Form 5500

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Annual Return/Report of Employee Benefit Plan

This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code).

▶ **Complete all entries in accordance with the instructions to the Form 5500.**

OMB Nos. 1210-0110
1210-0089

2025

This Form is Open to Public Inspection

Part I Annual Report Identification Information

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

A This return/report is for:
- [ ] a multiemployer plan
- [ ] a multiple-employer plan (Filers checking this box must provide participating employer information in accordance with the form instructions.)
- [X] a single-employer plan
- [ ] a DFE (specify) _____

B This return/report is:
- [ ] the first return/report
- [ ] the final return/report
- [ ] an amended return/report
- [ ] a short plan year return/report (less than 12 months)

C If the plan is a collectively-bargained plan, check here. . . . . ▶ [X]

D Check box if filing under:
- [X] Form 5558
- [ ] automatic extension
- [ ] the DFVC program
- [ ] special extension (enter description)

E If this is a retroactively adopted plan permitted by SECURE Act section 201, check here. . . . . ▶ [ ]

Part II Basic Plan Information—enter all requested information

1a Name of plan
GENERAL DYNAMICS RETIREMENT PLAN (COMMERCIAL)

1b Three-digit plan number (PN) ▶ 002

1c Effective date of plan 10/01/1956

2a Plan sponsor's name (employer, if for a single-employer plan)
Mailing address (include room, apt., suite no. and street, or P.O. Box)
City or town, state or province, country, and ZIP or foreign postal code (if foreign, see instructions)
GENERAL DYNAMICS CORPORATION

11011 SUNSET HILLS RD
RESTON, VA 20190-5311

2b Employer Identification Number (EIN) 13-1673581

2c Plan Sponsor's telephone number 703-876-3000

2d Business code (see instructions) 334200

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

Single-Employer Defined Benefit Plan Actuarial Information

This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6059 of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500 or 5500-SF.**

OMB No. 1210-0110

2025

This Form is Open to Public Inspection

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

▶ **Round off amounts to nearest dollar.**

▶ **Caution:** A penalty of $1,000 will be assessed for late filing of this report unless reasonable cause is established.

A Name of plan
GENERAL DYNAMICS RETIREMENT PLAN (COMMERCIAL)

B Three-digit plan number (PN) ▶ 002

C Plan sponsor's name as shown on line 2a of Form 5500 or 5500-SF
GENERAL DYNAMICS CORPORATION

D Employer Identification Number (EIN)
13-1673581

E Type of plan: [X] Single [ ] Multiple-A [ ] Multiple-B

F Prior year plan size: [ ] 100 or fewer [ ] 101-500 [X] More than 500

Part I Basic Information

1 Enter the valuation date: Month 01 Day 01 Year 2025

2 Assets:

a Market value	**2a**	1786887545
b Actuarial value	**2b**	1848809082

3 Funding target/participant count breakdown

	(1) Number of participants	(2) Vested Funding Target	(3) Total Funding Target
a For retired participants and beneficiaries receiving payment	5880	1146767428	1146767428
b For terminated vested participants	2226	184470293	184547223
c For active participants	2572	474844086	490087164
d Total	10678	1806081807	1821401815

4 If the plan is in at-risk status, check the box and complete lines (a) and (b) [ ]

a Funding target disregarding prescribed at-risk assumptions	**4a**	
b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	**4b**	

5 Effective interest rate	**5**	5.37 %
6 Target normal cost		
a Present value of current plan year accruals	**6a**	0
b Expected plan-related expenses	**6b**	7968309
c Target normal cost	**6c**	7968309

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances

		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	310665857
8	Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	17757022
9	Amount remaining (line 7 minus line 8)	0	292908835
10	Interest on line 9 using prior year's actual return of -1.76 %	0	-5155195
11	Prior year's excess contributions to be added to prefunding balance:		
	a Present value of excess contributions (line 38a from prior year)		0
	b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of 5.15 %		0
	b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
	c Total available at beginning of current plan year to add to prefunding balance		0
	d Portion of (c) to be added to prefunding balance		0
12	Other reductions in balances due to elections or deemed elections	0	0
13	Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	287753640

Part III Funding Percentages

14	Funding target attainment percentage	14	85.70 %
15	Adjusted funding target attainment percentage	15	101.50 %
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	94.98 %
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls

18 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
			Totals ► 18(b)	0	18(c) 0

19	Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:		
	a Contributions allocated toward unpaid minimum required contributions from prior years	19a	0
	b Contributions made to avoid restrictions adjusted to valuation date	19b	0
	c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	0

20 Quarterly contributions and liquidity shortfalls:

a Did the plan have a "funding shortfall" for the prior year? [X] Yes [ ] No

b If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? [X] Yes [ ] No

c If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year

(1) 1st	(2) 2nd	(3) 3rd	(4) 4th
0	0	0	0

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:

a Segment rates:	1st segment: %	2nd segment: %	3rd segment: %	[X] N/A, full yield curve used
b Applicable month (enter code)			**21b**	
22 Weighted average retirement age			**22**	63

23 Mortality table(s) (see instructions) [ ] Prescribed - combined [X] Prescribed - separate [ ] Substitute

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment. [X] Yes [ ] No

25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment. [ ] Yes [X] No

26 Demographic and benefit information

a Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment. [X] Yes [ ] No

b Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment [X] Yes [ ] No

27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment	**27**	

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years	**28**	0
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	**29**	0
30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	**30**	0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):

a Target normal cost (line 6c)	**31a**	7968309
b Excess assets, if applicable, but not greater than line 31a	**31b**	0

32 Amortization installments:	Outstanding Balance	Installment
a Net shortfall amortization installment	260346373	25087756
b Waiver amortization installment	0	0

33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____)_and the waived amount	**33**	
34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	**34**	33056065

	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement	0	33056065	33056065

36 Additional cash requirement (line 34 minus line 35)	**36**	0
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	**37**	0
38 Present value of excess contributions for current year (see instructions)		
a Total (excess, if any, of line 37 over line 36)	**38a**	0
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	**38b**	0
39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	**39**	0
40 Unpaid minimum required contributions for all years	**40**	0

Part IX Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)

41 If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. [ ] 2019 [X] 2020 [ ] 2021

(h) Did the service provider give you a formula instead of an amount or estimated amount?
29 50	LEGAL	23530	Yes [ ] No [X]	Yes [ ] No [ ]		Yes [ ] No [ ]

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received $1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

Part II Service Providers Who Fail or Refuse to Provide Information

4 Provide, to the extent possible, the following information for each service provider who failed or refused to provide the information necessary to complete this Schedule.

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

Part III Termination Information on Accountants and Enrolled Actuaries (see instructions)

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a	3874	4773
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)		
(2) Participant contributions	1b(2)		
(3) Other	1b(3)	1572328	761360
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)		
(2) U.S. Government securities	1c(2)		
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)		
(B) All other	1c(3)(B)		
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		
(B) Common	1c(4)(B)		
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)		
(9) Value of interest in common/collective trusts	1c(9)	1740785872	1733677356
(10) Value of interest in pooled separate accounts	1c(10)		
(11) Value of interest in master trust investment accounts	1c(11)	58226805	40294622
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	2638729	38805043
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)		
(15) Other	1c(15)		

		(a) Beginning of Year	(b) End of Year
1d Employer-related investments:			
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
1e Buildings and other property used in plan operation	1e		
1f Total assets (add all amounts in lines 1a through 1e)	1f	1803227608	1813543154
Liabilities			
1g Benefit claims payable	1g		
1h Operating payables	1h	27168675	1904095
1i Acquisition indebtedness	1i		
1j Other liabilities	1j		
1k Total liabilities (add all amounts in lines 1g through1j)	1k	27168675	1904095
Net Assets			
1l Net assets (subtract line 1k from line 1f)	1l	1776058933	1811639059

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: **(A)** Employers	2a(1)(A)		
(B) Participants	2a(1)(B)		
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines **2a(1)(A), (B), (C),** and line **2a(2)**	2a(3)		0
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)	7	
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)		
(G) Total interest. Add lines **2b(1)(A)** through **(F)**	2b(1)(G)		7
(2) Dividends: **(A)** Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	895920	
(D) Total dividends. Add lines **2b(2)(A)**, **(B)**, and **(C)**	2b(2)(D)		895920
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: **(A)** Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line **2b(4)(B)** from line **2b(4)(A)** and enter result	2b(4)(C)		0
(5) Unrealized appreciation (depreciation) of assets: **(A)** Real estate	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines **2b(5)(A)** and **(B)**	2b(5)(C)		0

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		138794180
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		2750893
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		4600316
c Other income	2c		
d Total income. Add all **income** amounts in column (b) and enter total	2d		147041316
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	104833392	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines **2e(1)** through **(3)**	2e(4)		104833392
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses:			
(1) Salaries and allowances	2i(1)		
(2) Contract administrator fees	2i(2)	692651	
(3) Recordkeeping fees	2i(3)		
(4) IQPA audit fees	2i(4)	92620	
(5) Investment advisory and investment management fees	2i(5)	2217170	
(6) Bank or trust company trustee/custodial fees	2i(6)	68811	
(7) Actuarial fees	2i(7)	2065154	
(8) Legal fees	2i(8)	23537	
(9) Valuation/appraisal fees	2i(9)		
(10) Other trustee fees and expenses	2i(10)		
(11) Other expenses	2i(11)	2162662	
(12) Total administrative expenses. Add lines **2i(1)** through **(11)**	2i(12)		7322605
j Total expenses. Add all **expense** amounts in column (b) and enter total	2j		112155997
Net Income and Reconciliation			
k Net income (loss). Subtract line **2j** from line **2d**	2k		34885319
l Transfers of assets:			
(1) To this plan	2l(1)		694807
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: KPMG LLP **(2)** EIN: 13-5565207

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**	X		735
e Was this plan covered by a fidelity bond?	**4e**	X		50000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**		X	
l Has the plan failed to provide any benefit when due under the plan?	**4l**		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? [ ] Yes [X] No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	**5b(2)** EIN(s)	**5b(3)** PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ..... [X] Yes [ ] No [ ] Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 592017.

SCHEDULE R (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Retirement Plan Information

This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500.**

OMB No. 1210-0110

2025

This Form is Open to Public Inspection.

