Independent Auditors' Report

To the Plan Participants and Plan Administrator
PepsiCo Employees Retirement Plan I:

Opinion

We have audited the financial statements of PepsiCo Employees Retirement Plan I (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2024, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, the changes in its net assets available for benefits for the years then ended, the accumulated plan benefits of the Plan as of December 31, 2024, and the changes in its accumulated plan benefits for the year then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Note 1 - Description of the Plan

The following description of PepsiCo Employees Retirement Plan I (the Plan or Plan I) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Effective December 31, 2024, a portion of the Plan was transferred to Plan H. The accrued benefits offered to these participants were unchanged. Assets of $20 million were transferred to Plan H in 2025.

General

Benefit accruals for salaried participants were frozen on December 31, 2025. Effective January 1, 2026, salaried participants receive an employer contribution to The PepsiCo Savings Plan, a defined contribution plan, based on age and years of service regardless of employee contribution and also have the opportunity to receive employer contributions to match employee contributions up to defined limits.

The Plan is a defined benefit plan primarily covering current and former salaried, hourly, commission and collective bargaining unit employees of PepsiCo, Inc. and certain of its subsidiaries (the Company). Eligible employees within a group or class so designated in the Plan document are eligible to participate in one of the benefit structures under the Plan. In general, benefits for members of collective bargaining units are based on the terms of the applicable collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), the Internal Revenue Code of 1986, as amended (Code) and the Puerto Rico Internal Revenue Code of 2011, as amended (PR Code). Generally, newly hired employees are not allowed to participate in the Plan, though certain employees may continue to accrue benefits upon rehire.

Administration

The Company maintains sponsorship of the Plan and the overall responsibility for administering the Plan rests with the PepsiCo Administration Committee (Plan Administrator). The Plan Administrator has appointed Fidelity Workplace Services, LLC as the recordkeeper for the Plan. The PepsiCo Investment Committee (PIC) is responsible for the investment strategy and asset allocation, oversees investment managers, monitors investment performance and ensures minimum funding requirements are met. The PIC has appointed The Northern Trust Company as the trustee of the PepsiCo, Inc. Master Trust (U.S. Master Trust) and Banco Popular de Puerto Rico as trustee of the Puerto Rican PepsiCo, Inc. Retirement Plans Trust (PR Master Trust).

Purchase of annuity contract

In 2025 and 2024, the Plan purchased a group annuity contract whereby a third-party insurance company assumed the obligation to pay and administer future annuity payments for certain retirees. The Plan transferred cash and net assets of $379 million in 2025 and $234 million in 2024 in connection with these agreements.

Contributions

The Plan is solely funded by Company contributions. The Company contributes to the Plan based on actuarially determined funding requirements and applicable tax regulations that provide for current tax deductions for the Company and taxation to the participant upon receipt of benefits. No Company contributions were required in 2025 and 2024 to meet the minimum funding requirements of ERISA. The

Company made discretionary contributions of $250 million to the Plan for the 2024 plan year (paid in 2025) and none in 2025.

Vesting
In general, participants vest in their benefits after five years of service. A participant becomes immediately vested in the event of a disability or death.

Retirement Age
In general, vested participants are entitled to an unreduced benefit if they elect to begin benefit payments at the normal retirement age of 65. Participants may be eligible for early retirement, but the benefit payment amount may be reduced to reflect an earlier payment date.

Disability and Death Benefits
Certain disabled participants are eligible for retirement benefits, as defined by the Plan. In certain circumstances, designated beneficiaries are eligible for survivor benefits.

Changes in Plan Provisions
In 2025 and 2024, maximum compensation amounts and maximum benefit amounts under the Puerto Rico Treasury Department (PR Treasury) and the Internal Revenue Service (IRS) rules were updated.

401(h) Account

The Plan includes a health-benefit component in addition to the normal retirement benefits to fund a portion of the postretirement obligations for certain retirees and their beneficiaries in accordance with Section 401(h) of the Code. A separate account has been established and maintained in the Plan for the net assets related to the health-benefit component. In accordance with Code Section 401(h), the Plan's investments in the 401(h) account may not be used for any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the Plan's obligations in the Statement of Accumulated Plan Benefits as they are obligations of the PepsiCo Retiree Health Care Program. Plan participants do not contribute to the 401(h) account. Employer contributions to the 401(h) account are determined annually and are at the discretion of the Company. There were no contributions for the 2025 and 2024 plan years.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation
The financial statements are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, additions to net assets, deductions from net assets, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates and assumptions.

Investments Valuation and Loss/Income Recognition
The Plan retains an interest in the U.S. Master Trust and the PR Master Trust (collectively, the Master Trusts), which hold all the investments. These investments are recorded at fair value. The Master Trusts' real estate investments are held in investment funds, which are recorded at their net asset value.

Purchases and sales of securities are recognized on the settlement date. Interest income is recorded as earned and dividend income is recorded as of the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. Depending on a participant's election, pension benefits are generally distributed in the form of various annuities or, in certain cases, a lump sum. The PR Master Trust holds the assets used to pay benefits for participants in Puerto Rico and the U.S. Master Trust holds the assets used to pay benefits for all other participants.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are attributable to employee service rendered and expected to be paid to current employees, terminated vested participants, retired participants, beneficiaries of deceased participants and former employees from divested groups. Benefits under the Plan depend on the benefit structure that the participant is eligible for and are generally based on either the employee's highest five consecutive calendar years of average monthly compensation (subject to maximum limitations), accrual of pay and interest credits, or a flat dollar multiplier for each year of service, as well as age at benefit initiation. Benefits for members of collective bargaining units are based on the terms of each collective bargaining agreement. Benefits are limited under federal tax law.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuaries, Mercer LLC, by applying actuarial assumptions to reflect the probability of payment and the time value of money between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2025 for the Plan are described below. The actuarial assumptions are based on the presumption that the Plan will be ongoing. If the Plan were to be terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Had the valuation been performed as of December 31, 2024, there would be no material differences.

Note 3 - Plan Termination

Although it has not expressed its intent to do so, the Company may terminate the Plan in accordance with ERISA, the Code and the PR Code. If the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Future annuity payments to former employees or their beneficiaries who have been receiving or were eligible to receive annuity payments for at least three years. The amount is limited to the lowest benefit that was payable or would have been payable during the last five years before termination. These amounts are insured by the Pension Benefit Guaranty Corporation (PBGC);
- Other vested benefits insured by the PBGC;
- All other vested benefits not insured by the PBGC; and
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. There is a statutory ceiling on the PBGC's guarantee of a participant's monthly benefit that is adjusted yearly. In 2026, the statutory ceiling is $7,790 ($7,432 for 2025) per month for a single-life annuity for a participant who is age 65 at the time of retirement or plan termination. For early or late retirees and those who elect other payment options, the statutory ceiling is decreased or increased accordingly.

Note 4 - Master Trusts

The Plan's assets are combined with the assets of other Company-sponsored pension plans in the Master Trusts to maximize administrative efficiencies. Investment income, investment management fees and other direct expenses relating to the Master Trusts are allocated to the individual pension plans based upon their proportion of month-end balances. Separate recordkeeping is maintained for each plan's share of each investment within the Master Trusts. Contributions, benefit payments and expenses are specifically identified for each plan.

The following tables present the major categories of net assets for the Master Trusts and respective Plan interest (including 401(h) account) at December 31, 2025 and 2024:

(a) At December 31, 2024, the Plan's interest in the net assets of the Master Trusts was approximately 61%.

Investment income (loss) of the Master Trusts (including 401(h) account) is as follows:

	2025 U.S. Master Trust	2025 PR Master Trust	2024 U.S. Master Trust	2024 PR Master Trust
	(in millions)			
Investment income/(loss):				
Net appreciation (depreciation)	$ 970	$ 4	$ (256)	$ (5)
Investment income [(a)]	308	1	301	6
Total investment income	$ 1,278	$ 5	$ 45	$ 1

(a) Includes securities lending income of $1.5 million and $0.5 million for the years ended December 31, 2025 and 2024, respectively.

The Master Trusts hold investments in cash and cash equivalents, common and preferred stocks, commingled funds, fixed income securities (including government securities, corporate bonds and mortgage-backed securities), securities lended, contract with insurance company, real estate commingled funds and futures and forward contracts. Cash and cash equivalents are highly liquid investments with original maturities of less than 90 days. Common and preferred stocks and commingled funds hold domestic and international equities. Government securities consist of U.S. treasuries, state and local government bonds, debt secured by foreign governments and government-backed mortgages. Corporate bonds are debt securities issued by U.S. and foreign corporations. Mortgage-backed securities are debt instruments issued by large financial institutions. Real estate commingled funds hold income-producing retail, office and other commercial property. We also participate in securities lending programs to generate additional income by loaning plan assets to borrowers on a fully collateralized basis, including both cash and non-cash collateral (see Note 6 for further information).

Contract with insurance company is an annuity contract with The Prudential Insurance Company of America (Prudential). The Prudential contract has no minimum interest rate. See Note 10 for further information.

In the normal course of business, the Master Trusts enter into transactions in various derivative financial instruments with off-balance-sheet risk, such as futures and forward contracts, to manage interest rate and foreign currency exposure, respectively, and enhance the overall return of the Master Trusts' net assets. Futures contracts represent commitments to purchase or sell securities at a future date and at a specified price and consist of exchange-traded U.S. Treasury notes and bonds and U.S. and international equity indices. The Master Trusts settle the change in fair value of the futures contracts with brokers on a daily basis. Forward contracts consist of currency forwards and are used to manage foreign exchange rate risks associated with certain investments. The Plan presents derivative assets and liabilities net in investments at fair value in the statements of net assets available for benefits and in the fair value measurement framework.

Derivatives involve varying degrees and types of risks, including credit and/or market risks, which may be in excess of the fair value of the derivative amounts recognized in the net assets of the Master Trusts. Credit risk represents the potential loss to the Master Trusts due to possible nonperformance by obligors and counterparties of the terms of their contracts. Market risk represents the potential loss to the Master

Trusts due to fluctuations in the value of the derivatives caused primarily by changes in interest rates, securities or foreign exchange rates, or a combination thereof. There were no derivative contracts accounted for as hedging instruments during 2025 and 2024.

The following table presents the current value of the notional amounts of the Master Trusts' derivatives as of December 31, 2025 and 2024:

Note 5 - Fair Value Measurements

The accounting guidance on fair value measurements defines fair value, establishes a framework for measuring fair value and identifies required disclosures about fair value measurements. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions

(inputs) used to price the assets and liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant judgment.

The Master Trusts' investments measured at fair value as of December 31, 2025 and 2024 are categorized consistently by Level 1 (quoted prices in active markets for identical assets), Level 2 (significant other observable inputs) and Level 3 (significant unobservable inputs) in both years, and are as follows:

(a) Includes securities loaned to borrowers under the securities lending program with fair value of $646 million and $603 million as of December 31, 2025 and 2024, respectively.

(b) Includes short-term investment assets classified as Level 2. Level 1 includes cash of $16.9 million and $22.5 million as of December 31, 2025 and 2024, respectively, that is restricted in use.

(c) Includes common stock and commingled funds. Common stock is based on quoted market prices in active markets. Commingled funds are based on the fair value of the investments owned by these funds that track U.S. large, mid-cap and small company indices or various non-U.S. equity indices.
(d) Based on quoted bid prices for comparable securities in the marketplace and broker/dealer quotes in active markets.
(e) Based on the fair value of the contract as determined by the insurance company using inputs that are not observable. The purchases in Level 3 were not significant in the years ended December 31, 2025 and 2024.
(f) Based on the net asset values provided by these underlying funds as a practical expedient. All core funds, except for Townsend RE Alpha Fund I, L.P. (TREA), make quarterly distributions subject to availability of cash and have notice periods ranging from 45 to 90 days. TREA is a closed-end fund with limited available liquidity with a fair value of $1 million and $1.6 million as of December 31, 2025 and 2024, respectively. The Trust does not receive distributions from the private credit funds.

Note 6 - Securities Lending

During 2024, the Plan entered into a securities lending program with the Trustee, as Agent. Securities lending is an investment management enhancement that utilizes certain existing securities of the Master Trust to earn additional income. The Master Trust maintains full ownership rights to the securities loaned and accordingly, the loaned securities are classified as investments. The Agent manages credit exposure arising from these lending transactions by, in appropriate circumstances, entering into master netting agreements and collateral agreements with third party borrowers that provide the Plan, in the event of default, the right to net a third party borrower's rights and obligations under such agreement and liquidate and set off collateral against the net amount owed by the counterparty. The Trustee requires the borrowers, pursuant to a security loan agreement, to deliver cash or non-cash collateral of at least 102% of the then fair value of the loaned securities at loan initiation in order to secure each loan. For lending agreements collateralized by non-cash collateral, the Plan does not record the collateral as an asset or liability, since the collateral is not eligible to be sold or repledged. For lending agreements collateralized by cash collateral, the Plan does record the collateral as an asset or liability. The fair value of securities on loan was $646 million and $603 million as of December 31, 2025 and 2024, respectively. The reported collateral included cash holdings of $457 million and $424 million as of December 31, 2025 and 2024, respectively. The amount of income earned for the years ended December 31, 2025 and 2024 was $1.5 million and $0.5 million, respectively.

