INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
National Dentex Corporation Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of National Dentex Corporation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

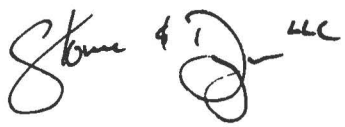

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of National Dentex Corporation Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of National Dentex, LLC (the "Company"). Employees must complete three months of service to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions – Participants may contribute up to 90% of pre-tax eligible compensation, as defined in the Plan, subject to certain limitations. Participants may change the percentage of their contribution on the first day of each month, and may suspend contributions at any time. Participants who have attained age 50 may also make catch-up contributions. Effective January 1, 2025, the Plan implemented the enhanced "super catch-up" provision permitted under the Setting Every Community Up for Retirement Act 2.0 (SECURE 2.0) which allow eligible participants who attain ages 60 through 63 during the Plan year to contribute up to 150% of the standard catch-up limit, subject to applicable Internal Revenue Code limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches participants' contributions to the Plan based on eligible compensation. The Company match calculation is an amount equal to 50% of the participant's deferral contributions subject to a maximum of 5% of their eligible compensation. The Company calculates and funds the matching contributions each payroll period.

Discretionary profit-sharing contributions may be made as determined by the Company. No profit-sharing contributions were made in 2025 or 2024. Participants direct the investment of their contributions and Company contributions into a selection of mutual funds and common/collective trusts offered by the trustee.

Participant accounts – A separate account is established and maintained on behalf of each participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Principal and interest are repaid through payroll deductions. Loans have a maximum term of five years or up to thirty years if the proceeds are used for the purchase of a primary residence. Participants may only have one loan outstanding at any given time and each loan is secured by the vested balance in the participant's account. Loans bear a fixed interest rate, determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate ranged from 4.25% to 9.50% for loans outstanding at December 31, 2025.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are at all times fully vested in their voluntary contributions and the actual earnings thereon. Participants vest in employer contributions in accordance with the following schedule or upon reaching the age of 65, at which time participants are fully vested in their employer contributions.

Years of Service	Vesting Percentage
Less than 1 year	0%
Greater than 1 year but less than 2 years	20%
Greater than 2 years but less than 3 years	40%
Greater than 3 years but less than 4 years	60%
Greater than 4 years but less than 5 years	80%
Greater than 5 years	100%

Forfeitures – Upon termination of a participant from the Plan before being fully vested, the non-vested portion of the participant's account is forfeited. The Plan allows the Company to offset Company contributions with participant forfeitures. Forfeitures in the amount of $127,071 and $97,034 were used to offset matching contributions for the years ended December 31, 2025 and 2024, respectively. At December 31, 2025 and 2024, unused forfeited balances amounted to $33,308 and $30,177, respectively.

Withdrawals and distributions – Hardship withdrawals are permitted from a participant's account, are limited to the balance in the account attributable solely to employee deferrals, and are limited to the amount of the financial hardship. In addition, in-service withdrawals from that portion of the participant's total vested account balance representing salary deferrals, matching contributions and profit-sharing contributions, are permitted upon reaching age 59½. Participants or their beneficiaries are entitled to a lump-sum distribution equal to their total vested account balance upon death, disability, retirement or termination of employment.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts and assets of the Plan will be allocated in accordance with the provisions of ERISA.

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Fidelity Investments Institutional Operations Company, LLC, the Plan's recordkeeper, receives revenue from mutual fund and collective trust fund service providers for services provided to the funds. The revenue may be used to offset certain administrative expenses or allocated to the accounts of the participants. The revenue credits totaled $86,430 and $135,542 in 2025 and 2024, respectively, and offset plan expenses in the statements of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits are recorded when paid.

Risk and uncertainties – The Plan provides for various investment options in mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets and liabilities in active markets, (b) quoted prices for identical or similar assets and liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024:

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – composed primarily of a fully benefit-responsive investment contract that is valued at the NAV of units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no imposed redemption restrictions and the Plan does not have any contractual obligations to further invest in the trust.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 144,844,713	$ -	$ -	$ 144,844,713
Investments measured at net asset value	-	-	-	5,359,232
Total investments at fair value	$ 144,844,713	$ -	$ -	$ 150,203,945

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 127,323,955	$ -	$ -	$ 127,323,955
Investments measured at net asset value	-	-	-	4,314,733
Total investments at fair value	$ 127,323,955	$ -	$ -	$ 131,638,688

5. TAX STATUS

The IRS has issued an opinion letter dated June 30, 2020 that the non-standardized pre-approved profit sharing plan document used by the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel continue to believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per financial statements	$ 152,162,899	$ 133,535,677
Adjustment from NAV to fair value for collective trust	(163,994)	(259,505)
Net assets available for benefits per Form 5500	$ 151,998,905	$ 133,276,172

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31:

	2025	2024
Net increase in net assest available for benefits per financial statements	$ 18,627,222	$ 9,728,580
Adjustment from NAV to fair value for collective trust - prior year	259,505	256,531
Adjustment from NAV to fair value for collective trust - current year	(163,994)	(259,505)
Net change in excess contributions payable	-	(15,123)
Net income per Form 5500	$ 18,722,733	$ 9,710,483

7. RELATED PARTY TRANSACTIONS

Certain plan investments are common collective trusts and mutual funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

8. COMPLIANCE MATTERS

During 2024, it was discovered that the Company did not allow multiple participants to contribute or receive matching contributions on compensation that was earned prior to but paid after termination. During 2025, the Company found that the error affected sales team members that were paid compensation after their employment was terminated. A correction was made on September 16, 2025 for $5,203 to correct the error. The payroll system was also updated to prevent further errors.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 16, 2026, the date the financial statements were available to be issued.
