INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Schmueser, Gordon, Meyer, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Schmueser Gordon Meyer (SGM), Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of SGM who are at least 21 years old and have completed 6 months of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contributions, SGM's contributions made on the participant's behalf, and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocations are based on participant account balances.

Participant Contributions

Participants are permitted to contribute pre-tax elective and Roth elective deferrals of their annual compensation up to allowable dollar limits set by federal law, as defined by the Plan document. Contributions may not exceed dollar limits set by law. Transfers from qualified plans are allowed under provisions of the Plan. The Plan also has an auto enrollment feature that enrolls employees that meet the eligibility standards at a deferral rate of 6% pre-tax unless the employee makes a contrary election.

Employer Contributions

SGM makes discretionary matching contributions that are determined on a monthly basis. For the years ended December 31, 2025 and 2024, SGM made matching contributions of 50% of a respective participant's elective deferrals up to 9% of a participant's eligible compensation. For the years ended December 31, 2025 and 2024, SGM made matching contributions of $540,349 and $477,346 respectively.

Investment Elections

Each participant may direct that salary reductions to his or her account be invested in one or more of the investment options offered by the Plan. Participants may change such allocations at any time directly with Empower Retirement, LLC (Empower), the Plan's third party administrator (TPA).

Vesting

Participants are immediately vested in their voluntary contributions made by SGM plus actual earnings thereon. Vesting in SGM's discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous service at 20% per year beginning at the end of year two resulting in the participant becoming 100% vested at the end of year six. As defined in the plan agreement, to earn a year of service, a participant must be credited with at least 1,000 hours of service during the plan year.

Investment Contract with Insurance Company

Under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 962, *Defined Contribution Pension Plans*, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. The Plan has a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (EAICA). The Key Guaranteed Portfolio Fund, the Contract, (the Contract) is a general account product of EAICA. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract is included in the financial statements at contract value as reported to the Plan by EAICA. Contract value represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment Contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the Contract issuer or otherwise. The contract value of the Contract at December 31 was $910,440 (2025) and $1,739,169 (2024). The crediting interest rate at December 31 was 1.45% (2025) and 1.41% (2024). Such interest rates are reviewed on a quarterly basis and may stay the same or change each quarter. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the Contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The Plan administrator does not believe there are any events that would limit the Plan's ability to transact at contract value with EAICA. The Plan administrator also does not believe there are events and circumstances that would permit EAICA to terminate the Contract and settle at an amount different from the contract value.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms are up to five years or twenty years if used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the first day of the month of the loan.

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $7,000 may continue holding investments within the Plan, or elect to withdraw.

Forfeitures

If a participant terminates service prior to earning enough years of service to become fully vested in SGM's discretionary contributions, they will forfeit the amount in which they are not vested. Forfeitures may be used to pay plan expenses, used to reduce any employer nonelective contribution or used to reduce any employer matching contribution. Net forfeitures used to reduce employer contributions for the year ended December 31 were $26,670 (2025) and $49,629 (2024). Unallocated forfeitures are not considered assets available for benefits as of year-end. As of December 31, 2025, there were no unallocated forfeitures. As of December 31, 2024, unallocated forfeitures were less than $1.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include professional fees and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's mutual funds and collective investment trust funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the trustee.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Collective Investment Trusts (CIT): The Plan invests in certain collective investment trust (CIT) funds. The trust funds are maintained by Great Gray Trust Company, LLC ("Great Gray"), which serves as trustee of the Collective Investment Trust funds. Great Gray is an affiliate of Madison Dearborn Partners, LLC.

The CITs are valued at net asset value per unit held by the Plan at year-end as reported by Great Gray Collective Investment Trust, which is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. If the Plan were to initiate a full redemption of these collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure the securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units held by the at year end, as determined by Empower Annuity Insurance Company of America. The estimate of fair value of pooled separate accounts are based on the fair value of the underlying mutual funds owned by the pooled separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no unfunded commitments related to the Plan's investments measured at net asset value as of December 31, 2025 and 2024.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Mutual funds	$ 16,204,834	$ -	$ -	$ 16,204,834
Total Assets in Fair Value Hierarchy	$ 16,204,834	$ -	$ -	16,204,834
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Collective investment trust funds				7,936,498
Pooled separate accounts				990,485
Total Investments at Fair Value				$ 25,131,817

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2024 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Mutual funds	$ 16,688,424	$ -	$ -	$ 16,688,424
Total Assets in Fair Value Hierarchy	16,668,424	-	-	16,668,424
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Collective investment trust funds				2,508,346
Pooled separate accounts				2,403,420
Total Investments at Fair Value				$ 21, 600,190

** In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

NOTE 5 - PLAN TAX STATUS

The Plan has adopted a prototype standardized profit sharing plan offered by Empower. On March 31, 2014, the Plan was restated, and the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the above letter; however, the Plan administrator and the

Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - PLAN TERMINATION

Although they have expressed no intention to do so, SGM has the right under the Plan to terminate the Plan subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Plan's trustees as of and for the year ended December 31, 2025. Therefore these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 3, 2026, the date at which the financial statements were available to be issued, and determined that no events have occurred that would require disclosure.
