INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of Arrow Aviation 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arrow Aviation 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2024 Arrow Aviation 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arrow Aviation 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arrow Aviation 401(K) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arrow Aviation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arrow Aviation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arrow Aviation 401(K) Plan

Notes to Financial Statements

As of December 31, 2025 and 2024

1. Description of Plan

The following description of the Arrow Aviation 401(K) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Arrow Aviation 401(K) Plan (the “Plan”) is a defined contribution plan established effective January 1, 2021, and amended and restated effective January 9, 2022. The Plan is sponsored and administered by Arrow Aviation Company, LLC (the “Company”), and Capital Bank and Trust Company serves as trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan generally covers all employee classifications. An employee becomes eligible after completing one year of service, defined as 1,000 hours of service during the applicable eligibility computation period, and enters the Plan on the first day of the month coinciding with or immediately following satisfaction of the eligibility requirements. Employees may also become eligible to make elective deferrals under the Plan’s applicable long-term part-time employee provisions. Participants direct the investment of their accounts among the investment options available under the Plan.

Contributions

Participants may elect to defer a percentage of eligible compensation on a pretax basis, subject to the limitations of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year may make catch-up contributions, subject to applicable IRC limitations. At the discretion of the Plan Administrator, eligible employees may also make rollover contributions of qualifying distributions from other eligible retirement plans or individual retirement accounts.

The Company may make discretionary matching contributions under a formula determined by the Company. During 2025, discretionary matching contributions were funded each payroll based on participant elective deferrals. All contributions are subject to applicable IRC limitations.

Participant accounts

Each participant’s account is credited with participant contributions, Company matching contributions, rollover contributions, and the participant’s investment gains and losses. Participant accounts are charged with administrative expenses paid by the Plan. Expenses may be allocated based on participant account balances, allocated equally among participants, or charged to individual participants based on specific transactions or use of a Plan feature. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and the related investment earnings or losses. Participants are not vested in Company matching contributions until completing one vesting year of service, after which they are 100% vested. A vesting year of service requires at least 1,000 hours of service during a Plan year.

1. Description of Plan (continued)

Notes receivable from participants

Active participants may borrow a minimum of $1,000, subject to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The maximum amount may be further reduced by the participant's outstanding loan balances during the preceding 12 months. Participants may have only one loan outstanding at a time, and loans are secured by the participant's vested account balance. Loan terms may not exceed five years, except for loans used to purchase a principal residence, which may have repayment terms of up to 15 years. The loans bear interest at the prime rate plus 1%, fixed on the first business day of the month in which the loan is originated. Interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2025 and 2024.

Principal and interest are generally repaid through payroll deductions in accordance with the applicable amortization schedule. Loans that remain delinquent after the applicable grace period are treated as deemed distributions in accordance with the Plan's provisions. Loan origination and administrative fees may be charged to participant accounts and are recognized as administrative expenses when incurred. Notes receivable from participants are measured at unpaid principal balance plus accrued interest.

Payment of benefits

Upon termination of employment, a participant may elect to receive the participant's vested account balance in a lump-sum cash payment, installments, or partial distributions, subject to the provisions of the Plan. Death benefits are payable in cash to the participant's designated beneficiary in the forms permitted by the Plan. A terminated participant's vested account balance of $5,000 or less may be distributed without the participant's consent as a lump-sum payment. If the distribution exceeds $1,000 and the participant does not elect to receive or directly roll over the distribution, the amount is automatically rolled over to an individual retirement account. The Plan also permits hardship distributions when the applicable requirements are satisfied.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $5,797 and $4,850, respectively. Forfeitures may be used to pay Plan administrative expenses or reduce future Company discretionary matching contributions. No forfeitures were used for Plan expenses or Company matching contributions during 2025. The increase during 2025 resulted from additional forfeitures and earnings credited to the forfeiture account.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies using information provided by the Plan's trustee and recordkeeper. See Note 3 for additional information concerning fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized and unrealized gains and losses.

