INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Schiff Hardin LLP Employees' Pension Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Schiff Hardin LLP Employees' Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan was terminated effective July 31, 2025. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Reportable Transactions for the year ended December 31, 2025, is presented for purposes of additional analysis is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHIFF HARDIN LLP EMPLOYEES' PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. PLAN TERMINATION

On June 10, 2025, the Board of Directors of ArentFox Schiff, (the "Plan Sponsor" or "Company") adopted a consent agreement to terminate the Schiff Hardin LLP Employees' Pension Plan (the "Plan") effective July 31, 2025.

In anticipation of the Plan termination, the Plan was amended during 2025 to provide for a special election window. Active participants, terminated vested participants, surviving spouses, and alternate payees who had not commenced receiving benefits payments under the Plan could elect to receive a limited time lump sum payment. This offer was valid between May 30, 2025 and July 31, 2025.

In September 2025, $1,889,000 was paid to Midland National Insurance Company to purchase annuity contracts to provide future benefit payments to Plan participants who had not begun annuity payments as of May 30, 2025, and who did not elect to receive a lump sum payment.

During 2025, a total of $295,798 in residual assets of the Plan was transferred to the ArentFox Schiff Profit Sharing Plan as a qualified replacement plan to fund future company retirement contributions.

As a result of the termination, the Plan has changed its basis of accounting for the year ended December 31, 2025 to the liquidation basis. Under the liquidation basis of accounting, assets are measured to reflect the amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

2. DESCRIPTION OF THE PLAN

Prior to the Plan's termination, the following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a frozen noncontributory defined benefit pension plan sponsored by ArentFox Schiff LLP (Firm) that covered all employees and non-partner attorneys, other than independent contractors.

On March 1, 2022, Schiff Hardin LLP merged with ArentFox LLP to form a combined firm called ArentFox Schiff LLP. The combined firm became the sponsor of the Plan on that date. The term "Firm" is in reference to both Schiff Hardin LLP and ArentFox Schiff LLP.

An administrative committee of the Firm, as appointed by the Executive Committee of the Firm, is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code. Effective December 31, 1994, participation in the Plan was frozen.

Pension Benefits – Participants are eligible for regular monthly retirement benefit payments upon reaching the normal retirement age of 65 with at least five years of service. In general, annual benefit payments are equal to 1.3% of the participant's final average

compensation as defined in the Plan document, and determined as of December 31, 1994, up to the covered compensation as defined in the Plan document, plus 1.8% of final average compensation determined as of December 31, 1994, in excess of the participant's covered compensation, multiplied by his or her years of service determined as of December 31, 1994, up to a maximum of 36 years. The Plan was frozen effective December 31, 1994, and no further benefits will accrue to participants after that date. A participant became vested in his or her accrued benefit at the rate of 20% per year after three years of service and became fully vested after seven years of service. The Plan provides early retirement benefits on or after the participant's 60th birthday. Participants, with spousal consent, may elect optional forms of payment, including 10-year certain annuity, straight-life annuity, joint and survivor annuity, and lump-sum for benefits with a present value which does not exceed $8,000. Death and deferred vested benefits are also provided for in the Plan.

Funding Policy – The Plan does not provide for contributions by participants. The Firm contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet benefits to be paid to participants of the Plan. Annual contributions meet or exceed the minimum funding provisions of ERISA. No contribution was required for the year ended December 31, 2025.

3. SUMMARY OF SGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – As discussed on Note 1, the financial statements of the Plan are prepared under the liquidation basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurement).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The variable annuities do not distribute dividends or interest to the Plan, rather investment performance is reflected in the change in unit values. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits payments are recorded when paid.

Administrative Expenses – Administrative expenses are paid from Plan assets to the extent not paid by the Firm. Expenses that are paid directly by the Firm are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for Plan benefits. In addition, certain investment related expenses are included in the net appreciation (depreciation) of fair value of investments on the accompanying statement of changes in net assets available for Plan benefits.

Purchase of Group Annuity Contracts – In May 2025, $6,029,960 was paid from the Plan to United of Omaha Life Insurance Company to purchase an annuity contract to continue payments to certain Plan participants who were receiving monthly annuity payments.

Subsequent Events – Subsequent events have been evaluated through September 15, 2026, which is the date the financial statements were available to be issued. There were no events subsequent to year end that required adjustments or disclosures.

