# Independent Auditors' Report

**The Board of Trustees and Plan Administrator**
**Inlet Health 401(k) Plan**
**Elizabethtown, Kentucky**

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

**We have performed audits of the financial statements of the Inlet Health 401(k) Plan (formerly Communicare, Inc. 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.**

**Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").**

**Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.**

***Opinion***

**In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:**

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

***Basis for Opinion***

**We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.**

***Responsibilities of Management for the Financial Statements***

**Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.**

**In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.**

**Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.**

***Auditors' Responsibilities for the Audit of the Financial Statements***

**Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.**

**In performing an audit in accordance with GAAS, we:**

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

**Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.**

**Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.**

**We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.**

***Other Matter - Supplemental Schedules Required by ERISA***

**The supplemental schedule of assets (held at end of year) as of December 31, 2025, and the schedule of delinquent participant contributions for the year then ended, are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.**

**In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**

**In our opinion:**

- **the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

## (1) Description of plan

**The following description of Inlet Health 401(k) Plan (formerly Communicare, Inc. 401(k) Plan) (the "Plan") is provided for general information purposes. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.**

### (a) General

**The Plan is a 401(k) plan (defined contribution plan), sponsored by Inlet Health, Inc. ("Inlet Health" and "Plan Sponsor") to provide retirement benefits for employees of Communicare, Inc. ("Communicare"), Communicare Services, Inc. (CSI), and Western Kentucky Regional Mental Health and Mental Health Retardation Advisory Board, Inc. d/b/a Four Rivers Behavioral Health ("Four Rivers"), all related employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).**

**In connection with a merger between Communicare and Four Rivers to form Inlet Health, their respective 401(k) plans have been consolidated and are operating as the new plan name, Inlet Health 401(k) Plan. Transfers consisting of participant accounts totaling $4,308,237 from the Four Rivers Combined 401(k) Plan were transferred into the Plan during 2024.**

**Effective during 2025, the Plan changed recordkeepers from Transamerica Retirement Solutions to Voya Retirement Insurance and Annuity Company ("Voya"). As part of the transition, participant account balances and related records were transferred to Voya. The change in recordkeeper did not affect participant ownership of Plan assets or the Plan's benefit provisions.**

### (b) Eligibility

**An employee becomes a participant in the Plan on the first day of the calendar month following attainment of age eighteen and the completion of three months of service.**

**(c) Contributions**

**Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Additionally, participants who have attained ages 60 to 63 before the end of the plan year may elect to make additional "super catch up" contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations. The Plan allows for Roth contributions to be made by the participant subject to IRC limitations. Total annual deferrals of both pretax and Roth contributions combined may not exceed salary deferrals set by law.**

**The Plan provides for a discretionary employer matching contribution for employees of CSI only. CSI matches contributions to the Plan equal to 100% of the first 5% of the participants' compensation deferred and an additional 25% of the next 10% of the participants' compensation deferred. As of year end there were no employer matching contributions available for the other participants.**

**(d) Participant accounts**

**Each participant's account is credited with the participant's contributions and allocations of (a) the CSI matching contributions, (b) the Plan's earnings (losses), and (c) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.**

**(e) Vesting**

**Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in CSI's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 100% vested after three years of credited service.**

**(f) Notes receivable from participants**

**Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may have up to two loans at any point in time. The notes receivable from participants are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is collected ratably through payroll deductions.**

**(g) Payment of benefits**

**On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.**

**(h) Forfeited accounts**

**Forfeitures are created when participants terminate employment prior to becoming fully vested in CSI's contribution portion of their accounts. Such forfeitures may be used to reduce future CSI contributions or pay plan expenses. During the years ended December 31, 2025 and 2024, $20,424 and $18,848 of forfeitures were used to pay plan expenses, respectively. There were $735 and $28,370 in forfeitures available as of December 31, 2025 and 2024, respectively.**