Note 7 - Tax Status

The Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Code and the PR Code. The IRS issued a determination letter on September 11, 2024 stating that the Plan was designed in compliance with the Code. The PR Treasury issued a determination letter on August 8, 2019 stating that the Plan was designed in compliance with the PR Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. U.S. GAAP requires the Plan’s management to evaluate uncertain tax positions taken by the Plan. The Plan Administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8 - Risks and Uncertainties

Contributions to the Plan and the actuarial present value of the accumulated plan benefits are determined on the basis of certain assumptions pertaining to interest, inflation, employee pay rates and demographic data. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and that the effect of such changes could be material to the financial statements.

The Master Trusts invest in various investment securities and derivatives that are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic changes, political unrest, regulatory changes, foreign currency risk and overall market volatility. Such investments include securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. The Master Trusts' exposure to a concentration of credit risk is partially mitigated by the diversification of investments. These risks and uncertainties could materially impact the amounts reported in the financial statements.

Note 9 - Related Party Transactions

The Plan had a 401(h) current payable to the Company of $17 million and $13 million at December 31, 2025 and 2024, respectively, representing the reimbursement of claims paid on behalf of the Plan. These balances qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

Note 10 - Allocated Group Annuity Contracts

The Master Trusts hold fixed income group annuity contracts with Prudential. These contracts were purchased to provide benefits for specific plan participants and the amounts paid for the contracts were equal to the present value of the participants' future benefits as of the purchase date. As these participants retire, benefits are paid from the contracts. The allocated amounts under the contracts are not included in the Master Trusts. Upon final payment to the allocated participants, any amounts not allocated but still deposited with Prudential will be returned to the Master Trusts.

The amount allocated to participants under the Prudential contract was immaterial in 2025 and 2024. The unallocated portion of the contract was $0.6 million in both 2025 and 2024 and is included in contract with insurance company in the Master Trusts' net assets.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for pension benefits per the financial statements to the Form 5500:

	December 31,	
	2025	**2024**

Schedule SB, Part V — Summary of Actuarial Assumptions/Methods

Rationale for significant economic assumptions

- Discount Rates – Based on interest rates published by the IRS
- 417(e) lump sums – As prescribed by regulation
- Cash balance interest accumulation rate – Based on long term expectations of relative rate levels of high yield corporate rates and 30-year treasury rates, using both the Mercer Capital Market Assumptions and analysis with PepsiCo Treasury
- Salary Increase – Based on a study of the most recent 5 years of salary increase experience and PepsiCo, Inc.'s future expectations
- Social Security Wage Base rate – Future Social Security wage base increases are assumed to be equal to the assumed inflation rate plus 75 bps, based on approximate historical spreads between the two rates
- Inflation – Based on long term expectations for the Mercer Capital Market Outlook, taking into account the current economic environment
- Expected Investment return – Based on the median simulated investment return using capital market assumptions published in Mercer Investment Consulting's Capital Market Outlook for the plans' current asset mix, net of expected investment expenses to be paid from plan assets
- Expense Assumption – Based on prior year administrative expenses (excluding PBGC premiums) adjusted by Mercer's approximation of how workflow items may impact the remaining year's expenses, added to estimated 2025 PBGC premiums

For active retirements, 10% of the assumptions for Legacy PepsiCo Hourly and 5% for Legacy Salaried are proportionally shifted to an age 62 commencement (or immediate if over age 62) single life annuity. For Legacy Hourly participants who are eligible for a free joint and survivor optional form, their annuity optional forms consist only of the 50% joint and survivor and there is no deferred to age 62 single life annuity election assumed

For cash balance participants with terminations on or after 1 year prior to the valuation date, 50% are assumed to commence immediately with the remainder commencing at age 62. For terminations earlier than 1 year prior to the valuation date, all are assumed to commence at age 62

For Legacy Hourly (other than cash balance) and Legacy Salaried current and future deferred vested participants with an age 65 normal retirement age, 20% for Legacy Hourly and 15% for Legacy Salaried of the assumed annuity elections are assumed to commence at age 62, with the remainder assumed to commence at age 65

For participants with cash balance benefits, withdrawal assumptions above apply through attainment of age 55 with 3 years of service. Once that threshold is reached, retirement decrements shown earlier in this report are used instead.

Rationale for demographic assumptions

- Mortality – As prescribed by regulation
- Withdrawal, Retirement, Disability Incidence, and Form of Payment – Based on a review of experience over the 5 year period prior to the valuation date, and PepsiCo, Inc.’s future expectations

Schedule SB, Part V — Summary of Actuarial Assumptions/Methods

Actuarial Methods

Asset Methods

The asset valuation method is the fair market value.

The value of assets is as reported by the plans' trustee at December 31, 2024 and further adjusted for the following:

- The advance cash amounts transferred to the plans' paying agent for the following January's benefit payments.
- The discounted value of a 2024 plan year cash contribution of $250,000,000 on January 22, 2025, made to Plan I.
- Adjustment resulting from the December 31, 2024 transfer of select Hourly active participants from Plan I to Plan H.

The tables that follow summarize these adjustments.

Plan I		Plan Year Ending December 31, 2024
General Investments as reported by the Trustee	**$**	**6,401,729,749**
January 1 benefits not included in reported year end balances		27,935,779
Subtotal (prior to receivables)	$	6,429,665,528
Discounted receivable employer contributions		249,266,463
Transfer of assets from Plan I to Plan H		(19,615,062)
Total Adjusted Assets	**$**	**6,659,316,929**

Schedule SB, Part V — Summary of Actuarial Assumptions/Methods

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** Fidelity provides us with data on all employees as of the valuation date, but only those employees who have completed the plans' eligibility requirements are included in the valuation of liabilities. In addition, any vested participant that was valued in a prior valuation is included until the plan sponsor provides a reason for exclusion.

- **Participants excluded:** No actuarial liability is included for non-vested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.

- **Insurance contracts**: The plans do have insurance contracts that were purchased more than three years ago. An adjustment to plan liabilities has not been reflected for participants on whose behalf insurance contracts were purchased.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- Each plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- Each plan provides disability/death benefits that are only partially based on a participant's accrued benefit or years of benefit service. This benefit is allocated to funding target based on the accrued benefit on the valuation date plus a portion of the excess of the benefit over the accrued benefit, where that portion is equal to the ratio of the participant's service at the beginning of the plan year to their service at each decrement age. This benefit is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.
- Each plan's **target normal cost** is the sum of the individual target normal costs, and each plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Method Changes Since Prior Valuation

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 22 — Description of Weighted Average Retirement Age

Each employee is to retire in accordance with one of the tables of retirement rates shown on the following pages. The proportion of employees expected to retire at each potential retirement age is shown in each group's table, and from that the average retirement age for each group is determined. The average age of each group is applied to the count of the employees in that group to determine the plan's weighted retirement age, as shown below.

Schedule SB, Part V — Summary of Plan Provisions

Summary of Major Plan Provisions

The plan provision summaries for the Plans align with the provisions inherited from the former legacy plans. What follows are provisions for groups that can be covered by any of the Plans. Effective January 24, 2022, PepsiCo's juice business was sold to TBG and so affected hourly accruing participants fully transferred to TBG and affected salaried accruing participants were terminated. Following the sale, certain salaried employees age 50-55 on the sale date were still allowed to grow into early retirement subsidies. In addition, Plan A participants were merged into Plan I, and Plan A ceased to exist on December 31, 2022. New entrants are only allowed into Plan H, and rehired participants will accrue as applicable under the plan they participated in immediately prior to their reemployment.

The most recent plan documents are as follows:

- PepsiCo Employees Retirement Plan H: Amended and Restated Effective as of January 1, 2023
- PepsiCo Employees Retirement Plan I: Amended and Restated Effective as of January 1, 2024

Schedule SB, Part V — Summary of Plan Provisions

Actuarial Equivalence Basis

Effective for annuity starting dates on or after January 1, 2019, PepsiCo updated the definition of actuarial equivalence as used for calculating deferred vested early commencement and for optional form factors. The basis uses a 5% discount rate and collar-adjusted RP-2006 mortality tables, which are adjusted for PepsiCo's population make-up (gender and collar) and increased with mortality improvements in a manner consistent with how projections are done in Reg § 1.430(h)(3)-1(c)(3) for 2019 plan year lump sums. For pre-2019 hires, the factor (legacy basis or this basis) resulting in the higher participant benefit is used.

Salaried Formula Freeze

Accruals of participants accruing under a Legacy Salaried formula will be frozen as of December 31, 2025.

Closure for PFNA Employees

The qualified plans are closed to PepsiCo Foods, North America (PFNA) employees hired after December 31, 2022.

There are some exceptions where they are still eligible to enter the DB plan:

1. Quaker Cedar Rapids, IL (production employees only) – RWDSU Local 110
2. Quaker Danville, IL – BCTGM Local 347-G
3. FLUS Vancouver, WA (production employees only) – BCTGM Local 364
4. FLUS Vancouver, WA (warehouse employees only) – Teamsters Local 305
5. Gatorade Supply Chain Dallas, TX - UFCW Local 540
6. Gatorade Supply Chain Mountain Top, PA – IAM Local 2905
7. Gatorade Supply Chain Indianapolis, IN – USW Local 1999

Future PBNA Employees Formula Change

PepsiCo Beverages North America (PBNA) employees hired starting January 1, 2023 who would otherwise have accrued under the $60,000 FAE cap plan will instead accrue under the cash balance formula. Certain Gatorade unions (Dallas, Indianapolis, and Mountaintop) are excluded from this change.

Closure for Rehired Employees

Effective April 1, 2023, employees who have a break in employment from Legacy Salaried will not resume benefit accruals under that component of the plan upon rehire. They would, however, continue to earn vesting service towards early retirement eligibility for purpose of more favorable factors or benefit formula, if applicable. Similar rehire restrictions apply to those accruing in the Legacy Hourly group that was otherwise closed to employees hired after December 31, 2022.

Schedule SB, Part V — Summary of Plan Provisions

Legacy PepsiCo Salaried Employees Retirement Plan

Effective date and plan year	Original plan: July 1, 1975 Plan year: January 1 to December 31
Status of the plan	The plan has ongoing benefit accruals, but accruals will be frozen as of December 31, 2025. The plan was closed to most new employees hired after December 31, 2010. See section labeled “Employees included” for additional details.
Significant events that occurred during the year	None
Definitions	
• Employers included	An employer is PepsiCo, Inc. and/or any subsidiary or affiliated corporation that adopts the plan with the consent of the company.

Schedule SB, Part V — Summary of Plan Provisions

• Employees included	An employee is any salaried person who receives remuneration for personal services rendered to an employer (or would be receiving such remuneration except for an authorized leave of absence). The term includes any person who is not a United States citizen but who resides in the United States and who is receiving payments wholly or partly in the form of salary for the performance of personal services in the employment of an employer which is incorporated under the laws of any state or territory of the United States. Except for any employee (i) who is covered by a collective bargaining agreement which does not provide for his inclusion in this plan, or (ii) is a leased employee, an employee becomes a participant in this plan as follows: i. Any employee as of December 31, 1975 shall continue to participate in the plan as of January 1, 1976. ii. Any other employee as of January 1, 1976 who has both attained age 25 and completed a 12-month period ending prior to said date of not less than 1,000 hours of employment becomes a participant on January 1, 1976. iii. Prior to January 1, 1985 any employee shall become a participant as of the earliest January 1, or July 1, as of which he had attained age 25 and completed a 12-month period of not less than 1,000 hours of employment. iv. The participation of an employee eligible thereafter to become a participant shall commence as of the earliest January 1 or July 1 as of which he had attained age 21 and completed a 12-month period ending prior to said date of not less than 1,000 hours of employment. As of January 1, 2006, the former participants of the Quaker Retirement Plan, the Tropicana Retirement Plan, and the Gaines Foods, Inc. Salaried Employees' Retirement Plan were merged into the Legacy PepsiCo Salaried Employees' Retirement Plan. The Quaker Retirement Plan was split into two pieces; the salaried active and all inactive participants were merged into the PepsiCo Legacy Salaried Employees Retirement Plan, while the hourly active participants were merged into the Legacy PepsiCo Hourly Employees Retirement Plan. The active participants of these plans will accrue benefits according to their respective legacy plan provisions, as described in this section of the report.

