Retirement Plan Committee
HF Sinclair Corporation
2323 Victory Ave Suite 1400
Dallas, Texas 75219

We have audited the financial statements of the HF Sinclair Corporation 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2025, and we will issue our report thereon dated September 24, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 13, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the HF Sinclair Corporation 401(k) Retirement Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> *Plan Management's estimate of the fair value of investments in Note 4. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.*

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> *The disclosure of the information that we did not audit, based on your election under 29 CFR 2520.103-8, as described in Note 3 to the financial statements.*

Significant risks are defined as identified and assessed risks of material misstatement that, in the auditor's professional judgment, require special audit consideration. They are not an indication that a misstatement is present or expected to be present, nor are they assumed to be a deficiency or material weakness in internal control. Significant risks do, however, require us to perform specific audit procedures to address. We have identified the following significant risks of material misstatement as part of our audit procedures:

1) Management override of controls.
2) Ineffective or weak control environment, and failure to implement complementary user entity controls deemed necessary by service providers.
3) Contributions and loan repayments are not remitted in a timely manner and in accordance with the Plan's provisions and DOL requirements.
4) Incorrect definition of compensation.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified no such reportable findings.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 24, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings, Issues, or Recommendations

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Inconsistencies in Demographic Data

Issue:	During our testing of participant data, we noted instances in which employee demographic data maintained for Plan purposes was incomplete or inaccurate, including dates of termination that did not agree to the Company's human resources and payroll records. Although the exceptions did not affect the transactions we tested, inaccurate demographic data could affect other Plan determinations, including vesting and forfeitures (employer retirement contributions and alternative matching contributions are subject to vesting schedules), eligibility for employer retiree health contributions (which depend on severance of employment, age, and years of service), and required minimum distributions
Recommendation:	We recommend that management implement a periodic (at least quarterly) reconciliation of employee demographic data, including hire, rehire, and termination dates, between the Company's human resources and payroll systems and the recordkeeper's records, with documented review and timely correction of differences.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of those charged with governance, management and administrators, as appropriate, of the HF Sinclair Corporation 401(k) Retirement Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

The CJ CPA Group, PLLC

Report of Independent Auditors

The Retirement Plan Committee of the
HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CJ GROUP
CPAs AND ADVISORS

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

THE CJ GROUP
CPAs AND ADVISORS

Auditors' Responsibilities for the Audit of the Financial Statements (continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CPAs AND ADVISORS

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the HF Sinclair Corporation Legacy Puget Sound Refinery 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering eligible employees of HF Sinclair Corporation (the "Company" or the "Plan Sponsor") who are covered by a collective bargaining agreement at the Company's Puget Sound Refinery. The Plan was established effective November 1, 2021, in connection with the Company's acquisition of the Puget Sound Refinery and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE 2.0 Act
The Consolidated Appropriations Act, 2023, which includes the SECURE 2.0 Act of 2022 ("SECURE 2.0"), was signed into law on December 29, 2022. SECURE 2.0 contains numerous provisions affecting retirement plans, some mandatory and some optional, with effective dates extending through 2033. Plan management implements applicable mandatory provisions as of their required effective dates and continues to evaluate optional provisions. Amendments to the plan document to reflect SECURE 2.0 must be adopted by the deadline established by the Internal Revenue Service ("IRS"), currently December 31, 2026.

Effective January 1, 2025, the Plan implemented the increased catch-up contribution limit for participants who attain ages 60 through 63 during the calendar year. Effective January 1, 2026, catch-up contributions made by participants whose Federal Insurance Contributions Act ("FICA") wages from the Company for the preceding calendar year exceeded $150,000 are required to be designated as Roth contributions. These provisions did not have a material effect on the Plan's financial statements.

Plan Amendment
Effective January 1, 2024, the Plan was amended and restated to exclude all non-bargaining employees from the Plan.

Eligibility
Non-highly compensated non-bargaining employees and collective bargaining employees who were providing services to Equilon Enterprises LLC d/b/a Shell Oil Products prior to the effective date of the Plan, and employees who are providing services to Puget Sound Refinery are immediately eligible to participate in the Plan and are automatically enrolled at a default pre-tax deferral rate of 6%. All non-bargaining employees are excluded from the Plan.

1. Description of Plan (continued)

Contributions

Participant Contributions
Each year, participants may contribute up to 75% of eligible compensation, as defined by the Plan, not to exceed IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who are between the ages 60 and 63 are eligible to make increased catch-up contributions as defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Matching Contributions
The Plan provides for employer matching contributions for all eligible employees equal to 100% of elective deferrals up to 6% of covered compensation. Matching contributions are calculated based on elective deferral contributions and compensation for the plan year. Matching contributions are made for all persons who were active participants at any time during that payroll period. Employer matching contributions are recorded in the year in which the respective employee contributions are withheld from compensation. Each year, the Company calculates and contributes a true-up related to the employer match. For the year ended December 31, 2025, the Company's employer matching contributions totaled $2,623,046, and are included in employer contributions on the statement of changes in net assets available for benefits.