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

A Name of plan
GENERAL DYNAMICS RETIREMENT PLAN (COMMERCIAL)

B Three-digit plan number (PN) ▶ 002

C Plan sponsor's name as shown on line 2a of Form 5500
GENERAL DYNAMICS CORPORATION

D Employer Identification Number (EIN)
13-1673581

Part I Distributions

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions **1** 0

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):

EIN(s): 36-1561860

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year **3** 12

Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ..... ☐ **Yes** ☒ **No** ☐ **N/A**

If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____

If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6 **a** Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived) **6a**

b Enter the amount contributed by the employer to the plan for this plan year **6b**

c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount) **6c**

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ..... ☐ **Yes** ☐ **No** ☐ **N/A**

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ..... ☐ **Yes** ☐ **No** ☒ **N/A**

Part III Amendments

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box. ..... ☐ **Increase** ☐ **Decrease** ☐ **Both** ☒ **No**

Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? ..... ☐ **Yes** ☐ **No**

11 **a** Does the ESOP hold any preferred stock? ..... ☐ **Yes** ☐ **No**

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) ..... ☐ **Yes** ☐ **No**

12 Does the ESOP hold any stock that is not readily tradable on an established securities market? ..... ☐ **Yes** ☐ **No**

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box* ☐ *and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box* ☐ *and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify):

---

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

---

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box* ☐ *and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box* ☐ *and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment)	**14a**	
b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14b**	
c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14c**	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	**15a**	
b The corresponding number for the second preceding plan year	**15b**	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	**16a**	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	**16b**	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
Public Equity: 9.0 % Private Equity: 0.0 % Investment-Grade Debt and Interest Rate Hedging Assets: 86.0 %
High-Yield Debt: 1.0 % Real Assets: 2.0 % Cash or Cash Equivalents: 2.0 % Other: 0.0 %

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
☐ 0-5 years ☐ 5-10 years ☒ 10-15 years ☐ 15 years or more

20 **PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation._____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☐ Yes ☒ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☐ Design-based safe harbor method

☐ "Prior year" ADP test

☐ "Current year" ADP test

☐ N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter ___/___/_____ (MM/DD/YYYY) and the Opinion Letter serial number_____.

Independent Auditors' Report

To the Plan Participants and Plan Administrator
General Dynamics Retirement Plan (Commercial):

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of General Dynamics Retirement Plan (Commercial) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule G, Part III – Nonexempt Transactions Schedule for the year ended December 31, 2025, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GENERAL DYNAMICS RETIREMENT PLAN (COMMERCIAL)

Statement of Changes in Accumulated Plan Benefits

Year ended December 31, 2025

	2025
Actuarial present value of accumulated plan benefits at beginning of year	$ 2,069,038,079
(Decrease) increase during the year attributable to:	
Benefits paid	(104,833,392)
Increase from interest	91,587,115
Assumption changes	(185,169,938)
Benefits accumulated and actuarial experience	(2,935,817)
Net decrease	(201,352,032)
Actuarial present value of accumulated plan benefits at end of year	$ 1,867,686,047

See accompanying notes to financial statements.

(1) Plan Description

The following description of the General Dynamics Retirement Plan (Commercial) (the Plan) provides only general information. Participants should refer to the Plan Documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a noncontributory defined benefit plan covering certain employees of General Dynamics Corporation (the Company, the Plan Sponsor or the Plan Administrator) who are employed at those locations not engaged in government contracting activities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan participates in the General Dynamics Corporation Group Retirement Trust (the Master Trust) along with certain other plans also sponsored by the Company.

(b) Pension Benefits

The Plan provides varying types of benefits under multiple benefit structures as defined in the sub-plans of the Plan Documents.

The Plan is closed to all new employees hired on or after April 1, 2011. Employees who were in the Plan are grandfathered and will continue to follow the Plan provisions prior to the closure. Effective December 31, 2021, benefits ceased to accrue.

(c) Transfer of Freeman Coal Salaried

Effective December 31, 2024, the population participating in the Plan under the Freeman Coal Salaried benefit structure was transferred to the Government Plan. All participants associated with the Freeman Coal Salaried population under the Plan became eligible to participate in the Government Plan as of January 1, 2025. As a result of the transfer, the required funding and the amount transferred from the Plan to the Government Plan as of December 31, 2024 was $24,794,069.

(d) Risks and Uncertainties

The Plan invests in the Master Trust, which invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks, as well as the risks associated with global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimations and assumptions in the near term would be material to the financial statements.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investment is reported at fair value. Fair value is the price that would be received by the Plan to sell an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The Plan's sole investment is its interest in the Master Trust.

Purchases and sales of investments are recorded on the trade date. Investment income consists of dividend income, interest income and net appreciation in the fair value of investments. Dividends are recognized on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the gains or losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Expenses

The Company administers the Plan, and administrative costs are paid by the Company or the Plan. Premiums paid to the Pension Benefit Guaranty Corporation (the PBGC), a U.S. government agency, Trustee fees and administrative costs paid by the Plan are reflected in the financial statements as administrative expenses of the Plan. There were certain other administrative costs paid by the Company for the year ended December 31, 2025. These costs were primarily related to professional service fees.

(3) Actuarial Assumptions for Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's independent consulting actuary and is the amount resulting from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service Plan participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated

employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the benefit structure for which the retiree or active employee is eligible for in accordance with the Plan Documents. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The principal assumptions used in the determination of the present value of accumulated plan benefits as of December 31, 2025 and 2024, were as follows:

- Expected long-term rate of return on plan assets – 5.38% and 4.54%, compounded annually, as of 2025 and 2024, respectively
- Mortality basis – RP-2014 total employee and healthy annuitant mortality tables with generational projection from the base year 2014 using Aon U.S. Adjusted Mortality Improvement Scale (2025) for December 31, 2025 and RP-2014 total employee and healthy annuitant mortality tables with generational projection from the base year 2014 using Aon U.S. Adjusted Mortality Improvement Scale (2024) (formerly known as the Aon U.S. Endemic Mortality Improvement Scale (2024)) for December 31, 2024
- Retirements – rates from age 55 through age 70. A rate of 2.5% was used for participants eligible to retire prior to age 55
- Withdrawals – graduated rates based on age

The change in assumptions was mainly due to the Plan Sponsor updating the investment mix under the General Dynamics Investment Policy of the Plan. As a result, the investment mix for the Legacy Commercial Trust portion of the Plan was shifted from 100% fixed-income investments to 10% return-seeking and 90% fixed-income investments effective February 1, 2025. Due to the shift in investment mix, the expected long-term rate of return on plan assets used to calculate the present value of accumulated plan benefits increased resulting in a decrease in the present value of accumulated benefits at December 31, 2025.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(4) Funding Policy

The funding policy of the Plan is to fund the defined benefit retirement plan in a manner that optimizes the tax deductibility and contract recovery of contributions, considered within the Company's capital deployment framework. The Company may make discretionary contributions in addition to the required contributions to the Plan to provide not only for benefits attributed to service to date, but also for benefits to be earned in the future. Such contribution amounts must at least meet or exceed the minimum funding requirements under ERISA as determined by the Plan's actuary. The Company met the minimum funding requirements of ERISA for the year ended December 31, 2025.

(5) Trustee Certified Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment in the Master Trust at fair value as of December 31, 2025 and 2024, and the participation in net income of the Master Trust for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and ERISA-required supplemental schedule and related Notes 5 and 6 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by The Northern Trust Company (the Trustee).

The assets of the Plan are combined with the assets of other retirement plans of the Company into the Master Trust for investment purposes. Each participating retirement plan has a divided interest in the Master Trust. BlackRock Financial Management, Inc. serves as the investment advisor of the Master Trust. The assets of the Master Trust are managed by independent investment management firms. The Trustee holds the assets of the Master Trust. The value shown in the accompanying financial statements represents the Plan's interest in the reported assets of the Master Trust. Investment income is allocated daily to each plan based on its interest in the market value of the underlying investments in the Master Trust.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2025:

	Master Trust Balances	Plan's Interest in Master Trust Balances
Assets:		
Investments, at fair value		
Registered investment companies	$ 700,456,666	$ 38,806,207
Interest bearing cash	461,123,053	18,826,257
Collective trusts	9,169,057,765	1,719,544,834
Hedge fund	383,105	7,964
Real estate limited partnership	141,547,663	24,233,126
Real estate investment trust	68,058,465	11,415,655
Total investments at fair value	10,540,626,717	1,812,834,043
Non-interest bearing cash	189,730,456	4,773
Accrued Income	803,431	70,304
Total Assets	10,731,160,604	1,812,909,120
Liabilities:		
Due to trustee	189,700,000	-
Accrued Expenses	357,065	60,773
Total Liabilities	190,057,065	60,773
Net Assets	$ 10,541,103,539	$ 1,812,848,347

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2024:

	Master Trust Balances	Plan's Interest in Master Trust Balances
Assets:		
Investments, at fair value		
Registered investment companies	$ 720,331,328	$ 2,639,922
Interest bearing cash	151,621,648	46,699,913
Collective trusts	8,408,935,055	1,695,718,227
Hedge funds	2,317,400	99,215
Real estate limited partnership	188,254,934	32,229,467
Real estate investment trust	143,518,166	24,072,742
Total investments at fair value	9,614,978,531	1,801,459,486
Accrued Income	2,359,643	455,018
Total Assets	9,617,338,174	1,801,914,504
Liabilities:		
Accrued Expenses	411,278	69,793
Total Liabilities	411,278	69,793
Net Assets	$ 9,616,926,896	$ 1,801,844,711

The following table presents the changes in net assets of the Master Trust for the year ended December 31, 2025:

	2025
Changes in Net Assets:	
Net appreciation in fair value of investments	$ 1,235,235,212
Interest and dividend income	53,681,397
Net investment income	1,288,916,609
Net transfers	(360,260,664)
Fees and expenses	(4,479,302)
Net increase	924,176,643
Net assets:	
Beginning of year	9,616,926,896
End of year	$ 10,541,103,539

(6) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the assets or liabilities;

  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the closing price reported on the active market in which the individual securities are traded (Level 1).

Interest bearing cash: The fair value of interest bearing cash balances and overnight deposit accounts have been determined based upon the deposit account balance, with no discounts for credit quality or liquidity restrictions or at the net asset value as provided by the fund managers (Level 2).

Units of collective trusts: The fair values of these private investment securities are determined using the net asset value as provided by the fund managers (Level 2). Investments are redeemable daily at net asset value, and there are no significant restrictions on redemptions.

Hedge funds, real estate investment trust and limited partnership: The fair values of these private investment securities are determined using the net asset value as provided by the fund managers, which is a practical expedient for fair value.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Fair value	Quoted price in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investments				
Registered investment companies	$ 700,456,666	$ 700,456,666	$ —	$ —
Interest bearing cash	461,123,053	—	461,123,053	—
Collective trusts	9,169,057,765	—	9,169,057,765	—
Total investments in fair value hierarchy	$ 10,330,637,484	$ 700,456,666	$ 9,630,180,818	$ —
Investments measured at net asset value*	209,989,233			
Total investments, at fair value	$ 10,540,626,717			

	December 31, 2024			
	Fair value	Quoted price in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investments				
Registered investment companies	$ 720,331,328	$ 720,331,328	$ —	$ —
Interest bearing cash	151,621,648	—	151,621,648	—
Collective trusts	8,408,935,055	—	8,408,935,055	—
Total investments in fair value hierarchy	$ 9,280,888,031	$ 720,331,328	$ 8,560,556,703	$ —
Investments measured at net asset value*	334,090,500			
Total investments, at fair value	$ 9,614,978,531			

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy presented for the Master Trust investments to the investments at fair value presented in Note 5.