Schedule SB, Part V — Summary of Plan Provisions

• Employees included (continued)	Effective December 31, 2007, active participants at the City of Industry (Local 848) were transferred to the Legacy PepsiCo Hourly Employees Retirement Plan. Benefits under the Salaried plan were frozen as of such date. Effective January 1, 2011, eligibility for the Plan is closed to all employees who are not already participants in the Plan, except certain employees: (a) active employees in plan eligible positions, (b) Puerto Rico or Virgin Islands payroll employees hired prior to 2012, and (c) certain international employees. Participants who are in an eligible classification of employment on January 1, 2011, or who would have been but for a break in eligible employment that lasts less than 12 months continue to participate and accrue benefits under the Plan on and after such date. A salaried employee who is accruing benefits under the Plan as of January 1, 2011 will continue to be eligible to be covered as a grandfathered participant even if the employee transfers to another salaried position with the Company. However, grandfathered participant status will be lost if the employee transfers to any non-salaried position (such as an hourly position); if the employee later returns to a grandfathered participant position, the employee will again be treated as a grandfathered participant only if the employee's return is within one year.
• Service	A participant's eligibility for benefits under the plan is determined by his period of service in accordance with the following: (i) Service prior to January 1, 1976: For a participant as of January 1, 1976, who had been covered under the prior provisions of the plan, the participant's period of continuous service prior to January 1, 1976 is considered as service. (ii) Service from and after January 1, 1976: Subject to the break in service provisions, a participant receives a year of service for each year of employment. Prior to January 1, 2002, service of fewer than 1,000 hours of employment in a calendar year prior to the date of participation is not considered as service under the plan. Effective January 1, 2002, service is computed in years and days, expressed as a four-place decimal based on a 365-day year.

Schedule SB, Part V — Summary of Plan Provisions

• Credited service	The amount of benefit payable to or on behalf of a participant is determined on the basis of his credited service. (i) Credited Service prior to January 1, 1976: For a participant as of January 1, 1976, who had been covered under the prior provisions of the plan, the participant's last period of continuous employment with the employer prior to the January 1, 1976 is counted as credited service. (ii) Credited Service from and after January 1, 1976: Subject to the break in service provisions, a participant receives credited service after January 1, 1976 for each completed day of employment. (iii) Credited Service after Normal Retirement Date: A participant receives credited service after his attainment of age 65.
• Earnings considered	Total earnings paid in cash to a participant, including overtime, commissions and cash incentive pay (annual bonus pay) but excluding any other forms of extra compensation (such as “premium” bonus amounts), is considered as remuneration in the employment of an employer prior to retirement except as defined otherwise to take into account certain prior plan benefit conditions. Considered earnings also include salary reduction amounts under a cafeteria or 401(k) plan. Considered earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
• Employee contributions	None; except for employee contributions made prior to October 1, 1967 under the North American Van Lines, Inc. Retirement Plan for Employees, under the Wilson Employees Retirement Plan prior to October 2, 1971, or under the Pension Plan for Employees of Pepsi-Cola San Joaquin Bottling Company prior to January 1, 1982.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Age 65 and 5 years of service.
• Benefit	For covered employees who were hired prior to July 1, 1975, the greater of Formula A or Formula B. For all other participants, only Formula A is applicable. Formula A 3% of highest five year average earnings for each of the first 10 years of credited service, plus 1% of such earnings for each year of credited service in excess of 10 years; less 0.43% of such earnings (but not more than covered compensation) multiplied by years of credited service not in excess of 35 years. Formula B 2.65% of highest five year average earnings for each year of credited service, less .43% of such earnings (but not more than covered compensation) multiplied by years of credited service. Maximum credited service of 15 years. Employees are entitled to their frozen accrued benefit as of December 31, 1993, plus future accruals at the new compensation limit, if greater than the amount calculated above.
Early retirement	
• Eligibility	Age 55 and 10 years of service.
• Benefit	Benefits as determined for Normal Retirement reduced by 1/3% for each month that payments commence prior to age 62.
Deferred vested	
• Eligibility	Completion of 5 years of service.
• Benefit	Formula A as calculated for Normal Retirement. At the employee's election, the pension may commence at any time after attainment of age 55, but the amount of such pension shall be actuarially reduced to reflect early commencement. In determining the amount of a deferred vested pension under Formula A, the pension is calculated on the basis of the credited service the participant would have earned had he remained in service until age 65, and multiplied by the ratio of the participant's years of credited service at severance over the years of credited service he would have earned had he remained in service until age 65. Unless an election is made to waive the pre-retirement spouse’s pension, the pension is further reduced by a coverage charge for each year during the period between the participant's employment termination date and the date of commencement.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	No vesting service requirement; totally and permanently disabled.
• Benefit	Benefit as determined for Normal Retirement based on credited service projected to age 65 or the date the participant elects to have payments commence, if earlier. The benefit will be reduced by 1/3% for each month between the early commencement date and age 62. For participants who go out on disability prior to 10 years of service, their benefit is based on the deferred vested amount. For purposes of determining the amount of disability pension, the covered compensation amount is frozen at the date of disability.
Pre-retirement spouse’s pension	
• Eligibility	The surviving eligible spouse of any active or deferred vested employee who dies before age 65, or any participant who qualifies for a disability pension and who dies before his benefit commences is eligible for a pre-retirement spouse's pension. The pre-retirement spouse's pension commences on the later of date of death or the earliest date the participant could elect to receive a pension.
• Benefit	The spouse will receive the benefit that the spouse would have received had the participant elected to retire under the early retirement provisions under a 50% Joint and Survivor annuity.
• Death after termination of employment and before benefit payments commence	A participant who has retired under the deferred vested provisions and dies prior to commencement of the early retirement benefits shall be covered under the 50% Joint & Survivor Pension unless an election is made to the contrary. The eligible spouse shall receive a benefit equal to 50% of the benefit the participant would have received had he retired on the day immediately preceding his death and survived to age 55.
Miscellaneous	
• Prior Benefits Preserved	Any benefits accrued prior to January 1, 1989 are preserved as a minimum.
• Maximum Pension	The maximum monthly pension commencing at age 65 on a single-life basis shall not exceed the lesser of 100% of the participant's average monthly compensation for the 3 consecutive calendar years of his participation in the plan when his compensation was highest, or the effective benefit limit under Code Section 415(b). The accrued benefit as of December 31, 1982 (but not more than $11,368.75) is preserved as a minimum.
• Payments of pensions	With respect to any participant who is entitled to a deferred vested pension and who is married on the date his pension payments commence, the normal form of payment is the 50% Joint and Survivor Annuity Option unless the participant elects, with his spouse's written consent, to receive a straight life annuity. For plan purposes, “spouse” includes partners in same sex marriages.

Schedule SB, Part V — Summary of Plan Provisions

Alternate Methods of Payment	1) A participant may elect to receive a pension payable in accordance with one of the following options in place of the retirement or disability pension payments otherwise payable. (a) 100%, 75% or 50% Joint and Survivor Options. Employees who choose this option will be subject to a simplified reduction of 20%, 15% or 10%, respectively for each Joint and Survivor Option, of the pension benefit that was to be paid to the participant. These factors apply as long as the age difference between the participant and spouse is under 10 years. (b) Monthly payments for life with 10 years certain. The benefit amount is subject to a 5% reduction. 2) Lump Sum payment option – in lieu of the applicable percentage of any retirement pension or any post-retirement spouse or other survivor annuity, a participant who terminates employment on or after the date he is eligible for an early retirement pension may elect, prior to the time payments commence, to receive any whole percentage of his benefits in the form of a single lump sum payment which is actuarially equivalent to the pension amounts otherwise payable based on the interest rate and applicable mortality table under IRC Section 417(e), in accordance with the plan document. 3) Inflation protection option – Employees who retire may elect to receive a reduced benefit in return for a guaranteed benefit increase if inflation exceeds a threshold amount (5% or 7%). These payment options apply only to participants entitled to receive an early, normal, late or disability retirement pension. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above legacy bases Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.
Amendments and Plan Termination	In the event of plan amendments and plan termination, the provisions of Articles VII and VIII will apply.

Schedule SB, Part V — Summary of Plan Provisions

Participants in Sold Group(s)	The plan includes participants in North American Van Lines (sold June 21, 1985), Wilson Sporting Goods, Inc. (sold September 16, 1985), PFS (sold July 11, 1997), Whitman (sold May 20, 1999), Pepsi Bottling Ventures (sold July 10, 1999), and TBG (sold January 24, 2022) who have remained in active employment with the employers since the sale dates. For purposes of determining benefit eligibility, service and age will be calculated at date of termination from Norfolk Southern (NAVL), Wesray (Wilson), Ameriserve (PFS), Heartland Territories Holdings (Whitman), Pepsi Bottling Ventures (PBV), or TBG (for TBG, applicable only to those age 50 or over on sale date with the remainder being effectively terminated under the PepsiCo plans on the sale date). For benefit accrual purposes, with the exception of PBV, credited service and earnings are frozen as of the date of sale. For PBV credited service and earnings are frozen as of December 31, 2000. If a participant terminates after attainment of age 55 and 10 years of service, he will be eligible for an Early Retirement Benefit. Termination prior to Early Retirement entitles a participant to a Deferred Vested Pension. NAVL and Wilson participants are also eligible for a free Post-Retirement Spouse's Pension if they terminate employment after early retirement eligibility.

Schedule SB, Part V — Summary of Plan Provisions

Former Tropicana Retirement Income Plan

Effective Date	January 1, 1988, restated effective January 1, 2000 and reflecting amendments through January 1, 2002
Employers Included	Tropicana Products Inc., a Delaware Corporation and/or any subsidiary or affiliated corporation which adopts the plan with the consent of the company.
Employees Included	Employees receiving remuneration for personal services rendered to the employer (or would be receiving such remuneration except for an authorized leave of absence) and employed by the employer in one of the following positions: a) in any executive or managerial position; b) in an office in a technical, professional, administrative or clerical position; c) in a sales position; or d) in an hourly position at City of Industry Facility or Juice Bowl, Lakeland Florida Facility ***The Grandfathered Group shall include all active participants who are age 40 on or before January 1, 2002.***
The Following Employees Are Excluded From Participation	Any employee (i) who is covered by a collective bargaining agreement which does not provide for his inclusion in this plan, or (ii) for whom contributions continue to be made, or for whom, upon his completion of the applicable eligibility requirements contributions will be made, under another defined benefit pension plan or program which meets the requirements of Section 401(a) of the Code, or (iii) who is a foreign employee who is neither a permanent resident nor a citizen of the United States, or (iv) who is a U.S. citizen employed by a foreign Employer if contributions to any funded plan of deferred compensation are made with respect to his remuneration from such Employer other than by the domestic corporation which contributes to this plan.

Schedule SB, Part V — Summary of Plan Provisions

Service Considered	A participant's eligibility for benefits under the plan is determined by his period of service. Subject to the break in service provisions under Section 8.1, a participant receives a year of service for each year of employment commencing on the date an employee first completes an hour of service. Included in service is any period of uninterrupted employment with an employer immediately prior to the date of its acquisition by or merger into the Company. Special eligibility provisions apply to active salaried employees of the Tropicana Products, Inc. Pension Plan and active employees of the Citrus Bowl Products, Inc. Pension Plan as of July 1, 1984, or described in supplements A and B of the Plan Document. The amount of benefit payable to or on behalf of a participant is determined on the basis of his benefit service. Benefit service is any service with the Employer excluding any service with an employer acquired by or merged into the Company occurring prior to the date of such acquisition or merger. Benefit service includes service before the merger of July 1, 1984 as specified in supplements A and B in the Plan Document.
Earnings Considered	Total earnings paid in cash to a participant, including overtime, commissions and cash incentive pay but excluding any other forms of extra compensation such as reimbursement of expenses, long-term incentives, etc., and excluding any deferred compensation. Beginning January 1, 2002 deferred compensation will be included in pensionable earnings and counted in the year that it was deferred. Considered earnings also include salary reduction amounts under a cafeteria or 401(k) plan. Considered earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
Employee Contributions	None.

