Katherin Harding, CFO, Plan Administrator
Retirement Plan Committee
Dawson Technical 401(k) Profit Sharing Plan & Trust
3513 Brighton Blvd, Suite 600
Denver, Colorado 80216

We have audited the financial statements of Dawson Technical 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025 and we will issue our report thereon dated August 12, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by ADP Retirement Trust Services, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated December 08, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Dawson Technical 401(k) Profit Sharing Plan, are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no estimates affecting the financial statements for the years ended December 31, 2025 that we considered sensitive.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reporting findings:

The definition of eligible compensation as described by the plan document, was not being used for both employee and employer contributions.

The employer matching was not being properly calculated for certain employees due to an error in the payroll system configuration for eligibility dates.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the body or individual(s) charged with governance and, if appropriate, management of Dawson Technical 401(k) Profit Sharing Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Hutchinson and Bloodgood LLP

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Dawson Technical 401(k) Profit Sharing Plan & Trust
Denver, CO 80216

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Dawson Technical 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dawson Technical 401(k) Profit Sharing Plan & Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dawson Technical 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dawson Technical 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dawson Technical 401(k) Profit Sharing Plan & Trust's' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dawson Technical 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Dawson Technical 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General: The Plan was adopted January 1, 1999 by Dawson Technical, Inc., and related companies, including Dawson Federal, Inc., Dawson Solutions, LLC, Dawson Enterprises, LLC, Aktarius, LLC, D7, LLC, Dawson Global, LLC, Dawson MCG, LLC, Dawson CMS, LLC, Dawson & Associates, Inc., zCore Business Solutions Inc., ARD Energy Services, Inc., and B&H Contracting Company, Inc. (collectively, the Company or Employer). The Plan is a defined contribution plan covering substantially all eligible employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility: All employees of the Company who have attained the age of 21 or older and have one month of service are eligible to participate in the Plan.

Contributions: Participants may elect to contribute up to 90% of their eligible compensation. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (IRC), as defined in the plan document. Participants may also make contributions to the Plan on an after-tax basis by designating deferrals as Roth deferrals. The maximum employee deferral permitted by the Internal Revenue Service (IRS) for calendar years 2025 and 2024 was $23,500 and $23,000, respectively. For the Plan year ended December 31, 2025, participants who were the age 50-59 and 64 and older by year end, could make catch-up contributions of $7,500 and participants who were the age 60-63 by year end, could make enhanced catch-up contributions of $11,250. For the Plan year ended December 31, 2024, participants who had attained age 50 by year end could also make catch-up contributions of $7,500. The Company may make discretionary matching contributions and profit sharing contributions, limited to the maximum amount deductible for federal income tax purposes. For the years ended December 31, 2025 and 2024, the Company made matching contributions of 100% of the first 3.5% of salary deferrals made by the participants. The matching contribution is invested as directed by the participant. Participants must complete one year of service, as defined by the Plan, to be eligible for discretionary matching contributions.

Participant contributions are recorded and remitted to the custodian each bi-weekly payroll period and recorded in the year withheld from a participant's check.

The Companies, at the discretion of the Board of Directors, may make profit sharing or other non-elective discretionary contributions. For the years ended December 31, 2025 and 2024, no discretionary contributions were made.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and rollovers, the employer matching contributions, other discretionary employer contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: Participants are 100% vested in their employee deferrals plus actual earnings thereon. Vesting in the Companies' discretionary matching contributions plus actual earnings or losses is based on continuous years of service with 0% vested for less than one year, 33% after one year, 66% after two years and 100% vested after three or more years. If an employee dies, retires or becomes disabled they will automatically become 100% vested.

Forfeitures: Participants who are not 100% vested will forfeit the nonvested portion of the Companies' discretionary contributions upon termination of employment. Forfeitures will be used to reduce plan administrative expenses, to reduce employer contributions or as an employer profit sharing contribution allocation in the ratio that each participant's compensation for the plan year bears to total compensation of all participants for such plan year. Forfeitures of $397,860 and $87,886 were used to reduce Company employer contributions during the years ended December 31, 2025 and 2024, respectively. Forfeitures balance at December 31, 2025 and 2024 were $19,002 and $1,290, respectively.

Payment of Benefits: On termination of service, if a participant's vested account does not exceed $5,000, the Plan will either pay out a lump-sum (if under $1,000) or will roll over the account into an IRA. Prior approval of the participant is not needed. If a participant's vested account balance is greater than $5,000, the participant must give consent and elect to receive payments as a single lump sum or installments. Otherwise the participant may elect to defer the receipt of payments according to the plan provisions.

Hardship Distributions: Participants may request a distribution based on financial hardship subject to the provisions of the Plan.

