Independent Auditor's Report

To the Plan Administrator
Harry Lawall & Son 401(k) Plan
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Harry Lawall & Son 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Harry Lawall & Son 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Harry J. Lawall & Son, Inc. is affiliated with other entities, Lawall at Hershey, Inc. (Lawall Hershey); Lawall Prosthetics & Orthotics, Inc. (Lawall Delaware); and Lawall P&O of Florida (Lawall Florida), through common ownership. The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Harry J. Lawall & Son, Inc.; Lawall Hershey, Lawall Delaware; and Lawall Florida (collectively the Companies). Management of the Companies (the Plan Sponsor) is the Plan administrator. The trustee of the Plan is Fidelity Management Trust Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Companies. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

To be eligible to participate in the Plan, an employee must have attained the age of 18, completed at least one year of service, and worked at least 1,000 hours during such Plan year. An eligible participant may enter the Plan the first day of each month. Employees covered by a collective bargain agreement and nonresident aliens with no U.S. source of income are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants can contribute up to the lesser of 60% of pre-tax annual compensation, as defined by the Plan document, or $23,500 in 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans (rollovers). The Plan permits participants to designate contributions as Roth 401(k) contributions and allows the Plan to accept rollovers of Roth 401(k) rollover contributions. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Effective January 1, 2025, higher catch-up contribution limits were implemented for employee ages 60-63.

The Companies make a safe harbor matching contribution in the amount equal to 100% of the first 3% of the participant's elective deferral contributions, plus 50% of next 2% of the participant's elective deferral contributions. At year-end, the Companies perform a true-up calculation of the employer matching contribution for all participants and makes any necessary additional matching contribution in the subsequent year. The true-up contributions of $44,230 and $45,931 for 2025 and 2024, respectively, are recorded as employer contributions receivable in the accompanying statements of net assets available for benefits.

The Companies may also make discretionary profit-sharing contributions to the Plan as determined by the Plan Sponsor. The contribution is allocated to all participants in accordance with an allocation

formula as defined in the Plan. Participants are eligible to receive an allocation of this contribution after one year of service. There was no discretionary profit-sharing contribution for 2025.

The annual additions under the Plan are limited to the lesser of 100% of eligible compensation or Internal Revenue Service (IRS) limitations, established to be $70,000 for the year ended December 31, 2025. Annual additions are defined as employee contributions, employer matching contributions, and discretionary profit-sharing contributions, if any.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer matching contribution, an allocation of the discretionary profit-sharing contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of transaction fees based on activity including loan and investment advisory fees, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their voluntary contributions and the Companies' matching contributions plus allocated earnings thereon. Participants become vested in the Companies' discretionary profit-sharing contributions as follows:

Years of Service	Vesting Percentage (%)
Less than 2 years	-
2	20
3	40
4	60
5	80
6	100

Forfeitures

Forfeitures of nonvested participant accounts are used to reduce future employer contributions and to pay administrative expenses of the Plan. No forfeitures were applied to reduce employer contributions or to pay administrative expenses during the year ended December 31, 2025. Forfeitures outstanding as of December 31, 2025 and 2024 amounted to $1,572 and $1,536, respectively.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. A participant may have two loans outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. The loans are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans to purchase a primary residence, which may have a longer term. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code (IRC).

Payment of Benefits

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is $1,000 or less. For terminated participants with vested balances greater than $1,000, but less than $5,000, their vested balance may be automatically rolled into an individual retirement account (IRA) unless otherwise elected. Additionally, if the participant reaches age 59½, or, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Companies make the respective payroll deduction from the participant's compensation. Profit-sharing contributions, if any, are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and deemed distributions recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by the Companies or the Plan as provided in the Plan recordkeeping service agreement. Administrative expenses paid by the Companies may include expenses for professional services. Any expenses that are paid by the Companies are excluded from these financial statements. There is no guarantee that the Companies will continue to pay the Plan's expenses. Fees related to the administration of notes receivable from participants and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution, Fidelity Management Trust Company (Fidelity).

4. Fair Value Measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Self-directed brokerage accounts include investments in mutual funds, which are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. No more than 50% of a participant's account balance can be in a self-directed brokerage account.

Common/Collective Trust – The Plan has a common/collective trust investment, Fidelity Managed Income Portfolio, with Fidelity. The interest of each participating participant is represented by trust units. Trust units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. The NAV is used as the practical expedient to estimate fair value. The investment is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value:

December 31, 2025

	Level 1	Total
Mutual funds	$ 33,441,761	$ 33,441,761
Self-directed brokerage accounts	21,559	21,559
Common/collective trust, measured at NAV*		343,227
Total Investments	$ 33,463,320	$ 33,806,547

December 31, 2024

	Level 1	Total
Mutual funds	$ 28,804,856	$ 28,804,856
Self-directed brokerage accounts	16,458	16,458
Common/collective trust, measured at NAV*		217,678
Total Investments	$ 28,821,314	$ 29,038,992

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

December 31, 2025

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Fidelity Managed Income Portfolio	$ 343,227	None	Daily	12 months*

December 31, 2024

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Fidelity Managed Income Portfolio	$ 217,678	None	Daily	12 months*

* The Management Income Portfolio's Declaration of Trust requires a 12-month advance written notice for a full redemption of the investment. There is no redemption notice for participant requested redemptions.

5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Companies' contributions.

The Companies may reduce or suspend employer matching safe harbor contributions upon satisfaction of certain requirements provided under Internal Revenue Bulletin No. 2013-50, including a 30-day advanced notice to all eligible employees.

6. Related Party and Party-In-Interest Transactions

The Plan invests in various investments managed by Fidelity Investments, an affiliate of the trustee. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan in the Companies. Therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Certain administrative functions of the Plan are performed by officers of employees of the Companies, who may also be participants in the Plan. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan is invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity, which received an opinion letter from the IRS dated June 30, 2020, stating that the pre-approved plan document was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.
