To the Retirement Plan Committee of the
Emeriti Retiree Health Plan for Colgate University:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Emeriti Retiree Health Plan for Colgate University (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Emeriti Retiree Health Plan for Colgate University (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description and plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective July 1, 2012, provides post-retirement health benefits, covering the employees of Colgate University (the University) and their covered dependents. The Plan is a defined contribution health model plan that is funded through employer and employee Voluntary Employees' Beneficiary Association (VEBA) Trusts designed in part by Emeriti Retirement Health Solutions, a not-for-profit organization.

Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF) were the insurance companies and authorized agents of TIAA Trust, N.A., a directed custodian of certain assets of the Plan recordkept by TIAA through December 17, 2024. During this time, CBIZ, Inc. (CBIZ) was the benefits administrator and provided certain administrative services to the Plan. On December 17, 2024, Alta Trust Company (Alta) became the custodian and OneBridge Benefits, Inc. (OneBridge) became the recordkeeper and benefits administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Benefit eligible employees hired on or after July 1, 2012, are automatically enrolled in the Plan and may make voluntary contributions in the form of salary reductions, subject to certain limitations of the Plan and the Internal Revenue Code (the Code).

Once a participant attains the age of 40, the University will begin to make a monthly contribution. The monthly contribution rate was $86.52 from January 1, 2024 to June 30, 2024 and then increased to $89.12 through June 30, 2025. The monthly contribution rate increased to $91.79 effective July 1, 2025. The monthly contribution rate increases 3% every July 1st.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the University’s contribution and earnings/losses on all contributions. Allocations of earnings/losses and administrative expenses are based on participant account balances according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Funding Vehicles

Plan contributions are invested in one or more of the funding vehicles offered by the Plan. The Plan does not permit plan-to-plan transfers or contract exchanges with any annuity contract or custodial account that is not a funding vehicle specifically approved by the Plan Administrator for use under the Plan.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings/losses thereon, net of administrative expenses. The University's funds are available for participant insurance premiums and other qualified medical expenses once the participant has retired from the University upon obtaining age 62 with 15 years of service or age 65 with 10 years of service.

After the death of the participant, spouse, and covered dependents, any remaining participant balance is forfeited to the Plan.

Payment of Benefits
The Plan makes available certain health benefits to retired participants of the Plan. Vested funds are paid only for qualified medical expenses as defined in Section 213(d) of the Code when participants retire from the University.

Forfeitures
Participants who terminate employment before reaching retirement age, but after satisfying the years of service requirement, are subject to the forfeiture of employer contributions. Forfeitures, which totaled approximately $113,000 and $66,000 in 2025 and 2024, respectively, were used to reduce University contributions. As of December 31, 2025 and 2024, there were approximately $91,000 and $89,000, respectively, of unused forfeited account balances.

Loans
There are no loans allowed under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments
The Plan invests in money market funds and registered investment companies. The Plan's investments in money market funds and registered investment companies are stated at fair value. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

Fair Value Measurement
Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement (Continued)
The three levels of the fair value hierarchy are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Money market funds: Valued at amortized cost, which approximates fair value.

Registered investment companies: Valued at the net asset value of shares held at year end based on quoted prices in active markets. Included in registered investment companies are variable annuity contracts, which are valued based on each account's daily net asset value corroborated against individual underlying holdings that are primarily valued using market quotations or prices obtained from independent pricing sources.

There were no changes in the valuation methodologies used during 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits
Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Plan Sponsor, including the monthly administration fees for actively employed participants and the annual audit fee. In addition, participants are charged an annualized asset-based fee on invested funds, which is deducted from participant accounts daily. Separated participants are charged a monthly account-based administration fee directly to their accounts. Asset-based fees and monthly account-based fees are paid to The Emeriti Consortium for Retirement Health Solutions and are reflected as administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Allowance for Credit Losses
The Plan records a receivable for contributions that are remitted to the Plan subsequent to the Plan's year end. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. As no significant improvements or deteriorations are expected in the future economic conditions, management has determined that no allowance for credit losses is necessary for the years ended December 31, 2025 and 2024.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT INFORMATION

The following information was certified as complete and accurate by Alta as of and for the year ended December 31, 2025 and by TIAA and CREF, as well as Alta as of and for the year ended December 31, 2024, and is included in the financial statements and accompanying schedule:

	2025	2024
Total investments	$ 3,038,022	$ 2,234,305
Net appreciation in fair value of investments	$ 322,033	$ 93,965
Interest and dividend income	$ 101,956	$ 140,379
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 94,927	$ -	$ -	$ 94,927
Registered investment companies	2,943,095	-	-	2,943,095
	$ 3,038,022	$ -	$ -	$ 3,038,022

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 92,415	$ -	$ -	$ 92,415
Registered investment companies	2,141,890	-	-	2,141,890
	$ 2,234,305	$ -	$ -	$ 2,234,305

5. TAX STATUS

The Internal Revenue Service has determined and informed the University by a letter dated August 24, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. PARTY-IN-INTEREST TRANSACTIONS

TIAA and CREF, TIAA Trust, N.A., CBIZ, Alta, and OneBridge provided services to the Plan during 2025 and/or 2024. As such, transactions between TIAA and CREF, TIAA Trust, N.A., CBIZ, Alta, OneBridge, and the Plan qualify as party-in-interest transactions.

7. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right, under the Plan document, to terminate the Plan subject to the provisions of ERISA.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 16, 2026, which is the date the financial statements were available to be issued.
