To the Plan Administrator
Zelle LLP Profit Sharing/401(k) Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zelle LLP Profit Sharing/401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zelle LLP Profit Sharing/401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Zelle LLP Profit Sharing/401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Zelle LLP Profit Sharing/401(k) Plan's ability to continue as a going concern for one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Zelle LLP Profit Sharing/401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Zelle LLP Profit Sharing/401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The description of the Zelle LLP Profit Sharing/401(K) Plan (the "Plan") that follows provides only general information. If more information is needed, participants should refer to the Plan Agreement for a more complete description of the Plan's Provisions.

General

The Plan is a defined contribution plan covering substantially all non-associate employees of Zelle LLP (the "Company") who are at least 21 years of age and have completed one year of service. The 401(k) Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan. Participants can choose pre-tax contributions, Roth elective deferrals, or a combination of the two. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing by 1% annually up to 6%. Their contributions are invested in a designated fund until changed by the participant.

The Company provides a fixed matching contribution equal to 25% of participant contributions up to 4% of their compensation. The Company may also make discretionary employer contributions to participants. During the year ended December 31, 2025, the Company made matching and discretionary employer contributions to the Plan of $2,143,499 on a modified cash basis. Contributions are subject to certain IRS limits.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company fixed matching contributions, as well as allocations of the Company's discretionary employer contributions and Plan earnings or losses. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's fixed matching and discretionary employer portion of their accounts is based on years of continuous service. A participant vests at a rate of 20% per year, starting with two years of service and the participant is 100% vested after six years of service.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate is equal to the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive the value of their vested interest in their account in the form of a lump sum payment or installment payments. For account balances that are $7,000 or less, the plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals of fully vested fixed matched or discretionary employer balances any time after reaching age 50 and withdrawals of employee deferral balances any time after reaching age 59 ½. Hardship distributions are also permitted for current employees.

Forfeitures

At December 31, 2025 and 2024, the forfeited non-vested balance totaled $133,328 and $34,203, respectively. This account is used by the Employer to fund their contribution and to pay administrative expenses of the Plan. During 2025, forfeitures used to pay plan expenses totaled $17,504.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan’s financial statements are presented on a modified cash basis of accounting. Income is reflected in the year received; contributions in the year received; payments and expenses in the year paid. The modified cash basis is a departure from accounting principles generally accepted in the United States of America, but allowed by the DOL.

Use of Estimates

The preparation of financial statements on the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Contributions
Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Contributions from the Company are recorded in the year in which the employer contributions are remitted to the Plan.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 28, 2026, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee) (“Empower”), and Massachusetts Mutual Life Insurance Company (MassMutual).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Valued based on quoted market prices in active markets or valued at the fair value of the underlying investments at year-end.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$70,355,966	$ -	$ -	$70,355,966
Self-directed brokerage account	7,881,722	-	-	7,881,722
	$78,237,688	$ -	$ -	$78,237,688

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$60,332,311	$ -	$ -	$60,332,311
Self-directed brokerage account	4,591,267	2,132,170	-	6,723,437
	$64,923,578	$ 2,132,170	$ -	$67,055,748

NOTE 5 – GUARANTEED SEPARATE INVESTMENT ACCOUNT WITH MASSMUTUAL

The Plan entered into a traditional fully benefit-responsive separate account guaranteed investment contract with MassMutual totaling $2,813,059 for 2025 and $2,236,904 for 2024. MassMutual maintains the contributions in a general account. The account is a fixed annuity general account product and meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The guaranteed separate investment account held by the Plan is a separate account guaranteed investment contract. The contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.The crediting rate is based on a formula established by the contract issuer but may not be less than 0%.The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – GUARANTEED SEPARATE INVESTMENT ACCOUNT WITH MASSMUTUAL (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (a) the Plan's failure to qualify under section 401(a) of the Code or the failure of the trust to be tax-exempt under section 501(a) of the Code, (b) premature termination of the contract, (c) Plan termination or merger, (d) change in the Plan's prohibition on competing investment options or (e) bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation or (d) a material amendment to the agreements without the consent of the issuer.

NOTE 6 – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Empower and MassMutual. Empower is the trustee and recordkeeper for the Plan, and MassMutual is the insurance company and, therefore, these transactions qualify as party in interest transactions. Notes receivable from participants also qualify as party in interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – TAX STATUS

The Company has adopted a pre-approved plan document and has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 8 – TAX STATUS (CONTINUED)

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN AMENDMENT AND IRS COMPLIANCE STATEMENT

During 2025, the Plan Sponsor adopted a retroactive amendment to the Plan, effective August 1, 2015 through April 30, 2022, to clarify that bonus compensation is excluded from elective deferral compensation unless a participant affirmatively elects to make deferrals from bonus payments. The amendment was adopted to conform the Plan document to the manner in which the Plan had been administered during that period.

In connection with this amendment, the Plan Sponsor received an IRS Compliance Statement dated July 10, 2025, under the IRS Voluntary Correction Program, approving the proposed correction method and permitting the Plan to maintain its tax-favored status with respect to the identified operational failure. No participant corrective contributions or reallocations were required as part of the approved correction.

Management believes that the adoption of the amendment and receipt of the IRS Compliance Statement resolved the identified operational failure and that the Plan continues to qualify under the applicable provisions of the Internal Revenue Code.