The following table details relevant investment data for investments measured at fair value based on net asset value per share held within the Master Trust as of December 31, 2025 and 2024:

Investment Type	Investment Strategy	2025 Fair Value Determined Using NAV	2024 Fair Value Determined Using NAV	Unfunded Commitments	Redemption Restrictions
Multi-strategy hedge fund of funds	To target attractive long-term risk adjusted absolute returns with lower volatility than the broad equity markets by investing in the equity long/short, event driven, relative value and tactical trading sectors through a portfolio of investment vehicles managed by trading advisors.	$ -	$ 1,215,272	None	Monthly redemptions with a 45-day notice requirement (a)(b)
Macro-strategy hedge fund	To invest in a broadly diversified portfolio of global securities.	383,105	1,102,128	None	Weekly to monthly with four business days to two calendar months notice (b)
Real estate limited partnership	To invest directly or indirectly through partnership interest in real estate investments, mortgages and other loans.	141,547,663	188,254,934	None	Quarterly redemptions with a 90-day notice requirement (b)
Real estate investment trust	To invest in diversified U.S. real estate assets, including retail, multi-family, office and industrial, that will produce core real estate returns.	68,058,465	143,518,166	None	Quarterly redemptions with a 45-day notice requirement (b)
		$ 209,989,233	$ 334,090,500		

(a) As the sole investor in the BlackRock Multi-Strategy Fund of Funds, Plan management requested to liquidate its investment in the fund during 2019. Due to redemption restrictions of the underlying investments of the fund, limitations were put into effect causing the fund to be liquidated over time providing for payments of such request as cash became available. Final liquidation of the fund occurred during 2025.

(b) During 2022, Plan management requested to liquidate its investments in the remaining hedge funds, the real estate limited partnership, and the real estate investment trust. Due to redemption restrictions of the underlying investments of the fund, one of the hedge funds remains in the Master Trust and is expected to be liquidated during 2026. All other hedge funds were liquidated during 2025 and 2024. Final liquidation of the real estate limited partnership and the real estate investment trust is expected to occur in 2028.

(7) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated October 20, 2017, that the Plan is qualified, and the Master Trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (the IRC). Although the Plan has been amended subsequent to the date of the latest determination from the IRS, the Plan Sponsor and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. Under the applicable IRS statute of limitations, the Plan is no longer open to income tax examinations for years prior to 2022.

(8) Plan Termination

The Plan was established by the Company with the intention that it shall be operated indefinitely and that contributions to the Plan shall continue for an indefinite period. Although it has not expressed any intention to do so, the Company reserves the right at any time to terminate the Plan. In the event of termination, participants become fully vested and the Master Trust investments will be used to pay benefits to those who are eligible according to an orderly procedure as prescribed by ERISA, its related regulations and the Plan Documents, generally to provide the following benefits in the order indicated:

- Other vested benefits insured by the PBGC up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All non-vested benefits.

The PBGC insures benefits under the Plan if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivors' benefits. However, the PBGC does not guarantee all types of benefits under covered plans. The amount of benefit protection is subject to certain limitations. The PBGC guarantees vested benefits at the level in effect on the date of plan termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

(9) Related Party and Party-in-Interest Transactions

Investments in certain collective funds held in the Master Trust are managed by Northern Trust Investments, Inc., an affiliate of the Trustee, in the amounts of $2,709,779,956 and $2,795,388,711, as of December 31, 2025 and 2024, respectively. An investment in a hedge fund in the Master Trust was managed by BlackRock Financial Management, Inc., in the amount of $864,450 as of December 31, 2024. Investments in certain collective funds held in the Master Trust are managed by BlackRock Institutional Trust Company, N.A., an affiliate of BlackRock Financial Management, Inc., in the amounts of $4,122,206,835 and $3,254,485,210 as of December 31, 2025 and 2024, respectively. These transactions qualify as related party transactions. There were also fees paid to BlackRock Financial Management, Inc. and The Northern Trust Company from the Master Trust and the Plan that qualify as related party transactions. The Master Trust also holds investment funds issued by certain investment managers which also qualify as exempt party-in-interest investments. Fees paid to other service providers also qualify as exempt party-in-interest transactions.

As of December 31, 2025, the Master Trust recorded a liability of $189,700,000 due to the Trustee. This amount represents funds advanced by the Trustee on behalf of certain participating plans to fund contributions and address a temporary negative cash position resulting from the timing of investment liquidations. The Trustee was reimbursed on January 2, 2026.

(10) Master Trust Investments Presentation

The statement of net assets available for benefits presents Investments in Master Trust as a single line item at fair value, while the Form 5500 Schedule H reports both assets held within the Master Trust and certain assets reported as held outside of the Master Trust. Although these assets are collectively invested with other Master Trust assets, the Plan holds a direct and divided interest in them, and, as permitted by the Department of Labor, Plan management has elected to present these specific assets separately in the Form 5500. In the financial statements, these assets remain included in the “Investments in Master Trust at fair value” line item, but they are also listed individually on the supplemental schedule of assets (held at year end) as Plan assets to reflect the Plan’s direct and divided ownership interest.

(11) Subsequent Events

Plan management evaluated subsequent events and transactions that occurred after December 31, 2025 through September 25, 2026, which is the date the financial statements were available to be issued. No events deemed relevant for disclosure.

[1] The accrued benefits for all active participants in the General Dynamics Retirement Plan (Commercial) are hard-frozen. As a result, average annual accrued benefits are being shown in the schedule of active participant data in lieu of compensation.

General Dynamics Corporation
(EIN: 13-1673581, PN: 002)
General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

For ERISA Requirements

Interest Rates

The full yield curve with no lookback (as of December 2024) to which the interest rate stabilization corridor does not apply. Sample rates shown below are compounded annually.

Duration 0.5	4.60%
Duration 5.5	4.80%
Duration 10.5	5.20%
Duration 15.5	5.45%
Duration 20.5	5.56%
Duration 25.5	5.57%
Duration 30.5	5.58%

Retirement

The retirement decrement assumptions for active participants and terminated vested members in the CSRA Eagle Alliance segment are summarized in Exhibit A. The weighted average retirement age is 63. All sold off members at the Material Service Salaried segment of the Discontinued segments eligible to retire are assumed to retire immediately. All terminated vested members (except those at the CSRA Eagle Alliance segment) are assumed to retire at age 65 or immediately, if over age 65.

For at-risk calculations, participants who are eligible to retire within the next 10 years are assumed to retire immediately upon eligibility. The at-risk assumption for the assumed form of payment is the normal form of payment. This form of payment results in the highest present value.

Mortality

Base Table:

Pri-2012 total employee and nondisabled annuitant tables

Projection:

Mortality rates are generational, projected from the base year 2012 using 2024 Adjusted Scale MP-2021

Withdrawal

The withdrawal decrement assumptions are summarized in Exhibit B. All sold off members at the Material Service Salaried segment of the Discontinued segments not eligible to retire are assumed to terminate immediately.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Disability
The disability decrement assumptions are summarized in Exhibit C. Mortality following disability assumed to be in accordance with table provided in IRS Revenue Ruling if qualified as disabled under Title II of Social Security Act, otherwise regular mortality is assumed.

Decrement Timing
Decrements are assumed to apply as of the beginning of the year.

Members on Leave or Layoff
Members on leave or layoff whose leave or layoff is assumed to be temporary are treated as active for valuation purposes.

For members whose leave or layoff is assumed to be permanent, no rates of withdrawal, disability or retirement are assumed. A member on leave due to long term disability is assumed to retire when first eligible. Otherwise, a member on leave is treated as terminated for valuation purposes and assumed to retire at normal retirement age. If a member on layoff is expected to become eligible for retirement prior to the end of their layoff period for severance, they are assumed to retire when first eligible. Otherwise, they are assumed to terminate at the end of their layoff period for severance and subsequently retire at normal retirement age.

Probabilities Related to Spouse Option
For members covered by a benefit structure with a pre-retirement surviving spouse option, it is assumed that 65% of male members and 45% of female members are assumed to be married; husbands are assumed to be two years older than wives.

Benefit and Compensation Limits
Projected benefits are restricted to allow for the section 401(a)(17) limitations and the individual defined benefit plan limitation as specified in section 415 of the Internal Revenue Code. The maximum dollar limits in effect on the date of valuation are assumed to continue without change.

Accumulated Employee Contributions
Accumulated employee contributions are credited with interest at the applicable rate, as specified in section 411 of the Internal Revenue Code. The interest rate in effect on the date of valuation is assumed to continue without change.

Cost of Living Adjustments
For members covered by the Gulfstream Pension benefit structure, benefits in pay status increase at the lesser of CPI-U or 3.0% per year. The CPI-U is assumed to equal 2.2%.

Reemployment
There is no allowance made for potential reinstatement of terminated members upon reemployment.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Future Layoffs and Plant Shutdowns
There is no explicit assumption for the incidence of future layoffs or plant shutdowns. Accordingly, there is no allowance made for potential increases in liabilities resulting from these events.

Employee Transfers
Certain salaried employees who transfer between segments remain subject to the terms of the salaried benefit structure that the employee was covered by for benefit accruals prior to the transfer. This statement of actuarial assumptions does not include the applicable assumptions pertaining to all such benefit structures. The assumptions for rates of postretirement cash out option and cost of living adjustments pertaining to each such benefit structure are described in the statement of actuarial assumptions contained in the actuarial valuation report associated with such benefit structure.

Valuation of Plan Assets
The value of plan assets is used to calculate contribution requirements under ERISA. The value of plan assets is determined by recognizing asset gains and losses over a period of three years. Asset gains and losses are defined as the difference between the expected return on the market value of assets, using a return assumption not to exceed the third segment rate, and the actual return on the market value of assets. This gain or loss is recognized over a period of three years at 33% per year, beginning in the current year. The value of plan assets must be within 10% of the market value of assets.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2023 Plan Year	6.64% (Coml) / 6.21% (Eagle) The applicable third segment rate limitation is 5.74%.
2024 Plan Year	4.50% (Coml) / 6.21% (Eagle) The applicable third segment rate limitation is 5.59%.
2025 Plan Year	4.54% The applicable third segment rate limitation is 5.50%.

Expenses
Assumed expenses included in target normal cost are estimated as 0.12% of the Commercial Trust and 0.13% of the CSRA Eagle Alliance Trust market value of assets plus $3,500,000 for the Commercial Trust and $190,000 for the CSRA Eagle Alliance Trust plus PBGC premiums.

Actuarial Cost Method
The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method.

Valuation Date
The valuation date is January 1, 2025.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Rationale for Assumptions

For each economic and demographic assumption that has a significant effect on the measurement, and that the actuary has determined does not significantly conflict with what, in the actuary's professional judgement, is reasonable for the purpose of the measurement, the information and analysis used to support this determination are documented in the 2024 GDC Pension OPEB Experience Dashboard, 2014-2020 GDC Experience Study Report dated December 10, 2021, and subsequent communications between Aon and General Dynamics. General Dynamics approved the assumptions in December 2024.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

For members at the CSRA Eagle Alliance segment

None assumed.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Discussion of Actuarial Assumptions and Methods

For the funding valuation, the allowable interest rates and mortality tables available to measure plan liabilities are prescribed by IRC section 412. Aon provided guidance with respect to the alternative interest rate and mortality table options, and it is our belief that the options prescribed by General Dynamics Corporation are appropriate for funding purposes. It is our belief that all other actuarial assumptions used for the funding valuation represent reasonable expectations of anticipated plan experience. The actuarial cost and amortization methods used are prescribed by IRC section 412. While the method used to value assets is prescribed by General Dynamics Corporation, Aon provided guidance with respect to the use of this method, and it is our belief that the method is appropriate for funding purposes.