Contributions

Participant contributions and employer matching contributions are recorded in the year in which the related participant contributions are withheld from compensation.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

Subsequent events were evaluated through September 25, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Money market fund: Valued at the closing net asset value reported by the fund, which was $1 per share at year-end. The fund is an SEC-registered mutual fund that publishes a daily net asset value and transacts at that value. Accordingly, the investment is classified within Level 1 of the fair value hierarchy.

Mutual funds: Valued at the daily closing net asset value reported by each fund. The funds are SEC-registered open-end mutual funds that publish daily net asset values and transact at those values. Accordingly, the investments are classified within Level 1 of the fair value hierarchy.

The valuation methods described above may produce fair value measurements that are not indicative of net realizable value or future fair values. Although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Money market fund	$ 99,121	$ -	$ -	$ 99,121
Mutual funds	10,027,023	-	-	10,027,023

Total investments at fair value	$ 10,126,144	$ -	$ -	$ 10,126,144

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money market fund	$ 66,086	$ -	$ -	$ 66,086
Mutual funds	7,811,419	-	-	7,811,419
Total assets in the fair value hierarchy	7,877,505	-	-	7,877,505
Total investments at fair value	$ 7,877,505	$ -	$ -	$ 7,877,505

4. Information Certified by Trustee

The Plan administrator elected to have the audits of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8. Capital Bank and Trust Company, the Plan’s trustee and a qualified institution, certified the investment information prepared and maintained by it for those periods as complete and accurate in accordance with 29 CFR 2520.103-5(c). The certified information includes the investment and notes receivable from participants balances presented in the statements of net assets available for benefits as of December 31, 2025 and 2024; the related investment activity and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and information included in Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, to the extent such amounts agree to or are derived from the certified information.

5. Related-Party and Party In Interest Transactions

Certain investment-related expenses are reflected in the net asset values of the mutual funds and, accordingly, are included in net appreciation in fair value of investments.

Capital Bank and Trust Company serves as the Plan's directed trustee. Capital Group Retirement Plan Services ("CGRPS") serves as the Plan's recordkeeper and administrative service provider. Under the Plan's service arrangement, CGRPS and certain affiliates receive compensation from mutual funds available under the Plan for services provided to those funds. Fund revenue is applied in accordance with the service agreement, including against recordkeeping and administrative fees, and any excess is returned to the Plan. For the year ended December 31, 2025, revenue-sharing and other expense credits allocated to the Plan totaled approximately $52,547 and are reported as other revenue in the accompanying financial statements.

For the year ended December 31, 2025, the Plan paid $1,100 to CGRPS for recordkeeping and administrative services and $29,499 to Edward Jones for investment advisory services. Capital Bank and Trust Company, CGRPS, and Edward Jones are service providers to the Plan; therefore, transactions with these entities constitute party-in-interest transactions.

The Plan also makes loans to participants that are secured by the participants' vested account balances. These loans constitute party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan is maintained under the Capital Group Retirement Plan Services Defined Contribution Pre-Approved Plan, a non-standardized pre-approved plan document. The Internal Revenue Service issued an opinion letter dated June 30, 2020, stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan was amended and restated effective January 9, 2022, and subsequently amended for applicable changes in law. The Plan administrator believes that the Plan has been properly adopted and amended and is designed and operated in compliance with applicable IRC requirements. Accordingly, the Plan administrator believes that the Plan is qualified under IRC Section 401(a) and that the related trust is exempt from federal income taxes under IRC Section 501(a).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize the financial statement effects of a tax position only when it is more likely than not, based on its technical merits, that the position will be sustained upon examination by the applicable taxing authority. The Plan administrator has evaluated the Plan's tax positions and concluded that, as of December 31, 2025, no uncertain tax positions require recognition or disclosure in the financial statements. The Plan is subject to examination by taxing jurisdictions; however, the Plan administrator is not aware of any examinations currently in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

9. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $26,013, were corrected in 2025. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of Arrow Aviation 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arrow Aviation 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2024 Arrow Aviation 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arrow Aviation 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arrow Aviation 401(K) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arrow Aviation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arrow Aviation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arrow Aviation 401(K) Plan

Notes to Financial Statements

As of December 31, 2025 and 2024

1. Description of Plan

The following description of the Arrow Aviation 401(K) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Arrow Aviation 401(K) Plan (the “Plan”) is a defined contribution plan established effective January 1, 2021, and amended and restated effective January 9, 2022. The Plan is sponsored and administered by Arrow Aviation Company, LLC (the “Company”), and Capital Bank and Trust Company serves as trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan generally covers all employee classifications. An employee becomes eligible after completing one year of service, defined as 1,000 hours of service during the applicable eligibility computation period, and enters the Plan on the first day of the month coinciding with or immediately following satisfaction of the eligibility requirements. Employees may also become eligible to make elective deferrals under the Plan’s applicable long-term part-time employee provisions. Participants direct the investment of their accounts among the investment options available under the Plan.

Contributions

Participants may elect to defer a percentage of eligible compensation on a pretax basis, subject to the limitations of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year may make catch-up contributions, subject to applicable IRC limitations. At the discretion of the Plan Administrator, eligible employees may also make rollover contributions of qualifying distributions from other eligible retirement plans or individual retirement accounts.

The Company may make discretionary matching contributions under a formula determined by the Company. During 2025, discretionary matching contributions were funded each payroll based on participant elective deferrals. All contributions are subject to applicable IRC limitations.

Participant accounts

Each participant’s account is credited with participant contributions, Company matching contributions, rollover contributions, and the participant’s investment gains and losses. Participant accounts are charged with administrative expenses paid by the Plan. Expenses may be allocated based on participant account balances, allocated equally among participants, or charged to individual participants based on specific transactions or use of a Plan feature. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and the related investment earnings or losses. Participants are not vested in Company matching contributions until completing one vesting year of service, after which they are 100% vested. A vesting year of service requires at least 1,000 hours of service during a Plan year.

1. Description of Plan (continued)

Notes receivable from participants

Active participants may borrow a minimum of $1,000, subject to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The maximum amount may be further reduced by the participant's outstanding loan balances during the preceding 12 months. Participants may have only one loan outstanding at a time, and loans are secured by the participant's vested account balance. Loan terms may not exceed five years, except for loans used to purchase a principal residence, which may have repayment terms of up to 15 years. The loans bear interest at the prime rate plus 1%, fixed on the first business day of the month in which the loan is originated. Interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2025 and 2024.

Principal and interest are generally repaid through payroll deductions in accordance with the applicable amortization schedule. Loans that remain delinquent after the applicable grace period are treated as deemed distributions in accordance with the Plan's provisions. Loan origination and administrative fees may be charged to participant accounts and are recognized as administrative expenses when incurred. Notes receivable from participants are measured at unpaid principal balance plus accrued interest.

Payment of benefits

Upon termination of employment, a participant may elect to receive the participant's vested account balance in a lump-sum cash payment, installments, or partial distributions, subject to the provisions of the Plan. Death benefits are payable in cash to the participant's designated beneficiary in the forms permitted by the Plan. A terminated participant's vested account balance of $5,000 or less may be distributed without the participant's consent as a lump-sum payment. If the distribution exceeds $1,000 and the participant does not elect to receive or directly roll over the distribution, the amount is automatically rolled over to an individual retirement account. The Plan also permits hardship distributions when the applicable requirements are satisfied.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $5,797 and $4,850, respectively. Forfeitures may be used to pay Plan administrative expenses or reduce future Company discretionary matching contributions. No forfeitures were used for Plan expenses or Company matching contributions during 2025. The increase during 2025 resulted from additional forfeitures and earnings credited to the forfeiture account.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies using information provided by the Plan's trustee and recordkeeper. See Note 3 for additional information concerning fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized and unrealized gains and losses.

