Independent Auditor's Report

To the Administration and Investment Committee for the Linde U.S. Retirement Plans,
Plan Administrator
Linde Retirement Savings Plan

Opinion

We have audited the financial statements of the Linde Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) (Schedule H - Line 4i) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

Linde Inc. (the "Company") established the Linde Retirement Savings Plan (the "Plan") as of July 1, 1992.

The following description of the Plan provides only general information. Participants should refer to the Plan document, as amended, for a complete description of the Plan's provisions. The following information does not apply to employees covered under a bargaining unit agreement. Employees covered under a collective bargaining agreement should refer to such agreement for the terms applicable to them.

General

The Plan is a defined contribution plan and is administered by the Administration and Investment Committee for the Linde U.S. Retirement Plans (the "Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Trustee of the Plan's assets is Fidelity Management Trust Company ("Fidelity").

In 2024, Linde Gas & Equipment Inc ("LG&E"), a subsidiary of the Company, acquired Middlesex Gases & Technologies. Effective October 1, 2025, the Middlesex 401(k) Retirement Plan was merged into the Plan. In connection with this merger, assets totaling $7,884,191 were transferred into the Plan and are reported as "Transfers in from Middlesex 401(k) Retirement Plan" in the Statement of Changes in Net Assets Available for Benefits for the plan year ended December 31, 2025.

Eligibility

All regular full-time employees (as defined in the Plan) of the Company and any of its affiliates that have adopted the Plan are eligible to participate in the Plan. Part-time employees (as defined in the Plan) of the Company and its participating affiliates are eligible to participate in the Plan following their completion of certain minimum service requirements as set forth in the Plan.

Contributions

Participant contributions to the Plan are made through payroll deductions. Contributions for all Plan participants are calculated as a percentage of compensation (as defined in the Plan) based on contribution limits established by the Administrator. Non-highly compensated employees (as defined in the Internal Revenue Code (the "Code")) are allowed to contribute between 1% and 40% of their eligible compensation on either a before-tax, after-tax, or Roth basis in any combination. Highly compensated employees are allowed to contribute between 1% and 20% of eligible compensation, in any combination of before-tax, after-tax or Roth contributions.

The Plan must meet the actual deferral percentage tests in Section 401(k)(3)(A) of the Code. All participants' before-tax contributions are limited, however, to an indexed annual amount prescribed by the Internal Revenue Service (the "IRS"), which amounted to $23,500 in 2025. All employees who are eligible to make deferrals under the Plan and who have attained age 50, or who will attain ages 60 through 63 before the close of the Plan year, may elect to make additional "catch-up" contributions or "super catch-up" contributions, respectively, for the Plan year. For 2025, the maximum catch-up and super catch-up contribution permitted under the Code was $7,500 and $11,250, respectively.

Participants are able to designate part or all of their future contributions as Roth 401(k) contributions. Roth 401(k) contributions are made on an after-tax basis and are eligible for Company matching contributions. The combined Roth 401(k) and pre-tax 401(k) contributions cannot exceed the annual IRS or Plan limits specified above.

Participants meeting certain minimum age and/or Plan participation requirements are able to convert part or all of their 401(k) pre-tax and Company contribution account balances into designated Roth 401(k) account balances.

Amounts converted to Roth 401(k) are subject to income tax in the year of conversion, but are free from income tax upon distribution, as long as it has been at least five years since the participant first made Roth contributions (including the conversion) to the Plan and the participant is at least age $59^{1}/_{2}$.

All newly hired eligible employees are automatically enrolled in the Plan at a pre-tax contribution rate of 5% of eligible compensation, unless the employee affirmatively elects not to participate in the Plan or elects to participate at a different rate. Prior to being automatically enrolled in the Plan, each newly hired eligible employee is provided a notice of the Plan's automatic enrollment provisions and is given a period of time during which to opt out of Plan participation. Newly hired eligible employees may also voluntarily elect to enroll in the Plan with an effective date prior to the date they would otherwise

be automatically enrolled and may elect a contribution rate other than 5% of eligible compensation. All participants, including those who are automatically enrolled, may change or suspend their level of Plan contributions at any time.