Schedule SB, Part V — Summary of Plan Provisions

Normal Retirement	
• Eligibility	Age 65 and 5 years of vesting service.
• Benefit	Formula A: for service prior to January 1, 2002 1% of highest five year average earnings multiplied by years of pre-January 1, 2002 benefit service or if greater, the excess of 1-1/2% of highest five year average earnings multiplied by years of pre- January 1, 2002 benefit service over 1-1/2% of Social Security benefit multiplied by years of pre- January 1, 2002 benefit service limited to 33-1/3 years plus Formula B: for service after December 31, 2001 3% of highest five year average earnings for each of the first 10 years of post- January 1, 2002 benefit service, plus 1% of such earnings for each year of post- January 1, 2002 benefit service in excess of 10 years; less 0.43% of such earnings (but not more than covered compensation) multiplied by years of post- January 1, 2002 benefit service not in excess of 35 years.
• Grandfathered Group	Special benefit and eligibility provisions applicable to those who as of July 1, 1984 were either active salaried employees of Tropicana Products, Inc. or active employees of Citrus Bowl Products, Inc.
Early Retirement	
• Eligibility	Age 55 and 10 years of vesting service. Age 55 and 5 years of vesting service for the Grandfathered Group.
• Benefit	Unreduced accrued normal retirement allowance payable immediately if termination occurs after age 62; unreduced at age 60 or if the sum of age plus years of vesting service equals 90 or more for the Grandfathered group. Otherwise, benefits are determined for Normal Retirement reduced by 1/3% for each month that payments commence prior to age 62. For the Grandfathered group, benefits are determined for Normal Retirement reduced by ½% for each month that payments commence prior to age 60, unless the normal reduction produces a greater benefit.

Schedule SB, Part V — Summary of Plan Provisions

Deferred Vested	
• Eligibility	Completion of 5 years of vesting service.
• Benefit	At the employee's election, the pension may commence at any time after attainment of age 55, but the amount of such pension shall be actuarially reduced to reflect early commencement. For the Grandfathered Group, benefits are unreduced at age 60 and reduced by ½% per month that benefits commence prior to age 60. In determining the amount of a deferred vested pension under Formula B, the pension is calculated on the basis of the post-January 1, 2002 benefit service the participant would have earned had he remained in service until age 65, and multiplied by the ratio of the participant's years of post-January 1, 2002 benefit service at severance over the years of post-January 1, 2002 service he would have earned had he remained in service until age 65.
Pre-Retirement Spouse’s Pension	
• Eligibility	Death prior to retirement after becoming eligible for vested deferred allowance.
• Benefit	For the Grandfathered group: Calculated as the 42.5% of the accrued normal retirement pension at the date of the death payable immediately and without reduction for early payment. If a member either (i) completed 10 years of vesting service or (ii) attained age 55 and completed 5 years of vesting service prior to January 1, 1988 the spouse’s allowance payable will not be less than 40% of the normal retirement pension based on service the participant would have had at normal retirement. If death occurs in active service or after termination of employment: Calculated as if the member had retired on date of death with an effective election of a 50% Joint and Survivor Option, designating the spouse as contingent annuitant with payments to commence on the later of age 55 or date of death.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	No vesting service requirements; totally and permanently disabled
• Benefit	Benefit as determined for Normal Retirement based on benefit service projected to age 65 or the date that the participant elects to have payments commence, if earlier. The benefit will be reduced by 1/3% for each month between the early commencement date and age 62. For the Grandfathered group, the benefit will be reduced by ½% for each month between the early commencement date and age 60, unless the normal reduction produces a greater benefit. For participants who go out on disability prior to 10 years of service, their benefit is based on the deferred vested amount. For purposes of determining the amount of disability pension, the covered compensation amount is frozen at the date of disability.
Miscellaneous	
• Maximum Pension	The maximum monthly pension commencing at age 65 on a single-life basis shall not exceed the lesser of 100% of the participant's average monthly compensation for the 3 consecutive calendar years of his participation in the plan when his compensation was highest, or the effective benefit limit under Code Section 415(b).
• Payments of pensions	With respect to any participant who is entitled to a deferred vested pension and who is married on the date his pension payments commence, it is assumed that the 50% Joint Annuity Option has been elected with the participant's spouse as his contingent annuitant unless the participant elects, with his spouse's written consent, to receive a straight life annuity.

Schedule SB, Part V — Summary of Plan Provisions

Alternate Methods of Payment	1) A participant may elect to receive a pension payable in accordance with one of the following options in place of the retirement or disability pension payments otherwise payable. (a) 100%, 75% or 50% Joint and Survivor Options. Employees who choose this option will be subject to a simplified reduction of 20%, 15% or 10%, respectively for each Joint and Survivor Option, of the pension benefit that was to be paid to the participant. These factors apply as long as the age difference between the participant and spouse is under 10 years. (b) Monthly payments for life with 5, 10, or 15 years certain. The benefit amount is subject to a 2%, 5%, or 8% reduction, respectively. (c) 100%, 75%, or 50% Joint and Survivor Options with 10 years certain. The benefit amount is subject to a 20.5%, 16% or 12% reduction respectively. These factors apply as long as the age difference between the participant and the spouse is under 10 years. 2) Lump Sum payment option - in lieu of the applicable percentage of any retirement pension or any post-retirement spouse or other survivor annuity, a participant who terminates employment on or after the date he is eligible for an early retirement pension may elect, prior to the time payments commence, to receive any whole percentage of his benefits in the form of a single lump sum payment which is actuarially equivalent to the pension amounts otherwise payable. 3) Inflation protection option - Employees who retire may elect to receive a reduced benefit in return for a guaranteed benefit increase if inflation exceeds a threshold amount (5% or 7%). Options 2 and 3 apply only to participants entitled to receive an early, normal, late or disability retirement pension. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above legacy bases. Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.

Schedule SB, Part V — Summary of Plan Provisions

The Former Gaines Foods, Inc. Salaried Employees' Retirement Plan

Effective date and plan year	June 5, 1984
Sponsoring employer	PepsiCo, Inc.
Participating employees	All employees who were participants in the General Foods Retirement Plan as of the effective date are eligible. All other employees, under age 70, become eligible on the first day of the month following the first anniversary of employment or any subsequent employment year in which 1,000 hours of service is first completed.
Participant contributions	2% of earnings determined as of the date he first becomes a contributing participant and thereafter on September 1st as long as he is a contributing participant. No contributions are required after June 30, 1987.
Benefit Service	A participant is credited with one year of benefit service for each plan year in which he has completed 2,160 hours of service. Hour counting is based on 45 hours during any week in which at least one hour of service is completed. One year of service is credited for the first 12 months of employment. Participants under the predecessor plans receive years and partial service in effect under those plans. Benefit accruals are frozen as of June 30, 1987.
Compensation considered	Not applicable. Benefits are frozen.
Final Average Earnings	Not applicable. Benefits are frozen.
Normal retirement date	The first day of the month following the 65th birthday.
Early retirement date	The first day of any month during the 10-year period immediately preceding the participant's Normal Retirement Date.
Late retirement date	The first day of any month during the 5-year period next following the participant's Normal Retirement Date.
Normal retirement benefit	Non-contributory benefit: The greater of (a) and (b) (a) 1% of participating employee's final average earnings for each year of service up to a maximum of 30 years but not greater than 50% of final average earnings, less 50% of primary Social Security benefits (b) 1 ½% of final average earnings less 1 2/3% of primary Social Security benefits, times years of benefit service, up to 30 years Contributory benefit: ½% of final average earnings for each year of contributory service. Benefit Offset: Benefits payable under annuity contract R-121 are a direct offset to the benefit payable under this plan.
Early retirement benefit	Basic Benefit: The annual pension is the accrued normal retirement pension, reduced by 2% per year for commencement prior to age 62 and after age 60, and 5% for each year that commencement of payments precedes age 60. Supplemental Benefit: A benefit payable from the early retirement date until the earliest age at which Social Security benefits are payable equal to $96 per year for each year of benefit service up to 30 years.

Schedule SB, Part V — Summary of Plan Provisions

Late retirement benefit	The participant is entitled to an annual retirement income commencing on his deferred retirement date. The benefit is calculated in the same manner as the normal retirement benefit but based on Final Earnings, Credited Service, Contributory Participation and Primary Social Security Benefits as of the deferred retirement date or age 70, whichever is earlier.
Deferred vested benefit	If the participant terminates service before completing ten years of service or attained age 55, a refund of employee contributions with interest is payable. A participating employee who terminates service after having completed ten years of service or having attained age 55 is entitled to receive a pension payable at age 65 as for the normal retirement pension. There is also the option to receive a reduced early retirement benefit payable after 55 or a refund of contributions with interest. Unless an election is made to waive the pre-retirement death benefit, the pension is further reduced by a coverage charge for each year during the period between the participant's employment termination date and the date of commencement equal to the sum of .5% for each year that the option in is effect between ages 55-65 and .1% for each year between ages 35-54.
Disability benefit	No disability benefits are payable under the plan. If a participant is placed on disability leave of absence, benefits continue to accrue.
Pre-retirement Death Benefit	50% of the benefit which would have been payable had the participant terminated employment on his date of death and commenced receiving benefits on the earliest possible date. After the participant attains age 35, coverage of this benefit may be waived if the spouse has given written consent. Where the benefit has been waived, the beneficiary receives a lump sum benefit equal to the aggregate employee contributions with interest. In all cases, the excess, if any, of any employee contributions together with interest to the date of retirement over the benefits received to date of death will be paid.
Post-retirement Death Benefit	Proceeds of a joint and 50% survivor annuity. In the event that the aggregate employee contributions with interest exceed total retirement income, the excess of such contributions with interest is paid out as a cash lump sum.
Optional forms of retirement benefits	Optional forms are available on an actuarial equivalent basis.

Schedule SB, Part V — Summary of Plan Provisions

The Former Quaker Retirement Plan

Effective date and plan year	The Plan is effective January 1, 1989 and last amended on January 1, 2005.
Employees Included	All salaried employees of the Quaker Oats Company are eligible. The participation of an employee shall commence as of the earliest January 1 or July 1 as of which he had attained age 21 and completed a 12-month period ending prior to said date of not less than 1,000 hours of employment.
Service Considered	
Vesting Service	A participant's eligibility for benefits under the plan is determined by his period of service in accordance with the following: Subject to the break in service provisions, a participant receives a year of service for each year of employment. However, service of fewer than 1,000 hours of employment in a calendar year prior to the date of participation is not considered as service under the plan.
Credited Service	The amount of benefit payable to or on behalf of a participant is determined on the basis of his credited service. (i) Credited Service prior to January 1, 2002: A participant received credited service under the prior plan as described in the hourly plan. (ii) Credited Service from and after January 1, 2002: Subject to the break in service provisions, a participant receives credited service after January 1, 2002 for each completed day of employment. (iii) Credited Service after Normal Retirement Date: A participant receives credited service after his attainment of age 65.
Earnings Considered	Total earnings paid in cash to a participant, including overtime, commissions and cash incentive pay but excluding any other forms of extra compensation, as remuneration in the employment of an employer prior to retirement except as defined otherwise to take into account certain prior plan benefit conditions. Considered earnings also include salary reduction amounts under a cafeteria or 401(k) plan. Pensionable earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
Employee Contributions	None

Schedule SB, Part V — Summary of Plan Provisions

Normal Retirement	
• Eligibility	For covered employees who were hired prior to January 1, 2002, age 65 and 1 year of service. For all other participants, age 65 and 5 years of service.
• Benefits	For covered employees who were hired prior to January 1, 2002, the sum of Formula A and Formula B. For all other participants, only Formula A is applicable. <u>Formula A</u> 3% of highest five year average earnings for each of the first 10 years of credited service (only for post January 1, 2002 service), plus 1% of such earnings for each year of post January 1, 2002 credited service in excess of 10 years; less 0.43% of such earnings (but not more than covered compensation) multiplied by years of credited service (only for post January 1, 2002 service), not in excess of 35 years. <u>Formula B</u> For each year of credited service prior to 2002, 1.75% of earnings up to 80% of the Social Security Wage Base plus 2.5% of earnings in excess of 80% of the Social Security Wage Base subject to a minimum benefit of $216 for each year of credited service prior to 2002.
Minimum Benefit	In all cases, the benefit for a participant is subject to a minimum of the benefit a participant would have received had all the benefit determining provisions of the prior plan (in effect as of December 31, 2001) remained unchanged and continued in effect from January 1, 2002 until July 31, 2002.
Special Retirement Account	For covered employees who meet the following conditions: - Active U.S. salaried Quaker employee on August 2, 2001; and - Actively employed anywhere in the PepsiCo organization and participating in the plan on July 1, 2002, A Special Retirement Account of 15% of pay from July 1, 2001 to June 30, 2002 was credited in an account and grows with interest each year at a rate based on the 30-year Treasury bond for November of the preceding year.
Early Retirement	
• Eligibility	For covered employees who were hired prior to January 1, 2002, age 55 and 1 year of vesting service. For all other participants, age 55 and 10 years of vesting service.
• Benefits	Benefits as determined for Normal Retirement reduced by 1/3% for each month that payments commence prior to age 62.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	No vesting service requirements; totally and permanently disabled.
• Benefits	Benefit as determined for Normal Retirement based on credited service projected to age 65 or the date the participant elects to have payments commence, if earlier. The benefit will be reduced by 1/3% for each month between the early commencement date and age 62. For participants who go out on disability prior to 10 years of service, their benefit is based on the deferred vested amount. For purposes of determining the amount of disability pension, the covered compensation amount is frozen at the date of disability.
Deferred Vested	
• Eligibility	Completion of 5 years of vesting service.
• Benefits	The sum of Formula A and Formula B as calculated for Normal Retirement, subject to the minimum benefit as defined above. At the employee's election, the pension may commence at any time after attainment of age 55, but the amount of such pension shall be actuarially reduced to reflect early commencement. This amount is then compared to the minimum benefit reduced by the Prior Plan early retirement factors to determine the final benefit. In determining the amount of a deferred vested pension under Formula A, the pension is calculated on the basis of the credited service the participant would have earned had he remained in service until age 65, and multiplied by the ratio of the participant's years of credited service at severance over the years of credited service he would have earned had he remained in service until age 65. Unless an election is made to waive the pre-retirement spouse’s pension, the pension is further reduced by a coverage charge for each year during the period between the participant's employment termination date and the date of commencement.

