Independent Auditor's Report

To the Plan Administrator of Network Cabling Infrastructures, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Network Cabling Infrastructures, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Network Cabling Infrastructures, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

6650 Sugarloaf Parkway, Suite 900
Duluth, Georgia 30097
T: 770-476-1004

T: 770-536-0511

4010 Old Milton Parkway
Alpharetta, Georgia 30005
T: 770-623-4440

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Network Cabling Infrastructures, LLC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Network Cabling Infrastructures, LLC Retirement Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Network Cabling Infrastructures, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Network Cabling Infrastructures, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Network Cabling Infrastructures, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan established effective January 1, 2002 and amended and restated October 1, 2019, covering all eligible employees of the following companies: Network Cabling Infrastructures, LLC, CZM Enterprises GA, LLC, Rodzilla Enterprises, LLC, OLWJ, LLC, and Magic Systems, LLC (collectively, the "Plan Sponsor"), in accordance with the eligibility requirements and exclusions contained in the Plan documents. The Plan permits participant pre-tax and designated Roth elective deferrals and provides for employer matching and discretionary non-elective contributions, subject to the Plan's terms. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code, as amended. The Plan Administrator is responsible for the general administration and oversight of the Plan, including participant eligibility. The Plan’s Administrator and certain members of the Plan Sponsor's management determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Plan's Sponsor.

Contributions

Contributions to the Plan include employee pre-tax deferrals, Roth contributions, rollover contributions, matching contributions, and profit sharing contributions. Participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% percent of eligible compensation and their contributions invested in a qualified default investment alternative (QDIA) until changed by the participant. The Plan Sponsor contributes a discretionary match of 20% of employee deferrals. Employer match contributions for the years ended December 31, 2025 and 2024 were $149,467 and $112,642, respectively. Additional profit sharing amounts may be contributed at the option of the Plan Sponsor. For the year ended December 31, 2025 and 2024, there were no profit sharing contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. All participant and employer contributions are subject to applicable IRC and Internal Revenue Service (IRS) limitations.

1. Description of Plan

Participant accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, allocations of the Plan Sponsor's discretionary contributions, if applicable, and an allocation of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee elective deferrals, designated Roth contributions, catch-up contributions, and rollover contributions, plus actual earnings thereon. Employer matching and nonelective contributions, together with earnings thereon are based on years of continuous service. A participant is 25% percent vested after 1 year of credited service and continues to vest in increments of 25% percent until 100% vested after 4 years of credited service. Participants become fully vested in employer matching and nonelective contributions upon attaining Normal Retirement Age, currently age 65, or upon termination of employment due to death or disability. Nonvested amounts are forfeited upon termination of employment, subject to the Plan's break-in-service and restoration provisions.

Notes receivable from participants

Participants may borrow from their fund accounts an amount as defined in the Plan documents. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as defined by the Plan documents and loan policy. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

1. Description of Plan

Priorities Upon Termination

In the event of termination, or partial termination, of the Plan, the affected participants shall become fully vested. All funds will be held until benefits are otherwise due or distribution is directed by the Sponsor.

Forfeited accounts

Forfeitures of unvested employer contributions from terminated participant accounts can be used to offset future employer contributions or to pay Plan administration expenses. Forfeitures during the years ended December 31, 2025 and 2024 were $3,039 and $6,055, respectively. The balance in the forfeitures account was $0 and $0 at December 31, 2025 and 2024, respectively. These accounts are used to reduce employer contributions or to pay plan administrative expenses. During the year ended December 31, 2025, employer contributions of $2,727 were offset by forfeitures and $228 were used to pay Plan administrative expenses, from forfeited, nonvested accounts, in accordance with plan provisions. During the year ended December 31, 2024, employer contributions of $10,907 were offset by forfeitures.

Plan amendments

Effective January 1, 2025, the Plan was amended to change auto enrollment to be the date immediately following the date eligibility requirements are met.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Excess Contributions Refundable

Amounts refundable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to the filing date of the Plan Sponsor's income tax returns. Excess contributions refundable at December 31, 2025 and 2024 were $73,978 and $46,703, respectively.

