Independent Auditor's Report

To the Plan Administrator
Information Systems Audit and Control Association (ISACA) 401(k) Retirement Plan
Schaumburg, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Information Systems Audit and Control Association (ISACA) 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter

The 2024 financial statements of the Plan were audited by other auditors, whose report dated October 7, 2025 expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4(i)- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Information Systems Audit and Control Association (ISACA) 401(k) Retirement Plan (the "Plan") is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Information Systems Audit and Control Association, Inc. (“ISACA” or the “Company”). The Plan was established effective February 1, 2010, as amended, and is subject to the provisions of ERISA, as amended. The Company is the Plan Sponsor. The Plan’s custodian and recordkeeper is Principal Trust Company (the “Custodian” and “Record-keeper”). The Plan Sponsor has appointed a Plan Administrator from the Company to manage the day-to-day operations of the Plan.

Participation

There are no age or service requirements for participation in the Plan, and all employee groups are eligible. Eligible employees may participate immediately upon meeting the Plan's eligibility requirements.

Contributions

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan, subject to applicable Internal Revenue Service ("IRS") limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions up to the annual limits established by law. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Employees are automatically enrolled in the Plan upon becoming eligible, with a default deferral rate of 5% of eligible compensation. Participants may elect to change or discontinue their deferral elections at any time.

The Company makes safe harbor matching contributions each pay period on behalf of eligible participants equal to 100% of the first 5% of eligible compensation contributed to the Plan. Employer matching contributions are made in accordance with the provisions of the Plan and are subject to applicable regulatory limitations.

Participant Accounts

Participant account balances are credited with the participant's contributions, employer contributions, and an allocation of Plan earnings. Participant accounts are charged for withdrawals and distributions, allocated administrative expenses, and any applicable investment losses. Allocations are made based on participant contributions, investment earnings, eligible compensation, account balances, or specific participant transactions, as provided under the terms of the Plan. The benefit to which a participant is entitled is based on the participant's vested account balance.

Participants direct the investment of their account balances among the investment options available under the Plan, and account balances fluctuate based on the performance of the selected investments.

Vesting

Participants are 100% vested in their individual deferral, Roth, rollover, and employer matching contributions and the allocated earnings thereon.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts an amount not exceeding the lesser of $50,000 or 50% of their vested account balance, subject to a minimum loan amount of $1,000. Only one loan may be outstanding at any time. Loans generally have repayment terms ranging from one to five years, except for loans used to purchase a participant's primary residence, which may have longer repayment terms. The notes receivable are secured by the balance in the participant's account and bear interest at a rate that are commensurate with market rates for similar loans as determined by the plan administrator. Principal and interest are paid through payroll deductions. Delinquent loans are treated as deemed distributions in accordance with the terms of the Plan.

Payment of Benefits

Upon termination of service, a participant is entitled to receive the vested value of his or her account balance. Account balances less than $5,000 are automatically distributed in accordance with the terms of the Plan. Participants, or their beneficiaries in the event of the participant's death, may elect to receive their vested account balances in a lump-sum payment or in installments over a selected period, subject to Plan provisions. Active participants who attain age 59½ may also take in-service distributions from the Plan. In addition, participants experiencing an immediate and heavy financial need may be eligible to receive hardship distributions as defined by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (IRC) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable at December 31, 2025 or 2024.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. Fees related to individual withdrawals, distributions, refunds, and redemption costs are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Termination

Although the Company currently intends to continue the Plan, it reserves the right to amend, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in any employer contributions and related investment earnings credited to their accounts.

Plan Adoptions

The Plan has been amended to address the required changes enacted pursuant to the Setting Every Community Up for Retirement Act (SECURE 2.0 Act). Provisions of the SECURE 2.0 Act that the Plan has adopted or implemented include the following:

- Higher catch-up limit for participants ages 60-63 (effective January 1, 2025).
- Roth treatment of catch-up contributions for participants whose prior-year FICA wages exceed the applicable statutory threshold (effective January 1, 2026).