Schedule SB, Part V — Summary of Plan Provisions

Pre-Retirement Spouse’s Pension	
• Eligibility	The surviving eligible spouse of any active or deferred vested employee who dies before age 65, or any participant who qualifies for a disability pension and who dies before his benefit commences is eligible for a pre-retirement spouse's pension.
	The pre-retirement spouse's pension commences on the later of the date of death or the earliest date the participant could elect to receive a pension.
• Benefits	The spouse will receive the benefit that the spouse would have received had the participant elected to retire under the early retirement provisions under a 50% Joint and Survivor annuity.
• Death after termination of employment and before benefit payments commence	A participant who has retired under the deferred vested provisions and dies prior to commencement of the early retirement benefits shall be covered under the 50% Joint & Survivor Pension unless an election is made to the contrary. The eligible spouse shall receive a benefit equal to 50% of the benefit the participant would have received had he retired on the day immediately preceding his death and survived to age 55.

Schedule SB, Part V — Summary of Plan Provisions

Maximum Pension	The maximum monthly pension commencing at age 65 on a single-life basis shall not exceed the lesser of 100% of the participant's average monthly compensation for the 3 consecutive calendar years of his participation in the plan when his compensation was highest, or the effective benefit limit under Code Section 415(b).
Payment of Pensions	With respect to any participant who is entitled to a deferred vested pension and who is married on the date his pension payments commence, it is assumed that the 50% Joint and Survivor Annuity Option has been elected with the participant's spouse as his contingent annuitant unless the participant elects, with his spouse's written consent, to receive a straight life annuity.
Alternate Methods of Payment	A participant may elect to receive a pension payable in accordance with one of the following options in place of the retirement or disability pension payments otherwise payable. a) 100%, 75% or 50% Joint and Survivor Options. Employees who choose this option will be subject to a simplified reduction of 20%, 15% or 10%, respectively for each Joint and Survivor Option, of the pension benefit that was to be paid to the participant. These factors apply as long as the age difference between the participant and spouse is under 10 years. b) Monthly payments for life with 10 years certain. The benefit amount is subject to a 5% reduction. Lump Sum payment option - in lieu of the applicable percentage of any retirement pension or any post-retirement spouse or other survivor annuity, a participant who terminates employment on or after the date he is eligible for an early retirement pension may elect, prior to the time payments commence, to receive any whole percentage of his benefits in the form of a single lump sum payment which is actuarially equivalent to the pension amounts otherwise payable. These payment options apply only to participants entitled to receive an early, normal, late or disability retirement pension. Quaker salaried employees who were actively employed as of January 1, 2002 are entitled to all options available under either Quaker or PepsiCo for the entire “A+B” plus Special Retirement Account benefit described above. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above legacy bases. Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.
Change in Control Benefit	Employees who were terminated as a result of the sale of Quaker Oats to PepsiCo, Inc. are entitled to an increased accrued benefit according to Section 12 of the Quaker Oats plan document.

Status of the plan	The plan has ongoing benefit accruals for some employees, while others are frozen as of April 1, 2009. New employees are not eligible to participate in the plan if hired after January 1, 2007. On February 26, 2010, the plan sponsorship changed to PepsiCo, Inc., through acquisition of The Pepsi Bottling Group, Inc. On December 31, 2025, all benefit accruals will cease.
Significant events that occurred during the year	None.
Definitions	
• Employers Included	An employer is The Pepsi Bottling Group and/or any subsidiary or affiliated corporation which adopts the plan with the consent of the company.

Schedule SB, Part V — Summary of Plan Provisions

• Employees Included	An employee is any salaried person who receives remuneration for personal services rendered to an employer (or would be receiving such remuneration except for an authorized leave of absence). The term includes any person who is not a United States citizen but who resides in the United States and who is receiving payments wholly or partly in the form of salary for the performance of personal services in the employment of an employer which is incorporated under the laws of any state or territory of the United States. Except for any employee (i) who is covered by a collective bargaining agreement which does not provide for his inclusion in this plan, or (ii) is a leased employee, or (iii) is hired or rehired after a one year break in service after January 1, 2007, an employee becomes a participant in this plan as follows: a) Any employee as of December 31, 1975 shall continue to participate in the plan as of January 1, 1976. b) Any other employee as of January 1, 1976 who has both attained age 25 and completed a 12-month period ending prior to said date of not less than 1,000 hours of employment becomes a participant on January 1, 1976. c) Prior to January 1, 1985 any employee shall become a participant as of the earliest January 1, or July 1, as of which he had attained age 25 and completed a 12-month period of not less than 1,000 hours of employment. d) The participation of an employee eligible thereafter to become a participant shall commence as of the earliest January 1 or July 1 as of which he had attained age 21 and completed a 12-month period ending prior to said date of not less than 1,000 hours of employment. Benefit accruals ceased for all participants on April 1, 2009, with the following exceptions: - Age + service is at least 65 by April 1, 2009, or - Age 50 with 5 years of service by April 1, 2009 Executives band E3 and above who satisfy the above criteria got their future benefit accruals from PEP from April 1, 2009 until December 31, 2010. After December 31, 2010, this plan will provide future benefit accruals.
• Employer Contributions	In such amounts as determined in accordance with the funding method and policy as established by the company.
• Employee Contributions	None; except for employee contributions under the Pension Plan for Employees of Pepsi-Cola San Joaquin Bottling Company prior to January 1, 1982.

Schedule SB, Part V — Summary of Plan Provisions

• Service	A participant's eligibility for benefits under the plan is determined by this period of service in accordance with the following: i) Service prior to January 1, 1976: For a participant as of January 1, 1976, who had been covered under the prior provisions of the plan, the participant's period of continuous service prior to January 1, 1976 is considered as service. ii) Service from and after January 1, 1976: Subject to the break in service provisions, a participant receives a year of service for each year of employment. Prior to January 1, 2002, service of fewer than 1,000 hours of employment in a calendar year prior to the date of participation is not considered as service under the plan. Effective January 1, 2002, service is computed in years and days, expressed as a four-place decimal based on a 365-day year.
• Credited service	The amount of benefit payable to or on behalf of a participant is determined on the basis of his credited service. Credited Service for non-Grandfathered employees was frozen as of April 1, 2009. i) Credited Service prior to January 1, 1976: For a participant as of January 1, 1976, who had been covered under the prior provisions of the plan, the participant's last period of continuous employment with the employer prior to the January 1, 1976 is counted as credited service. ii) Credited Service from and after January 1, 1976: Subject to the break in service provisions, a participant receives credited service after January 1, 1976 for each completed day of employment. iii) Credited Service after Normal Retirement Date: A participant receives credited service after his attainment of age 65.
• Earnings Considered	Total earnings paid in cash to a participant, including overtime, commissions and cash incentive pay but excluding any other forms of extra compensation, as remuneration in the employment of an employer prior to retirement except as defined otherwise to take into account certain prior plan benefit conditions. Considered earnings also include salary reduction amounts under a cafeteria or 401(k) plan. Pensionable earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
• Final average earnings	Average of the Earnings for the 5-consecutive-Plan-Year period that produces the highest average.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Age 65 and 5 years of service.
• Benefit	For covered employees who were hired prior to July 1, 1975, the greater of Formula A or Formula B. For participants who were hired after July 1, 1975 and were vested as of December 31, 1999, Formula A is applicable. Formula A 3% of Final Average Earnings for each of the first 10 years of credited service, plus 1% of such earnings for each year of credited service in excess of 10 years; less 0.43% of such earnings (but not more than covered compensation) multiplied by years of credited service not in excess of 35 years. Formula B 2.65% of Final Average Earnings for each year of credited service, less 0.43% of such earnings (but not more than covered compensation) multiplied by years of credited service. Maximum credited service of 15 years. Formula C 1% of Final Average Earnings for each year of credited service but not less than the accrued benefit as of December 31, 1999. Employees are entitled to their frozen accrued benefit as of December 31, 1993, plus future accruals at the new compensation limit.
Early retirement	
• Eligibility	Age 55 and 10 years of service.
• Benefit	Benefits as determined for Normal Retirement reduced by 1/3% for each month that payments commence prior to age 62.

Schedule SB, Part V — Summary of Plan Provisions

Deferred vested	
• Eligibility	Completion of 5 years of service.
• Benefit	Formula A as calculated for Normal Retirement for employees vested as of December 31, 1999. For the rest of the employees, Formula C. At the employee's election, the pension may commence at any time after attainment of age 55, but the amount of such pension shall be actuarially reduced to reflect early commencement. In determining the amount of a deferred vested pension under Formula A, the pension is calculated on the basis of the credited service the participant would have earned had he remained in service until age 65, and multiplied by the ratio of the participant's years of credited service at severance over the years of credited service he would have earned had he remained in service until age 65. Unless an election is made to waive the pre-retirement spouse’s pension, the pension is further reduced by a coverage charge for each year during the period between the participant's employment termination date and the date of commencement.
Disability	
• Eligibility	No vesting service requirements; totally and permanently disabled.
• Benefit	Benefit as determined for Normal Retirement based on credited service projected to age 65 or the date the participant elects to have payments commence, if earlier. The benefit will be reduced by 1/3% for each month between the early commencement date and age 62. For non-Grandfathered participants, service projection is limited to through April 1, 2009. For participants who go out on disability prior to 10 years of service, their benefit is based on the deferred vested amount. For purposes of determining the amount of disability pension, the covered compensation amount is frozen at the date of disability.
Pre-retirement spouse’s pension	
• Eligibility	The surviving eligible spouse of any active employee who dies before age 65, or any participant who qualifies for a disability pension and who dies before his benefit commences is eligible for a pre-retirement spouse's pension. The pre-retirement spouse's pension commences on the later of date of death or the earliest date the participant could elect to receive a pension.
• Benefit	The spouse will receive the benefit that the spouse would have received had the participant elected to retire under the early retirement provisions under a 50% Joint and Survivor annuity.

Schedule SB, Part V — Summary of Plan Provisions

Pre-Retirement Survivor Annuity	
• Eligibility	Unless an election is made not to be covered by this option, the surviving eligible spouse of an inactive participant entitled to a deferred vested pension is eligible for a pre-retirement survivor annuity commencing on the later of date of death or the earliest date the participant could elect to receive a pension.
• Benefit	50% of the benefit the participant would have received had he elected to retire with a 50% Joint and Survivor annuity option on the survivor annuity commencement date.
Prior Benefits Preserved	Any benefits accrued prior to January 1, 1989 are preserved as a minimum.
Maximum Pension	The maximum annual pension commencing at age 65 on a single-life basis shall not exceed the lesser of 100% of the participant's average annual compensation for the 3 consecutive calendar years of his participation in the plan when his compensation was highest, or the effective benefit limit under Code Section 415(b).
Payment of Pensions	With respect to any participant who is entitled to a deferred vested pension and who is married on the date his pension payments commence, it is assumed that the 50% Joint Annuity Option has been elected with the participant's spouse as his contingent annuitant unless the participant elects, with his spouse's written consent, to receive a straight life annuity.

