Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of PubMatic, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule line 4i – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025

Note 1: Description of Plan

The following description of the PubMatic, Inc. (“Company”) Retirement Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on February 1, 2008, amended and restated on November 5, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2025, Fidelity Management Trust Company (“Fidelity”) has been the trustee of the Plan’s assets (the “trustee”) and third party administrator.

Eligibility: All employees at least twenty-one years of age are eligible to participate in the Plan except certain employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and interns. Employees may enter the Plan immediately upon meeting the eligibility requirements.

Participant contributions: Eligible participants may elect to contribute up to 100% of their eligible compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Deferrals consist of pre-tax, after-tax, and/or Roth 401(k) contributions.

Employer contributions: The Plan provides for discretionary matching contributions to be determined by the employer each Plan year. The Company has the right to discontinue and reinstate the discretionary employer matching contributions at any time. Additionally, the Company may make discretionary non-elective contributions to the Plan. Such discretionary Company contributions are allocated to each participant who is eligible for the Plan, based on the ratio of each participant’s compensation as a percentage of total compensation of all eligible participants. For the year ended December 31, 2025, the Company implemented a match of 50% of deferred compensation for eligible participants, up to a maximum of 6% of total eligible compensation. For the year ended December 31, 2025, the Company made total discretionary matching contributions of approximately $1,755,000. There were no Plan forfeitures used to offset employer contributions in 2025. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2025

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Participant investment options include a variety of mutual funds and a money market fund. Participants may change their elections at any time.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The employer's matching and non-elective contributions vest based upon completion of service over a 2 year period at 50% per year. Should a participant's employment be terminated before their account is fully vested, the non-vested portion of the account will be forfeited.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms may range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, hardship, or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained an age of 59 ½. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum amount equal to the value of the participant's account balance. The Plan allows for automatic lump sum distributions of participant vested account balances of less than $5,000.

Investment management fees and operating expenses: The Company pays the cost of administering the Plan such as recordkeeping, accounting, legal, and trustee services. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from investment returns.

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. Forfeitures remaining in the Plan as of December 31, 2025 and 2024 and used for the year ended December 31, 2025 were immaterial.

Administration and other costs: Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were available to be issued, which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820, which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis were all deemed Level 1, by the Plan administrator, and consisted of the following types of instruments as of December 31, 2025 and 2024:

	2025	2024
Mutual funds	$ 49,254,772	$ 37,566,411
Money market fund	601,219	669,795
Total investments measured at fair value	$ 49,855,991	$ 38,236,206

The Plan's valuation methodology used to measure the fair value of mutual funds and the money market fund were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.

- Investment income (loss) and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 5: Related party transactions

At December 31, 2025 and 2024, the Plan held investments available for benefits of approximately $17,614,000 and $13,508,000, respectively, in Fidelity mutual funds and the money market fund. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 6: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 7: Income tax status

The Company has adopted a Fidelity prototype plan. The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The IRS permits the Plan to rely on their approval of the Fidelity prototype plan. The prototype plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
