INDEPENDENT AUDITOR'S REPORT

To the Trustees
Virginia Cardiovascular Specialists, P.C. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Virginia Cardiovascular Specialists, P.C. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Virginia Cardiovascular Specialists, P.C. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan covering all full-time employees of Virginia Cardiovascular Specialists, P.C. (the "Company") who have attained age 21 and have completed one year of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan generally provides for participant contributions of pre-tax annual compensation, as defined in the Plan, up to $23,500 for 2025 and $23,000 for 2024. Participants who have attained the age of 50 before the close of the Plan year were eligible to make an additional contribution of $7,500 during 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may match participant deferrals up to 8% of eligible compensation for 2025 and 2024 ("Matching Contributions") and may make additional discretionary contributions as determined annually by the Company ("Profit Sharing Contributions"). During 2025 and 2024, the Company made Matching Contributions equal to 50% of participants' eligible deferrals up to 8% of eligible compensation, respectively. The Company also made Profit Sharing Contributions in 2025 in amounts ranging from 3% to 9.93% of eligible compensation and 4.50% to 10.44% of eligible compensation in 2024. The Plan offers a flexible discretionary match. The amount allocated to one group need not bear any relationship to amounts allocated to any other group. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balance, as defined in the Plan. Participants must remain an employee of the Company at year-end to receive allocations of Company contributions. A participant's benefit is limited to the vested balance of the participant's account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of continuous service. Participants are 100% vested after six years of credited service.

1. Description of Plan, Continued:

Investment Options: Participants may direct Capital Bank and Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Excess Contribution Liability: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 13, 2026.

Payment of Benefits: Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, hardship withdrawal, retirement, death, or disability as defined in the Plan. Participants are entitled to receive either a lump-sum payment, or annuity or installment payments in an amount equal to the vested value of their account.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable terms cannot exceed five years, unless proceeds are used to acquire a principal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the Company's banking institution under similar circumstances. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants that the Plan administrator considers to be in default are reclassified as distributions based upon the terms of the Plan document.

Plan Administrator: Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by Empower Retirement, LLC, third party administrator. Certain administration functions are performed by Company employees. No such employee receives compensation from the Plan.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or pay Plan expenses. Increases to forfeitures were $24,807 during 2025 and $27,190 during 2024. Forfeitures applied to Company contributions were $27,085 for 2025 and $22,889 for 2024. Forfeited balances available for reduction of future Company contributions or to pay Plan expenses were $28,510 at December 31, 2025 and $30,788 at December 31, 2024.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

2. Summary of Significant Accounting Policies, Continued:

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through September 11, 2026, the date the financial statements were available to be issued, and has determined that, other than the events disclosed below, there are no other subsequent events to be reported in the accompanying financial statements.

Effective January 1, 2026, the Plan was amended to change the participation eligibility requirement for employee contributions from one year of service to three months of service. In addition, eligible employees may enter the Plan on the first day of the plan quarter coinciding with or immediately following the date on which the eligibility requirements are satisfied.

Effective February 25, 2026, the Plan was amended to appoint two Company employees to serve as trustees of the Plan. These individual trustees are not compensated by the Plan for these services.

Effective July 1, 2026, the Plan was amended to comply with provisions of the SECURE 2.0 Act of 2022. The amendment provides for increased catch-up contribution limits for eligible participants ages 60 through 63, mandatory Roth treatment of catch-up contributions for certain highly paid participants, revised eligibility requirements for long-term, part-time employees, and changes to the top-heavy minimum contribution requirements. The amendment also reflects an increase in the involuntary cash-out threshold to $7,000 and changes to the required minimum distribution rules applicable to designated Roth accounts.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets. There were no assets or liabilities whose fair value was determined using primarily Level 2 inputs at December 31, 2025 and 2024.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There were no assets or liabilities whose fair value was determined using primarily Level 3 inputs at December 31, 2025 and 2024.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the daily NAV of units of a collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, Continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of each year-end date:

	Investments at Fair Value as of December 31, 2025	
	Level 1	Total
Investments:		
Mutual funds	$ 64,085,130	$ 64,085,130
Investments in the fair value hierarchy	$ 64,085,130	64,085,130
Investments measured at NAV*		676,731
Total investments at fair value		$ 64,761,861

	Investments at Fair Value as of December 31, 2024	
	Level 1	Total
Investments:		
Mutual funds	$ 56,631,784	$ 56,631,784
Investments in the fair value hierarchy	$ 56,631,784	56,631,784
Investments measured at NAV*		838,183
Total investments at fair value		$ 57,469,967

*In accordance with Accounting Standards Update ("ASU") 2015-07, certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

3. Fair Value Measurements, Continued:

The following tables summarize investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 676,731	None	Daily	30 days advanced written notice

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 838,183	None	Daily	30 days advanced written notice

4. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the adopted prototype Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2025 and 2024. The Plan is not currently under audit by any tax authority.

5. Administrative Expense:

Although not required by the Plan, the Company absorbs a portion of the costs of Plan administration. The Plan paid management fees to the investment advisor and the recordkeeper, excluding Plan credits, totaling $121,358 during 2025 and $108,940 during 2024. These fees are included in administrative expenses on the accompanying statements of changes in net assets available for benefits.

6. Related-Party Transactions:

The Plan invests in a number of mutual funds sponsored by an affiliate of the Trustee. These are related-party transactions and are identified as parties-in-interest in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025. During 2025 and 2024, the Plan paid management fees to the investment advisor and the recordkeeper (see Note 5).

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements.

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

9. Financial Information Certified by a Qualified Institution:

Information regarding the following, included in the Plan's financial statements and supplemental schedule, was prepared by Capital Bank and Trust Company, the trustee, which has certified that the following information regarding investments held in their custody is complete and accurate:

- Investments, at fair value
- Investment income
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest income on notes receivable from participants

10. Reconciliation to Form 5500:
