INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
DPT Laboratories, LTD. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the DPT Laboratories, LTD. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DPT LABORATORIES, LTD. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024 AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the DPT Laboratories, LTD. 401(k) Plan ("the Plan") provides only general information. For a complete description of the Plan, please refer to the Plan document.

General — The Plan is a defined contribution plan that covers substantially all employees of DPT Laboratories, LTD. (the "Plan Administrator", the "Plan Sponsor", or the "Company") and affiliated companies participating in the Plan who have completed 30 days of service and are age 18 or older. Certain employees of the Company are members of a union that provides retirement benefits. These employees are not eligible to participate in the Plan. Eligible participants are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is a wholly owned subsidiary of Viatris Inc.

Contributions — The Company may, at its discretion, make a primary matching contribution of the participant's contribution, limited to 5% of the participant's annual compensation, as defined by the Plan. For 2025, the Company matched 50% of the participant's contribution up to 5% of the participant's annual compensation. Participants eligible to receive matching contributions are those who are employed on December 31 for the respective year, were on a leave of absence on the last day of the plan year, or died or became disabled while an employee or terminated employment after attaining early or normal retirement age. Secondary profit sharing amounts may be contributed at the option of the Company's Board of Directors. No secondary profit sharing amounts were made for 2025. Company contributions are subject to certain limitations.

Participants may elect to contribute up to the Internal Revenue Code ("IRC") maximum for 2025 of $23,500. The Plan contains an automatic deferral feature in which the participant will be automatically enrolled into the Plan, once eligible, at a contribution rate of 5% of compensation, as defined by the Plan. Participants can make an election not to participate, or choose a different percentage deferral. Participants who have attained age 50 before the end of the Plan year are eligible to contribute an additional catch-up contribution, up to the IRC maximum of $7,500 for 2025, other than participants aged 60 to 63 who are eligible to contribute a higher additional pre-tax catch-up contribution of $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan permits Roth contributions and in-plan Roth rollovers. Additionally, rollover contributions from pre-tax distributions from annuity contracts under IRC 403(b), Roth distributions and in-plan Roth rollovers from qualified plans are permitted.

Trustee and Recordkeeper — The Plan's assets are held by Bank of America N.A. (the "Trustee"). The recordkeeper of the Plan is Merrill Lynch, Pierce, Fenner, and Smith Incorporated (the "Recordkeeper").

Participant Accounts — Participants direct the investment of their contributions into various fund options offered by the Plan. Participants can change their investment options on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in the applicable life cycle fund based on the participant's age until the participant changes the investment election. Company contributions are allocated to the participant's investment options in the same manner as that of the participant's elective contributions.

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching contributions have a graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 1 year	— %
1 year	25 %
2 years	50 %
3 years	75 %
4 years	100 %

Notes Receivable From Participants — Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Principal and interest are paid through payroll deductions. The maximum term of a loan is 30 years for primary residence loans and five years for other general purpose loans.

Payment of Benefits — On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or periodic payments as defined by the Plan. Any balance under $5,000 is automatically paid out as soon as administratively possible. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are also available subject to certain limitations.

Forfeitures — Participant forfeitures of nonvested balances will be used to reduce future expenses of the Plan and employer contributions. In the event there are Plan expenses or employer contributions for which the forfeitures can be used, the forfeitures are allocated annually to the participants per the Plan document. During 2025, no plan expenses or employer contributions were reduced using forfeited nonvested accounts. At December 31, 2025 and 2024, the forfeiture balance amounted to $197,831 and $125,949, respectively.

Administrative Expenses — Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. The Plan Administrator has adopted uniform and nondiscriminatory procedures to allocate these expenses to participant accounts. Expenses incurred by the investments are netted against earnings of the respective funds in the Statement of Changes in Net Assets Available for Benefits. Expenses paid by the Plan sponsor are not material and excluded from these financial statements. Loan administration fees are paid by the participant electing the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan Administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting — The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates — The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable From Participants — Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits — Benefits are recorded when paid.

3. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan's assets.

4. INVESTMENTS (FAIR VALUE MEASUREMENTS)

Financial Accounting Standards Board's ("FASB's") Accounting Standards Codification ("ASC"), *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurement and Disclosures*, are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 — Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 2 inputs.

Level 3 — Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 3 inputs.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value are classified in the tables below:

	December 31, 2025	
	Level 1	Total
Interest Bearing Cash and Cash Equivalents	$ 154,846	$ 154,846
Mutual Funds	45,319,022	45,319,022
Total Assets in the Fair Value Hierarchy	45,473,868	45,473,868
Investments Measured at Net Asset Value [1]		
Common/Collective Trusts	—	32,083,229
Total Assets at Fair Value	$ 45,473,868	$ 77,557,097

	December 31, 2024	
	Level 1	Total
Interest Bearing Cash and Cash Equivalents	$ 859,304	$ 859,304
Mutual Funds	44,658,698	44,658,698
Total Assets in the Fair Value Hierarchy	45,518,002	45,518,002
Investments Measured at Net Asset Value [1]		
Common/Collective Trusts	—	34,412,269
Total Assets at Fair Value	$ 45,518,002	$ 79,930,271

[1] In accordance with ASU 2015-07, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified on the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy.

At December 31, 2025 and 2024, there were no liabilities held by the Plan. While the Plan believes its valuation methods used to assess the classification of financial instruments within the hierarchy are appropriate, the use of different methodologies or assumptions could result in a change in a financial instrument's fair value tier from year to year. In such instances, a transfer would be reported at the beginning of the reporting period.

Following is a description of the valuation methodology used for assets measured at fair value:

- *Interest bearing cash and cash equivalents* — The Plan considers to be cash and cash equivalents all highly liquid investments and demand deposits in banks and financial institutions with an initial maturity of 90 days or less.
- *Mutual funds* — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/collective trusts* — Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The redemption frequency of assets for which fair value is estimated using NAV per share is immediate, and there is no redemption notice period. There are no unfunded commitments at December 31, 2025 and 2024. At December 31, 2025 and 2024, the Plan invested in the following collective funds: Northern Trust S&P 500 Tier 3, Northern Trust Collective EAFE Index Tier 3, Northern Trust S&P MCAP Tier 3, and the Galliard Stable Return Fund E. These funds invest in a diversified pool of high quality stocks, bonds, and other short-term investments, together with book value contracts and guaranteed investment contracts, of varying maturity, size and yield.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. At December 31, 2025 and 2024, the Plan held $195 and $38,605, respectively, of cash and cash equivalents maintained by BlackRock Liquidity Fund and BlackRock Liquidity Fund, Pending Settlement Fund, which are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan sponsor contributions.

7. TAX STATUS

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

The Plan adopted a non-standardized form of a prototype Plan with Merrill Lynch, Pierce, Fenner, and Smith Incorporated. The prototype plan received an opinion letter from the IRS dated June 30, 2020 as to the prototype Plan's qualified status.

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

8. RISKS AND UNCERTAINTIES

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through July 15, 2026, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements, except as disclosed in the following paragraph.

In 2025, Viatris initiated an enterprise-wide strategic review ("EWSR") to enable Viatris to build a more focused, efficient and future-ready organization and position Viatris for sustained growth beginning in 2026. On February 26, 2026, Viatris announced the results of its EWSR, and as a part of the review, committed to and began implementation of certain restructuring activities. These restructuring activities are expected to optimize Viatris' commercial capabilities, enabling functions, R&D, medical affairs and regulatory activities, and sourcing, manufacturing and supply chain activities, including inventory optimization. As a result, Viatris expects a global workforce reduction of up to approximately 10%. Viatris anticipates that these restructuring activities, as well as associated costs and savings, will be completed primarily over the next three years. The Plan is still assessing the potential impact to the Plan.