Except for those employed by the Company's LG&E business unit, the Company matching contribution available to a Plan participant is determined based on the component of the Plan in which the participant participates. For all Plan participants hired after April 30, 2002 and those Plan participants hired prior to May 1, 2002 who elected to be covered by the Account-Based Design feature of the Plan, the Plan provides for a Company matching contribution equal to 100% of the first 5% of compensation contributed by the participant. For Plan participants who were employees of the Company as of April 30, 2002, and elected to be covered under the Traditional Design feature of the Plan, the Plan provides for a Company matching contribution equal to 70% of the first 2 1/2% of the participant's compensation contributed to the Plan and 40% of the next 5% of the participant's compensation contributed to the Plan. The Company matching contributions are made in cash and immediately invested in accordance with the participant's investment directions.

In lieu of the Company matching contributions and other Company contributions described above, Plan participants who are regular/full-time employees of LG&E are immediately eligible for Company contributions as outlined below. Part-time employees of LG&E are only eligible to receive Company contributions under the Plan after their completion of certain minimum service requirements as set forth in the Plan.

The Company will make a contribution on behalf of eligible LG&E participants according to the following table. One age point is granted for each year of age, and one point for each full year of Company service. Points are determined at the beginning of the Plan year. The Company contribution is a percent of compensation (as defined in the Plan). The contribution will be made at the end of each pay period. Participants not employed by LG&E are not eligible to receive these Company contributions.

Age and Service Points	Under 30 points	30 - 39 points	40 - 49 points	50 - 54 points	55 or more points
Company contribution	2.0 %	2.5 %	3.0 %	4.0 %	5.0 %

Participants' Account Activity

Participant accounts are credited with participant and Company contributions and investment returns which are based upon each participant's investment direction. Participant accounts are charged for withdrawals and other Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Except as provided below, participants are fully vested in their Plan account balances at all times. Participants employed by LG&E are at all times fully vested in their own contributions and rollover contributions. Participants employed by LG&E become fully vested in Company contributions after completing three years of service. Unvested Company contributions are forfeited following separation from the Company and may be used to reduce future Company contributions or for Plan expenses.

Investment Options

Plan participants may, subject to certain restrictions, direct the investment of their Plan accounts among various investment options offered by the Plan listed below:

Mutual Funds
Self-Directed Brokerage Account ("BrokerageLink")
Linde Stock
Common Trusts
Stable Value Fund

Participants may change the investment election of their contributions and existing balances at any time.

Dividend Payout on Company Stock

A portion of the Plan consisting of Linde Stock has been designated as an Employee Stock Ownership Plan ("ESOP"). A dividend payout feature allows participants to elect to receive any future dividends from Linde Stock in cash as taxable distributions, rather than having such dividends reinvested in the Plan. The designation as an ESOP has no other effect on benefits under the Plan.

Withdrawals and Distributions

Plan participants may generally withdraw after-tax contributions from their account balances while working and, in limited cases (as defined in the Plan's provisions), may withdraw before-tax contributions. Mandatory distributions from the Plan are required to begin no later than April 1 of the year following the year in which a participant attains age 73 (age 70 1/2 if the Participant was born before July 1, 1949) or retires from service with the Company, whichever is later. Actively employed participants may begin receiving distributions of pre-tax contributions at age 59 1/2.

Notes Receivable from Participants (Participant Loans)

The Plan generally permits participants to borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balances. Participants are permitted to have up to two loans outstanding at any time. Certain other restrictions apply, as defined in the Plan.

Participant loans are repaid during fixed terms not to exceed five years (thirty years for principal home loans). Principal and interest are paid ratably, generally through payroll deductions. The loans are collateralized by the balance in the participant's account and bear interest at fixed rates determined at loan inception. The loan interest rate is set on a quarterly basis at a rate equal to the prime rate plus 1%. Interest rates on loans outstanding as of December 31, 2025 ranged from 2.25% to 9.50%, with various maturity dates through 2055. A loan application fee of $50 is charged to the participant's account for each new loan request.

Participant loans are carried at unpaid principal balance plus accrued but unpaid interest. Participant loans are deemed delinquent 90 days after the loan repayment is due and unpaid and are recorded as a distribution in accordance with the terms of the Plan and applicable law. Notes receivable from participants on the Statements of Net Assets Available for Benefits are presented net of delinquent participant loans of $1,656,384 and $1,468,439 at December 31, 2025 and 2024, respectively.

Rollovers

Rollovers represent transfers of account balances of certain participants into certain investments of the Plan from other qualified plans or from individual retirement accounts.