In-service Distributions: Participants who have reached age 59 1/2 may make a cash withdrawal at any time.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Actual results could differ from the estimated amounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties: The Plan provides for various investment options in various combinations of investment securities. Investment securities are exposed to various risk factors including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in those factors will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Payments of Benefits: Benefits are recorded when paid.

Plan Expenses: The Company pays all plan expenses except recordkeeping, audit and investment fees, which are allocated among participants, and loan and distribution fees.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments that were both bought and sold during the period as well as investments held at year-end.

Subsequent Events Review: Management has evaluated its December 31, 2025 and 2024 financial statements for subsequent events through August 12, 2026, the date the financial statements were available for issuance. Management is not aware of any subsequent events that would require additional recognition or disclosure in the financial statements.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

ADP Retirement Trust Services and Reliance Trust Company were the Custodians of the Plan (Custodians) and have certified certain information for the years ended December 31, 2025 and 2024, respectively, and that information was not audited in accordance with the plan administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedule, certified by the Custodians, consists of the following:

	2025	2024
Investments, at fair value		
Mutual funds	**$ 22,354,785**	$ 19,551,085
Common collective trust funds	**$ 33,922,995**	$ 25,363,398
Notes receivable from participants	**$ 764,230**	$ 543,855
Net investment income	**$ 7,682,364**	$ 5,609,667
Interest on notes receivable from participants	**$ 54,842**	$ 45,252

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- **Mutual funds**: Valued using quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

- **Common Collective Trust Funds:** Valued at the net asset value (NAV) of the units held by the Plan at year end, which is based on the fair value of the underlying investments using information reported by the investment advisor. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The common collective trust funds held by the plan include a stable value fund whose underlying investments are composed primarily of fully benefit responsive investment contracts. The remaining funds invest primarily in target retirement date funds that invest in other investment pools or investment products which are affiliated mutual funds, collective investment trusts, private vehicles/funds or other pooled investment vehicles advised by the advisors or sub-advisors.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,354,785	$ --	$ --	$ 22,354,785
Investments, measured at NAV				33,922,995
Total investments at fair value	$ 22,354,785	$ --	$ --	$ 56,277,780

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,551,085	$ --	$ --	$ 19,551,085
Investments, measured at NAV				25,363,398
Total investments at fair value	$ 19,551,085	$ --	$ --	$ 44,914,483

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice is applicable only to the Plan:

Instrument	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund-stable value	$ 1,578,418	$ 1,502,924	None	Daily	12 months
Common collective trust fund-other	$ 32,344,577	$ 23,860,474	None	Daily	60 days

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow, from his or her account, a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate as published in the Wall Street Journal on the 14th day of each month determined by the plan administrator, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the plan document and applicable restrictions under the IRC. A participant can only have one loan outstanding at any time.

NOTE 6. FEDERAL INCOME TAX STATUS

The Companies adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the IRS dated October 6, 2020 stating that the Plan and related trust, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan qualifies and, the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2025 and 2024, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their employer contribution accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Companies may determine.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Employee benefit plans may engage in various types of business transactions with companies and individuals considered parties-in-interest under ERISA. Common parties-in-interest include the plan sponsor, fiduciaries, and other persons providing services to the Plan. For the years ended December 31, 2025 and 2024, the Plan did not engage in any non-exempt transactions with parties-in-interest.

NOTE 10. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits reported in the financial statements at December 31, 2025 and 2024 to the amounts in Form 5500:

NOTE 11. TRANSFER OF NET ASSETS INTO THE PLAN

Effective August 2025, the zCore Business Solutions, Inc. 401(k) Plan was merged into Dawson Technical 401(k) Profit Sharing Plan & Trust pursuant to the purchase of zCore Business Solutions Inc. The transfer included the account balances of eligible participants of the zCore Business Solutions, Inc. 401(k) Plan. The transferred net assets have been recognized in the Plan as of August 26, 2025, the effective date of transfer, at the amounts previously reported by the zCore Business Solutions, Inc. 401(k) Plan.

From: LAUKOA (fka Dawson Technical, Inc.)
Date: Wednesday, September 30, 2026
RE: Correction to Previously Filed Form 5500 Report (Reporting Period 2025)

This memorandum is to clarify and correct the previously filed Form 5500 report submitted to the U.S. Department of Labor for the reporting period of 2025.

The report originally filed on August 31, 2026, contained the incorrect audit report.

This Form 5500 report, submitted today, September 30, 2026, is the correct and accurate filing for Dawson Technical 401k Plan Profit Sharing & Trust for the 2025 reporting period.

Thank you for your attention to this matter.
