Independent Auditor's Report

To the Plan Administrator
Fulton Financial Corporation Employee Benefit Plan
Lancaster, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fulton Financial Corporation Employee Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 of the financial statements; and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) of schedule of assets (held at end of year) as of December 31, 2025 and the schedule of reportable transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The certified investment information in the supplemental schedules (modified cash basis) agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Fulton Financial Corporation Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General
The Plan is an employee welfare benefit plan covering substantially all eligible employees of Fulton Financial Corporation (the "Corporation" or the "Company") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Benefits
The Plan provides medical, vision, dental, and prescription drug benefits; flexible spending accounts, health savings accounts, life insurance benefits, long-term disability benefits, an employee assistance program, an adoption assistance program and a wellness program covering all full and part-time employees of the Corporation scheduled to work at least 30 hours per week and their dependents, as of the first of the month following completion of 30 days of active service.

The Plan also provides medical, prescription drug, and death benefits to certain retired employees who were full-time employees of the Corporation prior to January 1, 1998. The Postretirement Medical and Prescription Drug benefits for retirees were discontinued as of February 1, 2014 for any eligible employee who had not yet retired as of January 31, 2014.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes rebates to the Plan based on the Plan's actual utilization pattern of specific drugs.

Contributions
The Corporation periodically contributes to the Plan amounts necessary for timely payment of all claims and reasonable administrative expenses of the Plan. The Corporation provides for stop-loss insurance over a specified amount as per agreement with the reinsurance carrier, with the premiums being paid by funds deposited in the Plan by the Corporation. Employee contributions represent a percentage of employee and dependent costs.

Retiree Contributions
Retirees, if eligible, are covered by a fully insured plan. The premiums of the postretirement benefits under the Plan are shared by the Corporation and retirees and vary based upon many factors such as date of retirement and years of service.

Consolidated Omnibus Budget Reconciliation Act ("COBRA")
The Plan is required to offer continuation of benefits for a specified period of time to qualified employees and their dependents who would not otherwise be eligible for continued coverage because of a particular qualifying event as required by law. Each qualifying individual pays his/her premium directly to the Plan. COBRA claims and other COBRA expenses are paid by the third-party administrator.

Administrative Expenses
Certain expenses incurred in the administration of the Plan are paid from the assets of the Plan. The Company also pays certain expenses on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Stop-Loss Insurance
The Company purchased stop-loss policies insuring the Plan, to a specific limit, in the event that claims relating to medical and prescription drugs benefits paid exceed approximately $600,000 per individual case for both years ending 2025 and 2024. Benefits that exceed these amounts, if any, will be paid by the insurance company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The Plan presents its financial statements in accordance with the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States ("GAAP"). Under the modified cash basis of accounting, only contributions collected, costs and expenses paid, and assets and liabilities arising as a result of cash transactions or from the recognition of income due from insurance companies for claims are recognized. Therefore, accrued income and expenses, payables, and deferred expenses, which may be material in amount, are not reflected in the accompanying financial statements.

Cash
For the purposes of the statements of net assets available for benefits - modified cash basis, cash is defined as demand deposits at a bank. Cash is a cash advance deposit account held by the claims processor. Plan management considers investments with a maturity date of 90 days or less to be cash equivalents.

Investment Valuation
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. The fair market value of the Plan's money market fund investment is based on quoted market prices at December 31, 2025 and 2024, See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Use of Estimates
The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those amounts. The estimates of the Plan’s post-retirement benefit obligation and incurred but not reported claims obligation are particularly subject to change in the near term. The post-retirement benefit obligation is heavily dependent upon the discount rate used to value the liability. Given that the discount rate determination is based on current bond rates that fluctuate daily, the estimated liability will be subject to fluctuation as of any valuation date.

Contributions
Contributions are recorded when received by the trustee.

Benefit Payments
Benefit claims and insurance premiums are recorded when paid; benefit claims are reported net of rebates received, which totaled $5,091,315 and $5,179,411 for the years ended December 31, 2025 and 2024, respectively.

NOTE 3 - RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates, health care cost inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements. The Plan maintains a cash account, which, at times, may exceed federally insured limits. The amounts are in a custodial account and the Plan has not experienced any losses from maintaining cash accounts in excess of insured limits. Plan management does not believe that the Plan is exposed to any significant credit risks on its cash account.

NOTE 4 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, modify the benefits provided to participants under the Plan, and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any assets of the Plan will be used for the exclusive benefit of the plan participants.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and dividend income for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fulton Financial Advisors, N.A., the trustee of the Plan, and a qualified institution. The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

The Plan was invested in a Money Market Mutual Fund with a fair value of $1,348,126 and $1,731,301 as of December 31, 2025 and 2024, respectively. Dividend income for the years ended December 31, 2025 and 2024, totaled $92,608 and $66,397, respectively.