Calculation of Normal Costs and Liabilities

The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method. The funding target under IRC section 430 is calculated as the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year, based on current service and current pay. The target normal cost is the present value of all benefits expected to accrue or be earned under the plan during the plan year, including any increase in benefits earned in prior plan years attributable to compensation increases in the current plan year, plus certain trust expenses.

Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date. The present value of these estimated benefits using the ERISA assumptions is the ERISA funding target. The target normal cost is the present value of the benefits earned during the year.

For calculating the actuarial present value of vested benefits, benefits at each decrement age are determined in the same manner but are then multiplied by each participant's vesting percentage as of the valuation date. The present value of these estimated vested benefits is determined without recognition of any benefit for which a participant will become entitled only through the advancement in service or age while actively employed. In addition, certain ancillary benefits have been treated as vested consistent with PBGC premium regulations.

Part I Basic Information

1 Enter the valuation date: Month 01 Day 01 Year 2025

2 Assets:

a Market value	**2a**	1,786,887,545
b Actuarial value	**2b**	1,848,809,082

3 Funding target/participant count breakdown

	(1) Number of participants	(2) Vested Funding Target	(3) Total Funding Target
a For retired participants and beneficiaries receiving payment	5,880	1,146,767,428	1,146,767,428
b For terminated vested participants	2,226	184,470,293	184,547,223
c For active participants	2,572	474,844,086	490,087,164
d Total	10,678	1,806,081,807	1,821,401,815

4 If the plan is in at-risk status, check the box and complete lines (a) and (b) [ ]

a Funding target disregarding prescribed at-risk assumptions	**4a**	
b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	**4b**	
5 Effective interest rate	**5**	5.37%
6 Target normal cost		
a Present value of current plan year accruals	**6a**	0
b Expected plan-related expenses	**6b**	7,968,309
c Target normal cost	**6c**	7,968,309

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances

		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	310,665,857
8	Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	17,757,022
9	Amount remaining (line 7 minus line 8)	0	292,908,835
10	Interest on line 9 using prior year's actual return of -1.76%	0	-5,155,195
11	Prior year's excess contributions to be added to prefunding balance:		
	a Present value of excess contributions (line 38a from prior year)		0
	b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of 5.15%		0
	b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
	c Total available at beginning of current plan year to add to prefunding balance		0
	d Portion of (c) to be added to prefunding balance		0
12	Other reductions in balances due to elections or deemed elections	0	0
13	Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	287,753,640

Part III Funding Percentages

14	Funding target attainment percentage	14	85.70%
15	Adjusted funding target attainment percentage	15	101.50%
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	94.98%
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage.	17	%

Part IV Contributions and Liquidity Shortfalls

18 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
			Totals ► 18(b)	0	18(c) 0

19	Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:		
	a Contributions allocated toward unpaid minimum required contributions from prior years.	19a	0
	b Contributions made to avoid restrictions adjusted to valuation date.	19b	0
	c Contributions allocated toward minimum required contribution for current year adjusted to valuation date.	19c	0

20 Quarterly contributions and liquidity shortfalls:

a Did the plan have a "funding shortfall" for the prior year? [X] Yes [ ] No

b If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? [X] Yes [ ] No

c If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year

(1) 1st	(2) 2nd	(3) 3rd	(4) 4th
0	0	0	0

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:

a Segment rates:	1st segment: %	2nd segment: %	3rd segment: %	[X] N/A, full yield curve used
b Applicable month (enter code)			**21b**	

22	Weighted average retirement age	**22**	63

23 Mortality table(s) (see instructions) [ ] Prescribed - combined [X] Prescribed - separate [ ] Substitute

Part VI Miscellaneous Items

24	Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment.	[X] Yes	[ ] No
25	Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment.	[ ] Yes	[X] No

26 Demographic and benefit information

a	Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment.	[X] Yes	[ ] No
b	Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment	[X] Yes	[ ] No

27	If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment	**27**	

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28	Unpaid minimum required contributions for all prior years	**28**	0
29	Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	**29**	0
30	Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	**30**	0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):

a	Target normal cost (line 6c)	**31a**	7,968,309
b	Excess assets, if applicable, but not greater than line 31a	**31b**	0

		Outstanding Balance	Installment
32	Amortization installments:		
a	Net shortfall amortization installment	260,346,373	25,087,756
b	Waiver amortization installment	0	0

33	If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	**33**	
34	Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	**34**	33,056,065

		Carryover balance	Prefunding balance	Total balance
35	Balances elected for use to offset funding requirement	0	33,056,065	33,056,065

36	Additional cash requirement (line 34 minus line 35)	**36**	0
37	Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	**37**	0

38 Present value of excess contributions for current year (see instructions)

a	Total (excess, if any, of line 37 over line 36)	**38a**	0
b	Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	**38b**	0
39	Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	**39**	0
40	Unpaid minimum required contributions for all years	**40**	0

Part IX Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)

41 If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. [ ] 2019 [X] 2020 [ ] 2021

General Dynamics Corporation
(EIN: 13-1673581, PN: 002)
General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Line 22 – Description of Weighted Average Retirement Age

The weighted average retirement age reported in Line 22 has been computed in the following manner:

Various benefit structures within the General Dynamics Retirement Plan (Commercial) provide for early retirement upon the attainment of specified age and service requirements. A set of assumed retirement rates is associated with each of these benefit structures, and are summarized on the following page of this attachment. The average assumed retirement age is determined for each benefit structure by applying the assumed retirement rate at each age to the percentage of members who have not yet been expected to retire. This produces for each eligible age the percentage of members who are expected to retire at that age. These percentages are then used as weights to determine the average assumed retirement age. The average retirement ages are then weighted in proportion to the total funding target (disregarding prescribed at-risk assumptions) for each benefit structure as compared to the plan as a whole. This produces a weighted average retirement age for the plan as a whole.

General Dynamics Corporation
(EIN: 13-1673581, PN: 002)
General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Line 22 – Description of Weighted Average Retirement Age

Annual Rates of Retirement

For members at the Gulfstream segment

Age	Retirement Rate	Age	Retirement Rate
50	2.5%	60	10.0%
51	2.5	61	15.0
52	2.5	62	15.0
53	2.5	63	15.0
54	2.5	64	20.0
55	3.0	65	30.0
56	4.0	66	30.0
57	5.0	67	30.0
58	4.0	68	30.0
59	7.5	69	30.0
		70 & Over	100.0

For members covered by a salaried structure at the Discontinued segments

Age	Retirement Rate	Age	Retirement Rate
55	7.5%	63	13.0%
56	8.0	64	35.0
57	8.0	65	40.0
58	8.0	66	30.0
59	10.0	67	30.0
60	10.0	68	30.0
61	13.0	69	30.0
62	13.0	70 & Over	100.0

For members covered by a hourly structure at the Discontinued segments

Age	Retirement Rate	Age	Retirement Rate
55	3.0%	63	12.0%
56	3.0	64	19.0
57	3.0	65	30.0
58	3.5	66	30.0
59	4.5	67	25.0

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

For ERISA Requirements

Interest Rates

The full yield curve with no lookback (as of December 2024) to which the interest rate stabilization corridor does not apply. Sample rates shown below are compounded annually.

Duration 0.5	4.60%
Duration 5.5	4.80%
Duration 10.5	5.20%
Duration 15.5	5.45%
Duration 20.5	5.56%
Duration 25.5	5.57%
Duration 30.5	5.58%

Retirement

The retirement decrement assumptions for active participants and terminated vested members in the CSRA Eagle Alliance segment are summarized in Exhibit A. The weighted average retirement age is 63. All sold off members at the Material Service Salaried segment of the Discontinued segments eligible to retire are assumed to retire immediately. All terminated vested members (except those at the CSRA Eagle Alliance segment) are assumed to retire at age 65 or immediately, if over age 65.

For at-risk calculations, participants who are eligible to retire within the next 10 years are assumed to retire immediately upon eligibility. The at-risk assumption for the assumed form of payment is the normal form of payment. This form of payment results in the highest present value.

Mortality

Base Table:

Pri-2012 total employee and nondisabled annuitant tables

Projection:

Mortality rates are generational, projected from the base year 2012 using 2024 Adjusted Scale MP-2021

Withdrawal

The withdrawal decrement assumptions are summarized in Exhibit B. All sold off members at the Material Service Salaried segment of the Discontinued segments not eligible to retire are assumed to terminate immediately.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Disability
The disability decrement assumptions are summarized in Exhibit C. Mortality following disability assumed to be in accordance with table provided in IRS Revenue Ruling if qualified as disabled under Title II of Social Security Act, otherwise regular mortality is assumed.

Decrement Timing
Decrements are assumed to apply as of the beginning of the year.

Members on Leave or Layoff
Members on leave or layoff whose leave or layoff is assumed to be temporary are treated as active for valuation purposes.

For members whose leave or layoff is assumed to be permanent, no rates of withdrawal, disability or retirement are assumed. A member on leave due to long term disability is assumed to retire when first eligible. Otherwise, a member on leave is treated as terminated for valuation purposes and assumed to retire at normal retirement age. If a member on layoff is expected to become eligible for retirement prior to the end of their layoff period for severance, they are assumed to retire when first eligible. Otherwise, they are assumed to terminate at the end of their layoff period for severance and subsequently retire at normal retirement age.

Probabilities Related to Spouse Option
For members covered by a benefit structure with a pre-retirement surviving spouse option, it is assumed that 65% of male members and 45% of female members are assumed to be married; husbands are assumed to be two years older than wives.

Benefit and Compensation Limits
Projected benefits are restricted to allow for the section 401(a)(17) limitations and the individual defined benefit plan limitation as specified in section 415 of the Internal Revenue Code. The maximum dollar limits in effect on the date of valuation are assumed to continue without change.

Accumulated Employee Contributions
Accumulated employee contributions are credited with interest at the applicable rate, as specified in section 411 of the Internal Revenue Code. The interest rate in effect on the date of valuation is assumed to continue without change.

Cost of Living Adjustments
For members covered by the Gulfstream Pension benefit structure, benefits in pay status increase at the lesser of CPI-U or 3.0% per year. The CPI-U is assumed to equal 2.2%.

Reemployment
There is no allowance made for potential reinstatement of terminated members upon reemployment.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Future Layoffs and Plant Shutdowns
There is no explicit assumption for the incidence of future layoffs or plant shutdowns. Accordingly, there is no allowance made for potential increases in liabilities resulting from these events.

Employee Transfers
Certain salaried employees who transfer between segments remain subject to the terms of the salaried benefit structure that the employee was covered by for benefit accruals prior to the transfer. This statement of actuarial assumptions does not include the applicable assumptions pertaining to all such benefit structures. The assumptions for rates of postretirement cash out option and cost of living adjustments pertaining to each such benefit structure are described in the statement of actuarial assumptions contained in the actuarial valuation report associated with such benefit structure.