Schedule SB, Part V — Summary of Plan Provisions

Alternative Methods of Payment	1) A participant may elect to receive a pension payable in accordance with one of the following options in place of the retirement or disability pension payments otherwise payable. a. 100%, 75% or 50% Joint and Survivor Options. Employees who choose this option will be subject to a simplified reduction of 20%, 15% or 10%, respectively for each Joint and Survivor Option, of the pension benefit that was to be paid to the participant. These factors apply as long as the participant is not more than 10 years older than the spouse. Larger reductions apply to participants who are more than 10 years older than their spouse. b. Monthly payments for life with 10 years certain. The benefit amount is subject to a 5% reduction. 2) Lump Sum payment option – in lieu of the applicable percentage of any retirement pension or any post-retirement spouse or other survivor annuity, a participant who terminated employment on or after the date he is eligible for an early retirement pension may elect, prior to the time payments commence, to receive any whole percentage of his benefits in the form of a single lump sum payment which is equivalent to his pension amounts payable otherwise. The basis of conversion is based on mandated 417(e) mortality and applicable PPA segmented rates. 3) Inflation protection option – Employees who retire may elect to receive a reduced benefit in return for a guaranteed benefit increase if inflation exceeds a threshold amount (5% or 7%). These payment options apply only to participants entitled to receive an early, normal, late or disability retirement pension. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above legacy bases. Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.

Schedule SB, Part V — Summary of Plan Provisions

Former PAS Salaried Plan

Effective Date and Most Recent Amendment	The Plan was originally effective January 1, 1963. The Plan was last amended effective June 14, 2010 to merge the Plan into the Legacy PepsiCo Salaried Employees Retirement Plan. On December 31, 2025, all benefit accruals will cease.
Coverage and Participation	Employees hired prior to April 1, 2001 are eligible to participate in the plan. Employees hired after April 1, 2001 are not eligible to participate in the plan. In addition, no transfers after December 31, 2001 are eligible to participate in the plan.

Credited Service	Years and months as a non-union employee, and prior service with an affiliated Company as defined in the plan. No Credited Service is given for 1989, 1990, and 1991. In addition, no Credited Service will be earned after December 31, 2001, except for Grandfathered Participants.
Vesting Service	A year of Vesting Service is granted for each anniversary of employment.
Final Average Monthly Compensation	The monthly average of the compensation paid to the participant during the 60 consecutive month period for which compensation was the highest within the last 120 months of employment. Final Average Monthly Compensation is frozen as of December 31, 2001 for all participants.
Normal Retirement Benefit	
• Eligibility	The first of the month coincident with or next following attainment of age 65.
• Benefit	The greatest of (a), (b), and (c) determined: (a) 1% of Final Average Monthly Compensation multiplied by the number of years of Credited Service not in excess of 20 years. (b) 1.2% of Final Average Monthly Compensation multiplied by Credited Service as of December 31, 1988. (c) the frozen accrued benefit under the Plan as of December 31, 1988.
Early Retirement Benefit	
• Eligibility	Age 55 with 5 years of vesting service.
• Benefit	Accrued benefit reduced 4% for each year prior to age 65, if the participant is at least age 55 and has 20 or more years of Vesting service. If the participant is less than age 55 at termination or has less than 20 years of Vesting Service, the accrued benefit is actuarially reduced from age 65.

Schedule SB, Part V — Summary of Plan Provisions

Disability Benefit	
• Eligibility	A participant is eligible for Social Security Disability Benefits and effective December 31, 2001, only Grandfathered Participants are eligible.
• Benefit	Accrued benefit payable at age 65, calculated in the same manner as the Normal Retirement Benefit and assuming the Participant had worked to age 65.
Vested Benefits Upon Termination of Service	
• Eligibility	A participant is 100% vested immediately upon participation in the plan.
• Benefit	The termination benefit is equal to the vested accrued benefit, payable in the normal form commencing at the normal retirement date. If payment commences prior to age 65, the benefit is reduced in the same manner as the early retirement benefit.
Pre-Retirement Death Benefits	
• Eligibility	No vesting service requirements.
• Benefit	The participant's spouse will receive a monthly retirement income payable for life in the amount equal to 50% of the amount the participant would have received if he had survived and elected to commence receiving a retirement income at the earliest date allowed under the Plan, payable under the qualified joint and 50% contingent option.
Optional Forms of Retirement Income in Lieu of Normal Form	The Plan provides the following optional forms of payment: a) Life Annuity b) 50% Contingent Annuity c) 75% Contingent Annuity d) 100% Contingent Annuity e) Ten-Year Certain Option f) Level Income Annuity Normal Form of Retirement Income: Married participants receive a 50% qualified joint and survivor annuity. Non-married participants receive a life only annuity. Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.

Schedule SB, Part V — Summary of Plan Provisions

Supplemental Pension	
• Eligibility	Each participant who had attained age 55 on December 31, 1988 and who was actively employed on June 1, 1989 is eligible for a supplemental pension. Each such eligible participant who was married on December 31, 1988 and is still married on the date the pension begins is entitled to an additional spouse's supplemental pension.
• Benefit	The amount of monthly supplement pension is based on age at December 31, 1988 and age at retirement as follows:

	Participant's Age on December 31, 1988		
	55	56	57 or older
Payable prior to age 65	$105	$210	$315
Payable after age 65	$22	$43	$65

The amount of spouse's supplemental pension is equal to the benefit the Participant qualified for, but is paid based on spouse's age when the participant retires.

Schedule SB, Part V — Summary of Plan Provisions

Special Provisions for Certain Companies	The Accrued Benefit for an employee at one of the following locations is modified by the following provisions: 1 Beloit — Credited Service excludes service before April 1, 1979. 2. Cincinnati — a. Benefit attributable to service before January 1, 1980 equals frozen accrued benefit based on prior plan formula. b. Employees at least age 55 on January 1, 1980 entitled to greater of formulas under this Plan or prior plan applied to all Credited Service. 3. Kenosha — Benefit attributable to service before December 1, 1979 equals frozen accrued benefit based on insurance policy cash values from prior plan. 4. Peoria — a. Benefit attributable to service before January 1, 1981 equals prior plan formula frozen accrued benefit. b. Employees at least age 55 on January 1, 1981 entitled to greater of formulas under this Plan or prior plan applied to all Credited Service. 5. Schedule SB, Part V — Summary of Plan Provisions

Legacy PepsiCo Hourly Employees Retirement Plan

Effective date and plan year	Original plan: January 1, 1976 Plan year: January 1 to December 31
Status of the plan	Open to new entrants, but will be closed to PepsiCo Foods, North America employees hired after December 31, 2022
Significant events that occurred during the year	None
Definitions	
• Covered employees	Commissioned and Hourly employees of Frito–Lay Inc., except for transportation employees and employees working in Hawaii, and hourly employees in Quaker unless a collective bargaining agreement provides for participation in the plan. Effective January 1, 1996, the Frito-Lay, Inc. Retirement Plan for Group A Employees was amended and through plan mergers coverage was extended to the Frito-Lay, Inc. Retirement Plan for Group B Employees and the Retirement Plan For Bargaining Unit Employees of Frito-Lay of Hawaii, Inc. Effective January 1, 2005, hourly employees in Quaker entered the plan for future service accruals. An employee is eligible to become a participant in the plan as of the first January 1 or July 1 following his attainment of age 21 and the completion of a 12-month period of not less than 1,000 hours of employment. Effective December 31, 2005, all participants who were previously a member of the PepsiCo Hourly Pension Plan and Tropicana Products, Inc. Pension Plan (TROP) entered the plan. All active participants who were hourly employees on December 31, 2005 and were previously a member of the Quaker Retirement Plan or any inactive participants who started accruing benefits under the Hourly Plan as of January 1, 2005 also entered the plan. Effective January 1, 2008, all City of Industry (Local 848) active employees became eligible for the plan. Previously, benefits were provided under the PepsiCo Salaried Employees Retirement Plan; those prior benefits are retained on a frozen basis. Credited service for these employees is prospective from such date. Effective June 14, 2010 (the “Merger Date”), the PBG Hourly Pension Plan (the “PBG Plan”) and the PepsiAmericas, Inc. Hourly Pension Plan (the “PAS Plan”) merged into this Plan. The benefit structure for employees in the Pepsi Beverages Company (“PBC”) will continue to be different than it is for other members of the PepsiCo Organization. See the PBG and PAS provisions in this report for details. Effective January 1, 2011, employees who transfer to a position within the PepsiCo Organization that makes them ineligible to continue accruing additional benefits in the Plan will still be eligible for a Normal, Early, Late or Disability Retirement Pension under the Plan if, at the time of final termination from the PepsiCo Organization, they satisfy the applicable age and service requirements for a Normal, Early, Late or Disability Retirement Pension.

Schedule SB, Part V — Summary of Plan Provisions

• Employer contributions	In such amounts as determined by the company within the range required by the Code.
• Employee contributions	None.
• Grandfather provision	To protect the benefits of Employees, a Frito employee as of December 31, 1995 who has a larger benefit, as of December 31, 1995, under their former plan's formula is considered to be Grandfathered. A Grandfathered employee is entitled to the larger benefit as calculated under the new plan formula, as of January 1, 1996 and their former plan benefit formula reflecting all service including service after December 31, 1995.
• Grandfather provision (former Quaker Retirement Plan participants)	Former participants of the Quaker Retirement Plan who started accruing benefits under the Hourly Plan as of January 1, 2005 who were at least 40 years of age with 5 years of service are not limited to $60,000 per year on the final average compensation calculation. Similarly, former Dallas participants of the Quaker Retirement Plan who started accruing benefits under the Hourly Plan as of January 1, 2006 who were at least 40 years of age with 5 years of service (as of January 1, 2006) are not limited to $60,000 per year on the final average compensation calculation.
• Service Considered	A participant's eligibility for benefits under the plan is determined by his service. Subject to the break in service provisions, a participant receives a year of service for each year of employment. However, service of fewer than 1,000 hours of employment in a calendar year prior to the date of participation is not considered as service under the plan. The amount of benefit payable to or on behalf of a participant is determined on the basis of his credited service. Credited service prior to January 1, 1976 is determined on the basis of records maintained in accordance with an applicable insurance contract or the prior provisions of the plan, without regard to hours of employment. A participant receives one day of credited service after January 1, 1976 for each completed day of employment.
• Compensation Considered	All payments received by a participant during a plan year for service rendered to the employer and reportable on Federal Income Tax Form W-2 for the plan year. Considered earnings also include salary reduction amounts under a cafeteria or 401(k) plan, but do not include extraordinary bonuses.
• Average Monthly Compensation	One-twelfth of the average of the participant's compensation for the 5 plan years that produce the highest average. Effective in 2008, highest average monthly earnings over $5,000 per month ($60,000 per year) are not counted. For Over-the-Road participants, highest average monthly compensation over $5,433 ($65,200 per year) is not counted. This limit does not apply to former Quaker grandfathered participants.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Age 65 and five years of service.
• Benefit	For retirements and terminations after January 1, 1996: The normal retirement benefit is a monthly pension for life equal to 1.2% of final average pay up to covered compensation plus 1.43% of final average pay in excess of covered compensation, multiplied by credited service to a maximum of 35* years. In no event will this amount be less than the greater of: 1. The benefit accrued under the previous formula as of December 31, 1995, or 2. In the case of a Grandfathered Frito-Lay participant, the benefit calculated under the participant's former plan based on all service, including service after December 31, 1995, or 3. The projected benefit shown on the 1987 benefit statements, or 4. The benefit accrued under the former plan as of December 31, 1989. *For employees hired on or after January 1, 2011, the cap on Credited Service will be 30. Effective October 1, 2019, participants in the Arlington group receive a $43 flat benefit per month of service.
Early retirement	
• Eligibility	A participant is eligible for an early retirement pension after attainment of age 55 and completion of at least 10 years of service.
• Benefit	
— Regular	A participant, on early retirement, is entitled to a monthly pension for life based on his normal retirement benefit, calculated as described in the Normal Retirement Benefit description based on service and compensation as of the date of termination. However, benefits under #3 of the Normal Retirement Benefit description above are then multiplied by the ratio of the participant's credited service at date of termination to his credited service projected to normal retirement. For early commencement of payments after January 1, 1990, the benefit is unreduced for commencement after age 62 but prior to the participant's normal retirement date, and reduced by 1/3% for each month that the commencement precedes the participant's age 62.
— Unreduced 30 & out	To be eligible for unreduced early retirement, a participant must have attained age 62 with 10 years of service, or age 55 with 30 years of service.