NOTE 6 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs that represent quoted prices for identical instruments in active markets.
- Level 2 - Inputs that represent quoted prices for similar instruments in active markets, or quoted prices for identical instruments in non-active markets. Also includes valuation techniques whose inputs are derived principally from observable market data other than quoted prices, such as interest rates or other market-corroborated means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs that are largely unobservable, as little or no market data exists for the instrument being valued.

The Plan's investments in Money Market Mutual Fund is valued based on quoted prices on nationally recognized securities exchanges and is considered a Level 1 investment. There have been no changes in the methodologies used as of and for the Plan years ended December 31, 2025 and 2024.

NOTE 7 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Benefit obligations of the Plan include claims incurred as of the Plan's year end but not reported, claims reported but not yet processed, and postretirement benefit obligations.

	2025	2024
Claims payable and claims incurred but not reported to the plan	$ 3,083,210	$ 4,050,771

Claims Reported and Approved for Payment	42,649,352	43,861,433
Claims Paid	(43,616,913)	(43,067,930)
Balance at December 31	$ 3,083,210	$ 4,050,771
Postretirement Benefit Obligations:		
Balance at January 1	$ 767,273	$ 861,158
Changes during the year attributable to:		
Change in actuarial assumptions	6,630	(36,435)
Interest	34,782	38,731
Benefits reclassified to amount currently payable	(131,556)	(134,548)
Change due to Plan experience	(39,398)	38,367
Balance at December 31	$ 637,731	$ 767,273
Plan's Total Benefit Obligations	$ 3,720,941	$ 4,818,044

The Plan's deficiency of benefit obligations over net assets at December 31, 2025 and 2024 relates primarily to the claims incurred but not reported to the Plan. Payment of future benefit obligation in excess of plan assets will be dependent upon future contributions from the Corporation.

Benefit obligations for claims incurred but not reported and claims payable are estimated by using methods that take into consideration prior claim experience, the expected time period from the date claims are incurred to the date the claims are submitted and paid.

Postretirement benefits include future benefits expected to be paid to or for currently retired or terminated employees and their beneficiaries and dependents. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Corporation and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service to the Company rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The discount rate used in determining the accumulated postretirement benefit obligation was 5.14% and 5.38% at December 31, 2025 and 2024, respectively. The assumed retirement age as of December 31, 2025 and 2024, ranging from 3% at age 55 to 100% at age 65. The mortality tables used in determining the accumulated postretirement benefit obligation was the Pri-2012 White Collar Table including rates for contingent survivors at both December 31, 2025 and 2024 with generational projection using scale MP-2021 at both December 31, 2025 and 2024. The changes in the aforementioned assumptions caused the decrease in the "Change in Actuarial Assumptions" for the year ended December 31, 2025 compared to December 31, 2024. Disability benefits were not assumed in the postretirement benefit obligation as the participants covered are retired.

The Plan was amended to a fixed cost/premium plan in 2015 thus there is no assumed future increase in health care costs incorporated into the actuarial present value of the expected postretirement benefit obligation. The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the "Act") for employers that sponsor postretirement healthcare plans that provide prescription drug benefits included a prescription drug benefit under Medicare as well as a federal subsidy to sponsors of retiree healthcare benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D.1. Under the Act, the Medicare subsidy amount is received directly by the Company, and not the Plan. Further, the Company is not required to use the subsidy amount to fund postretirement benefits and may use the subsidy for any valid business purpose. As such, the Plan’s accumulated postretirement benefit obligation and the changes in the benefit obligation do not reflect any amount associated with the Medicare subsidy. However, the amount of the accumulated postretirement benefit obligation related to the Plan is reported net of the Medicare subsidy in the Company’s financial statements, resulting in a difference between the two measurements.

NOTE 8 - TAX STATUS

The trust established under the Plan to hold the Plan’s net assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code, and, accordingly, the trust’s net investment income is exempt from income taxes. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 and 2024 for unrelated business taxable income. The Corporation received a determination letter from the Internal Revenue Service on December 20, 2012. The Corporation believes the trust, as amended, is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Amounts paid by the Plan to parties in interest included fees paid for plan administration, investment management and actuarial services. The Plan’s trust account is with Fulton Financial Advisors, N.A., the trustee of the Plan which is considered a party-in-interest. No fees were paid to Fulton Financial Advisors, N.A. by the Plan. Various administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 28, 2026, which represents the date the financial statements were available to be issued and there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
