INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Fred Beans Automotive Group 401(k) Plan
Doylestown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Fred Beans Automotive Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Contributions: Each year participants may voluntarily contribute 1% to 50% of their eligible compensation to the Plan, within the IRC Section 415 deferral limitations. Employees are eligible to participate once they reach 18 years of age and have two months of service. The Plan has an automatic enrollment feature whereby eligible employees shall have elective deferrals withheld in the amount of 3% of compensation unless they opt not to participate in the Plan. The Plan has an auto-escalation feature of 1% on each successive June 25th thereafter, up to maximum deferral of 10%. The Company matches 25% of the contributions of each participant up to a maximum of 8% of each participant's annual compensation. In addition to the matching contributions, the Company may make contributions to the Plan at the option of the Company's Board of Directors.

Plan Transfers: During 2025, the Plan received participant loan balances transferred in connection with a company acquisition. The aggregate balance of notes receivable from participants transferred into the Plan was $19,548.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions and an allocation of (a) Plan earnings net of expenses and (b) discretionary contributions. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is gradual based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Investment Options: Participants may direct the investment of their account into any investment options offered by the Plan. If a participant makes no election, the account is invested in the applicable Fidelity Advisor Freedom Target Date Fund based on their expected normal retirement date. Participants may change their investment options as often as they like.

Participant Loans: Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of primary residence. Interest rates on loans are based on a fixed rate similar to a bank's rate for a comparable personal loan. Loans are secured by the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings and are then credited to the participant's account. Participants may have only one loan outstanding at a time.

Payment of Benefits: Upon retirement, death, disability, termination of employment, or other distributable event, participants may receive distributions of their vested account balances in accordance with the provisions of the Plan. Benefits may be paid in a lump-sum distribution, installment payments, or partial withdrawals, as elected by the participant and permitted under the Plan. Effective May 15, 2025, the Plan was amended to permit installment payments and partial withdrawals. Vested balances less than $7,000 but greater than $1,000 may be automatically rolled over without participant consent to an individual retirement account. Vested balances less than $1,000 will be distributed in a lump sum payment.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Forfeited Accounts: Forfeitures of participants' non-vested accounts may be used to pay administrative expenses or reduce employer matching contributions. At December 31, 2025 and 2024, forfeited non-vested accounts amounted to $249,234 and $5,863, respectively. During 2025, forfeitures of $6,438 were used to offset employer match.

Note 2. Summary of Significant Accounting Policies

Accounting Method: It is the Plan's policy to maintain its books and records on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through September 24, 2026, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4. Investments and Fair Value Measurements

The Plan measures, on a recurring basis, its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2: Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Shares of registered investment companies (mutual and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments reported at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 133,859,531	$ -	$ -	$ 133,859,531
Money market fund	5,376,853	-	-	5,376,853
Total Investments, at fair value	$ 139,236,384	$ -	$ -	$ 139,236,384

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 110,381,609	$ -	$ -	$ 110,381,609
Money market fund	4,458,897	-	-	4,458,897
Total Investments, at fair value	$ 114,840,506	$ -	$ -	$ 114,840,506

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

The Company has adopted a non-standardized pre-approved profit-sharing plan sponsored by Fidelity Management & Research Company, LLC (FMR LLC). The non-standardized pre-approved profit-sharing plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the Plan's qualified status. The IRS has determined that the volume submitter plan is designed in accordance with the applicable sections of the Internal Revenue Code. The non-standardized pre-approved profit-sharing plan opinion letter has been relied upon by this Plan. Although the Plan has been amended subsequently, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