Schedule SB, Part V — Summary of Plan Provisions

Late retirement	A participant who retires late shall not receive any benefit until actual retirement at which time he shall be entitled to receive a monthly income for life equal to his normal retirement benefit calculated as of his actual retirement date.
Deferred vested	
• Eligibility	Completion of 5 years of service is required to be eligible to receive a deferred vested benefit. However, the participant will become 100% vested in the case of death or total and permanent disability on or after January 1, 2011 while an employee of the PepsiCo Organization or during a military leave of absence.
• Benefit	A participant's deferred vested pension, commencing as of his normal retirement date, shall be calculated as described in the current Normal Retirement Benefit formula based on the credited service he would have had if his employment had continued until his normal retirement date, multiplied by the ratio of his credited service at termination of employment to the years of credited service he would have had if he had remained employed until his normal retirement date. However, the proration just described does not apply to #2 of the Normal Retirement Benefit description for a participant of the former Frito-Lay Hawaii plan. In no event will the amount be less than the amount under #4 of the Normal Retirement Benefit, or the amount under #3 of the Normal Retirement Benefit multiplied by the ratio of credited service at termination to credited service projected to normal retirement. If payment of a deferred vested pension commences after age 55, but prior to age 65, the amount of the pension shall be reduced to the actuarial equivalent of the pension payable at normal retirement date.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	A participant shall be eligible for an unreduced disability pension if his employment is terminated because of disability and he receives a Social Security Disability award on or after the completion of 10 or more years of service. A participant without 10 years of service shall be eligible for a reduced disability pension if, prior to becoming eligible for an unreduced disability pension, his employment is terminated because of disability and he receives a Social Security Disability award. A disability pension shall commence as of the first day of the month in which the participant begins to receive Social Security Disability benefits.
• Benefit	A participant eligible for an unreduced disability retirement shall be entitled to monthly retirement income calculated as in the Normal Retirement Benefit description based on credited service projected to age 65 or the date the participant elects to have payments commence, if earlier. A participant eligible for a reduced disability pension shall be entitled to a monthly retirement income calculated as in the Normal Retirement Benefit description but reduced in accordance with the Early Retirement Benefit description (Section 5.3 (c) of the plan) between the early commencement date and age 62. For purposes of determining the amount of disability pension, the covered compensation amount and final average compensation are frozen at the date of disability.
Pre-retirement spouse’s pension	
• Eligibility	An active participant who has been married at least one year.
• Benefit	The benefit is the amount the eligible spouse would have received had the participant retired on the day preceding his death, survived to age 55 and commenced early retirement with the 50% Joint and Survivor option in effect. The benefits payable to the participant or to the eligible spouse are further reduced by a coverage charge for each year between the coverage effective date and the earliest of the participant's actual retirement date, date of death, or normal retirement date.
• Death after termination of employment and before benefit payments commence	A participant who has retired under the deferred vested, disability or early retirement provisions and dies prior to commencement of the early retirement benefits shall be covered under the 50% Joint & Survivor Pension unless an election is made to the contrary. The eligible spouse shall receive a benefit equal to 50% of the benefit the participant would have received had he retired on the day immediately preceding his death and survived to age 55, further reduced by a coverage charge for each year during the period between the participant's employment termination date and the date of his death.
Prior benefits preserved	Any benefits accrued prior to January 1, 1976 are preserved as a minimum.
Miscellaneous	
• Maximum pension	A participant’s monthly pension shall not exceed the maximum benefit limits of Internal Revenue Code Section 415(b).

Schedule SB, Part V — Summary of Plan Provisions

• Alternate methods of payment	The participant is entitled to a 50% Qualified Joint and Survivor Option. Employees who choose this option will be subject to a simplified reduction of 10% of the pension benefit that was to be paid to the participant. If the participant is between 10 and 20 years older than the spouse, then the reduction is increased by 5%. If the participant is more than 20 years older than the spouse, then the reduction shall be further increased by .2% for each year over 20. A 100% or 75% Joint and Survivor Option is also available. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above legacy bases. Other options include: • Level Income Option • Monthly payments for life with 5 (or 10) years certain • Lump sum, subject to a 365 day window if not retirement eligible upon termination Employees who retire may elect to receive a reduced benefit in return for a guaranteed benefit increase if inflation exceeds a threshold amount (5% or 7%).

1 Sold Group. Service is frozen at May 21, 1999.

2 The minimum Normal Retirement benefit is reduced 3% per year for each year benefits begin prior to age 65. The Deferred Vested benefit is calculated by dividing Credited Service by Projected Service at age 65. This factor is multiplied by the minimum Normal Retirement benefit to get the age 65 benefit.

3 Benefit is equal to the greater of a. or b. below:

a. PepsiCo Hourly benefit for all years of Credited Service, or
b. Frozen benefit as of December 31, 1988 accrued under prior plan plus the PepsiCo Hourly benefit for all years of credited service beginning January 1, 1989.

4 Benefit is equal to the greater of a. or b. below:

a. PepsiCo Hourly benefit for all years of Credited Service, or
b. Frozen benefit as of December 31, 1988 accrued under prior plan plus the PepsiCo Hourly benefit for all years of credited service beginning January 1, 1992.

5 Sold Group. Service is frozen at December 31, 2000.

Schedule SB, Part V — Summary of Plan Provisions

Participant Eligibility – All active union locations are closed to new entrants. During 2018, Puerto Rico facilities in which Union Local 901P and Union Local 901O operated were shut down and all active employees at those locations were transferred or terminated. Any new hire in Union Local 30 on or after June 18, 2015 accrues under the Cash Balance formula. The Arlington group is open to new entrants.

Credited Service Start Date - The later of date of participation (DOP), the starting date in the Plan (only provided if participants were hired before entering this Plan), and date of hire (DOH)

Credited Service - Includes all years and completed months of employment counted from the Credited Service Start Date to the Maximum Years of Credited Service indicated.

Vesting Service - Each complete 12 months of employment equals one year of service. Service is counted from original date of hire or Credited Service Date (CSD) (where indicated).

Normal Retirement - Eligibility occurs at age 65, and the monthly benefit equals the monthly dollar multiplier times years of Credited Service. A minimum benefit applies for some sold group (PVB or Whitman) participants.

As adopted by January 1, 2025, for the active locations, the monthly dollar multiplier is:

- For participants in Local 30 located in Valhalla and Purchase, New York:
  - $78 for terminations from May 1, 2023 through April 30, 2024
  - $80 for terminations from May 1, 2024 and beyond
- $43 for terminations from October 1, 2019 and beyond for participants in the Arlington group.

Unreduced Benefit - An unreduced Normal Retirement benefit is payable at the earlier of attained age and completed years of employment, if indicated.

Early Retirement - Eligibility occurs upon attaining the age and completing the years of Vesting Service indicated. The benefit formula equals the Dollar Multiplier times years of Credited Service, reduced by the Early Retirement Factor indicated for each year benefits commence prior to age 65. For the active locations, eligibility is attainment of age 55 and 10 years of service, and the benefits are reduced by 4% per year for each year benefits commence prior to age 62.

Disability Benefits - Eligibility occurs upon completion of years of Vesting Service (Svc) indicated, and upon receipt of the Social Security Disability Award. The benefit formula equals the Dollar Multiplier times years of Credited Service, payable (Pay) either deferred 6 months (6 mos.) or deferred to age 65 (65). The benefit deferred to age 65 is payable on an actuarially reduced basis as early as the Early Retirement Eligibility age.

Deferred Vested - Eligibility occurs upon completion of the years of Vesting Service indicated. The benefit formula equals the Dollar Multiplier times years of Credited Service, deferred to age 65 or payable on an actuarially reduced basis as early as the Early Retirement Eligibility age.

Post-Retirement Spouse's Benefit - If unmarried, the Normal Form of Pension is a life-only annuity. If married, a 50% Joint and Survivor annuity is payable, unless an election is made to the contrary. For active groups, an actuarial equivalent reduction (AER) is applied to the life-only form for spouse's coverage.

Surviving Spouse's Pension	
• Eligibility	Death prior to retirement.
• Benefit	Calculated as if the member had retired on date of death with an effective election of a 50% Joint and Survivor Option, designating the spouse as contingent annuitant with payments to commence on the later of age 55 or date of death.
Death Benefit Prior to Retirement	
• Eligibility	Death prior to commencement of benefit payments, completion of 10 years of service. Payable regardless of marital status.
• Benefit	Monthly 24 month temporary annuity equal to $3.70 multiplied by years of service after December 31, 1989, reduced by the spouse's pension described above, if any.
Disability Retirement	
• Eligibility	Totally and permanently disabled after attainment of 10 years of service and eligible for Social Security Disability benefits.
• Benefit	Computed as a normal pension payable immediately without any reduction for early payment. For participants who go out on disability prior to 10 years of service, their benefit is based on the deferred vested amount.
Payment of Pensions	Participants who are married on their pension commencement date receive a reduced 50% Joint and Survivor annuity. Single participants receive a 2 year guaranteed life annuity.
Alternate Methods of Payment	A participant may elect to receive a pension payable in accordance with one of the following options in place of the retirement or disability pension payments otherwise payable • 50%, 75% or 100% Joint and Survivor Option • Monthly payments for life with 2 years certain • Lump Sum, subject to a 365 day window if not retirement eligible upon termination

Schedule SB, Part V — Summary of Plan Provisions

C. Local 553 Employees

Effective Date	January 1, 1990
Membership	One year of service.
Service Considered	A participant's eligibility for benefits under the plan is determined by his period of service. Subject to the break in service provisions, a participant receives a year of service for each 12-month period (commencing on the date of hire), in which the participant completes 1,000 hours of service with Tropicana or another member of the PepsiCo organization.
Credited Service	The Local 553 Pension Fund will be responsible for providing pension benefits for service prior to January 1, 1990. The amount of benefit payable to or on behalf of a participant is determined on the basis of his benefit service. Benefit service is any the sum of all calendar years after January 1, 1990 in which a participant completes 1,000 or more hours of service as a Local 553 (formerly Local 584) employee according to the following table:

Hours of service in the calendar year	Years of credited service
1,000 to 1,199	.50
1,200 to 1,399	.60
1,400 to 1,599	.75
1,600 to 1,799	.80
1,800 or more	1.00

Employer Contributions	In such amounts as determined in accordance with the funding method and policy as established by the company.
Employee Contributions	None

Schedule SB, Part V — Summary of Plan Provisions

Former PBG Hourly Pension Plan

Effective date and plan year	Original plan: April 6, 1999 Plan year: January 1 to December 31
Status of the plan	On February 26, 2010, the Plan sponsorship changed to PepsiCo, Inc., through acquisition of The Pepsi Bottling Group, Inc. On June 14, 2010 the Plan was merged into the Legacy PepsiCo Hourly Employees Retirement Plan. The Plan has ongoing multiplier benefit accruals for some union employees and some grandfathered non-union employees. See "Employees Included" below.
Definitions	
• Employers Included	An employer is PepsiCo, Inc. and/or any subsidiary or affiliated corporation which adopts the Plan with the consent of the company.
• Employees Included	Non-union employees hired or rehired with a one year break in service after January 1, 2007 are not eligible to participate in this plan. Participants covered under a multiemployer plan are not eligible to participate in this plan. Benefit accruals ceased for all non-union participants on April 1, 2009 with the following exceptions: - Age + service is at least 65 by April 1, 2009, or - Age 50 with 5 years of service by April 1, 2009 All Legacy PBG Unions have negotiated such that employees hired on or after June 1, 2014 (dates vary by unions and many are earlier) are no longer eligible for these benefits. They receive cash balance formula accruals instead.
• Vesting service	Each complete 12 months of employment equals one year of service. Service is counted from original date of hire or Credited Service Date (CSD) where indicated.
• Credited service	The amount of benefit payable to or on behalf of a participant is determined on the basis of his credited service. Includes all years and completed months of employment counted from the Credited Service Start Date to the Maximum Years of Credited Service (varies by location). Credited Service accruals ceased for all non-union participants on April 1, 2009 with the following exceptions: - Age + service is at least 65 by April 1, 2009, or - Age 50 with 5 years of service by April 1, 2009
Normal retirement	
• Eligibility	Age 65 and 5 years of service.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	The Dollar Multiplier times years of Credited Service. For certain locations, a minimum benefit applies for some participants hired prior to the effective date. An unreduced Normal Retirement benefit is payable at the earlier of attained age and completed years of employment, depending on location.
Early retirement	
• Eligibility	Varies by location; generally age 55 and 10 years of service, but may also depend upon completed years of vesting service.
• Benefit	The Dollar Multiplier times years of Credited Service, reduced by a percentage for each year prior to a specified age (both vary by location). Generally 4% reduction for each year prior to age 62.
Deferred vested	
• Eligibility	Completion of 5 years of service. However, the participant will become 100% vested in the case of death or total and permanent disability on or after January 1, 2011 while an employee of the PepsiCo Organization or during a military leave of absence.
• Benefit	The Dollar Multiplier times years of Credited Service, deferred to age 65 or payable on an actuarially reduced basis as early as the Early Retirement Eligibility age.
Disability	
• Eligibility	Totally and permanently disabled
• Benefit	The Dollar Multiplier times years of Credited Service, payable either deferred 6 months or deferred to age 65 with additional service while disabled. For non-Grandfathered participants, service projection is limited to through April 1, 2009. The benefit deferred to age 65 is payable on a reduced basis as early as the Early Retirement Eligibility age.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement spouse's pension	
• Eligibility	A legally married participant is eligible to elect the coverage. No pre-retirement death coverage for a retirement eligible participant
• Benefit	Benefit calculated as if the participant terminated employment at death, survived to earliest possible retirement age, retired, elected 50% joint and survivor annuity, and died. Those electing coverage have their Normal Retirement Benefits actuarially reduced.
Post-retirement spouse's pension	If unmarried, the Normal Form of Pension is a life-only annuity. If married, a 50% Joint and Survivor annuity is payable, unless an election is made to the contrary. AER: An actuarial equivalent reduction (AER) is applied to the life-only form for spouse's coverage. No AER: The life-only form is not reduced for the spouse's coverage
Alternative Methods of Payment	The alternative methods of payment vary by location. Participants have a lump sum option, unless they are part of a group having a union offset

