Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements
We have performed audits of the financial statements of the Symrise Nutrition NA Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Symrise Nutrition NA Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Symrise Nutrition NA Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Symrise Nutrition NA Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Symrise Nutrition NA Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified in the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets held for investment purposes, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the information in the supplemental schedule, other than the information agreed to or derived from the certified investment information, is presented, including the form and content, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material aspects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYMRISE NUTRITION NA RETIREMENT PLAN

NOTES TO FINANCIAL STATMENTS

- -

Years Ended December 31, 2025 and 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the Symrise Nutrition NA (Company) Retirement Plan provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General – The Plan is a defined contribution multiple employer plan covering all employees of American Dehydrated Foods, LLC as well as International Dehydrated Foods, LLC, Food Ingredients Technology Company, LLC, and IsoNova Technologies, LLC. (Companies) which have adopted the plan as participating employers. The plan was amended, effective January 1, 2022, to merge-in the plans of Diana Food, Inc. 401(k) Plan and SPF North America, Inc. 401(k) Profit Sharing Plan and to add them as participating employers. The plan was amended again, effective January 1, 2024, to merge-in the plan of Kalsec, Inc. Employees' Profit Sharing Plan and to add the employer, Videka, LLC, as a participating employer. The plan was amended again, effective December 21, 2025, to remove Videka, LLC as a participating employer. All former Videka, LLC employees were transitioned to SPF North America, Inc. effective September 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, the Companies contribute to the Plan such amounts as determined solely by each Companies' board of directors in the form of a profit sharing contribution. Following a plan restatement on August 1, 2021, the profit sharing contribution became a discretionary non-elective contribution. Employees hired after the Plan restatement are not eligible for the discretionary non-elective contribution. In addition, the plan restatement allowed participants to contribute a portion of their annual compensation, as defined by the Plan document, by way of salary reductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. The Companies also make a safe harbor employer matching contribution each year. In 2025 and 2024, the Company contributed 200% of each participants' eligible contributions up to 3% of annual compensation for a maximum matching contribution of 6% of annual compensation. Contributions are subject to certain IRS limitations.

Participant accounts – The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant's account is credited with an allocation of (a) the Companies' profit sharing contribution, (b) Plan earnings reduced by an allocation of administrative expenses, (c) forfeiture of terminated participants' nonvested accounts and (d) participant's elective contributions and the related Safe Harbor matching contribution from the Companies. Each Company's profit sharing contribution is allocated to participants actually employed by the Company during the plan year and employed on the last day of the plan year.

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Participant accounts – continued – Forfeitures are allocated to participants of the Company which actually employed the forfeited participant. Company non-elective discretionary (profit sharing) contributions and forfeitures are allocated as follows for 2025 and 2024:

First tier – in the ratio that each participant's compensation plus compensation in excess of the social security taxable wage base, subject to IRS limitations, bears to the total compensation plus total excess compensation for all participants. The first tier allocation, as a percentage of each participant's compensation plus excess compensation, may not exceed 5.7 percent.

Second tier – amount of remaining contributions and forfeitures are allocated according to the ratio of each participant's compensation, subject to IRS limitations, to the total compensation of all participants.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon and the safe harbor matching employer contributions and actual earnings thereon. Vesting in the Companies' profit sharing and any additional employer matching contribution portion of their accounts are based on years of service. Employees of International Dehydrated Foods, LLC, Food Ingredients Technology Company, LLC, and IsoNova Technologies, LLC will become 100% vested in the profit-sharing portion of their account balance after six years of credited service. Employees of Diana Foods, Inc. who were hired prior to January 1, 2024 become 100% vested in the profit sharing and discretionary employer matching contribution portion of their accounts after three years of credited service. Employees of SPF North America, Inc. who were hired prior to January 1, 2024 become 100% vested in the profit sharing and discretionary employer matching contribution portion of their accounts immediately. Employees of Videka, LLC. are 100% vested in the all sources of their account balances immediately. A participant becomes 100% vested in their entire account balance upon death or disability. The non-vested balance is forfeited upon termination of service.

Notes receivable from participants – The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants are allowed to have no more than two loans outstanding at any time. The minimum amount of the loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balances restricted to the lesser of $50,000 or one half of the value of the participant's vested account balance (as of the valuation date immediately preceding the date on which such loan is approved). All loans are secured by the pledge of the participant's vested account balance, not to exceed the balance of the loans, and are repayable over a period not to exceed five years (except for loans for the purchase of a principle residence) through payroll withholdings unless the participant is paying the loan in full.