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). Additionally, securities investments are reflected at fair value.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Delinquent participant loans are classified as deemed distributions in accordance with the terms of the Plan and applicable tax regulations. Deemed distributions are reported as taxable distributions to participants but remain included in notes receivable from participants until a distributable event occurs, at which time the outstanding loan balance is offset against the participant's account and recorded as a benefit payment.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or by the Company in accordance with the provisions of the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain participant-specific fees are charged directly to individual participant

accounts and are included in administrative expenses. Investment-related expenses are reflected in net appreciation (depreciation) in the fair value of investments.

Payment of Benefits

Payment of participant benefits is recorded when paid.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA and accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, has certified that the following investment and participant notes receivable information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

• Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

• Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

• Investment information included in the schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting standards, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's rules and regulations for reporting and disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds (Registered Investment Companies)

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed-income securities. Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Pooled Separate Accounts

Pooled separate accounts are valued at the NAV of participation units reported by the respective fund managers and recent transaction prices. The pooled separate accounts are generally limited to one redemption during each 30-day period.

Common Investment Trust

Collective investment trusts ("CIT") are valued at the net asset value ("NAV") of units held by the Plan, as reported by the trustee or fund manager. NAV is used as a practical expedient to estimate fair value.
The Plan's stable value collective trust invests in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and mutual funds. The fair value of the Plan's interest in the fund is based on the NAV per unit reported in the fund's audited financial statements. The fund permits daily redemptions at NAV for participant transactions, including benefit payments, participant loans, transfers between investment options, and payment of administrative expenses. Withdrawals for other purposes generally require 12 months' advance notice to the fund trustee. NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with that used by other market participants; however, the use of different assumptions could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 45,088,030**	**$ -**	**$ -**	**$ 45,088,030**
Total Investments, at fair value	**$ 45,088,030**	**$ -**	**$ -**	**$ 45,088,030**
Collective investment trusts, measured at NAV*				**1,102,474**
Pooled separate account, measured at NAV*				**6,316,890**
Total Investments, at NAV*				**7,419,364**
Investments, at fair value				**$ 52,507,394**

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,680,027	$ -	$ -	$ 36,680,027
Total Investments, at fair value	$ 36,680,027	$ -	$ -	$ 36,680,027
Collective investment trusts, measured at NAV*				1,114,158
Pooled separate account, measured at NAV*				4,526,180
Total Investments, at NAV*				5,640,338
Investments, at fair value				$ 42,320,365

***** In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

5. Risks and Uncertainties

The Plan provides for participants to invest in a combination of funds. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year).

6. Tax Status

The Plan operates under a non-standardized pre-approved plan document that received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the Plan, as then

designed, complied with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the issuance of the opinion letter, Plan management believes that the Plan is currently designed and operated in compliance with the applicable provisions of the IRC and, therefore, continues to maintain its qualified status.

Generally accepted accounting principles in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it is more likely than not that a tax position would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine examinations by taxing authorities; however, no audits for any tax periods were in progress as of December 31, 2025 or 2024. Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2022.

7. Related Party and Party-in-Interest Transactions

Certain Plan transactions are administered by Principal and its affiliates, which serve as service providers to the Plan. Accordingly, investments managed by Principal, fees paid to Principal and its affiliates, participant loans, and other transactions involving service providers qualify as party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules. The Plan made direct payments to the recordkeeper of $122,383 for the year ended December 31, 2025. Certain administrative functions are performed by employees of the Company, for which no compensation is paid by the Plan. The Company pays certain administrative expenses on behalf of the Plan, while other allowable expenses are paid directly from Plan assets in accordance with the terms of the Plan.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,		**2025**		2024
Net assets available for benefits per the financial statements	**$**	**53,177,664**	$	42,948,993
Less: Difference in contract value over estimated fair value of investment in stable value collective trust		**(35,511)**		(69,866)
Net Assets Available for Benefits Per the Form 5500	**$**	**53,142,153**	$	42,879,127

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

Year ended December 31,		**2025**
Net increase in net assets available for benefits per the financial statements	**$**	**10,228,671**
Less: Change in difference in contract value over estimated fair value of investment in investment contract and stable value fund		**34,355**
Net Income Per the Form 5500	**$**	**10,263,026**

9. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.