2. Summary of Accounting Policies

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

3. Fair Value Measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Pooled separate accounts: Valued based on net asset value (NAV) as a practical expedient, as reported by the managers of the pooled separate account funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Because they are valued using a practical expedient, they have not been classified in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 7,981,524

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 7,209,447

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements

Fair Value of Investments that Calculate Net Asset Value

The fair value of the investments using the net asset value as a practical expedient as of December 31, 2025 and 2024 are $7,981,524 and $7,209,447, respectively, and processing fees for the Plan charged by Ameritas Life Insurance Corporation were included as fees charged. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a fully benefit-responsive fixed rate option contract. Contributions attributable to the contract are maintained in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract considered is fully benefit-responsive as participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value under the terms of the Plan, and contract value represents the amount participants would normally receive for permitted transactions. Accordingly, the contract is reported at contract value.

Contract value, as reported to the Plan by the sponsoring custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the fully benefit-responsive investment contract was $83,335 and $137,545 at December 31, 2025 and 2024, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 4.05% and 4.35% for the years ended December 31, 2025 and 2024, respectively. The crediting rate is reviewed on an annual basis for resetting. Ameritas Life Insurance Corporation is contractually obligated to repay the principal and guaranteed interest to the Plan. The investment is an insurance contract, and the Plan may transact with the issuer in accordance with the contract terms. The occurrence of an event that would limit the Plan's ability to execute transactions at contract value with participants is not probable. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. Fully Benefit-Responsive Investment Contracts

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

5. Information Certified by Ameritas Life Insurance Corporation

The Plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Ameritas Life Insurance Corporation, the Plan's Custodian and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity, including net appreciation/depreciation, interest, and dividends and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The information in the following line items, included in the Plan's financial statements, was prepared by the custodian and furnished to the Plan. The Plan Sponsor has obtained a certification that such information is complete and accurate and was not audited:

Statement of net assets available for plan benefits:	**2025**	**2024**
Participant-directed investments	$ 8,064,859	$ 7,346,992
Notes receivable from participants	186,368	108,328

Statement of changes in net assets available for benefits:	**2025**
Net appreciation in fair value of investments	$ 1,020,600
Interest and dividends	3,631
Interest income on notes receivable from participants	10,478

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are held in custodial arrangements with Ameritas Life Insurance Corporation, which serves as custodian for the Plan, and therefore, these transactions qualify as party-in-interest transactions.

6. Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Ameritas Life Insurance Corporation receives revenue from investment fund service providers for services the custodian provides to the funds. This revenue is used to offset certain amounts owed to Ameritas Life Insurance Corporation for its administrative services to the Plan. If the revenue received by Ameritas Life Insurance Corporation from such investment fund service providers exceeds the amount owed for its services, Ameritas Life Insurance Corporation remits the excess to the Plan's trust on a quarterly basis. The Plan or Plan Sponsor may make a payment to Ameritas Life Insurance Corporation for administrative expenses not covered by revenue sharing. Administrative fees charged by Ameritas Life Insurance Corporation and paid by the Plan were $6,050 and $4,350 for the years ended December 31, 2025 and 2024, respectively.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party-in-interest transactions.

The Plan utilizes a third party administrator, Dorsa Consulting Services, Inc. (DCS). Administrative fees charged by DCS were paid by the Plan Sponsor.

Certain administrative functions of the Plan are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Plan Sponsor has adopted a volume submitter plan document offered by CCH Incorporated, DBA FTWilliam.com that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Date of Management's Review

Management has evaluated subsequent events as of September 24, 2026, the date the financial statements were available for issue. Plan management is not aware of any significant events that occurred subsequent to the statement of net assets available for benefits date but prior to the issuance of this report that require adjustment to the financial statements or disclosure in the notes to the financial statements.