Schedule SB, Part V — Summary of Plan Provisions

Table of Benefit Amounts (continued)

Footnotes:

1. Credited Service based on hours of employment: 1800 hours = 1 year, 180-359 hours = .1 year, etc. For participants with at least 1 year of service, where disability is caused by an accident, 100% of the accrued benefit is payable at age 65.
2. The old benefit provisions are available at the $25 benefit level for participants of the prior PHERP Plan.
3. Benefit is equal to the greater of a. or b. below:
   a. PepsiCo Hourly benefit for all years of Credited Service, or
   b. Frozen benefit accrued prior to the location effective date under the prior plan plus the PepsiCo Hourly benefit for all years of credited service beginning on the location effective date, subject to the non-duplication provisions of Section 3.6 of the Plan.
4. For employees hired as of March 31, 1988 with 15 years of service, a benefit is payable: at age 52 equal to 43% of the accrued benefit; at age 53 equal to 48% of the accrued benefit; at age 54 equal to 53% of the accrued benefit. If such an employee has 30 or more years of service, they can commence an unreduced accrued benefit.
5. Early Retirement pension is available at age 55 with 15 years of service (5% from age 64 to 60, then reduced additional 8% per year to 55), or as early as age 52 with 30 years of service (5% from 64 to 59 with no further reductions back to age 52).
6. For employees who were not vested in prior multiemployer plan and provide documentation of this, PepsiCo will recognize their years of credited service under multiemployer plan toward the PepsiCo plan benefit.
7. Future service only benefit.
8. Recently decertified union.

Schedule SB, Part V — Summary of Plan Provisions

Former PepsiAmericas, Inc. Hourly Pension Plan

Effective date and plan year	Original plan: January 1, 1963 Plan year: January 1 to December 31
Status of the Plan	On February 26, 2010, the Plan sponsorship changed to PepsiCo, Inc., through acquisition of PepsiAmericas, Inc. On June 14, 2010 the Plan was merged into the Legacy PepsiCo Hourly Employees Retirement Plan. The Plan has ongoing benefit accruals for some employees, while others are frozen as of December 31, 2001. New entrants in bargained locations as well as non-union participants accrue under the Cash Balance formula, which became effective January 1, 2011.
Definitions	
• Employers Included	An employer is PepsiCo, Inc. and/or any subsidiary or affiliated corporation which adopts the Plan with the consent of the company.
• Employees Included	A Grandfathered Participant is a participant who is a non-union participant with at least age 50 and had 10 years of Vesting Service as of December 31, 2001. Employees of participating locations (except Cincinnati, where eligibility is immediate upon hire) will be eligible to participate on the later of: - Attainment of age 21 and completion of one year of vesting service. - The effective date for the location. No new entrants are eligible for these multiplier benefits (effective date varies by Union). New entrants instead generally accrue under the Cash Balance formula, which first became available January 1, 2011.
• Vesting service	A year of Vesting Service is granted for each anniversary of employment.
• Credited Service	Credited Service applies to hours worked after meeting plan eligibility. For all locations except Cincinnati, a month of Credited Services is earned whenever a participant works one day in the month. For Cincinnati, a month of Credited Services is earned whenever a participant works 15 or more continuous days in the month.
Normal Retirement	
• Eligibility	The first of the month coincident with or next following attainment of age 65.
• Benefit	Equals the benefit level times years of Credited Service. See Table of Benefit Amounts.

Schedule SB, Part V — Summary of Plan Provisions

Early Retirement	
• Eligibility	Age 55 or over with ten or more years of vesting service.
• Benefit	Accrued normal retirement benefit at age 65 reduced by a factor which varies by location (see table below), which is generally actuarial equivalence from age 65, or 4% per year from age 62 for Heartland unions.
Deferred vested	
• Eligibility	Completion of 5 years of service.
• Benefit	The termination benefit is equal to the vested accrued benefit payable in the normal form commencing at age 65. If payment commences prior to age 65, the benefit is reduced according to the early retirement provision of the plan.
Disability	
• Eligibility	Totally and permanently disabled
• Benefit	The accrued pension is payable immediately.
Pre-retirement spouse’s pension	
• Eligibility	Immediate upon death
• Benefit	50% of the accrued benefit reduced to reflect the survivor form of payment. The amount is payable for the life of the surviving spouse commencing no earlier than the participant's earliest retirement age.
Lump Sum Death Benefit	
• Eligibility	Active member either eligible for Early Retirement or a participant prior to January 1, 1981 at a location participating prior to January 1, 1979.
• Benefit	$3,000 payable to designated beneficiary for all union participants except for union employees in locations indicated in the Table of Benefit Amounts.
Normal Form of Payment	Married participants receive a 50% Qualified Joint and Survivor Annuity. Non-married participants receive a life only annuity.

Schedule SB, Part V — Summary of Plan Provisions

Cash Balance Plan for PBC Employees

Availability of the benefits	The Cash Balance benefits are only available to certain Pepsi Beverage Company Hourly employees, beginning January 1, 2011
Definitions	
• Employers Included	An employer is PepsiCo, Inc. and/or any subsidiary or affiliated corporation that adopts the Plan with the consent of the company.
• Employees Included	All PBG Hourly participants except Grandfathered and Union employees who are accruing under the legacy PBG Hourly plan. All PAS Hourly participants except union employees who are accruing under the legacy PAS Hourly plan. The entry date for participants is the January 1 or July 1 following a year of eligibility service. One year of service is at least 1,000 hours of service counted from date of hire or any subsequent January 1. An exception is made for active employees on December 31, 2010. Any such employee will automatically participate on January 1, 2011 with no age or service requirement.
• Vesting service	Each complete 12 months of employment equals one year of service. Service is generally counted from original date of hire.
• Earnings considered	Total earnings paid in cash to a participant, including overtime, commissions and cash incentive pay but excluding any other forms of extra compensation, as remuneration in the employment of an employer prior to retirement except as defined otherwise to take into account certain prior plan benefit conditions. Pensionable earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
• Cash Balance Account	Pay Credits are made quarterly for all pay periods within the quarter except at termination with immediate commencement. For pay credits earned prior to January 1, 2021: 4% of compensation for Vesting Service less than 10 years, and 5% of compensation for Vesting Service of 10 or more years, measured as of the pay period ending date. For pay credits earned on and after January 1, 2021: 6% of compensation for Vesting Service up to 5 years, 7% of compensation for Vesting Service at least 5 but less than 10 years, and 8% of compensation for Vesting Service of 10 or more years, measured as of the pay period ending date. Retroactive Pay Credits are made for pay during the initial eligibility period for most participants. Interest Credits are credited quarterly. They are equal to the 30-Year Treasury rate in effect for September of the prior year, divided by 4, and multiplied by the Cash Balance Account balance as of the end of the prior year. If the participant commences their benefit prior to the end of the last quarter worked, a simple proration is used to determine the Interim Interest Credit.

Schedule SB, Part V — Summary of Plan Provisions

Normal Retirement	
• Eligibility	Age 65
• Benefit	Cash Balance Account
Early Retirement	
• Eligibility	100% after 3 years of Vesting Service.
• Benefit	Vested Cash Balance Account
Disability	
• Eligibility	Totally and permanently disabled.
• Benefit	Cash Balance Account, payable immediately
Deferred Vested	
• Eligibility	100% after 3 years of Vesting Service.
• Benefit	Vested Cash Balance Account
Pre-Retirement Survivor Annuity	
• Benefit	Cash Balance Account
Alternative Methods of Payment	Participants may receive a Single Life Annuity, 50%, 75%, or 100% Joint and Survivor, or a lump sum equal to the account balance as alternative forms of payment. The Cash Balance Account is projected with interest from the termination date to the annuity starting date and then annuitized into a Single Life Annuity (using the 417(e) interest and mortality). Single Life Annuity is converted to other Joint and Survivor options using PBG actuarial equivalence. For hires on or after January 1, 2019, the actuarial equivalence as defined in the “Actuarial Equivalence Basis Update” section will apply. For those hired before January 1, 2019, it is the greater of that basis or the above PBG legacy bases.

Considered earnings in each year of participation are limited to the amounts set forth in IRC 401(a)(17).
• Employer contributions	In such amounts as determined in accordance with the funding method and policy as established by the company.
• Employee contributions	None

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	The first day of the month coincident with or next following the participant's 65th birthday.
• Benefit	Monthly pension for life equal to 1½% of monthly compensation averaged over the period of five consecutive calendar years before retirement which yield the highest average multiplied by the participant's full and fractional years of credited service, less 1 2/3% of the estimated primary monthly Social Security benefit, multiplied by the participant's full and fractional years of credited service up to 30 years. The Social Security reduction shall not exceed 50% of the accrued benefit.
Early retirement	
• Eligibility	Age 55 and completion of at least 10 years of service.
• Benefit	Monthly pension for life equal to (i) the normal retirement benefit calculated as in Normal Retirement benefit above, based on service projected to his normal retirement date multiplied by (ii) the ratio of the service at date of termination to projected service at normal retirement date. The benefit is reduced actuarially to reflect any commencement of payment prior to age 65.
Late retirement	A participant who retires late shall not receive any benefit until actual retirement at which time he shall be entitled to receive a monthly income for life equal to his normal retirement benefit based on service and earnings at actual retirement.
Deferred vested	
• Eligibility	Completion of at least 5 years of service
• Benefit	Monthly pension for life payable at age 65. This deferred pension is calculated as in the early retirement benefit explained above. The benefit is reduced actuarially for commencement after age 55 and prior to age 65.
Disability	
• Eligibility	Age 45 and 15 years of continuous service and totally and permanently disabled.
• Benefit	Monthly pension for life payable at age 65 equal to the normal retirement benefit calculated as in Normal Retirement benefit above, using compensation average as of date of disability and service projected to age 65.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement Spouse's Pension	
• Eligibility	A participant who has completed 5 years of service, with a spouse to whom he was married for at least one year may elect the 50% Joint and Survivor Option Benefit.
• Benefit	The amount the eligible spouse would have received under the 50% Joint and Survivor Option had the participant retired the day preceding his death, survived to age 55 and commenced early retirement; the benefit is further reduced for pre-retirement death benefit charge for the period between the coverage effective date and the earlier of the participant's death or his normal retirement date.
Alternate Methods of Payment	A participant eligible to receive a late, normal, or early retirement pension may elect one of the following options: 1. 100%, 75% or 50% Joint and Survivor Options. 2. Monthly payments for life with 10 years certain. Effective for Annuity Starting Dates on or after May 1, 1997, a married or unmarried Participant who qualifies for a Retirement Pension and who elects not to receive benefits in the normal form, may elect to receive payment of his Pension in the form of a single lump sum payment. The optional form of payment shall be the actuarial equivalent of a straight life annuity. If a participant is married on the date pension payments commence, he will receive the 50% Joint and Survivor option unless an election is made otherwise. Certain vested participants who terminate on or after January 1, 2015 may elect, within 365 days of termination, to receive a lump sum payment or immediate life annuity; married participants may also elect a 50% or 75% Joint and Survivor Option.
Amendments and Plan Termination	In the events of plan amendments or plan termination, the provisions of Articles X, XI, and XIII will apply.
Benefits Not Included in the Valuation	We have assumed the participant charge for pre-retirement survivor benefits covers the cost for those benefits and have not otherwise explicitly valued them.
Miscellaneous	
• Maximum benefits	Subject to the provisions of Section 5.5 of the plan, the monthly pension shall not exceed the maximum benefit limits of Internal Revenue Code Section 415(b).

Schedule SB, Part V — Summary of Plan Provisions

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan as of January 1, 2025 are included in this valuation.

- **Most recent plan amendments included:** All amendments through year end 2024 have been reflected.
- **Plan amendments excluded:** None.
- **Late Retirement Increases:**
  - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70.5. This valuation does not include this increase.
  - *Deferred vested participants:* We value the benefit amounts provided by the plans' administrator.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

- Multiplier increases adopted as of January 1, 2025 and in effect by December 31, 2025, as negotiated or adjusted based on wages and benefits review, have been reflected.
- Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2024 to 2025.