Unclaimed Benefits and Forfeitures

The benefit payable on behalf of a participant who cannot be located by the Administrator may be forfeited at such time as the Administrator has made the determination. However, the forfeiture will be restored to the participant's account by the Administrator if such participant subsequently makes a valid claim for the benefit. In limited circumstances, when a participant is automatically enrolled in the Plan and then subsequently elects not to participate in the Plan, the participant's matching Company contribution will be forfeited. In addition, Company contributions made on behalf of participants employed by LG&E are forfeited if the participant does not complete three years of service with the Company. Amounts forfeited under the Plan shall be applied either to pay the Plan's administrative expenses or to reduce future Company contributions. The amounts of forfeiture balances at December 31, 2025 and 2024 were $638,682 and $1,010,860, respectively. The amount of forfeitures used to reduce employer contributions and pay plan expenses in 2025 and 2024 were $1,238,867 and $783,371, respectively.

Note 2 - Summary of Significant Accounting Policies

Method of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Plan investments, except for the fully-benefit responsive investment contract, are reported at fair value. Fair value is determined based upon quoted market prices or by using observable market based inputs, other than quoted market prices, for similar investments. Funds are valued on a daily basis. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The fair value per unit of investments in common trusts is measured using Net Asset Value ("NAV") as a practical expedient and is determined by each fund's trustee based on the fair value of the underlying securities within that fund. The fully-benefit responsive investment contract is reported at contract value, which is the relevant measure since it represents the amount that the participant would transact at under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Note 3 - Risks and Uncertainties

The Plan provides various investment options that invest in any combination of Linde ordinary shares, mutual funds, common collective trusts, stable value fund, and other investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 4 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 3,166,016,152	$ 2,968,642,664
Contract value adjustment	(16,388,925)	(24,921,881)
Net assets available for benefits per the Form 5500	$ 3,149,627,227	$ 2,943,720,783

The following is a reconciliation of the total net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025 to the Form 5500:

	2025
Total net increase in net assets available for benefits	$ 189,489,297
Contract value adjustment as of December 31, 2025	(16,388,925)
Contract value adjustment as of December 31, 2024	24,921,881
Total net increase in net assets available for benefits per the Form 5500	$ 198,022,253

Note 5 - Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value in three broad levels as follows:

Level 1 – quoted prices in active markets for identical assets or liabilities
Level 2 – quoted prices for similar assets and liabilities in active markets or inputs that are observable
Level 3 – inputs that are unobservable (for example cash flow modeling inputs based on assumptions) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables summarize investment assets measured at fair value at December 31, 2025 and 2024. During the years presented, there have been no transfers of assets between Levels 1, 2 and 3 as defined above:

Investment Assets at Fair Value at December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 22,405,910	$ —	$ —	$ 22,405,910

Common Trusts*				1,933,890,127
Total Fair Value Investments				$ 2,728,603,700

* Common trusts are measured using the Net Asset Value ("NAV") as a practical expedient for fair value as permissible under ASC Topic 820 and have not been categorized in the fair value hierarchy. Common trust NAVs are provided by the trustee and are determined by reference to the fair value of the underlying securities of the trust, less its liabilities, which are valued primarily through the use of directly or indirectly observable inputs. Depending on the common trust, underlying securities may include marketable equity securities with small, moderate, or large market capitalizations; international marketable equity securities and other investments; domestic fixed income securities; money market funds; or investment contracts issued by insurance companies and other financial institutions.

There are no plan liabilities required to be recorded at fair value at December 31, 2025 and 2024.

The following is a description of the valuation methodologies for the Plan assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Mutual Funds – This class primarily consists of publicly traded funds of registered investment companies. The mutual funds invest primarily in fixed income securities within the domestic market. The fair value of mutual fund investments is determined by reference to the fair value of the underlying securities of the mutual funds. The net asset value of the mutual fund's shares is the closing price as quoted on the exchange where the fund is traded and, therefore, classified as Level 1 within the valuation hierarchy.

Self-Directed Brokerage Account – This investment option primarily consists of publicly traded funds of registered investment companies. The participants have the ability to invest in Fidelity managed mutual funds and non-Fidelity managed mutual funds available through Fidelity. The fair value of the self-directed brokerage account is determined by reference to the fair value of the underlying securities within the self-directed brokerage account. The underlying investments held in the self-directed brokerage account are valued at the closing price as quoted on the exchange where the underlying securities are traded and are therefore classified as Level 1 within the valuation hierarchy.