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Notes receivable from participants – continued – Interest on the loans is based on the published prime rate +1% as of the date the loan is processed. Notes receivable from participants are measured at their unpaid principal balance. If a participant terminates employment, the loan is immediately due. A loan is considered to be in default if a participant fails to make all or any part of a required loan repayment by the end of the calendar quarter following the quarter in which such payment was due. Outstanding loan balances in default will be treated as outstanding for purposes of determining any future loan amounts. In the event of default, the outstanding balance of the loan, including accrued interest, will be treated as a deemed distribution subject to federal income tax. At December 31, 2025, $62,316 of the total outstanding loans of $2,196,275 were in default status. At December 31, 2024, $57,581 of the total outstanding loans of $2,129,390 were in default status The defaulted loans include the original defaulted principle plus accrued interest.

Payment of benefits – If the participant ceases to be an employee of the Company and his or her account balance is less than $5,000, the entire vested account balance may be payable to the participant or his or her beneficiaries in a single lump-sum payment, partial withdrawal, or installment payments. Participant balances in excess of $5,000 may remain in the Plan until such time the participant elects to receive a distribution. In-service distributions are also allowed if the participant reaches age 59½ or if the participant has a financial hardship.

Forfeited accounts – Participants who terminate their employment and are less than 100% vested in their account will forfeit the non-vested portion. Forfeited nonvested accounts may be used to reduce employer contributions, pay plan expenses, or be allocated as additional company contributions in the plan year forfeited. Forfeitures were allocated as an additional profit sharing contribution for the twelve months ended December 31, 2025 and 2024 as follows:

	12/31/25
International Dehydrated Foods, LLC	$ 17,935
Food Ingredients Technology Company, LLC	16,760
IsoNova Technologies, LLC	118,861

	12/31/24
International Dehydrated Foods, LLC	$ 231,778
Food Ingredients Technology Company, LLC	48,391
IsoNova Technologies, LLC	65,224

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Forfeited accounts – continued – In addition, $10,212 worth of forfeitures were used to reduce employer safe harbor matching contributions for the year ended December 31, 2025. No forfeitures were used to reduce employer safe harbor matching contributions for the year ended December 31, 2024. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $238,814 and $417,716, respectively.

Investment options – Participants direct the investment of all contributions into various investment options offered by the plan. The plan currently offers various mutual funds and a stable value common collective trust fund as investment options for participants.

Basis of accounting – The financial statements of the Plan are presented in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income includes dividend, interest, and capital gain reinvestments. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits – Benefit payments to participants are recorded upon distribution.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events – The plan has evaluated subsequent events through September 9, 2026, the date the financial statements were available to be issued.

NOTE 3: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4: PARTY-IN INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of investments managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in interest transactions. The Plan incurs expenses related to general administration and record keeping. The plan sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

NOTE 5: PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the Companies by letters dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2022.

NOTE 7: SEPARATED PARTICIPANTS

At December 31, 2025 and 2024, $17,280,864 and $13,797,061, respectively, of the net assets available for benefits are for those participants who have separated from active service with the participating employers.

NOTE 8: RISKS AND UNCERTAINTIES

The plan invests in a variety of investment funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 106,176,351	-	-	106,176,351

Mutual funds	$ 91,628,627	-	-	91,628,627
Total assets in the fair value hierarchy	91,628,627	-	-	91,628,627
Investments measured at net asset value[(a)]	-	-	-	2,669,522
Total assets at fair value	$ 91,628,627	-	-	94,298,149

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value CCT	$2,062,987	n/a	Daily	90 Days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value CCT	$2,669,522	n/a	Daily	90 Days

NOTE 10: EXCESS CONTRIBUTIONS

Benefit distributions for the twelve months ended December 31, 2025 and 2024 do not include payments of $37,307 and $70,413, respectively, made to certain active participants to return to them excess contributions as required to satisfy the annual compliance testing undergone by the Plan. These amounts were included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2025 and 2024.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 112,345,191	98,487,846
Less: deemed distributions for defaulted and not foreclosed loans	(62,316)	(57,581)
	$ 112,282,875	98,430,265

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 – CONTINUED

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
