INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
PipeLife Jet Stream, Inc. Retirement and 401(k) Plan
Siloam Springs, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PipeLife Jet Stream, Inc. Retirement and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and contents of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

PipeLife Jet Stream, Inc. (the "Company") established the PipeLife Jet Stream, Inc. Retirement and 401(k) Plan (the "Plan") on May 17, 2000. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees (other than leased and reclassified employees) of the Company who have at least six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, and in accordance with applicable sections of the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a stable value account option as investments for participants. The Company makes safe-harbor contributions each Plan year equal to 100% on the first five percent of each participant's eligible compensation. The Company may also make a discretionary matching contribution each Plan year to participants equal to four percent of eligible compensation. No additional matching contributions were made for the years ended December 31, 2025, and 2024. Contributions are subject to certain limitations. The Company may also make additional profit-sharing contributions at the discretion of the Company's Board of Directors. To be eligible for-profit sharing contributions, participants must be employed on the last day of the Plan year, unless due to death, disability, or retirement. Allocations are based on the proportion of each participant's compensation to the total of all participants' eligible compensation. During the years ended December 31, 2025, and 2024, the Company made profit sharing contributions totaling $243,265 and $0, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and Plan earnings. Each participant's account is also charged with an allocation of administrative expenses (if paid by the Plan's Trust). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions, plus actual earnings thereon, and their employer safe-harbor contributions. Vesting in the Company's discretionary contribution and profit-sharing portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in their account after five years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures may be used to pay administrative expenses of the Plan, be reallocated as additional profit-sharing contributions, or to offset employer contributions. Unallocated forfeitures were $39,635 and $78,728 as of December 31, 2025 and 2024, respectively. During 2025 and 2024, $55,746 and $39,749, respectively, were used to pay administrative expenses of the Plan, be reallocated as additional profit-sharing contributions, or to offset employer contributions.

Payment of Benefits

Upon termination of service, due to termination, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance or annual installments from the Plan. Participants may also delay distributions of their vested balance until the age of 72. Participants with a vested account balance of $5,000 or less may not postpone their distribution until a later date. The Company may distribute the vested balance as a lump-sum to the participant without the participant's consent. There were no benefits payable to participants as of December 31, 2025 and 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Investments in registered investment companies are valued at quoted market prices, which represent the net asset value of units held by the Plan at year-end. The common/collective trust contains investments in guaranteed investment contracts, which are valued at contract value. However, because these investments are indirectly owned by the Plan, the common/collective trust itself is reported at fair value on the statements of net assets available for benefits (modified cash basis). The Plan's interest in the common/collective trust are valued based on information reported by the trustee using financial statements of the common/collective trust at year-end. The net appreciation in fair value of investments consists of realized gains and losses and unrealized appreciation on investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The cost basis of investment securities used in determining net appreciation in the fair value of investments is determined using the average cost method. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (FASB ASC) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued based on quoted net asset value (NAV) of the shares held by the Plan at year-end.

Stable Value Account: Valued at the NAV, which is considered a practical expedient for fair value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Redemptions are available with a twelve month notice period.

Common/Collective Trust Funds: The T. Rowe Price Stable Value Fund and Fidelity Managed Income Portfolio Class 1 Stable Value Fund common/collective trust is comprised of fully benefit-responsive investment contracts valued based on the net asset value (NAV) of units held by the Plan at year-end, which is considered a practical expedient to estimate fair value. As described in Note 2, because the investment contracts are indirectly owned by the Plan, the common/collective trust is reported at fair value of the statement of net assets available for benefits. The Plan has no unfunded commitments related to any of these investments, and there are no Plan initiated redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