Linde Stock – Linde Stock is classified as Level 1 within the valuation hierarchy as of December 31, 2025 and 2024. Linde plc ordinary shares are valued at the quoted closing market price from the Nasdaq Stock Exchange, under the ticker symbol "LIN".

Note 6 - Investments at Net Asset Value

The Plan has common trust investments with BlackRock, Northern Trust, and State Street Global Advisors. Units of the funds are valued on the valuation date, which is defined as either each day that trading occurs on the NYSE or that the fund is open for business, depending on the common trust. Redemption frequency is on a daily basis and, as of December 31, 2025 and 2024, there were no unfunded commitments.

Note 7 - Stable Value Fund

The Prudential Stable Value Fund is a stable value fund that invests in group annuity contracts (a Synthetic Guaranteed Investment Contract or "GIC") issued by the Prudential Insurance Company of America ("PICA") and the Prudential Core Conservative Intermediate Bond Fund, a fixed income common trust. The objective of the fund is to provide a guaranteed and stable return to investors. The Synthetic GIC held by the Plan includes a "wrapper" contract that provides a guaranteed interest crediting rate, which is reset quarterly and cannot fall below 0%.

The Plan's investment in the Prudential Stable Value Fund is fully benefit-responsive and is therefore presented in the Statements of Net Assets Available for Benefits at contract value. Contract value represents participant contributions, accreted by the applicable interest crediting rate and reduced by withdrawals and fund management fees. Contract value is also indicative of fair value because it represents the amount that the participant would transact at under the terms of the Plan. There are no required redemption notice periods or restrictions as investments can be liquidated immediately at current market value.

Certain events may limit the ability of the Plan to transact at contract value and are contract specific. Examples of such events include the following: (1) announcement of the Company's intention to terminate the Plan, (2) announcement of the Company's intention to merge or consolidate the Plan with another tax qualified plan, and (3) determination by the Internal Revenue Service that the Plan does not meet the requirements of a qualified program under Section 401(a) of the Code. No events are probable of occurring that may limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events may allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events are contract specific and include the following: (1) a material breach of the contract provisions and (2) a breach of the Plan's investment guidelines, including prohibition on competing investments, that has not been remediated.

Note 8 - Tax Status

The IRS determined and informed the Company by a letter dated August 21, 2014 that the Plan and related trust were designed in accordance with applicable sections of the Code. Although the Plan has been amended and restated since the date it was submitted to the IRS, the Plan Administrator and counsel believe that in design and operation, the Plan continues to operate in accordance with applicable law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions.

Note 9 - Plan Expenses

Fees incurred by the Plan for investment management services are included in the net appreciation (depreciation) in the fair value of investments. Administrative fees are paid by the Plan in accordance with Plan provisions and are allocated to participants with account balances in the Plan. The rate charged to Plan participants on a quarterly basis was $10 and covers all administrative expenses and recordkeeping fees incurred by the Plan, in accordance with Plan provisions. To the extent deductions from participant accounts were insufficient to cover the total cost of the Plan, the difference would be paid by the Company. No plan expenses were paid by the Company during 2025.

Note 10 - Parties-in-Interest Transactions

Certain Plan investments are shares of self-directed brokerage accounts or mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments include ordinary shares of Linde plc, the ultimate parent of the Company; therefore, these transactions, and associated dividend income, qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

As of December 31, 2025, the Plan held 1,468,214 ordinary shares of Linde stock, with a total fair value of $626,031,614. In addition, the stock purchase account held a $20,019 cash balance at 2025 year-end. As of December 31, 2024, the Plan held

1,578,886 ordinary shares of Linde stock, with a total fair value of $661,032,142. In addition, the stock purchase account held a $21,728 cash balance as of the 2024 year-end.

For the year ended December 31, 2025, the Plan purchased and sold $208,476,679 and $243,480,638 of the Company's stock, respectively. During 2025, the Plan received dividend income on Company stock totaling $8,741,468. Transactions involving the Company's stock qualify as party-in-interest transactions under the provisions of ERISA.

Note 11 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to terminate the Plan at its sole discretion. Upon such termination, the net assets of the Plan will be distributed or sold exclusively for the benefit of the participants (or their beneficiaries). Participants will also become 100% vested in their employer contributions.

Note 12 - Subsequent Events

Subsequent events have been evaluated through June 16, 2026, the date the financial statements were available to be issued.
