Independent Auditors' Report

To the Trustee and Plan Administrator of CMC Rescue, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of CMC Rescue, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December, 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the CMC Rescue, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CMC Rescue, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CMC Rescue, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CMC Rescue, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CMC Rescue, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Line 4i, Schedule of Assets (Held for Investment Purposes) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of the CMC Rescue, Inc. 401(k) Plan (the "Plan") provides only summarized information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General

CMC Rescue, Inc. (the "Employer", "Company", or "Plan Sponsor") established the Plan effective January 1, 1994. The Plan is a defined contribution plan with 401(k) provisions for eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community UP for Retirement Enhancement Act of 2019 (the "SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, waive required minimum distributions for 2020 that were made after April 1, 2020, and increase the age requirement for required minimum distributions. All CARES Act provisions have expired and are no longer available to use. The Plan will be amended to reflect these operational changes at a future date in accordance with IRS requirements.

The Plan was restated effective April 5, 2022, and adopted a pre-approved defined contribution plan sponsored by ADP, LLC ("ADP" or the "Plan Administrator"). All previous amendments were incorporated with the restated plan.

Effective August 1, 2024, the Plan was amended to change the participant entry date from the first day of the quarter following 60 days of employment to the first day of the month following 60 days of employment.

Effective August 1, 2025, the Plan was amended to change the vesting schedule for Employer Nonelective contributions and Employer matching contributions from fully vested at 6 years of employment after eligible to fully vested in 3 years of employment after eligible.

Contributions

Participants may elect to contribute 1% to 90% of compensation up to a maximum of $23,500 for the plan year. Total contributions to a participant's account in a given plan year may not exceed the lesser of $70,000 ($77,500 including catch-up contributions) or 90% of the participants compensation for the plan year.

Note 1: Description of Plan - continued

Individuals who are at least 50 years of age are permitted to make "catch up" contributions. The maximum catch-up contribution allowed for 2025 is $7,500. However, participants who attain ages 60 through 63 during 2025 may make an increased "super catch-up" contribution of up to $11,250. Accordingly, the maximum total contribution is $77,500 for participants eligible for the regular catch-up contribution and $81,250 for participants eligible for the super catch-up contribution. The Plan does not allow Roth deferral contributions. Contributions are excludable from the participants taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants have their deferral rate set at 3% of their eligible compensation and their contributions are invested in designated balanced funds until changed by the participant.

Auto-enrollment provisions include annual deferral increases of 1% of eligible compensation, not to exceed 6%. The increase will be applied as of the period that begins after the period in which the initial deferral amount was withheld and will occur as of the beginning of each subsequent plan year.

Participants may change the amount of compensation they defer into the Plan, or stop making deferrals altogether, at any time. Participants may also contribute amounts representing rollovers from other qualified defined benefit and contribution plans, excluding Roth direct rollovers.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers one money market fund, and forty-eight mutual funds (including target date funds). Participants may change such allocation at any time directly with the Plan Administrator and may transfer the value of their account among the funds.

The Plan provides for the Company to make discretionary employer matching contributions and profit sharing contributions to eligible participants, in accordance with the guidelines outlined in the Plan document. During 2025, the Company elected to match contributions up to 25% of the employee deferral, up to a maximum of 1.5% of eligible compensation. The Company made $91,976 of matching contributions and elected out of a discretionary profit sharing contribution for the year ended December 31, 2025.

Note 1: Description of Plan - continued

Participant Accounts

Each participants account is credited with the participant's contribution and the Company discretionary employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility

Employees become eligible for the Plan when they have completed two months of service and are at least 21 years old. The entry date to the Plan is the first day of the month coinciding with or next following the date of eligibility for the Plan participant.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the matching contributions, plus earnings thereon, is based on a three-year graded schedule with at least 1,000 hours of service during a vesting computation period to receive a credit for a year of service.

Participants also become fully vested in employer elective contributions if employed by the Plan Sponsor upon reaching normal retirement age, which is defined as age 65, or in the event of death or total and permanent disability.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, substantially equal installment payments, or direct rollover distribution. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Amounts contributed through salary/wage reductions can be withdrawn at any time. Certain income tax penalties apply to withdrawals or distributions prior to age 59 ½.

Participants with vested account balances less than $5,000 will be automatically distributed as soon as administratively feasible following termination of employment whether or not the participant has reached normal retirement age.

