Independent Auditor's Report

To the Board of Trustees
INTERA Incorporated Employees Savings Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of **INTERA Incorporated Employees Savings Trust,** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

INTERA Incorporated Employees Savings Trust (the "Plan")'s financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

In general, these securities are exposed to various risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Notes Receivable from Participants

The notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

Contributions Receivable and Allowance for Credit Losses

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. Employer contributions are recorded as receivable when the Plan Sponsor has a formal commitment or legal obligation to make the contribution prior to the fiscal year-end. This includes unpaid or discretionary matching calculated on eligible employee wages earned through the end of the fiscal year. An allowance for credit losses for these receivables is not considered necessary.

Operating Expenses

The Plan and Plan Sponsor pay a portion of the costs of administering the plan.

2. DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of INTERA Incorporated (the "Company", the "Employer" or the "Plan Sponsor") who have completed six months of service, are age 21 years or older, are not covered by a collective bargaining agreement and are not a nonresident alien without United States source income from the Employer. The 401(k) Committee is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Contributions

Each year, participants may contribute up to 50% of their eligible pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to match catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation, as defined by the Plan, unless a different percentage is chosen by the participant. Participants may designate some or all of their after-tax contributions as Roth deferrals. Once designated as a Roth deferral, this election is irrevocable and these contributions cannot be changed back to pretax contributions.

The Company matches 100% of the first 1% of eligible participant contributions and 50% of the next 5% of the participants' eligible contributions. Additional discretionary matching contributions may be made at the option of the Company's Board of Directors. The Company's contribution is invested pro rata with the participant contributions. Contributions are subject to certain limitations. The Company's matching contribution totaled $887,197 for the year ended December 31, 2025. The additional discretionary matching contribution totaled $656,366 for the year ended December 31, 2025.

2. DESCRIPTION OF THE PLAN (Continued)

Vesting

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employer discretionary matching contributions and matching contributions have a graded vesting period as follows:

Employer Discretionary Matching Contributions:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Employer Matching Contributions:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	100%

Participant Accounts

Each participant's account is credited with the (a) participant's contribution, (b) allocations of the Company's contribution, and (c) allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are exempt party-in-interest transactions.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled **$39,168** and $2,175, respectively. These accounts may be used to pay administrative expenses or reduce employer contributions. During the year ended December 31, 2025, forfeitures of $2,114 were used to reduce employer contributions.

2. DESCRIPTION OF THE PLAN (Continued)

Revenue Credit Program

The Plan participates in Fidelity's Revenue Credit Program ("RCP"). This program takes a portion of Plan investment income to be held in a suspense account until utilized to pay Plan expenses, including expenses of the Sponsor related to the Plan. The Plan may choose to distribute the balance of this account back to participants at any time. As of December 31, 2025 and 2024, the RCP account balance was **$27,819** and $40,135, respectively. During the year ended December 31, 2025, the employer used $33,528 from this account to pay expenses of the Sponsor related to the Plan.

Benefit Payments

On termination of service, disability, retirement, or death, a participant will receive a lump-sum amount equal to the vested value of his or her account on the distribution date. This amount can be paid directly to an account of the participant's choice or rolled over to an eligible retirement plan. Any balance under $5,000 is automatically distributed as soon as administratively possible. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to occurrence of the events.

3. TAX STATUS

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service ("IRS") as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examination for years prior to 2022.

4. INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the period ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Fidelity Management Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified as of December 31, 2025 and 2024, respectively, includes: total cash equivalents and investments of **$54,018,276** and $46,339,275 and the related investment income of **$6,685,811** for the year ended December 31, 2025; notes receivable from participants of **$243,032** and $234,228 as of December 31, 2025 and 2024, respectively, and the related interest income of $20,320 for the year ended December 31, 2025; and the information contained on Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan's investments appreciated in value (including gains and losses on investments bought and sold) for the year ended December 31, 2025 by **$5,630,751**.

Fair Value Measurements

FASB Accounting Standards Codification (ASC 820) Fair Value Measurements and Disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Accordingly, when market observable data is not readily available, the Plan's own assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Financial assets and financial liabilities recorded in the statement of net assets at fair value are categorized based on the reliability of inputs to the valuation techniques as follows:

> **Level 1** – Financial assets and financial liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access. Examples include prices derived from NYSE, NASDAQ, Chicago Board of Trade, and Pink Sheets.
>
> **Level 2** – Financial assets and financial liabilities whose values are based on (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability. Examples include matrix pricing, market corroborated pricing, and inputs such as yield curves and indices.

4. INVESTMENTS (Continued)

Fair Value Measurements (Continued)

Level 3 – Financial assets and financial liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial asset and financial liabilities. Examples include investment manager pricing for price placements, private equities, hedge funds, etc.

The Plan uses prices and inputs that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

Fair values of investments measured on a recurring basis at December 31, 2025 and 2024 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025				
Collective investment trusts (a)	**$ 24,332,561**	**$ -**	**$ -**	**$ -**
Mutual funds	**29,657,896**	**29,657,896**	**-**	**-**
Total	**$ 53,990,457**	**$ 29,657,896**	**$ -**	**$ -**
December 31, 2024				
Collective investment trusts (a)	$ 20,127,620	$ -	$ -	$ -
Mutual funds	26,171,520	26,171,520	-	-
Total	$ 46,299,140	$ 26,171,520	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Accounting standards provide guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can now be determined using net asset value ("NAV") per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes an investment where NAV is available as a practical expedient. There are no unfunded commitments for the investments below as of December 31, 2025 and 2024.

	Fair Value as of December 31			
Assets	2025	2024	Redemption Frequency	Redemption Notice Period
Collective trust funds	**$ 24,332,561**	$ 20,127,620	Immediate	None
	$ 24,332,561	$ 20,127,620		

5. RELATED PARTY TRANSACTIONS

The Company provides administrative services to the Plan. A portion of administrative expenses, including audit fees, were paid by the Company for the year ended December 31, 2025. The Plan Sponsor is a party-in-interest. Participant loans are also party-in-interest transactions.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2025	**2024**
Net assets available for benefits per the financial statements	**$ 54,964,614**	$ 47,156,636
Less: employer contributions receivable	**(703,306)**	(583,133)
Net assets available for benefits per the Form 5500	**$ 54,261,308**	$ 46,573,503

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

	2025
Net increase in net assets available for benefits per the financial statements	**$ 7,807,978**
Less: employer contributions receivable	**(703,306)**
Plus: prior-year employer contributions receivable	**583,133**
Net increase in net assets available for benefits per the Form 5500	**$ 7,687,805**

7. MANAGEMENT'S EVALUATION OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.