Contributions

Participant contributions and employer matching contributions are recorded in the year in which the related participant contributions are withheld from compensation.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

Subsequent events were evaluated through September 25, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Money market fund: Valued at the closing net asset value reported by the fund, which was $1 per share at year-end. The fund is an SEC-registered mutual fund that publishes a daily net asset value and transacts at that value. Accordingly, the investment is classified within Level 1 of the fair value hierarchy.

Mutual funds: Valued at the daily closing net asset value reported by each fund. The funds are SEC-registered open-end mutual funds that publish daily net asset values and transact at those values. Accordingly, the investments are classified within Level 1 of the fair value hierarchy.

The valuation methods described above may produce fair value measurements that are not indicative of net realizable value or future fair values. Although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Money market fund	$ 99,121	$ -	$ -	$ 99,121
Mutual funds	10,027,023	-	-	10,027,023
Total assets in the fair value hierarchy	10,126,144	-	-	10,126,144
Total investments at fair value	$ 10,126,144	$ -	$ -	$ 10,126,144

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money market fund	$ 66,086	$ -	$ -	$ 66,086
Mutual funds	7,811,419	-	-	7,811,419
Total assets in the fair value hierarchy	7,877,505	-	-	7,877,505
Total investments at fair value	$ 7,877,505	$ -	$ -	$ 7,877,505

4. Information Certified by Trustee

The Plan administrator elected to have the audits of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8. Capital Bank and Trust Company, the Plan’s trustee and a qualified institution, certified the investment information prepared and maintained by it for those periods as complete and accurate in accordance with 29 CFR 2520.103-5(c). The certified information includes the investment and notes receivable from participants balances presented in the statements of net assets available for benefits as of December 31, 2025 and 2024; the related investment activity and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and information included in Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, to the extent such amounts agree to or are derived from the certified information.

5. Related-Party and Party In Interest Transactions

Certain investment-related expenses are reflected in the net asset values of the mutual funds and, accordingly, are included in net appreciation in fair value of investments.

Capital Bank and Trust Company serves as the Plan's directed trustee. Capital Group Retirement Plan Services ("CGRPS") serves as the Plan's recordkeeper and administrative service provider. Under the Plan's service arrangement, CGRPS and certain affiliates receive compensation from mutual funds available under the Plan for services provided to those funds. Fund revenue is applied in accordance with the service agreement, including against recordkeeping and administrative fees, and any excess is returned to the Plan. For the year ended December 31, 2025, revenue-sharing and other expense credits allocated to the Plan totaled approximately $52,547 and are reported as other revenue in the accompanying financial statements.

For the year ended December 31, 2025, the Plan paid $1,100 to CGRPS for recordkeeping and administrative services and $29,499 to Edward Jones for investment advisory services. Capital Bank and Trust Company, CGRPS, and Edward Jones are service providers to the Plan; therefore, transactions with these entities constitute party-in-interest transactions.

The Plan also makes loans to participants that are secured by the participants' vested account balances. These loans constitute party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan is maintained under the Capital Group Retirement Plan Services Defined Contribution Pre-Approved Plan, a non-standardized pre-approved plan document. The Internal Revenue Service issued an opinion letter dated June 30, 2020, stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan was amended and restated effective January 9, 2022, and subsequently amended for applicable changes in law. The Plan administrator believes that the Plan has been properly adopted and amended and is designed and operated in compliance with applicable IRC requirements. Accordingly, the Plan administrator believes that the Plan is qualified under IRC Section 401(a) and that the related trust is exempt from federal income taxes under IRC Section 501(a).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize the financial statement effects of a tax position only when it is more likely than not, based on its technical merits, that the position will be sustained upon examination by the applicable taxing authority. The Plan administrator has evaluated the Plan's tax positions and concluded that, as of December 31, 2025, no uncertain tax positions require recognition or disclosure in the financial statements. The Plan is subject to examination by taxing jurisdictions; however, the Plan administrator is not aware of any examinations currently in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

9. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $26,013, were corrected in 2025. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.