Valuation of Plan Assets
The value of plan assets is used to calculate contribution requirements under ERISA. The value of plan assets is determined by recognizing asset gains and losses over a period of three years. Asset gains and losses are defined as the difference between the expected return on the market value of assets, using a return assumption not to exceed the third segment rate, and the actual return on the market value of assets. This gain or loss is recognized over a period of three years at 33% per year, beginning in the current year. The value of plan assets must be within 10% of the market value of assets.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2023 Plan Year	6.64% (Coml) / 6.21% (Eagle) The applicable third segment rate limitation is 5.74%.
2024 Plan Year	4.50% (Coml) / 6.21% (Eagle) The applicable third segment rate limitation is 5.59%.
2025 Plan Year	4.54% The applicable third segment rate limitation is 5.50%.

Expenses
Assumed expenses included in target normal cost are estimated as 0.12% of the Commercial Trust and 0.13% of the CSRA Eagle Alliance Trust market value of assets plus $3,500,000 for the Commercial Trust and $190,000 for the CSRA Eagle Alliance Trust plus PBGC premiums.

Actuarial Cost Method
The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method.

Valuation Date
The valuation date is January 1, 2025.

General Dynamics Corporation
(EIN: 13-1673581, PN: 002)
General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Rationale for Assumptions

For each economic and demographic assumption that has a significant effect on the measurement, and that the actuary has determined does not significantly conflict with what, in the actuary's professional judgement, is reasonable for the purpose of the measurement, the information and analysis used to support this determination are documented in the 2024 GDC Pension OPEB Experience Dashboard, 2014-2020 GDC Experience Study Report dated December 10, 2021, and subsequent communications between Aon and General Dynamics. General Dynamics approved the assumptions in December 2024.

For members at the CSRA Eagle Alliance segment

None assumed.

2025 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Discussion of Actuarial Assumptions and Methods

For the funding valuation, the allowable interest rates and mortality tables available to measure plan liabilities are prescribed by IRC section 412. Aon provided guidance with respect to the alternative interest rate and mortality table options, and it is our belief that the options prescribed by General Dynamics Corporation are appropriate for funding purposes. It is our belief that all other actuarial assumptions used for the funding valuation represent reasonable expectations of anticipated plan experience. The actuarial cost and amortization methods used are prescribed by IRC section 412. While the method used to value assets is prescribed by General Dynamics Corporation, Aon provided guidance with respect to the use of this method, and it is our belief that the method is appropriate for funding purposes.

Calculation of Normal Costs and Liabilities

The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method. The funding target under IRC section 430 is calculated as the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year, based on current service and current pay. The target normal cost is the present value of all benefits expected to accrue or be earned under the plan during the plan year, including any increase in benefits earned in prior plan years attributable to compensation increases in the current plan year, plus certain trust expenses.

Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date. The present value of these estimated benefits using the ERISA assumptions is the ERISA funding target. The target normal cost is the present value of the benefits earned during the year.

For calculating the actuarial present value of vested benefits, benefits at each decrement age are determined in the same manner but are then multiplied by each participant's vesting percentage as of the valuation date. The present value of these estimated vested benefits is determined without recognition of any benefit for which a participant will become entitled only through the advancement in service or age while actively employed. In addition, certain ancillary benefits have been treated as vested consistent with PBGC premium regulations.

Eagle Alliance Employee Pension Plan

Benefit Structures Applicable to Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. Some of these members have coverage for benefit accruals prior to January 1, 2005 with benefits specified by the provisions of the applicable benefit structure listed in the actuarial valuation reports for General Dynamics Retirement Plan (Government), General Dynamics Retirement Plan (Electric Boat and Mission Systems), General Dynamics Retirement Plan (Land Systems) and General Dynamics Retirement Plan (Bath Iron Works).

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Commercial Salaried Benefit Structure

Benefit Structure Document
General Dynamics Salaried Retirement Plan—Corporate Legacy Provisions.

Effective Date
October 1, 1956.

Eligibility
Certain salaried employees at segments of General Dynamics Corporation covered by this benefit structure who have completed one year of service. Salaried employees covered by a collective bargaining agreement may only be covered if specifically provided in such agreement.

Closure to New Hires Date
January 1, 2007.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65. Benefits payable under final average pay formula also require completion of 10 years of continuous service.

Normal Retirement Pension

Final Average Pay Formula
A monthly pension as shown below:

i. For Corporate officers: 1-1/3% of final average pay per year of plan membership service. Plan membership service is limited to 40 years for service earned prior to January 1, 2005. Plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019.

ii. For all other members: 1-1/3% of final average pay per year of plan membership service. Plan membership service is limited to 40 years for service earned prior to January 1, 2005. Plan membership service is frozen as of March 31, 2019.

Final average pay equals the average of the highest consecutive 60 monthly base rates of pay (including 100% of incentive compensation) received during last 120 months of plan membership. For Corporate officers, final average pay is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, final average pay is frozen as of December 31, 2021.

Career Average Pay Formula
A monthly pension for certain individuals who were members or salaried employees as of June 30, 1990, equal to the benefit accrued to date plus:

1.75% of earnings up to $1,950, plus 2% of the excess per year of service up to a maximum of 35 years; plus 2% of earnings per year of service in excess of 35 years.

Earnings include 50% of incentive compensation.

2025 Schedule SB, Part V – Summary of Plan Provisions

For Corporate officers, no additional benefits accrue under this benefit structure after December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, no additional benefits accrue under this benefit structure after March 31, 2019.

Minimum Benefit Formula

A monthly pension of $26.00 multiplied by the period, in years and months, during which benefits were accrued under this benefit structure including, if the member joined within two months of his first becoming eligible, that additional period during which he would have accrued benefits but for the age and/or service requirements for eligibility to enter this benefit structure, plus 150% of the benefit attributable to employee contributions to any prior plan.

For Corporate officers, no additional benefits accrue under this benefit structure after December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, no additional benefits accrue under this benefit structure after March 31, 2019.

Early Retirement Pension

Final Average Pay Formula

The benefit accrued to date of early retirement under the final average pay formula (or under the minimum benefit formula, if greater), either (i) with no reduction, if benefits commence at or after age 62 or (ii) reduced by 2-1/2% for each year between age 62 and the date of commencement of benefits, if benefits commence prior to age 62.

Career Average Pay Formula

The benefit accrued to date of early retirement under the career average pay formula (or under the minimum benefit formula, if greater), with no reduction if the sum of a member's age and service (his "points") equals or exceeds the required number of points at each age as specified below:

Attained Age Last Birthday	Required Points	Attained Age Last Birthday	Required Points
55	85	60	80
56	84	61	76
57	83	62	72
58	82	63	68
59	81	64	69

If these point requirements are not met, the accrued benefit will be payable either (i) commencing at normal retirement date or (ii) commencing immediately and reduced by the lesser of (1) 2-1/2% times the number of points by which age plus service are less than those required, or (2) 2-1/2% for each year between age 65 and the date of commencement of benefits.

In addition, if the early retirement benefit is payable under the career average pay formula and commences prior to age 62, a temporary monthly supplemental benefit is payable between early retirement date and age 62, or earlier death, equal to $1.50 per year of service as a member between October 1, 1956, and the date of retirement. No additional benefit accrues after June 30, 1990. This temporary benefit is reduced by the same factor as for the accrued benefit above, if applicable.

2025 Schedule SB, Part V – Summary of Plan Provisions

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are the 10 year certain and life annuity; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Employee Contributions
No employee contributions are required on or after January 1, 1982.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on an actuarial equivalent basis if early retirement requirements are satisfied; in no event is an amount less than the member's own contributions with regular interest returned.

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected; in any event, the excess, if any, of the death benefit payable just prior to retirement over actual pension payments is paid to the beneficiary.

Pension Enhancement
Certain members employed prior to January 1, 1999, and retiring from active service will be entitled to a pension enhancement benefit of $94 per month, prorated for less than 10 years of continuous service at retirement, commencing at age 65. An additional benefit, in the same amount, will be payable when an eligible spouse attains age 65.

If a member was employed prior to January 1, 1999, and terminates with a deferred vested benefit, the pension enhancement benefit will be reduced by the ratio of the member's years of service at termination to the years of service he would have had at age 65.

Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream 1998 Retirement Benefit Structure

Benefit Structure Document
1998 Gulfstream Aerospace Corporation Retirement Plan.

Effective Date
August 19, 1998.

Eligibility
Employees of Gulfstream Aerospace Corporation who are not eligible to participate in the Gulfstream Aerospace Corporation Pension Plan or the Gulfstream Aerospace Technologies Salaried Employees Pension Plan.

Closure to New Hires Date
January 1, 2002.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 60 and 65 with five years of continuous service or between ages 50 and 60 with 20 years of continuous service.

Normal Retirement Pension
A monthly pension of 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. For Corporate officers, plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. For Corporate officers, final average earnings is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. For Corporate officers, the monthly integration level is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, the monthly integration level is frozen as of December 31, 2021.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension

The accrued normal retirement benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

Available Forms of Payment

Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination

If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement. If the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the accrued benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
60	70%	63	86%
61	75	64	93
62	80	65 & Over	100

Death Before Retirement

If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement

Depends on the form of pension elected.

Employee Transfers

Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Pension Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Corporation Pension Plan.

Effective Date
September 1, 1978.

Eligibility
Employees of the Savannah and Long Beach facilities or highly compensated employees of the Oklahoma facility after January 1, 1994 of Gulfstream Aerospace Corporation who have completed one year of service and attained age 21. Also, an officer or director and a select group of pilots.

Closure to New Hires Date
August 19, 1998 (or earlier for members who have not completed one year of service or attained age 21 by August 19, 1998).
August 19, 1998 for an officer or director.
September 14, 1998 for a select group of pilots.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 60 and 65 with five years of continuous service or between ages 50 and 60 with 20 years of continuous service.

Normal Retirement Pension
A monthly pension as shown below:

i. Service prior to 1/1/2004: Benefit accrued as of December 31, 2003.

ii. Service after 12/31/2003: 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. For Corporate officers, plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. For Corporate officers, final average earnings is frozen as of December 31, 2018, or the date they are named an officer, if later, but not later than December 31, 2021. For all other members, final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. For Corporate officers, the monthly integration level is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, the monthly integration level is frozen as of December 31, 2021.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension
The accrued normal retirement benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement. If the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the accrued benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
60	70%	63	86%
61	75	64	93
62	80	65 & Over	100

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected.

Automatic Cost of Living Adjustments
All members who are receiving benefits as of December 1 are automatically entitled to a cost of living adjustment each subsequent April 1, related to the change in the Consumer Price Index for Urban Consumers for the calendar year immediately preceding such April 1, up to a maximum of 3%.

This increase applies to the base portion of the December 31, 2003 accrued benefit until age 62 and the total December 31, 2003 accrued benefit after age 62. Increases in the excess portion of the benefit are limited to the cumulative increase in Social Security benefits that have occurred since the later of the member's 62nd birthday or retirement date.

2025 Schedule SB, Part V – Summary of Plan Provisions

Employee Transfers

Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Technologies Salaried Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Technologies Salaried Employees Pension Plan.

Effective Date
January 1, 1964.

Eligibility
Salaried employees of the Oklahoma facility of Gulfstream Aerospace Corporation, excluding temporary and co-op employees.

