REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Precisely Retirement Plan Committee
Precisely Software Incorporated 401(k) Plan d

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Precisely Software Incorporated 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Grant Thornton

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Precisely Software Incorporated 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Precisely Software Incorporated (the "Company") who are age 21 or older for the purposes of elective deferrals and Company contributions. The Precisely Retirement Plan Committee controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute pre-tax and after-tax contributions up to 100% of eligible compensation, as defined in the Plan document. The Plan also allows for Roth contributions. Participants may contribute amounts representing distributions from other qualified plans or individual retirement accounts ("rollovers"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages 60 to 63 before the end of the Plan year are eligible to make super catch-up contributions. Unless a participant affirmatively elects otherwise, certain eligible employees will be automatically enrolled in the Plan at 3% of their eligible compensation.

The Plan provides for discretionary matching Company contributions, qualified nonelective Company contributions and discretionary nonelective Company contributions. Employees are eligible for discretionary matching Company contributions immediately after enrolling in the Plan. Participants must be employed on the last day of the Plan year to be eligible to receive discretionary nonelective Company contributions. Qualified nonelective Company contributions are made to eligible, non-highly compensated participants as determined by the Company. The discretionary matching Company contribution is equal to a uniform percentage or dollar amount of each participant's elective deferral each Plan year as approved by the board of directors. For the years ended December 31, 2025 and 2024, the Company made discretionary matching Company contributions equal to 50% of the employee's contribution up to 6%. For the years ended December 31, 2025 and 2024, the Company did not make discretionary nonelective Company contributions or qualified nonelective Company contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan.

All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings and is charged with withdrawals, an allocation of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in Company contributions, plus earnings, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	33%
2	66%
3	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% or $50,000 of their vested account balance, reduced by the amount of any loans during the prior 12 months. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions and the balance of the loan must be repaid within five years unless the loan is used to purchase a principal residence, where the repayment schedule is the discretion of the Plan Administrator and may be for a term in excess of five years.

Payment of Benefits

Upon termination of service with the Company (including termination of service due to death, disability, or retirement), participants may receive a lump-sum amount equal to the value of the vested interest in their accounts or annual installments commencing on April 1 following the later of (a) the calendar year when the participant reaches age 73 or (b) the calendar year the participant retires, and thereafter through the calendar year of the participant's date of death. Participants may elect in-service withdrawals of their account balances after reaching age 59½. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined in the Plan represents a forfeiture. However, if a participant is reinstated and fulfills certain requirements as defined by the Plan, the forfeited amount will be reinstated. Forfeitures may be used to pay Plan expenses, used to reduce any qualified nonelective Company contributions or used to reduce any discretionary matching Company contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $202,787 and $116,418, respectively. For the year ended December 31, 2025, forfeitures totaling $198,840 were used to reduce discretionary matching Company contributions. There were no forfeitures used to offset administrative expenses for the year ended December 31, 2025.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Company as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. All audit, legal and other administrative fees not mentioned above are paid by the Company and are excluded from these financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a description of valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant loan is deemed to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds - This class primarily consists of publicly traded funds of registered investment companies. The mutual funds invest primarily in international marketable equity securities and in fixed income securities within the domestic market. The fair value of mutual fund investments is determined by reference to the fair value of the underlying securities of the mutual funds. The net asset value ("NAV") of the mutual fund's shares is the closing price as quoted on the exchange where the fund is traded.

Self-directed brokerage account - This investment option primarily consists of mutual funds, common stocks, interest-bearing cash and warrants which are considered Level 1 investments, and corporate and government bonds which are considered Level 2 investments. The fair value of the self-directed brokerage account is determined by reference to the fair value of the underlying securities within the self-directed brokerage account. The underlying Level 1 investments held in the self-directed brokerage account are valued at the closing price as quoted on the exchange where the underlying securities are traded. The underlying Level 2 investments held in the self-directed brokerage account are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable section of issuers with similar credit rating.

Collective trust funds - Collective trust funds are valued at NAV per unit, as determined by the investment managers at the end of the year. The NAV is used as the practical expedient to estimate the fair value. There are no unfunded commitments as of December 31, 2025 and 2024. Unitholders transactions (Plan participants) are processed daily. The Plan's investment in Goldman Sachs Stable Value Institutional Series Class 1 is subject to certain withdrawal and transfer restrictions, prohibiting direct exchange from this fund to competing funds; instead, participants must first exchange to a non-competing fund for 90 days. The Plan's remaining collective trust funds do not have significant redemption restrictions.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2025 and 2024.

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 331,795,407	$ -	$ -	$ 331,795,407
Self-directed brokerage account	17,565,293	1,856,006	-	19,421,299

Total investments in fair value hierarchy	$ 305,930,101	$ 641,031	$ -	306,571,132
Collective trust funds*				20,804,240
Total investments, at fair value				$ 327,375,372

* In accordance with Accounting Standards Update No. 2015-07, certain investments that are measured at fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE D - PARTY-IN-INTEREST TRANSACTIONS

Certain assets held by the Plan are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan. Therefore, transactions within these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE E - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - TAX STATUS

The Plan utilizes the Fidelity Basic Plan Document No. 17, which is a pre-approved plan document that received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The Plan has been amended since the date of this letter; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financials statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position than more likely than not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2025.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 373,623,471	$ 330,044,721
Less: Company contributions receivable, end of year	(631,462)	(668,820)
Net assets per the Form 5500	$ 372,992,009	$ 329,375,901

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025 to net income per Form 5500:

Net increase in net assets available for benefits	$ 43,578,750
Plus: Company contributions receivable, beginning of year	668,820
Less: Company contributions receivable, end of year	(631,462)
Net income per Form 5500	$ 43,616,108

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's financial statements for subsequent events through September 29, 2026, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure.
