REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Millennium 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Millennium 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following brief description of the Millennium 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan established by Kyle Enterprises, LLC ("the Company") on April 1, 1986. The Plan covers all employees of the Company, except for those who are governed by a collective bargaining agreement; nonresident alien; or those classified as leased employees or independent contractors. Effective January 1, 2025, the Plan excludes interns scheduled to work less than 1,000 service hours within a given plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Except for the excluded participants, any employee who is 18 years of age or older is eligible to participate in the Plan.

Contributions

Participants may elect to make contributions to the Plan by deferring pre-tax and/or after-tax compensation, as defined in the Plan document, up to 80% of their eligible compensation, not to exceed the limits of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from another qualified plan ("rollovers"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

New employees are automatically enrolled in the Plan upon meeting the eligibility requirements at an employee deferral contribution pre-tax rate of 4% of eligible compensation, unless an alternative election is made by the employee.

The Plan provides for Company matching contributions equal to 100% of a participant's contributions up to 4% of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions and Company matching contributions plus actual earnings thereon into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are always 100% vested in their contributions, the Company's matching contributions and actual earnings or losses thereon.

Benefit Payments

A participant or beneficiary is entitled to receive, as benefits, the vested balance in their accounts in the form of a lump-sum payment, periodic installments, or some other form of annuity. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution. In addition, hardship withdrawals are permitted in certain situations, as described in the Plan agreement. Participants may elect to defer commencement of distributions until they attain the applicable required minimum distribution age. Vested balances under $5,000 are automatically distributed upon termination.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Participants may have only two loans outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at a market rate. The interest rates on outstanding participant loans range from 4.25% to 9.50% as of December 31, 2025 and 2024. The interest rate and the loan term are fixed at the inception of each loan based on the requirements in the Plan agreement, with loan terms not to exceed five years unless the loan is used for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for further discussion of fair value measurements.

The Plan's fully benefit-responsive guaranteed investment contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable from participants are recorded as benefit payments based upon the terms of the Plan.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Plan, to the extent not paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value and their classification in the valuation hierarchy as of December 31, 2025 or 2024.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which is obtained on an active market.

Collective trust funds - Valued based on the fair value of the collective trusts' underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

Pooled separate accounts - Valued at the NAV per share or its equivalent, based on the fair value of the funds' underlying assets and liabilities. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 or 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,182,026	$ -	$ -	$ 1,182,026
Investments measured at NAV [(a)]				
Collective trust funds				9,183,580
Pooled separate accounts				1,697,571
Total investments, at fair value				$ 12,063,177

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 950,459	$ -	$ -	$ 950,459
Investments measured at NAV [(a)]				
Collective trust funds				8,623,860
Pooled separate accounts				1,239,651
Total investments, at fair value				$ 10,813,970

[(a)] Redemption of the collective trust funds and pooled separate accounts are generally permitted daily and there are no redemption restrictions. There are no unfunded commitments.

NOTE D - GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive investment contract issued by Principal Life Insurance Company ("Principal"). Principal maintains the Plan's contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement for that portion of net assets available for plan benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; (iii) bankruptcy of the Plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that the occurrence of any such events which would limit the Plan's ability to transact at contract value with participants are not probable of occurring. There are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

NOTE E - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Custodian) has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, the fully benefit-responsive contract, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 or 2024.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and affiliates of the Custodian and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are considered party-in-interest transactions.

Certain administrative expenses are paid directly by the Company.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE H - INCOME TAX STATUS

The Company is a participating employer in the Principal Financial Group Prototype Basic Savings Plan approved by the Internal Revenue Service ("IRS"). The prototype plan obtained its latest approval letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was qualified under Section 401(a) of the IRC. Although the Plan has been amended since then, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC in all material respects.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 or 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As of December 31, 2025, contributions have not been remitted to the trust on a timely basis. The Plan sponsor is planning to fully correct the contributions and any applicable earnings in 2026.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through September 22, 2026 the date the financial statements were issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