Closure to New Hires Date
August 19, 1998.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65 with five years of continuous service or between ages 50 and 55 with 20 years of continuous service.

Normal Retirement Pension

Final Average Pay Formula
A monthly pension of 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. Plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. Final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. The monthly integration level is frozen as of December 31, 2021.

Split Benefit Formula
A monthly pension as shown below:

i. Service prior to 1/1/2004: Benefit accrued as of December 31, 2003.

ii. Service 1/1/2004 to 12/31/2021: 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. Plan membership service is frozen as of March 31, 2019.

No additional benefits accrue after December 31, 1993 for highly compensated employees.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension
The benefit accrued to date of early retirement payable as the greater of (i) and (ii) as follows:

i. The final average pay formula benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

ii. The split benefit formula benefit for service accrued after December 31, 2003 multiplied by the appropriate factor from the table shown in (i) above plus the split benefit formula benefit for service accrued prior to January 1, 2004 reduced by 6% for each year between age 60 and the date of commencement of benefits.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement, and is payable as the greater of (i) and (ii) as follows:

i. For a final average pay formula benefit, if the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the final average pay formula benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
55	51%	60	70%
56	54	61	75
57	58	62	80
58	61	63	86
59	65	64	93
		65 & Over	100

ii. For the split benefit formula benefit, for service accrued after December 31, 2003 multiplied by the appropriate factor from the table shown in (i) above if the member had less than 20 years of continuous service or reduced the same as for early retirement pension if the member had 20 or more years of continuous service, plus the split benefit formula benefit for service accrued prior to January 1, 2004 multiplied by the appropriate factor from the following table:

2025 Schedule SB, Part V – Summary of Plan Provisions

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
55	57.9%	59	80.8%
56	63.5	60	86.7
57	69.4	61	93.3
58	75.2	62 & Over	100.0

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected. For members who retired on or before January 1, 2005 a lump sum is payable equal to 25% of final average annual earnings but not less than $2,500 nor more than $10,000.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Technologies Hourly Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Technologies Hourly Employees Pension Plan.

Effective Date
January 1, 1964.

Eligibility
All hourly paid employees of the Oklahoma facility of Gulfstream Aerospace Corporation who are covered by a collective bargaining agreement to which the benefit structure has been extended.

Credited Service
One year for each calendar year that member works or receives credit for at least 1,700 hours (fractional credit for less than 1,700 hours worked).

Normal Retirement Date
The later of age 65 or the fifth anniversary of initial plan membership.

Early Retirement Date
Between ages 55 and 65 with five years of continuous service.

Disability Retirement Date
Ten years of continuous service.

Normal Retirement Pension
A monthly pension of $42.00 per year of credited service.

Early Retirement Pension
The benefit accrued to date of early retirement either (i) with no reduction, if benefits commence at or after age 62 or (ii) reduced by 7.2% for each year between age 62 and the date of commencement of benefits, if benefits commence prior to age 62.

Disability Retirement Pension
Unreduced accrued normal retirement benefit payable immediately and reduced by company paid LTD benefits.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 50%, 75% and 100% contingent annuities.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence between ages 55 and 65 on the same basis as for early retirement pension.

2025 Schedule SB, Part V – Summary of Plan Provisions

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 50% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected. In addition, a lump sum is payable equal to $1,000, reduced by other company-paid postretirement life insurance, if the member was eligible for normal retirement or early retirement with completion of 10 years of continuous service.

2025 Schedule SB, Part V – Summary of Plan Provisions

A brief summary of the provisions of the benefit structures follows.

Effective Date
Varies by benefit structure.

Eligibility
All non-IMCO former employees covered by the OTS Garland Salaried benefit structure and all other employees covered by the applicable benefit structure at the date operations were discontinued or the business was sold.

Service
Credited service is frozen at the date operations were discontinued or the business was sold. Service with a successor employer may be considered as continuous service for purposes of determining eligibility for benefits under the applicable benefit structure.

Normal Retirement Date
Age 65. The later of age 65 or the fifth anniversary of initial plan membership for members covered by the Marine Handling benefit structure.

Early Retirement Date
Between ages 55 and 65. Benefits payable under final average pay formula of the Commercial Salaried benefit structure or benefits payable under the Local 134, Marine Handling, Ward Stone, Quincy Hourly or Quincy Technical Design benefit structures also require completion of 10 years of continuous service (five years for benefits payable under the Resources Hourly or Lincoln Quarry benefit structures).

Disability Retirement Date
Ten years of continuous service. Also must be between age 45 and 65 for members covered by Indian Point at Resources Hourly, Lincoln Quarry, Marine Handling and Ward Stone benefit structures. Not applicable for members covered by the Commercial Salaried, OTS Garland Salaried or ATC Hourly benefit structures.

Normal Retirement Pension
A monthly pension equal to the accrued benefit based on salary, service and benefit levels in effect at the date operations were discontinued or the business was sold.

Early Retirement Pension
A member retiring early will be entitled to the full accrued benefit without reduction if certain age and service conditions are met; otherwise, a reduced benefit will be payable. The early retirement reduction varies by benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Disability Retirement Pension
Generally, accrued normal retirement benefit.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 5 and 10 year certain and life annuities; 50%, 66-2/3%, 75% and 100% contingent annuities with and without pop-up feature; 50% joint and survivor annuity; and level income at 62 and 65 options. Available optional forms vary by benefit structure.

Employee Contributions
No employee contributions are required on or after January 1, 1982.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on an actuarial equivalent basis (same basis as for early retirement pension for members covered by the OTS Garland Salaried benefit structure) if early retirement requirements are satisfied; in no event is an amount less than the member's own contributions with regular interest returned.

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 50% (100% for members covered by salaried benefit structures) contingent annuitant option.

Death After Retirement
Depends on the form of pension elected; in any event, the excess, if any, of the death benefit payable just prior to retirement over actual pension payments is paid to the beneficiary.

Pension Enhancement
Certain members covered by the Resources Salaried and Commercial Salaried benefit structures will be entitled to a pension enhancement benefit of $94 per month, prorated for less than 10 years of continuous service, commencing at age 65. An additional benefit, in the same amount, will be payable when an eligible spouse attains age 65.

If a member terminates with a deferred vested benefit, the pension enhancement benefit will be reduced by the ratio of the member's years of service at termination to the years of service he would have had at age 65.

Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Coordination of Benefits
Prior to December 31, 2016, benefits accrued after June 30, 1994 at Convair were provided by this plan. On and after December 31, 2016, all benefits accrued at Convair will be provided by the General Dynamics Retirement Plan (Government).

Special Provisions
Pursuant to the sale of Material Service Corporation effective June 16, 2006, the following special provisions apply to eligible members at MSC Operations:

- Each MSC member will accrue continuous service during employment with MSC Operations, but not after December 31, 2021.
- The calculation of final average pay for each MSC member will recognize future salary changes during employment with MSC Operations, but not after December 31, 2021.
- If an MSC member is laid off prior to January 1, 2008, the member is awarded an additional three years of plan membership and final average pay will be determined assuming the salary rate at layoff continues during the additional three years of plan membership.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of CSRA Eagle Alliance Benefit Structure

Benefit Structure Document
Eagle Alliance Employee Pension Plan

Effective Date
October 27, 2001.

Eligibility
Employees of the Company or a designated affiliate who are not covered by a collective bargaining agreement and made the required contribution to the plan.

Closure to New Hires Date
April 1, 2011.

Credited Service
One year for each calendar year that member makes the required contributions.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65, after completion of 5 years of service.

Normal Retirement Pension
A monthly pension of 2.25% of final average earnings per year of service. Plan membership service is frozen as of January 5, 2013.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. Final average earnings is frozen as of January 5, 2013.

Early Retirement Pension
Accrued normal retirement benefit deferred to age 65 or reduced by 6% for each year prior to age 65 for immediate payment of benefits.

If the member was a former NSA employee, hired by the Company pursuant to the outsourcing agreement between the Company and the U.S. Government, who left Federal Service without an immediate annuity, the accrued normal retirement pension is payable with no reduction for immediate payment of benefits if the following age and service requirements are met:

For former CSRS participants:

Age	Years of Service
55	30
60	20
62	5

2025 Schedule SB, Part V – Summary of Plan Provisions

For former FERS participants:

Age	Years of Service
MRA[1]	30
60	20
62	5

If the member was a former FERS participant, he is also entitled to receive the NSA MRA + 10 annuity benefit if the necessary requirements are met. This NSA MRA + 10 annuity benefit is the unreduced annual annuity otherwise payable at the retirement date of age 62 reduced by five-twelfths of one percent for each full month by which the commencement date of the benefit proceeds his 62nd birthday. This reduction is permanent and does not stop when the retiree reaches age 62. The member must meet one of the following combined age and service requirements at retirement to receive this benefit:

Age at Retirement	At Least 10 Years of Service, But Less than
MRA[1] to 59	30
60-61	20

If the member is not covered by the provisions above, then the member retiring early on or after age 55 with 5 years of service will have his accrued benefit reduced 1/2% for each month prior to age 65.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 5 and 10 year certain and life annuities; and 50%, 75% and 100% joint and survivor annuity.

Employee Contributions
No employee contributions are required on or after January 4, 2013.

Termination
If terminating employment after completion of five years of service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on the same basis as for early retirement pension.

Death Before Retirement
If a member dies while eligible for early retirement at employee option and leaves a surviving spouse, the surviving spouse will receive the benefit accrued that would have been payable had the member retired at age 55 and elected the 50% joint and survivor option.

[1] Minimum Retirement Age (MRA) is determined in accordance with the following schedule:

Year of Birth	MRA	Year of Birth	MRA	Year of Birth	MRA
Before 1948	55	1951	55 and 8 months	1966	56 and 4 months
1948	55 and 2 months	1952	55 and 10 months	1967	56 and 6 months
1949	55 and 4 months	1953-1964	56	1968	56 and 8 months
1950	55 and 6 months	1965	56 and 2 months	1969	56 and 10 months
				1970 & After	57

2025 Schedule SB, Part V – Summary of Plan Provisions

If a member dies while eligible for a vested benefit but prior to eligibility for early retirement and leaves a surviving spouse, the surviving spouse will receive 50% of the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter.

Death After Retirement
Depends on the form of pension elected.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions − Changes Since Last Valuation

There have been no benefit provision changes since the last valuation.

General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Line 24 – Change in Actuarial Assumptions

Changes in the following non-prescribed actuarial assumptions were made to better reflect anticipated experience under the plan:

- A change in the assumption related to assumed expenses payable from the trust from 0.18% of the market value of assets plus $4,010,000 plus PBGC premiums to 0.12% of the Commercial Trust and 0.13% of the CSRA Eagle Alliance Trust market value of assets plus $3,500,000 for the Commercial Trust and $190,000 for the CSRA Eagle Alliance Trust plus PBGC premiums.

- A change in the assumption related to the expected return on assets from 4.50% compounded annually to 4.54% compounded annually effective January 1, 2025.