4. INFORMATION CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company and Empower Annuity Insurance Company of America, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the years then ended:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Schedule of Reportable Transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, “Fair Value Measurements and Disclosures,” provides the framework for measuring fair value. That framework provides a three-level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity’s own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for Plan benefits, and the classification of such investments pursuant to the valuation hierarchy.

Variable annuities are valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by Empower, is used as a practical expedient to estimate fair value. The NAV for the investments is based on the fair value of the underlying assets held by the fund less its liabilities. There are no redemption restrictions or unfunded commitments on these investments.

All of the Plan's investments recorded at fair value, are valued using NAV, and as such are not classified pursuant to the valuation hierarchy. The Plan's financial instruments measured at fair value on a recurring basis were categorized as follows as of December 31:

	2025	2024
Investments measured at NAV, Variable Annuities:		
(1) Fixed income investments	$ -	$ 10,855,549
(2) Money market investments	-	187
	$ -	$ 10,855,736

(1) This investment class seeks a high total rate of return consistent with preservation of capital and prudent investment management. The funds primarily invest assets in investment-grade, fixed-income securities and debt securities of varying maturities issued by domestic and foreign corporations and governments. The funds may also invest in lower-rated high-yield securities of domestic and foreign companies.

(2) This investment class seeks to maximize current income consistent with preservation of capital and liquidity. It seeks to maintain, but does not guarantee, a stable NAV of $1.00 per share. The fund normally invests at least 99.5% of its total assets in cash, U.S. Government securities and/or repurchase agreements fully collateralized by cash or U.S. Government securities.

6. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits represent the present value of future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated Plan benefits include benefits expected to be paid to retired or terminated vested participants or their beneficiaries, beneficiaries of participants who have died, and present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service before January 1, 1995. The accumulated Plan benefits for active employees are based on their average compensation during the five years ended on December 31, 1994. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee service rendered through December 31, 1994.

The actuarial present value of accumulated Plan benefits is determined by the Plan's consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as death, termination, or retirement), between the valuation date and the expected date of payment.

As of December 31, 2025, January 1, 2025 and 2024, the actuarial present value of accumulated Plan benefits was as follows:

	December 31, 2025	January 1, 2025	January 1, 2024
Vested Benefits:			
Participants currently receiving payments	$ -	$ 5,997,199	$ 5,947,564
Terminated vested participants	-	2,795,752	2,627,478
Active participants	-	2,102,599	2,532,801
Total vested benefits	-	10,895,550	11,107,843
Nonvested benefits	-	-	-
Total actuarial present value of accumulated benefits	$ -	$ 10,895,550	$ 11,107,843

The changes in actuarial present value of accumulated Plan benefits for the years ended December 31, 2025 and January 1, 2025, are as follows:

	December 31, 2025	January 1, 2025
Actuarial present value of accumulated, Plan benefits at the beginning of year	$ 10,895,550	$ 11,107,843
Increase (decrease) during the year attributable to:		
Benefits accumulated and demographic experience	(652,247)	(63,212)
Benefits paid	(10,656,443)	(687,693)
Increase for interest	413,140	538,612
Net decrease	(10,895,550)	(212,293)
Actuarial present value of accumulated Plan benefits at end of year	$ -	$ 10,895,550

The significant actuarial assumptions used in the valuation as of January 1, 2025 and 2024 were:

Life Expectancy of Participants – The funding mortality follows the Pri-2012 Mortality Table and projection scale MP-2021 for both periods.

Retirement Age Assumptions – All active participants are assumed to retire at the earlier of the normal retirement date (age 65), or the first age at which unreduced benefits are payable. All terminated vested participants are assumed to retire at age 65, and terminated vested beneficiaries are assumed to retire at the date the participant would have attained age 60.

Discount Rate – The discount rate used for the January 1, 2025 and 2024 valuation is 5.0% compounded annually.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Firm, by a letter dated July 28, 2014, that the Plan and related trust satisfy the qualification requirements of applicable sections of the Internal Revenue Code. Although there have been Plan amendments subsequent to amendments considered by the Internal Revenue Service in making their determination, the

Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in variable annuities which various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments are variable annuities managed by Empower, the custodian of the Plan's investments, and therefore, these transactions qualify as exempt party-in-interest transactions.

Certain Plan expenses are paid to OctoberThree, the Plan's actuary, and to Empower. These transactions qualify as exempt party-in-interest transactions.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As noted above, the Plan's investments are held in variable annuities, which hold pooled separate accounts. Forms 5500 are not filed for the pooled separate accounts.

