Independent Auditor's Report

To the Plan Administrator
Quality Plus Services, Inc. 401(k) Plan
Petersburg, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Quality Plus Services, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Quality Plus Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

231 Wylderose Drive | Midlothian, VA 23113 | 804.323.1313

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quality Plus Services, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Plus Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Quality Plus Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Plus Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Quality Plus Services, Inc. 401(k) Plan

December 31, 2025 and 2024

Note A - Description of the Plan

The following description of the Quality Plus Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective July 1, 1998, as a defined contribution plan covering all employees of Quality Plus Services, Inc. (the "Company"), who had completed one year of service and attained age 21. Effective May 1, 2020, the Plan was amended and restated to cover all employees who have completed 3 months of service and attained age 18. On July 5, 2024, the Plan was amended to merge with the Coastal Industrial Service, Inc. 401(k) Plan, thereby extending participation to all eligible employees of Coastal Industrial Service, Inc. (CIS). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to $23,500 for 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants will be automatically enrolled in the Plan when they become eligible at 3% of compensation. Participants elect the investment options in which contributions are invested and may change their investment options daily. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary contributions to the Plan. Such contributions are allocated in accordance with the provisions of the Plan document and may be made to one or more participants, subject to nondiscrimination and other applicable requirements.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings (losses) and charged with participant distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance. Loans bear interest at rates which are commensurate with the prevailing rates as determined by the Plan administrator and must be repaid over a period not to exceed five years unless used to purchase the participant's primary residence. Loans are secured by the participant's account balance. Loans are repaid through payroll deductions including principal and interest. The principal portion reduces the receivable from participants and both principal and interest are transferred to the participant's investment options as repayments are received.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in employer contributions on a 6-year graded schedule, with 0-1 year 0% vested; 2 years 20% vested; 3 years 40% vested; 4 years 60% vested; 5 years 80% vested; and 6 years 100% vested.

Note A - Description of the Plan - Continued

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal installments. In-service distributions may be made by employees who have attained the age of 59 1/2. Account balances less than $5,000 may be automatically rolled over to an Individual Retirement Account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded at December 31, 2025 or 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Note B - Summary of Significant Accounting Policies - Continued

Excess Contribution Liability

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, including Plan audit fees, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and it is called a forfeiture. Forfeitures may be used by the Plan to reduce Company contributions or to pay administrative expenses. At December 31, 2025 and 2024, forfeited accounts totaled $73 and $6,909, respectively.

Note C - Certified Assets

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company, LLC (the "Trustee").

The following were certified complete and accurate by John Hancock Trust Company, LLC:

	December 31,	
	2025	2024
Investments at fair value	$ 8,062,068	$ 6,785,007
Notes receivable from participants	284,655	240,684
	$ 8,346,723	$ 7,025,691

The Trustee also certified to the completeness and accuracy of income related to the aforementioned investments for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 1,010,240
Dividends and interest	178,621
Interest on notes receivable from participants	19,967
	$ 1,208,828

Note D - Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions may occur daily. The fair value amount presented in the table on the following page is intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits. The fund's investment objective is preservation of capital with a competitive level of income. The fund invests in fixed income securities and may invest in derivative instruments and wrapper contracts. There are no unfunded commitments at December 31, 2025 or 2024.

Note D - Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,946,934	$	$	$ 7,946,934
Investment measured at NAV per share (Common Collective Trust)				115,134
Total assets at fair value				$ 8,062,068

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,603,475	$	$	$ 6,603,475
Investment measured at NAV per share (Common Collective Trust)				181,532
Total assets at fair value				$ 6,785,007

The common collective trust measured at NAV has not been classified in the fair value hierarchy presented in the preceding tables.

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments valued at NAV as a practical expedient:

	December 31, 2025			
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment fund	$ 115,134	n/a	Daily	None

	December 31, 2024			
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment fund	$ 181,532	n/a	Daily	None

Note E - Nonexempt Transaction

Participant contributions and loan repayments totaling $26,575 and $5,840 were remitted later than permitted under the Department of Labor's plan asset rules during 2025 and 2024, respectively. These delinquencies constituted nonexempt party-in-interest transactions. The sponsor has remitted all amounts and computed lost earnings. The lost earnings calculation was considered immaterial for purposes of these financial statements and will be remitted to the Plan during 2026.

Note F - Party-in-Interest Transactions

The Plan has agreements with service providers for investment advisory, trust, administrative services and other services. These service providers are parties-in-interest. Investment advisors receive compensation from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to the service providers. If such revenue exceeds the amount owed under the agreements, the excess amount is remitted to the Plan on a quarterly basis. These amounts may be used to pay administrative expenses. The Plan makes payments to these service providers for expenses not covered by revenue sharing.

Note G - Tax Status

The Plan is an adoption of a Prototype Non-Standardized 401(k) Plan (the Prototype Plan) with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, in which the IRS stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received an opinion letter specific to the Plan itself, and the Prototype Plan has been amended since receiving the opinion letter. However, the Plan's management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and related trust continue to be tax-exempt.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2025 and 2024. The Plan is not currently under audit by any tax jurisdiction.

Note H - Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note J - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as reported by the Company as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 8,386,223	$ 6,979,191
Excess contribution liability		43,000
Net assets available for benefits per the Form 5500	$ 8,386,223	$ 7,022,191

The following is a reconciliation of net increase to net assets per the financial statements to the Form 5500 for the year ended December 31:

	2025	2024
Net increase in net assets per the financial statements	$ 1,407,032	$ 656,936
Change in excess contribution liability	(43,000)	43,000
Net increase in net assets per the Form 5500	$ 1,364,032	$ 699,936

Note K - Receivable from Participant

In connection with the correction of a compliance testing failure identified in 2023, the Plan previously recorded a $43,000 liability related to an employer profit-sharing contribution allocated to a participant. During 2025, it was determined that the amount was required to be returned to the Plan. Accordingly, the Plan recognized a receivable from the participant and corresponding other income of $43,000 during 2025. The amount was returned to the Plan in full during 2026 and deposited into the Plan's forfeiture account. The forfeited amount will be used in accordance with the provisions of the Plan document.

Note L - Subsequent Events

The Plan management has evaluated all subsequent events through September 29, 2026, which is the date these financial statements were available to be issued.