Employer Retirement Contributions
The Plan provides for the Company to make employer retirement contributions based on a percentage of eligible compensation as determined by years of service as detailed in the following table. Employer retirement contributions are made to all eligible participants for each payroll period. For the year ended December 31, 2025, the Company's employer retirement contributions totaled $5,515,026, and are included in employer contributions on the statement of changes in net assets available for benefits.

Years of Service	Retirement Contribution
Less than 5	4% of Eligible Compensation
5, but less than 10	7% of Eligible Compensation
10, but less than 15	13.25% of Eligible Compensation
15, but less than 20	16.5% of Eligible Compensation
20 or more	20% of Eligible Compensation

1. Description of Plan (continued)

Contributions (continued)

Employer Retiree Health Contributions
The Plan provides for the Company to make a one-time employer retiree health contribution ("ERHC") each Plan year for each eligible participant, as defined, in an amount equal to 50% of the monthly COBRA rate multiplied by 36 months, based on the participant's tier level of coverage at the time of severance of employment. An eligible participant for purposes of this type of contribution is defined as a non-highly compensated employee who was an active participant at any time during the Plan year, incurred a severance of employment, is at least age 60, has been credited with five or more years of service with the Company, and is not in the Navajo Refining Company Artesia, International Union of Operating Engineers Local 351. Any participant meeting such requirements who is otherwise eligible for Medicare is not eligible for an ERHC. Participants are 100% vested in ERHCs when made. For the year ended December 31, 2025, the Company's employer retiree health contributions totaled $63,435, and are included in employer contributions on the statement of changes in net assets available for benefits.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Employer retirement contributions and employer retiree health contributions are recorded in the period to which they relate under the terms of the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Participants direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature. Participants also have the option of investing in a self-directed brokerage account.

Employee Stock Ownership Plan Component
The portion of the Plan invested in HF Sinclair Corporation common stock (the "Company Stock Fund") is designated as an employee stock ownership plan ("ESOP"). Participants may elect to have cash dividends paid on Company stock held in their accounts either distributed to them in cash or reinvested in Company stock within the Plan, as permitted by Internal Revenue Code ("IRC") Section 404(k). Participants may direct the trustee as to the voting of Company shares held in their accounts. Participants may transfer amounts invested in Company stock to other investment options offered under the Plan at any time, consistent with IRC Section 401(a)(35).

1. Description of Plan (continued)

Vesting and Forfeitures
Participants are immediately vested in their elective deferral and rollover contributions, safe harbor matching contributions, and ERHCs, and the earnings thereon. Employer retirement contributions and the earnings thereon become fully vested upon completion of three years of service. Forfeited nonvested accounts are used to pay for plan administrative expenses and/or to reduce future employer contributions. Unallocated forfeitures were $692 and $11,116 as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, participants forfeited $0 in prior employer contributions. During the year ended December 31, 2025, the Company utilized $10,742 in previously forfeited participant balances to reduce its employer contributions.

Notes Receivable from Participants
Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000, reduced by the excess of the highest outstanding loan balance during the one-year period ending on the day before the loan is made, or (b) 50% of the participant's vested account balance. Participants may have only one loan outstanding at a time and may obtain no more than one loan in any 12-month period. Loan terms may not exceed five years, or ten years for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates charged by commercial lenders for similar loans, currently the prime rate as published in The Wall Street Journal plus 2%. Principal and interest are repaid ratably through payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive the vested balance of their account in a single lump-sum payment or a direct rollover distribution to another retirement plan or Individual Retirement Account ("IRA") account. Participants have the option of receiving a distribution in kind of any portion of their account that is held in the self-directed brokerage account or in qualifying employer securities.

Terminated, retired, or disabled participants and beneficiaries of deceased participants are generally entitled to defer distributions, at their option.

A participant may withdraw all or any part of their balance resulting from voluntary contributions, rollover contributions or vested matching contributions that are not qualified matching contributions at any time. Participants who have reached age 59 ½ may withdraw any part of their vested account balance resulting from elective deferral contributions or employer contributions. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, a participant may withdraw elective deferral contributions and vested employer contributions other than safe harbor matching contributions, as permitted by the Plan for a hardship purpose, subject to the requirements of the IRC and the Plan. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

1. Description of Plan (continued)

Payment of Benefits (continued)
Upon separation from service, a participant whose vested account balance does not exceed $1,000 automatically receives a lump-sum distribution of the entire vested portion of the account without the participant's consent. A participant whose vested account balance exceeds $1,000 but does not exceed $7,000 will have the vested account automatically rolled over to an individual retirement account established on the participant's behalf, unless the participant makes a timely election with the Plan administrator to receive the distribution in cash or to roll the account over to another eligible retirement plan.

Administration of the Plan
The Plan is administered by the Retirement Plan Committee (the "Committee"), which is appointed by the Board of Directors of the Company. Certain administrative costs of the Plan are paid for by the Company. Trustee fees, advisory and management fees, and certain administrative and recordkeeping fees are paid by the Plan and charged to participant accounts.

