INDEPENDENT AUDITOR'S REPORT

The Plan Sponsor
Go-Mart, Inc. 401(k) Plan
Gassaway, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Go-Mart, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Go-Mart Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Go-Mart, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter —Basis of Accounting (modified cash basis)

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Go-Mart, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Go-Mart, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Go-Mart, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1 – DESCRIPTION OF THE PLAN

The following description of the Go-Mart, Inc. 401(k) Plan (the Plan) provides only general information. Employees of the Company and St. Mary's Refinery, Inc. (the Employers), are eligible to participate in the Plan based on the criteria defined in the plan document. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan, which became effective January 1, 1991, is a defined contribution plan that provides for an employee salary deferral contribution under Section 401(k) of the Internal Revenue Code (the Code). All employees of the Employers who have one year of service and are age 21 or older are eligible to participate in the Plan. An eligible employee may become a participant as of the earlier of the first day of the seventh month or the first day of the plan year coinciding with or following the date on which the eligibility requirements are met.

The Retirement Plan Committee (the Committee) is responsible for the general administration and oversight of the investments of the Plan. Capital Bank and Trust Company is the trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute any percentage of pretax annual compensation, as along as the dollar amount does not exceed annual dollar limits set by law. The Employers match employee contributions based on 42% of each eligible participant's applicable contribution, not to exceed 3% of included compensation as defined in the plan document. The Employers may also make additional contributions to eligible participants at their discretion though they are not required to do so.

The contributions of the participants, as well as the matching and discretionary contributions of the Employers, are allocated at the discretion of the participant to any of the Plan's investment options.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employers' matching contributions and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the participant investment fund to which they expense relate. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. The Plan provides for vesting in the Employers' matching and discretionary contributions over a six-year period as follows:

Years of Service	Vested Portion
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In case of a participant's retirement, death, disability, or attainment of age 65, the participant shall be 100% vested in the fair value of his or her account.

Participant Loans

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate as published on the first business day of each month in *The Wall Street Journal*. Principal and interest are paid ratably through payroll deductions every two weeks. Interest rates on loans outstanding at December 31, 2025 and 2024, range from 3.25% to 8.50%.

Plan Termination

Although is has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue contributions or to terminate the Plan subject to the provisions of ERISA. If the Plan is partially or wholly terminated or if contributions are completely discontinued, all affected participants' accounts shall be fully vested and thereafter not subject to forfeiture. The assets of the Plan will remain in trust and will be distributed in accordance with the plan agreement.

Forfeitures

Participants who are not fully vested upon termination will forfeit the nonvested portion of their account balance. Forfeitures of matching contributions are used to reduce the Employers' matching contributions.

Payment of Benefits

On termination of service, the participant's benefits must be immediately distributed in a single lump-sum payment if the participant's vested benefit in the Plan does not exceed $5,000. If the participant's vested benefit exceeds $5,000, the participant must consent to the distribution before it is made. Participants may elect to receive either a single lump-sum payment of their entire account balance or ad hoc distributions.

Payment of benefits are recorded when paid by the Plan.

Administrative Expenses

Certain of the Plan's administrative expenses are paid by the Plan Sponsor, as provided by the Plan's provisions. Administrative expenses paid by the Plan Sponsor during 2025, include select record-keeping, trustee, legal, and auditing fees. Administrative expenses paid by the Plan include quarterly administrative fees charged by the record-keeper.

2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (GAAP). The modified cash basis of accounting is an acceptable alternative method of reporting under regulations issued by the Department of Labor. Consequently, contributions and interest income are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligations are incurred. The effect of these items has not been determined. This practice differs in some respects from accounting principles generally accepted in the United States (U.S. GAAP), which require that the financial statements be prepared on an accrual basis. Accordingly, the accompanying financial statements (modified cash basis) are not intended to be presented in accordance with U.S. GAAP.

Use of Estimates

The preparation of financial statements (modified cash basis) in conformity with the basis of accounting described above requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements (modified cash basis), accompanying notes (modified cash basis), and supplemental schedule (modified cash basis). Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Purchases and sales of securities are recorded on a cash basis. Interest income and dividends are recorded as received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Committee is responsible for determining the Plan's valuation policies and analyzing the information provided by the trustee that is used to determine the fair value of the Plan's investments.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any unpaid interest. Interest income on notes receivable from participants is recorded when it is received. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

3 – INVESTMENTS

Certain investment information disclosed in the accompanying financial statements and supplemental schedule (modified cash basis), including investment held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivables from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

4 – FAIR VALUE MEASUREMENTS

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Leve 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

Following is a description of the valuation techniques used for each general type of investment measured at fair value by the Plan.

- Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables presents the balances of financial assets measured at fair value on a recurring basis as of December 31, 2025 and 2024, by level within the fair value hierarchy:

Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Registered investment companies	$ 13,378,535	$ 13,378,535	$ -	$ -
Common/collective trusts	411,368	-	411,368	-
Total investments at fair value	$ 13,789,903	$ 13,378,535	$ 411,368	$ -

Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2024				
Registered investment companies	$ 11,846,115	$ 11,846,115	$ -	$ -
Common/collective trusts	528,362	-	528,362	-
Total investments at fair value	$ 12,374,477	$ 11,846,115	$ 528,362	$ -

5 – INCOME TAX STATUS

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

American Funds is considered a party-in-interest since it provides transfer agency services for the Plan and the Plan holds certain American Funds investments. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rule under ERISA.

7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially effect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's employees operate primarily in West Virginia at gas station convenience stores.

8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

Participant loans that are in default and have not been repaid within the prescribed period are considered deemed distributions under Internal Revenue Code Section 72(p). These loans are reported as taxable distributions on Form 5500 but remain classified as notes receivable from participants in the financial statements until formally written off or repaid. The difference in treatment results in a reconciling item between the financial statements and Form 5500.

Net assets available for benefits per the financial statements	$ 14,356,967
Adjustment for deemed distributions of participant loans	3,720
Net assets available for benefits per Form 5500	$ 14,360,687

9 – SUBSEQUENT EVENTS

Management evaluated subsequent events for the Plan through September 21, 2026, the date the accompanying financial statements (modified cash basis) were available to be issued.
