Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Hyspeco, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of plan

The following description of the **Hyspeco, Inc. 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1995, covering all employees of Hyspeco, Inc. (the "Company") age 21 or older and who have completed six months of service with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has an administrative committee that oversees governance of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was enacted and was effective beginning on January 1, 2020. The SECURE 2.0 Act of 2022 (SECURE 2.0) was enacted on December 29, 2022. Together, these acts made a number of required and optional changes to retirement plans. Among other things, the SECURE Act raised the required beginning age for required minimum distributions from age 70 ½ to 72. SECURE 2.0 further raised it to 73 for participants who attain age 72 after December 31, 2022, and will raise it to 75 beginning in 2033. The Plan has been operating in accordance with the applicable provisions of these acts since their respective effective dates.

Effective February 17, 2022, the Plan was restated with no additional changes.

Contributions

Each year, participants may contribute up to 90 percent of compensation, as defined in the Plan, as pre-tax or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company made discretionary matching contributions equal to 100 percent of the first 4 percent of the participant's eligible compensation on a payroll period basis during 2025 and 2024. The Company reserves the right to suspend or modify discretionary matching contributions at any time. The Company may also make non-elective contributions in its sole discretion. There were no non-elective contributions for 2025 and 2024. Employee contributions are subject to certain limitations as limited by the IRS regulations.

Effective January 1, 2025, the Plan adopted higher catch-up provisions under SECURE 2.0 Act of 2022. For eligible participants who are ages 60 through 63 during the Plan year, the catch-up contribution limit has been increased to the greater of $10,000 or 150% of the standard catch-up limit for those age 50 and over, resulting in a maximum catch-up limit of $11,250 for the 2025 Plan year. The limit amount will be indexed for inflation each year after 2025. Once a participant reaches age 64, the catch-up limit will revert back to the standard limit for those age 50 and older.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, plus actual earnings thereon. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions, plus actual earnings thereon. Discretionary employer matching contributions and non-elective employer contributions, if any, plus actual earnings thereon are subject to a graduated vesting schedule wherein the participant's benefit is fully vested after five years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1 - 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Interest rates range from 3.25 to 8.50 percent during 2025 and 2024. Principal and interest are paid ratably through regular payroll deductions.

Payments of benefits

On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account or partial payments, if the vested account is more than $7,000. If a participant's vested account balance is $1,000 or less then the account will be automatically cashed out and paid to the participant in a single lump-sum payment. If a participant's vested account is more than $1,000, but less than $7,000, then the vested account will be automatically rolled into an IRA if the participant has not reached age 65 and does not elect to have the vested account paid out as a single lump-sum payment, rolled into another retirement plan, or rolled into an IRA of their choice.

The Plan allows participants to make in-service withdrawals for those age 59 ½ or older for all or part of their vested account, including earnings on elective deferral contributions. Participants are allowed to make financial hardship withdrawals for all or part of their participant deferral account, including earnings or elective contributions, for immediate and severe financial need.

Forfeited accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $11,719 and $233, respectively. These accounts will be used to reduce future employer contributions or reduce administrative expenses. In 2025 and 2024, employer contributions were reduced by $6,583 and $29,423, respectively, from forfeited non-vested accounts.

2. Summary of significant accounting policies

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan Administrator's management, which is responsible for their integrity and objectivity.

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from plan participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense.

Subsequent events

The Plan has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued.

3. Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective investment trusts: Valued at the unit value determined daily by the trustee based upon the quoted market prices of the underlying mutual funds held by each trust. The unit values are published daily and represent the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered investment companies: Investments are valued at the daily closing price as reported by the fund. The underlying investments are deemed to be mutual funds. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Collective investment trusts	$ 7,945,774	$ -	$ -	$ 7,945,774
Registered investment companies	2,862,127	-	-	2,862,127
Investments at fair value	$ 10,807,901	$ -	$ -	$ 10,807,901

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Collective investment trusts	$ 6,210,752	$ -	$ -	$ 6,210,752
Registered investment companies	2,517,942	-	-	2,517,942
Investments at fair value	$ 8,728,694	$ -	$ -	$ 8,728,694

4. Summary of certified information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Principal Trust Company for the years ended December 31, 2025 and 2024, that all investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2025 and 2024, and net change in fair value of investments and interest and dividend income for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

6. Tax status

The Plan was designed under a volume submitter defined contribution plan accepted by the Internal Revenue Service by a letter dated June 30, 2020, in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions requiring recognition or disclosure.

7. Fully benefit-responsive investment contract at contract value

The Fixed Income Guaranteed Option Fund, which is fully benefit-responsive, is recorded at contract value. The Fund is a fixed rate group annuity contract designed to provide Plan participants with guaranteed return of principal, along with competitive crediting rates and 100 percent liquidity. The guaranteed crediting rate is declared in advance and is reset quarterly. The declared crediting rate will never be below 1 percent. Principal and interest are guaranteed by Principal Life Insurance Company. Daily liquidity is available for participant benefits and withdrawals at book value (principal and accrued interest) regardless of market conditions.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan

to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

8. Related-party transactions and party-in-interest transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions with these parties are described below.

Custodian. Certain Plan investments are offered through investment products of Principal Trust Company, and its affiliates, which serves as the custodian, recordkeeper, and trustee of the Plan. These include the Principal Fixed Income Guaranteed Option fully benefit-responsive investment contract. Transactions in these investments therefore qualify as a party-in-interest transactions. Fees for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan pays administrative expenses related to Plan operations and investment activity to various service providers.

Plan Sponsor. Hyspeco, Inc. is the Plan Sponsor and therefore a party-in-interest.

Participant loans. Notes receivable from participants also qualify as party-in-interest transactions.

The transactions described above are exempt from the prohibited transaction rules under ERISA.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent event

Effective January 1, 2026, participants with prior-year FICA wages exceeding $150,000 will be required to make all catch-up contributions as Roth deferrals. Participants below the threshold may elect, but are not required, to designate catch-up contributions as Roth. This provision applies exclusively to catch-up contributions, including those resulting from exceeding the annual 402(g) limit or plan-imposed limits such as the Section 415 limit or salary deferral limits. This provision does not apply to participants with no FICA wages.