The Form 5500, Schedule H, Part I reports the Plan's investments as mutual funds. There are no differences in net assets available for benefits.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC
	with stabilization	without stabilization	Funding Target
First segment rate (years 0 to 4):	5.00%	5.00%	4.65%
Second segment rate (years 5 to 19):	5.27%	5.27%	5.28%
Third segment rate (years 20 and after):	5.50%	5.40%	5.63%
Effective interest rate (current year):	5.31%	5.28%	N/A

ASC 960 discount rate (current year): 5.00%

The interest rates listed above are compounded annually.

Demographic Assumptions

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age rounded to the nearest whole age is 64.

RETIREMENT

All active participants are assumed to retire at age 65, or at the first age unreduced benefits are payable, if earlier. The active retirement decrement assumption is summarized in Exhibit A. All terminated vested participants are assumed to retire at age 65. Terminated vested beneficiaries are assumed to retire at the date the participant would have attained age 60.

WITHDRAWAL

None.

DISABILITY

None.

Actuarial Assumptions and Methods

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2025 Static Mortality Table with separate tables for annuitants and non-annuitants, as prescribed by Treasury regulation section 1.430(h)(3)-1. For ASC 960, the mortality follows the Pri-2012 Mortality Table with projection scale MP-2021.

MARITAL STATUS

100% of employees are assumed to be married; husbands are assumed to be four years older than wives.

DECREMENT TIMING

Decrements are assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

The form of payment for all future retirees is assumed to be an unreduced 50% joint & survivor annuity.

MAXIMUM EARNINGS

The maximum compensation limit under IRC section 401(a)(17) is $345,000 for 2025.

MAXIMUM BENEFIT

The maximum benefit payable under IRC section 415 is $275,000 for 2025.

EXPENSES

Assumed expenses are $110,000 for 2025.

Changes from Prior Year and Rationale for Changes

None.

GAIN / LOSS ANALYSIS

A gain/loss analysis was performed and is included as an exhibit in this report.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2025.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

Actuarial Assumptions and Methods

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

ASC 960 COST METHOD

The method used to calculate the ASC 960 present value of accumulated plan benefits is the traditional unit credit cost method. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The present value of the accrued benefit is calculated using the applicable ASC 960 assumptions.

Changes in Method from Prior Year and Rationale for Changes

None.

Schedule SB, Part V - Summary of Plan Provisions

Plan Provisions

EFFECTIVE DATE

The Effective Date of the plan was January 1, 1968. The plan was last amended January 1, 2018 and restated effective January 1, 2013.

PLAN YEAR

January 1 to December 31.

ELIGIBILITY

Employees age 21 with one year of service are eligible to participate. An employee becomes a participant on the first of the month coincident with or next following the completion of the age and service participation requirements. All employees hired on or after January 1, 1995 are not eligible to participate.

VESTING SERVICE

The period of time, measured in Plan Years, commencing with the Plan Year during which the employee is initially employed or is reemployed after a break in service, or is initially associated or is reassociated after a break in service, and ending on the first day of the Plan Year in which a break in service commences. Vesting Service shall not include any Plan Year in which the employee does not accrue at least 1,000 hours of service. The current vesting schedule is illustrated below. For years that the plan was top-heavy (1987 - 1996), the top heavy vesting schedule listed below applied.

FINAL AVERAGE EARNINGS

One-fifth of an employee's compensation during the five consecutive Plan Years, within the last ten Plan Years preceding the earlier of (1) January 1, 1995, and (2) the participant's retirement date or other termination of employment, or transfer date, during which the employee's compensation was highest. If an employee completes less than five Plan Years prior to the date described in the preceding sentence, his Final Average Earnings shall mean his average compensation for all Plan Years ending prior to such date.

ADJUSTED AVERAGE EARNINGS

One-fifth of an employee's compensation during the five consecutive Plan Years, not including the last five Plan Years preceding the earlier of (1) January 1, 1995, and (2) the participant's retirement date or other termination of employment, or transfer date, during which the employee's compensation was highest. If, after excluding such last five Plan Years, less than five Plan Years remain, the Adjusted Average Earnings shall mean his average compensation for all plan years in such lesser period.

Plan Provisions

ACCRUED BENEFIT

Single life benefit equal to the greater of the following:

(1) 1.3% of Final Average Earnings (not in excess of covered compensation) multiplied by years of service (not in excess of 36 years), plus 1.8% of Final Average Earnings in excess of covered compensation multiplied by years of service (not in excess of 36).