General Dynamics Retirement Plan (Commercial)

2025 Schedule SB, Line 22 – Description of Weighted Average Retirement Age

The weighted average retirement age reported in Line 22 has been computed in the following manner:

Various benefit structures within the General Dynamics Retirement Plan (Commercial) provide for early retirement upon the attainment of specified age and service requirements. A set of assumed retirement rates is associated with each of these benefit structures, and are summarized on the following page of this attachment. The average assumed retirement age is determined for each benefit structure by applying the assumed retirement rate at each age to the percentage of members who have not yet been expected to retire. This produces for each eligible age the percentage of members who are expected to retire at that age. These percentages are then used as weights to determine the average assumed retirement age. The average retirement ages are then weighted in proportion to the total funding target (disregarding prescribed at-risk assumptions) for each benefit structure as compared to the plan as a whole. This produces a weighted average retirement age for the plan as a whole.

Benefit Structure Document for CSRA Eagle Alliance Segment

Eagle Alliance Employee Pension Plan

Benefit Structures Applicable to Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. Some of these members have coverage for benefit accruals prior to January 1, 2005 with benefits specified by the provisions of the applicable benefit structure listed in the actuarial valuation reports for General Dynamics Retirement Plan (Government), General Dynamics Retirement Plan (Electric Boat and Mission Systems), General Dynamics Retirement Plan (Land Systems) and General Dynamics Retirement Plan (Bath Iron Works).

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Commercial Salaried Benefit Structure

Benefit Structure Document
General Dynamics Salaried Retirement Plan—Corporate Legacy Provisions.

Effective Date
October 1, 1956.

Eligibility
Certain salaried employees at segments of General Dynamics Corporation covered by this benefit structure who have completed one year of service. Salaried employees covered by a collective bargaining agreement may only be covered if specifically provided in such agreement.

Closure to New Hires Date
January 1, 2007.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65. Benefits payable under final average pay formula also require completion of 10 years of continuous service.

Normal Retirement Pension

Final Average Pay Formula
A monthly pension as shown below:

i. For Corporate officers: 1-1/3% of final average pay per year of plan membership service. Plan membership service is limited to 40 years for service earned prior to January 1, 2005. Plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019.

ii. For all other members: 1-1/3% of final average pay per year of plan membership service. Plan membership service is limited to 40 years for service earned prior to January 1, 2005. Plan membership service is frozen as of March 31, 2019.

Final average pay equals the average of the highest consecutive 60 monthly base rates of pay (including 100% of incentive compensation) received during last 120 months of plan membership. For Corporate officers, final average pay is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, final average pay is frozen as of December 31, 2021.

Career Average Pay Formula
A monthly pension for certain individuals who were members or salaried employees as of June 30, 1990, equal to the benefit accrued to date plus:

1.75% of earnings up to $1,950, plus 2% of the excess per year of service up to a maximum of 35 years; plus 2% of earnings per year of service in excess of 35 years.

Earnings include 50% of incentive compensation.

2025 Schedule SB, Part V – Summary of Plan Provisions

For Corporate officers, no additional benefits accrue under this benefit structure after December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, no additional benefits accrue under this benefit structure after March 31, 2019.

Minimum Benefit Formula

A monthly pension of $26.00 multiplied by the period, in years and months, during which benefits were accrued under this benefit structure including, if the member joined within two months of his first becoming eligible, that additional period during which he would have accrued benefits but for the age and/or service requirements for eligibility to enter this benefit structure, plus 150% of the benefit attributable to employee contributions to any prior plan.

For Corporate officers, no additional benefits accrue under this benefit structure after December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, no additional benefits accrue under this benefit structure after March 31, 2019.

Early Retirement Pension

Final Average Pay Formula

The benefit accrued to date of early retirement under the final average pay formula (or under the minimum benefit formula, if greater), either (i) with no reduction, if benefits commence at or after age 62 or (ii) reduced by 2-1/2% for each year between age 62 and the date of commencement of benefits, if benefits commence prior to age 62.

Career Average Pay Formula

The benefit accrued to date of early retirement under the career average pay formula (or under the minimum benefit formula, if greater), with no reduction if the sum of a member's age and service (his "points") equals or exceeds the required number of points at each age as specified below:

Attained Age Last Birthday	Required Points	Attained Age Last Birthday	Required Points
55	85	60	80
56	84	61	76
57	83	62	72
58	82	63	68
59	81	64	69

If these point requirements are not met, the accrued benefit will be payable either (i) commencing at normal retirement date or (ii) commencing immediately and reduced by the lesser of (1) 2-1/2% times the number of points by which age plus service are less than those required, or (2) 2-1/2% for each year between age 65 and the date of commencement of benefits.

In addition, if the early retirement benefit is payable under the career average pay formula and commences prior to age 62, a temporary monthly supplemental benefit is payable between early retirement date and age 62, or earlier death, equal to $1.50 per year of service as a member between October 1, 1956, and the date of retirement. No additional benefit accrues after June 30, 1990. This temporary benefit is reduced by the same factor as for the accrued benefit above, if applicable.

2025 Schedule SB, Part V – Summary of Plan Provisions

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are the 10 year certain and life annuity; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Employee Contributions
No employee contributions are required on or after January 1, 1982.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on an actuarial equivalent basis if early retirement requirements are satisfied; in no event is an amount less than the member's own contributions with regular interest returned.

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected; in any event, the excess, if any, of the death benefit payable just prior to retirement over actual pension payments is paid to the beneficiary.

Pension Enhancement
Certain members employed prior to January 1, 1999, and retiring from active service will be entitled to a pension enhancement benefit of $94 per month, prorated for less than 10 years of continuous service at retirement, commencing at age 65. An additional benefit, in the same amount, will be payable when an eligible spouse attains age 65.

If a member was employed prior to January 1, 1999, and terminates with a deferred vested benefit, the pension enhancement benefit will be reduced by the ratio of the member's years of service at termination to the years of service he would have had at age 65.

Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream 1998 Retirement Benefit Structure

Benefit Structure Document
1998 Gulfstream Aerospace Corporation Retirement Plan.

Effective Date
August 19, 1998.

Eligibility
Employees of Gulfstream Aerospace Corporation who are not eligible to participate in the Gulfstream Aerospace Corporation Pension Plan or the Gulfstream Aerospace Technologies Salaried Employees Pension Plan.

Closure to New Hires Date
January 1, 2002.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 60 and 65 with five years of continuous service or between ages 50 and 60 with 20 years of continuous service.

Normal Retirement Pension
A monthly pension of 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. For Corporate officers, plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. For Corporate officers, final average earnings is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. For Corporate officers, the monthly integration level is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, the monthly integration level is frozen as of December 31, 2021.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension

The accrued normal retirement benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

Available Forms of Payment

Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination

If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement. If the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the accrued benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
60	70%	63	86%
61	75	64	93
62	80	65 & Over	100

Death Before Retirement

If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement

Depends on the form of pension elected.

Employee Transfers

Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Pension Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Corporation Pension Plan.

Effective Date
September 1, 1978.

Eligibility
Employees of the Savannah and Long Beach facilities or highly compensated employees of the Oklahoma facility after January 1, 1994 of Gulfstream Aerospace Corporation who have completed one year of service and attained age 21. Also, an officer or director and a select group of pilots.

Closure to New Hires Date
August 19, 1998 (or earlier for members who have not completed one year of service or attained age 21 by August 19, 1998).
August 19, 1998 for an officer or director.
September 14, 1998 for a select group of pilots.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 60 and 65 with five years of continuous service or between ages 50 and 60 with 20 years of continuous service.

Normal Retirement Pension
A monthly pension as shown below:

i. Service prior to 1/1/2004: Benefit accrued as of December 31, 2003.

ii. Service after 12/31/2003: 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. For Corporate officers, plan membership service is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than March 31, 2019. For all other members, plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. For Corporate officers, final average earnings is frozen as of December 31, 2018, or the date they are named an officer, if later, but not later than December 31, 2021. For all other members, final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. For Corporate officers, the monthly integration level is frozen as of December 31, 2018, or the date they are named as an officer, if later, but not later than December 31, 2021. For all other members, the monthly integration level is frozen as of December 31, 2021.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension
The accrued normal retirement benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement. If the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the accrued benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
60	70%	63	86%
61	75	64	93
62	80	65 & Over	100

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected.

Automatic Cost of Living Adjustments
All members who are receiving benefits as of December 1 are automatically entitled to a cost of living adjustment each subsequent April 1, related to the change in the Consumer Price Index for Urban Consumers for the calendar year immediately preceding such April 1, up to a maximum of 3%.

This increase applies to the base portion of the December 31, 2003 accrued benefit until age 62 and the total December 31, 2003 accrued benefit after age 62. Increases in the excess portion of the benefit are limited to the cumulative increase in Social Security benefits that have occurred since the later of the member's 62nd birthday or retirement date.

2025 Schedule SB, Part V – Summary of Plan Provisions

Employee Transfers

Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Technologies Salaried Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Technologies Salaried Employees Pension Plan.

Effective Date
January 1, 1964.

Eligibility
Salaried employees of the Oklahoma facility of Gulfstream Aerospace Corporation, excluding temporary and co-op employees.

Closure to New Hires Date
August 19, 1998.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65 with five years of continuous service or between ages 50 and 55 with 20 years of continuous service.

Normal Retirement Pension

Final Average Pay Formula
A monthly pension of 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. Plan membership service is frozen as of March 31, 2019.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. Final average earnings is frozen as of December 31, 2021.

Annual integration level equals the annual integration level effective for prior plan year increased at the rate used to increase the Social Security taxable wage base, rounded up to the next $100. The monthly integration level is frozen as of December 31, 2021.

Split Benefit Formula
A monthly pension as shown below:

i. Service prior to 1/1/2004: Benefit accrued as of December 31, 2003.

ii. Service 1/1/2004 to 12/31/2021: 1.125% of final average earnings up to monthly integration level, plus 1.25% of the excess per year of service up to a maximum of 35 years; plus 1.25% of final average earnings per year of service in excess of 35 years. Plan membership service is frozen as of March 31, 2019.

No additional benefits accrue after December 31, 1993 for highly compensated employees.

2025 Schedule SB, Part V – Summary of Plan Provisions

Early Retirement Pension
The benefit accrued to date of early retirement payable as the greater of (i) and (ii) as follows:

i. The final average pay formula benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
50	51%	55	70%
51	54	56	75
52	58	57	80
53	61	58	86
54	65	59	93
		60 & Over	100

ii. The split benefit formula benefit for service accrued after December 31, 2003 multiplied by the appropriate factor from the table shown in (i) above plus the split benefit formula benefit for service accrued prior to January 1, 2004 reduced by 6% for each year between age 60 and the date of commencement of benefits.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 10 and 15 year certain and life annuities; 50% and 100% contingent annuities; and level income at 62 and 65 options.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65, reduced for early commencement, and is payable as the greater of (i) and (ii) as follows:

i. For a final average pay formula benefit, if the member had 20 or more years of continuous service, the reduction for early commencement is the same as for early retirement pension, otherwise the benefit equals the final average pay formula benefit multiplied by the appropriate factor from the following table:

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
55	51%	60	70%
56	54	61	75
57	58	62	80
58	61	63	86
59	65	64	93
		65 & Over	100

ii. For the split benefit formula benefit, for service accrued after December 31, 2003 multiplied by the appropriate factor from the table shown in (i) above if the member had less than 20 years of continuous service or reduced the same as for early retirement pension if the member had 20 or more years of continuous service, plus the split benefit formula benefit for service accrued prior to January 1, 2004 multiplied by the appropriate factor from the following table:

2025 Schedule SB, Part V – Summary of Plan Provisions

Age When Benefit Commences	Early Retirement Factor	Age When Benefit Commences	Early Retirement Factor
55	57.9%	59	80.8%
56	63.5	60	86.7
57	69.4	61	93.3
58	75.2	62 & Over	100.0

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 100% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected. For members who retired on or before January 1, 2005 a lump sum is payable equal to 25% of final average annual earnings but not less than $2,500 nor more than $10,000.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of Gulfstream Technologies Hourly Benefit Structure

Benefit Structure Document
Gulfstream Aerospace Technologies Hourly Employees Pension Plan.