Available investment alternatives are subject to review and change by the Committee.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Plan's investment in the Principal Stable Value Fund, a common collective trust fund that invests in fully benefit-responsive investment contracts, is measured at fair value using the net asset value ("NAV") per unit as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the item disclosed in Note 9, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), the custodian and trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board's accounting guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Corporate stock, including the HF Sinclair Corporation common stock: Valued at the closing price reported on the active market on which the security is traded.

Mutual funds: The fair value of mutual funds is determined by quoted market prices on nationally recognized securities exchanges which represent the NAV of shares held by the Plan at year end.

Pooled separate accounts: Valued at the NAV of the units held by the Plan at year-end based on information reported by the trustee as a practical expedient in determining fair value. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. Several of the pooled separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the pooled separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded.

*Principal Stable Value Fund***:** The Principal Stable Value Fund ("PSVF"), a common collective trust fund, invests primarily in conventional and synthetic guaranteed investment contracts issued by insurance companies, banks, and other financial institutions, with excess cash invested in cash equivalents. The Plan's investment in the PSVF is valued at the NAV per unit as a practical expedient for fair value. The NAV is determined by the fund's trustee based on the fund's underlying investments, less liabilities, divided by units outstanding. Participant transactions may occur daily at NAV. A Plan-initiated withdrawal of its entire investment in the PSVF requires 12 months' advance notice.

4. Fair Value Measurements (continued)

Common collective trust funds ("Non-PSVF"): Valued at the NAV of the units held by the Plan at year-end based on information reported by the trustee. NAV is used as a practical expedient for fair value. The NAV of each of the collective investment trust accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the common collective trust accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the collective investment trust accounts also invest in fixed income securities and pooled separate accounts. The fair value of the underlying mutual funds or stocks and of the other underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the collective investment trust accounts which are not publicly traded. Investments in these funds can be redeemed daily upon request.

Self-directed brokerage accounts: Consist primarily of common stocks, exchange-traded funds, mutual funds, and money market funds, which are valued at the closing price reported on the active market on which the individual securities are traded or, for mutual funds, at the daily NAV.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Corporate Stock	$ 195,652	$ -	$ -	$ 195,652
Mutual funds	11,715,683	-	-	11,715,683

Pooled separate accounts				16,186,999
Common collective trust funds				36,813,977
Total investments, at fair value				$ 70,209,553

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Corporate Stock	$ 109,646	$ -	$ -	$ 109,646
Mutual funds	11,684,274	-	-	11,684,274
Self-directed brokerage accounts	3,076,217	-	-	3,076,217
Total assets in fair value hierarchy	$ 14,870,137	$ -	$ -	$ 14,870,137
Investments measured at NAV (a)				
Pooled separate accounts				12,307,038
Common collective trust funds				23,632,938
Total investments, at fair value				$ 50,810,113

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments. The redemption notice applies only to the Plan.

As of December 31, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$16,186,999	None	Daily	1 day
Common collective trust funds	$36,813,977	None	Daily	1 day; 12 months for the Plan

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$12,307,038	None	Daily	1 day
Common collective trust funds	$23,632,938	None	Daily	1 day; 12 months for the Plan

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal Management Corporation, units of pooled separate accounts managed by Principal Life Insurance Company, and units of the Principal Stable Value Fund, a common collective trust fund sponsored by Principal Global Investors Trust Company, each of which is a member of the Principal Financial Group (collectively, Principal). Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) is the trustee of the Plan and Principal Life Insurance Company is the Plan's recordkeeper; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

At December 31, 2025 and 2024, the Plan held 4,246 and 3,128 shares, respectively, of common stock of HF Sinclair Corporation, the Plan Sponsor, with fair values of $195,652 and $109,646, respectively, in the Company Stock Fund. During 2025, the Plan recorded dividend income of $7,503 on Company stock.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments of $44,532 to service providers of the Plan for recordkeeping, trustee, third party administrator, and investment advisory services during the year ended December 31, 2025. These costs incurred by the Plan are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits. The Plan sponsor pays directly any other fees related to the Plan’s operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Income Tax Status

The Plan operates under a Principal Financial Group ESOP/KSOP Pre-Approved Plan document. The pre-approved plan sponsor obtained a favorable opinion letter dated June 30, 2020, that the plan document complied with the applicable tax-qualification requirements of the Code. Because the Plan is a pre-approved plan, the Plan has not requested an individual IRS determination letter and does not expect to in the future unless the IRS permits ongoing plans to request individual determination letters or if their approach to pre-approved plans changes materially. The Plan is entitled to rely on the IRS opinion letter on the form of the pre-approved plan document. Although the Plan has been amended since receiving the opinion letter, the Company believes the Plan qualifies and operates as designed. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Risks and Uncertainties

The Plan invests in securities that are subject to various risks, including market, interest-rate, and credit risks. It is reasonably possible that changes in the values of these investments could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

9. Subsequent Event

Effective January 1, 2026, in accordance with the SECURE 2.0 Act, the Plan is required to treat catch-up contributions for participants whose wages from the Plan sponsor exceeded $150,000 in the preceding calendar year, as Roth contributions.
