily through the recordkeeper's website or mobile application. Plan assets are held in trust by ADP Retirement Trust Services, LLC and record kept by ADP, Inc. The Plan is intended to comply with ERISA Section 404(c) with respect to participant-directed accounts.

9. Transfers from Qualified Plans (Rollovers)

At the discretion of the Administrator, participants may be permitted to deposit into the Plan distributions participants have received from other plans. Rollovers to the Plan from other qualified plans were $4,751 and $2,945 for the years ended December 31, 2025 and 2024, respectively. Rollovers will be placed in a separate account called a “participant’s rollover account”. Participants are 100% vested in their “rollover account”.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Approximately 33% and 31% of the Plan's investments at December 31, 2025 and 2024, respectively, were held in three funds: the American Funds Growth Fund of America, the MFS Growth Allocation Fund, and the State Street S&P 500 Index Fund.

12. Subsequent Events

For the year ended December 31, 2025, Plan management evaluated subsequent events for potential recognition and disclosure through September 28, 2026, the date the financial statements were available to be issued.