Effective Date
January 1, 1964.

Eligibility
All hourly paid employees of the Oklahoma facility of Gulfstream Aerospace Corporation who are covered by a collective bargaining agreement to which the benefit structure has been extended.

Credited Service
One year for each calendar year that member works or receives credit for at least 1,700 hours (fractional credit for less than 1,700 hours worked).

Normal Retirement Date
The later of age 65 or the fifth anniversary of initial plan membership.

Early Retirement Date
Between ages 55 and 65 with five years of continuous service.

Disability Retirement Date
Ten years of continuous service.

Normal Retirement Pension
A monthly pension of $42.00 per year of credited service.

Early Retirement Pension
The benefit accrued to date of early retirement either (i) with no reduction, if benefits commence at or after age 62 or (ii) reduced by 7.2% for each year between age 62 and the date of commencement of benefits, if benefits commence prior to age 62.

Disability Retirement Pension
Unreduced accrued normal retirement benefit payable immediately and reduced by company paid LTD benefits.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 50%, 75% and 100% contingent annuities.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence between ages 55 and 65 on the same basis as for early retirement pension.

2025 Schedule SB, Part V – Summary of Plan Provisions

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 50% contingent annuitant option.

Death After Retirement
Depends on the form of pension elected. In addition, a lump sum is payable equal to $1,000, reduced by other company-paid postretirement life insurance, if the member was eligible for normal retirement or early retirement with completion of 10 years of continuous service.

Marblehead Lime Company Local 264 and Local 270 Retirement Plan

A brief summary of the provisions of the benefit structures follows.

Effective Date
Varies by benefit structure.

Eligibility
All non-IMCO former employees covered by the OTS Garland Salaried benefit structure and all other employees covered by the applicable benefit structure at the date operations were discontinued or the business was sold.

Service
Credited service is frozen at the date operations were discontinued or the business was sold. Service with a successor employer may be considered as continuous service for purposes of determining eligibility for benefits under the applicable benefit structure.

Normal Retirement Date
Age 65. The later of age 65 or the fifth anniversary of initial plan membership for members covered by the Marine Handling benefit structure.

Early Retirement Date
Between ages 55 and 65. Benefits payable under final average pay formula of the Commercial Salaried benefit structure or benefits payable under the Local 134, Marine Handling, Ward Stone, Quincy Hourly or Quincy Technical Design benefit structures also require completion of 10 years of continuous service (five years for benefits payable under the Resources Hourly or Lincoln Quarry benefit structures).

Disability Retirement Date
Ten years of continuous service. Also must be between age 45 and 65 for members covered by Indian Point at Resources Hourly, Lincoln Quarry, Marine Handling and Ward Stone benefit structures. Not applicable for members covered by the Commercial Salaried, OTS Garland Salaried or ATC Hourly benefit structures.

Normal Retirement Pension
A monthly pension equal to the accrued benefit based on salary, service and benefit levels in effect at the date operations were discontinued or the business was sold.

Early Retirement Pension
A member retiring early will be entitled to the full accrued benefit without reduction if certain age and service conditions are met; otherwise, a reduced benefit will be payable. The early retirement reduction varies by benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Disability Retirement Pension
Generally, accrued normal retirement benefit.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 5 and 10 year certain and life annuities; 50%, 66-2/3%, 75% and 100% contingent annuities with and without pop-up feature; 50% joint and survivor annuity; and level income at 62 and 65 options. Available optional forms vary by benefit structure.

Employee Contributions
No employee contributions are required on or after January 1, 1982.

Termination
If terminating employment after completion of five years of continuous service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on an actuarial equivalent basis (same basis as for early retirement pension for members covered by the OTS Garland Salaried benefit structure) if early retirement requirements are satisfied; in no event is an amount less than the member's own contributions with regular interest returned.

Death Before Retirement
If a member dies while eligible for early retirement or while eligible for a vested benefit and leaves a surviving spouse, the surviving spouse will be entitled to the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter and elected the 50% (100% for members covered by salaried benefit structures) contingent annuitant option.

Death After Retirement
Depends on the form of pension elected; in any event, the excess, if any, of the death benefit payable just prior to retirement over actual pension payments is paid to the beneficiary.

Pension Enhancement
Certain members covered by the Resources Salaried and Commercial Salaried benefit structures will be entitled to a pension enhancement benefit of $94 per month, prorated for less than 10 years of continuous service, commencing at age 65. An additional benefit, in the same amount, will be payable when an eligible spouse attains age 65.

If a member terminates with a deferred vested benefit, the pension enhancement benefit will be reduced by the ratio of the member's years of service at termination to the years of service he would have had at age 65.

Employee Transfers
Certain salaried employees who transfer between segments before January 1, 2005 remain subject to the terms of the salaried benefit structure that the employee was covered by prior to the transfer for benefit accruals prior to January 1, 2005. This summary of benefit provisions does not describe all such benefit structures. The benefit provisions pertaining to each such benefit structure are described in the summary of benefit provisions contained in the actuarial valuation report associated with such benefit structure.

2025 Schedule SB, Part V – Summary of Plan Provisions

Coordination of Benefits
Prior to December 31, 2016, benefits accrued after June 30, 1994 at Convair were provided by this plan. On and after December 31, 2016, all benefits accrued at Convair will be provided by the General Dynamics Retirement Plan (Government).

Special Provisions
Pursuant to the sale of Material Service Corporation effective June 16, 2006, the following special provisions apply to eligible members at MSC Operations:

- Each MSC member will accrue continuous service during employment with MSC Operations, but not after December 31, 2021.
- The calculation of final average pay for each MSC member will recognize future salary changes during employment with MSC Operations, but not after December 31, 2021.
- If an MSC member is laid off prior to January 1, 2008, the member is awarded an additional three years of plan membership and final average pay will be determined assuming the salary rate at layoff continues during the additional three years of plan membership.

2025 Schedule SB, Part V – Summary of Plan Provisions

Benefit Provisions of CSRA Eagle Alliance Benefit Structure

Benefit Structure Document
Eagle Alliance Employee Pension Plan

Effective Date
October 27, 2001.

Eligibility
Employees of the Company or a designated affiliate who are not covered by a collective bargaining agreement and made the required contribution to the plan.

Closure to New Hires Date
April 1, 2011.

Credited Service
One year for each calendar year that member makes the required contributions.

Normal Retirement Date
Age 65.

Early Retirement Date
Between ages 55 and 65, after completion of 5 years of service.

Normal Retirement Pension
A monthly pension of 2.25% of final average earnings per year of service. Plan membership service is frozen as of January 5, 2013.

Final average earnings equals the average of the highest consecutive 60 months of base compensation including overtime, bonuses and shift differentials received during the 120 consecutive months preceding termination. Final average earnings is frozen as of January 5, 2013.

Early Retirement Pension
Accrued normal retirement benefit deferred to age 65 or reduced by 6% for each year prior to age 65 for immediate payment of benefits.

If the member was a former NSA employee, hired by the Company pursuant to the outsourcing agreement between the Company and the U.S. Government, who left Federal Service without an immediate annuity, the accrued normal retirement pension is payable with no reduction for immediate payment of benefits if the following age and service requirements are met:

For former CSRS participants:

Age	Years of Service
55	30
60	20
62	5

2025 Schedule SB, Part V – Summary of Plan Provisions

For former FERS participants:

Age	Years of Service
MRA[1]	30
60	20
62	5

If the member was a former FERS participant, he is also entitled to receive the NSA MRA + 10 annuity benefit if the necessary requirements are met. This NSA MRA + 10 annuity benefit is the unreduced annual annuity otherwise payable at the retirement date of age 62 reduced by five-twelfths of one percent for each full month by which the commencement date of the benefit proceeds his 62nd birthday. This reduction is permanent and does not stop when the retiree reaches age 62. The member must meet one of the following combined age and service requirements at retirement to receive this benefit:

Age at Retirement	At Least 10 Years of Service, But Less than
MRA[1] to 59	30
60-61	20

If the member is not covered by the provisions above, then the member retiring early on or after age 55 with 5 years of service will have his accrued benefit reduced 1/2% for each month prior to age 65.

Available Forms of Payment
Normal form of payment is a single life annuity. Optional forms of payment also available on an actuarial equivalent basis are 5 and 10 year certain and life annuities; and 50%, 75% and 100% joint and survivor annuity.

Employee Contributions
No employee contributions are required on or after January 4, 2013.

Termination
If terminating employment after completion of five years of service, the accrued normal retirement pension is payable commencing at age 65. The benefit may commence prior to age 65 on the same basis as for early retirement pension.

Death Before Retirement
If a member dies while eligible for early retirement at employee option and leaves a surviving spouse, the surviving spouse will receive the benefit accrued that would have been payable had the member retired at age 55 and elected the 50% joint and survivor option.

[1] Minimum Retirement Age (MRA) is determined in accordance with the following schedule:

Year of Birth	MRA	Year of Birth	MRA	Year of Birth	MRA
Before 1948	55	1951	55 and 8 months	1966	56 and 4 months
1948	55 and 2 months	1952	55 and 10 months	1967	56 and 6 months
1949	55 and 4 months	1953-1964	56	1968	56 and 8 months
1950	55 and 6 months	1965	56 and 2 months	1969	56 and 10 months
				1970 & After	57

2025 Schedule SB, Part V – Summary of Plan Provisions

If a member dies while eligible for a vested benefit but prior to eligibility for early retirement and leaves a surviving spouse, the surviving spouse will receive 50% of the benefit that would have been payable had the member terminated employment on the date of death with payment of benefits to commence on the earliest date permitted thereafter.

Death After Retirement
Depends on the form of pension elected.

2025 Schedule SB, Line 24 – Change in Actuarial Assumptions

Changes in the following non-prescribed actuarial assumptions were made to better reflect anticipated experience under the plan:

- A change in the assumption related to assumed expenses payable from the trust from 0.18% of the market value of assets plus $4,010,000 plus PBGC premiums to 0.12% of the Commercial Trust and 0.13% of the CSRA Eagle Alliance Trust market value of assets plus $3,500,000 for the Commercial Trust and $190,000 for the CSRA Eagle Alliance Trust plus PBGC premiums.

- A change in the assumption related to the expected return on assets from 4.50% compounded annually to 4.54% compounded annually effective January 1, 2025.
