Independent Auditors' Report

To the Plan Administrator of the
Stova Group, LLC 401(k) Profit Sharing and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stova Group, LLC 401(k) Profit Sharing and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stova Group, LLC 401(k) Profit Sharing and Trust
Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Stova Group, LLC 401(k) Profit Sharing and Trust (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2002, is a defined contribution plan that, prior to January 1, 2023, was available to all employees of Aventri, Inc. who have met the eligibility requirements stipulated by the Plan.

Effective January 1, 2023, Aventri, Inc. (previously named Plan sponsor) was rebranded to Stova Group, LLC (the Company), after the acquisition of Aventri, Inc. by MeetingPlay, LLC and the Plan was amended to include employees from two Stova Group, LLC affiliated companies, MeetingPlay, LLC and Eventcore, LLC. Employees of the affiliated companies were eligible to contribute to the Plan beginning January 1, 2023.

The Plan is administered by the management of the Company (Plan Administrator) and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Effective January 1, 2025 the Plan entered an agreement for ADP Retirement Trust Services, LLC (ADP Trust) act as Trustee of the plan, replacing Reliance Trust Company.

Eligibility

In general, employees are eligible to participate in the Plan upon completing 3 months of employment and attainment of age 18. Employees who meet the eligibility requirements can enter into the Plan at any time by contacting the Plan's record-keeper. The Plan does not provide an automatic enrollment feature.

Contributions

Each year, participants may contribute a dollar amount or percentage from 1% through 90%, in increments of 1%, of their pretax annual compensation as defined by the Plan. Participant contributions are subject to limitations imposed by the Internal Revenue Code, which was $23,500 for 2025 and $23,000 for 2024 (plus $7,500 for eligible catch-up contributions made by participants of the age of 50 and older in 2025 and 2024). Participants may also designate any portion of their contributions as Roth contributions, which are taxable to the participant at the time of deferral.

1. Description of Plan (continued)

The Company may also make a profit-sharing contribution to the Plan. Employees must have 500 hours worked during the Plan year to qualify for the Company profit sharing contribution. The amount of the employer profit sharing contribution, if any, will be determined according to a discretionary formula in an amount determined each year by the Company and will be allocated to each qualifying participant's individual account based on the qualifying participant's compensation in relation to the total compensation of all qualifying participants. There were no employer profit sharing contributions made by the Company to the Plan for the years ended December 31, 2025 and 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans under the rollover provisions of the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals (pre-tax and/or Roth segregated), rollover contributions, safe-harbor matching contributions, allocations of Company profit sharing contributions and Plan earnings (losses). Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant directed transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their elective deferrals, the actual earnings thereon, and Company's matching contributions. The Company profit sharing contributions to qualified participants, and any earnings thereon, are vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Participants are credited with a year of service for 1,000 hours worked during the Plan year.

1. Description of Plan (continued)

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, and a minimum of $1,000, and may only have two loans outstanding at a time. Loans must be repaid over a period of no more than 5 years except in the case of a loan used to acquire a principal residence, in which case the Plan Administrator may permit a longer repayment term, up to 30 years. Payments of principal and interest are made through payroll deductions over the loan period. A loan is secured by the vested balance in the participant's account. The loan bears interest at a rate that is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the note.

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account or through installments over a certain period at the participant's election. Active participants may also withdraw funds from their accounts under certain hardship conditions. In addition, participants may request a distribution of their elective deferrals from the Plan if they are still working and reach the age of 59 ½.

If the vested benefit is less than $5,000, the Plan Administrator may initiate an involuntary distribution. Prior to such distribution, the participant has the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

As recommended by the SECURE Act, the Plan raised the required minimum distribution age from 72 to 73.

Forfeitures

Forfeited non-vested amounts totaled $216 and $196 at December 31, 2025 and 2024, respectively. During the Plan year ended December 31, 2025, $45 of forfeitures were collected, and $25 were used to offset employer contributions. During the Plan year ended December 31, 2024, $370 of forfeitures were collected, and $381 were used to offset employer contributions.

1. Description of Plan (continued)

Administrative Expenses

All costs related to the administration of the Plan, other than loans, distributions and transactions servicing fees, are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various securities, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Benefit Payments

Benefits are recorded when they have been approved for payment and paid by the Plan.

2. Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowances for credit losses have been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded. The interest rates on participant loans outstanding as of December 31, 2025 ranged from 4.25% to 9.50%.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized and unrealized gains (losses).

Fair Value of Financial Instruments

The Plan follows Accounting Standards Codification (ASC) 820 for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Trust and Reliance Trust Company, the Trustees of the Plan, certified to the Plan Administrator as of and for the years ended December 31, 2025 and 2024, respectively, the following information related to their respective investments as complete and accurate, which has been relied on by the Plan Administrator in the preparation of the Plan's financial statements.

- Investment balances at cost and fair value in the aggregate and by fund, as of December 31, 2025 and 2024;

- The amount of notes receivable from the participants plus any accrued but unpaid interest as of December 31, 2025 and 2024;

- Interest and dividend income credited to the Plan, in the aggregate and by fund, for the years ended December 31, 2025 and 2024; and

- Net appreciation (depreciation) in the fair value of Plan investments, in the aggregate and by fund, for the years ended December 31, 2025 and 2024.

4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in the measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

4. Fair Value Measurements (continued)

Investments measured at fair value, at December 31, 2025 and 2024, on a recurring basis are summarized below:

Description	Level 1	Level 2	Level 3	Total
2025				
Investments				
Mutual funds	**$ 12,830,031**	**$ -**	**$ -**	**$ 12,830,031**

Total investments at fair value	$ 12,429,078	$ -	$ -	$ 12,429,078

5. Party–in-Interest and Related Party Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants and interest also reflect party-in interest transactions.

6. Income Tax Status

Effective June 1, 2021, the Plan adopted an ADP Non-Standardized 401(k) Profit Sharing Plan and has chosen to rely on the advisory opinion letter dated October 6, 2020.

Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan has not been amended since receiving its latest advisory opinion letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.