(2) 1.7% of Adjusted Average Earnings multiplied by years of service.

(3) for participants on December 31, 1994 who are neither associate attorneys or employees of counsel, $2,700 plus the Accrued Benefit determined as of December 31, 1993, not to exceed $3,000.

(4) For non-key employees, the top-heavy minimum benefit equal to average compensation for the five consecutive Plan Years during which the employee's compensation was highest multiplied by the lesser of 2% times years of top-heavy service and 20%.

For purposes of calculating items (1) - (3) above, service does not include any period of time during which an employee was a partner, any period of time prior to July 1, 1988 during which an employee was an associate attorney or employee of counsel, and any period of time on or after January 1, 1995. Additionally, years of service is increased or decreased (to the nearest month) to reflect the number of months in the first and last year of service in which the employee completes 83 hours of service or more.

For purposes of calculating item (4) above, top-heavy service only includes Plan Years during which the plan was top-heavy (1987 - 1996) and during which the employee accrued 1,000 hours of service. For 1995 and 1996, only associates accrued the top heavy benefits in this plan as employees received the top heavy minimum in a defined contribution plan.

ACTUARIAL EQUIVALENT

Actuarial Equivalent benefits are determined using 6% and the mortality table set forth in Revenue Ruling 2001-62. However, in no event will the benefit be less than the benefit calculated using 6% and the male Group Annuity Table for 1951, projected to 1965 by Projection Scale C, with participant ages set back by four years and beneficiary ages set back by one year (the mortality table in effect prior to January 1, 2007). For purposes of determining single-sum settlements, effective January 1, 2010, the interest rate shall be the rate determined under Code Section 417(e)(3)(C) as in effect for the month of December of the preceding Plan Year and the mortality table shall be the table specified by the Secretary of the Treasury pursuant to Code Section 417(e) for the purpose of calculating the amount of a lump sum benefit under Code Section 417(e)(3)(B).

NORMAL RETIREMENT DATE

The first of the month coincident with or next following the later to occur of: (1) a participant's 65th birthday or (b) the fifth anniversary of the date of commencement of the participant's employment.

Plan Provisions

NORMAL RETIREMENT

Eligibility

Termination of employment after both the attainment of age 65 and the completion of 5 years of service.

Benefit

The Accrued Benefit payable at Normal Retirement Date.

EARLY RETIREMENT

Eligibility

Termination of employment after attaining age 60 and 10 years of service.

Benefit

The Accrued Benefit at Normal Retirement Date reduced by 1/2 of 1% for each full month by which early retirement precedes normal retirement. No reduction will be made if the participant has attained age 62 and has completed at least 36 years of service on his early retirement date.

DEFERRED VESTED PENSION

Eligibility

Termination of employment after completing enough years of service to be entitled to a percentage of the Accrued Benefit.

Benefit

The nonforfeitable percentage of the Accrued Benefit calculated at date of termination and payable at Normal Retirement Date. If the benefit is commenced before age 65, but no earlier than age 60, the benefit is reduced using factors that are actuarially equivalent to the age 65 benefit.

DEATH BENEFIT

Eligibility

In the event of the participant’s death before benefit payments commence, the beneficiary of an active or terminated participant who has obtained a nonforfeitable interest in his Accrued Benefit is eligible.

Benefit

An annual annuity payable to the beneficiary equal to 50% of the income which the participant would have received had he terminated employment on the date of his death and commenced receiving retirement income under the normal form at the later of the date of his death or age 60.

FORMS OF PAYMENT

The normal form of payment for a single participant is a straight life annuity. The normal form of payment for a married participant is an unreduced qualified joint and survivor annuity, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant.

In lieu of the normal form of payment, a participant may elect, with the proper spousal consent, one of the optional forms of annuity payment.

For the period that begins March 1, 2012 and ends December 31, 2012, a terminated participant who has an Accrued Benefit under the plan and who has not yet begun receiving benefit payments may elect an immediate lump sum payment (or an immediate annuity payment) equal to the Actuarial Equivalent of his Accrued Benefit.

Additionally, for the period that begins September 1, 2017 and ends December 1 2017, a terminated participant, a surviving spouse or beneficiary, or an alternate payee pursuant to a qualified domestic relations order as defined in Code Section 414(p) who has an Accrued Benefit under the plan and who has not yet begun receiving benefit payments or an active participant who will attain age 62 before December 1, 2017 may elect an immediate lump sum payment (or an immediate annuity payment) equal to the Actuarial Equivalent of his Accrued Benefit.