Note 1: Description of Plan - continued

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to the maximum of the lesser of $50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5% (calculated at prime plus 1%), which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms shall not exceed 5 years, except in the case of a loan for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions. There may be no more than one loan outstanding per participant at any time.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. Forfeitures can be utilized to pay administrative expenses or to reduce employer contributions. As of December 31, 2025, forfeited nonvested accounts totaled $12. During the year ended December 31, 2025, $5,747 of forfeitures was used to reduce employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results will differ from those estimates.

Note 2: Summary of Significant Accounting Policies - continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2025. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Contributions Receivable

Contributions receivable consists of amounts due to the Plan from the Plan Sponsor and participants as of December 31, 2025. Contributions receivable are stated at the amount expected to be collected.

The Plan accounts for credit losses on participant contributions receivable in accordance with Accounting Standard Codification 326-20, *Financial Instruments — Credit Losses — Measured at Amortized Cost*, which requires an estimate of expected credit losses over the contractual term considering past events, current conditions, and reasonable and supportable forecasts, as applicable; the allowance is recorded as a reduction of participant contributions receivable and changes in the allowance are recognized in the Statement of Changes in Net Assets Available for Benefits. Management evaluates contributions receivable for expected credit losses based on the nature of the receivable, historical collection experience, subsequent collections, and reasonable supportable forecasts, as applicable. Management determined that expected credit losses related to contributions receivable were immaterial as of December 31, 2025; accordingly, no allowance for credit losses was recorded.

Investment Valuation and Income Recognition

Investments held by the Plan at year-end are stated at market value based on quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 3 for discussion of fair value. Receivables are valued at amortized cost. The net unrealized appreciation in the market value of investments is included in investment income. The net unrealized depreciation in the market value of investments is included in deductions.

Payment of Benefits

All benefits payments are recorded as deductions when paid.

Note 2: Summary of Significant Accounting Policies - continued

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation/depreciation of fair value of investments.

Note 3: Fair Value Measurements of Investments

Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") 820, *Fair Value Measurement* defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets that are unadjusted and accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices for identical assets and liabilities in markets that are not active, quoted prices for similar assets and liabilities in active markets or financial instruments for which significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3: Fair Value Measurements of Investments - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 8,297,054	$ -	$ -	$ 8,297,054
Total	$ 8,297,054	$ -	$ -	$ 8,297,054

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 7,130,932	$ -	$ -	$ 7,130,932
Total	$ 7,130,932	$ -	$ -	$ 7,130,932

The following is a description of the valuation methodologies used for assets measured at fair value:

Position Description	Valuation Technique
Mutual funds:	Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Investment Information

Investments consist of mutual funds and participant loans. Investments are held by the Trustee, ADP Retirement Services.

During 2025, the Plan's investments (including investments bought, sold, and held during the year and unrealized gains and losses) increased in value as determined by quoted market prices by $788,465.

Note 5: Termination of Plan

Although the Plan Sponsor has not expressed any intent to do so, it reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all amounts credited to a participant's account become 100% vested.

Note 6: Certification of Investment Information by Custodian

The following is a summary of the Plan's financial information and data certified by ADP Retirement Services for 2025 and Reliance Trust Services for 2024, the third-party Trustees of the Plan for those respective years, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	December 31, 2025	December 31, 2024
Assets:		
Mutual funds	$ 8,297,054	$ 7,130,932
Total Investments at Fair Value	$ 8,297,054	$ 7,130,932

	December 31, 2025
Investment income:	
Dividend income	$ 336,792
Interest income	7,986
Net increase in fair value of investments	788,465
Certified Investment Income	$ 1,133,243

Note 7: Income Tax Status

On October 6, 2020, the Internal Revenue Service determined and informed the Plan Sponsor that the Plan and related trust, were designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter.

The Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, the Plan qualifies under Section 401(k) and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits of any tax periods in progress.

Note 8: Risks and Uncertainties

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate risk, credit risk, economic changes, political unrest, geopolitical instability and regulatory changes. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Note 9: Parties-In-Interest

Officers and board members of the Plan Sponsor are participants in the Plan. The members qualify as parties-in-interest.

Certain plan investments are shares of funds managed by ADP. ADP is the recordkeeper as defined by the Plan and therefore qualifies as a party-in-interest. ADP provides certain administrative services to the Plan and receives indirect revenue from a mutual fund service provider.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest.

Fees paid during the year for legal, accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 10: Subsequent Events

The Plan has evaluated subsequent events through September 01, 2026, the date on which the financial statements were available to be issued.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**
