INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
Waring Oil Company, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Waring Oil Company, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025; and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Waring Oil Company, LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Waring Oil Company, LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about Waring Oil Company, LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Waring Oil Company, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about Waring Oil Company, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i — Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule (modified cash basis) that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A. DESCRIPTION OF PLAN

The following description of Waring Oil Company, LLC Retirement Savings Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General Employees are eligible to participate in the Plan on the next eligibility date after they have completed a full year of service and attained the age of twenty-one (21). Eligibility dates are January 1 and July 1. After eligibility has been established, employees must complete one thousand (1,000) hours of service during the Plan year to receive matching Company contributions. At December 31, 2025 and 2024, there were 169 and 156 participants, respectively, with account balances in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions Participants may contribute 100% of their pretax annual compensation, as defined in the Plan, up to an annual dollar limit of $23,500 and $23,000 in 2025 and 2024, respectively. Participants who have attained the age of fifty (50) before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. At its discretion, the Company may make matching contributions on behalf of all participants who make pretax contributions during the Plan year, provided the participants are still actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. In the years ended December 31, 2025 and 2024, the Company made matching contributions of 60% of the amount of each participant's pretax contributions, up to 10% of the participant's compensation for the Plan year.

Participant Directed Accounts Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participants' wages or account balances, as defined. Participants direct their investment options at the time of enrollment and may request changes throughout the year. At both December 31, 2025 and 2024, 100% of investments were participant–directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their pretax contributions plus any earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after six (6) years of credited service.

Continued

NOTE A. DESCRIPTION OF PLAN — CONTINUED

Administrative Expenses Significant costs of Plan administration, other than those allocated to participants, are paid by the employer.

Payment of Benefits On termination of service due to death, disability, hardship, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, to receive a single-sum distribution of a portion of the participant's vested interest in their account, or to receive installments on the dates and in the amounts selected by the participant. In the case of termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures Forfeitures are used to reduce the amounts of subsequent employer matching contributions. At December 31, 2025 and 2024, $15,317 and $10,745, respectively, were available to reduce future employer contributions.

Participant Loans Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest based on the prime rate published in the *Wall Street Journal* on the first business day of each month plus 1%. Once the participant's loan rate is established, that interest rate will remain fixed for the life of the loan. Current rates in effect range from 5.25% to 10.50%. Principal and interest are paid ratably through monthly payroll deductions. Participant loans are valued at cost, which represents their outstanding balances.

Concentration of Credit Risk for Cash Held at Uninsured Institutions The Plan maintains cash balances in money market funds. Such balances are not insured.

NOTE B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The Plan's financial statements and supplemental schedule were prepared under the modified cash of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Investments are also reported at market value rather than historical cost.

Continued

NOTE B. SUMMARY OF ACCOUNTING POLICIES — CONTINUED

Estimates The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates and could occur in the near term.

Payment of Benefits Benefits are recorded when paid. At December 31, 2025 and 2024, $1,118,454 and $1,539,955, respectively, of vested benefits were held by the Plan for separated participants.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note G for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in the fair value of investments.

NOTE C. TAX STATUS

The Plan has not applied to the Internal Revenue Service for a determination letter as of this date. However, Empower Retirement, LLC received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022, for its Non-Standardized Pre-Approved Profit-Sharing Plan With CODA. This letter stated that the pre-approved plan was acceptable under the Internal Revenue Code for use by employers for the benefit of their employees. Waring Oil Company, LLC Retirement Savings Plan was amended under this pre-approved plan; therefore, according to the favorable opinion letter, Waring Oil Company, LLC Retirement Savings Plan can rely on this letter with respect to the qualification of the Plan under the Internal Revenue Code. The Plan has been amended since receiving the favorable opinion letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. In evaluating the Plan's tax provisions and accruals, future taxable income, and the reversal of temporary differences, interpretations and tax planning strategies are considered. The Plan believes its estimates are appropriate based on current facts and circumstances.

NOTE D. INVESTMENTS — INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2025 and 2024, the Plan's investments were held by the trustee. The following is a summary of the Plan's financial information, which is included in the financial statements and the supplemental schedule, Schedule H, Line 4i — Schedule of Assets (Held at End of Year), based on information certified by Empower Trust Company, LLC for the years ended December 31, 2025 and 2024, is complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act.

Terminated participants in 2025 held balances of $22,363, including $21,092 in principal and $1,271 in interest, in notes receivable from participants that were deemed distributions in 2025.

NOTE F. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE G. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted

Continued

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

quoted prices in active markets for identical assets or liabilities and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities; and Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs determined by an independent third party to value its insurance company general account. No Level 3 inputs were available to the Plan during 2025 and 2024. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

What follows is a description of the valuation methodologies used for assets measured at fair value.

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

Level 1 Fair Value Measurements

The fair value of mutual funds is based on the quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the quoted market prices in an active market.

Level 2 Fair Value Measurements

The funds held in an insurance company's general account are not actively traded. Therefore, significant other observable inputs were obtained through a report provided by an independent third party. The fair market value of the funds held in an insurance company's general account was determined by a market value formula. The report states that the fair value of the funds held in an insurance company's general account at December 31, 2025 and 2024 was $949,870 and $1,016,156, respectively.

The following tables summarize assets measured at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

The Plan invests in pooled separate accounts and common/collective trusts, which are not actively traded. Therefore, the Plan obtained significant other observable inputs from a report provided by an independent third party. The pooled separate accounts and common/collective trusts are divided into investment divisions called subaccounts. Each subaccount invests in shares of an underlying mutual fund. Subaccounts are measured in terms of accumulation units. Each day, accumulation units are assigned a unit value determined by multiplying the prior day's accumulation unit value by the net investment factor. The net investment factor measures a subaccount's investment performance from one day to the next.

The net investment factor for each subaccount equals the underlying mutual fund's net asset value per share minus any daily mortality, expense risk, and administration charges. The shares of the underlying mutual fund are valued at net asset value on a daily basis. According to the report provided by an independent third party, the combined values of interest in pooled separate accounts and common/collective trusts at December 31, 2025 and 2024 were $4,521,901 and $4,992,558, respectively. The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2025 and 2024, respectively.

NOTE H. PLAN AMENDMENTS

The Plan was amended effective December 1, 2024 to allow employees from newly acquired entities to participate using their original hire dates for eligibility, allocation, and vesting purposes.

The Plan was amended effective January 1, 2025 to retain a $5,000 involuntary cash-out threshold (consent required above that amount for distributions before the later of normal retirement age or age 62), and to lower the automatic individual retirement account (IRA) rollover threshold to $0.01 — so any mandatory distribution over one cent, including rollover contributions, is directly rolled over to a Plan Administrator-selected IRA absent an affirmative election by the participant.

The Plan was amended effective September 26, 2025 to allow employees from newly acquired entities to participate using their original hire dates for eligibility, allocation, and vesting purposes.

NOTE I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.