**(i) Hardship withdrawals**

**The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.**

**(2) Summary of significant accounting policies**

**(a) Basis of accounting**

**The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (GAAP).**

**(b) Investment valuation and income recognition**

**Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value) as reported by Transamerica Life Insurance Company ("Transamerica"), Transamerica Trust Company ("Transamerica Trust"), Reliance Trust Company ("Reliance"), and Voya. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.**

**Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments sold as well as held, during the year.**

**(c) Payment of benefits**

**Benefits are recorded when paid.**

**(d) Notes receivable from participants**

**Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent notes receivable from participants is recorded as a benefit payment based on the terms of the plan document.**

**(e) Use of estimates**

**The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.**

**(f) Events occurring after reporting date**

**The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and September 24, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.**

**(3) Certified information**

**Certain information related to investments presented and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the qualified institutions holding the Plan's assets. For the year ended December 31, 2025, such information was certified by Transamerica Trust, Transamerica, and Voya. For the year ended December 31, 2024, such information was certified by Transamerica Trust, Transamerica, and Reliance.**

**(4) Fair value measurements**

**Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:**

**Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.**

**Level 2 - Inputs to the valuation methodology include:**

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

**If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.**

**Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.**

**The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.**

**The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.**

**(i)** ***Mutual funds and money market*****: The fair value of the money market fund and mutual funds is based on the daily closing price reported by the fund. Mutual funds held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and transact at that price. Accordingly, the money market fund and mutual funds held by the Plan are classified as Level 1 investments within the fair value hierarchy**.

**The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.**

**The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2025 and 2024:**

| | Fair Value Measurements as of December 31, 2025 Using the Following Inputs | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments at fair value: | | | | |
| Money market fund | $ 34,432 | $ - | $ - | $ 34,432 |
| Mutual funds | 12,906,801 | - | - | 12,906,801 |
| Total | $ 12,941,233 | $ - | $ - | $ 12,941,233 |

| | Fair Value Measurements as of December 31, 2024 Using the Following Inputs | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments at fair value: | | | | |
| Mutual funds | $ 11,328,636 | $ - | $ - | $ 11,328,636 |

**(5) Investment contract with insurance company**

**This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.**

**The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.**

**There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates were 2.05% for 2025 and 2024. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than one percent. Such interest rates are reviewed on a quarterly basis.**

**Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.**

**In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.**

**During 2025, the Plan transitioned recordkeeping services from Transamerica Retirement Solutions to Voya Financial. In connection with this transition, the Plan terminated its investment contract with Transamerica Retirement Solutions and transferred the related assets. As of December 31, 2025, the Plan no longer held investments in the contract.**

**(6) Income tax status**

**The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted pre-approved plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.**

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

**(7) Plan termination**

Although it has not expressed any intent to do so, the plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in CSI's matching contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the plan administrator may determine.

**(8) Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**(9) Related party and party-in-interest transactions**

During 2025, the Plan changed recordkeepers from Transamerica Retirement Solutions, LLC to Voya Financial, as described in Note 1. Prior to the transition, Plan investments included a Stable Value Fund managed by Transamerica Financial Life Insurance Company, an affiliate of Transamerica Retirement Solutions, LLC, the Plan's recordkeeper at that time; accordingly, these transactions qualified as party-in-interest transactions. Following the transition to Voya Financial, Plan investments at December 31, 2025 include the Voya Government Money Market Fund – Class A, managed by Voya Investment Management, LLC, an affiliate of Voya Financial, the Plan's recordkeeper as of December 31, 2025; these transactions also qualify as party-in-interest transactions. As described in Note 1, the Plan paid fees to Transamerica Retirement Solutions, LLC and Voya Financial for recordkeeping and administrative services during 2025, and holds notes receivable from participants, which also qualify as party-in-interest transactions.

**(10) Reconciliation of financial statements to Form 5500**

**The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025. Net assets available for benefits per the 5500 agreed to the financial statements as of December 31, 2024.**
