GUARDIAN FUELING TECHNOLOGIES, LLC
401(K) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Guardian Fueling Technologies, LLC 401(k) Plan employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Guardian Fueling Technologies, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Guardian Fueling Technologies, LLC 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Guardian Fueling Technologies, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Guardian Fueling Technologies, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Statements of Assets Held for Investment Purposes are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Guardian Fueling Technologies, LLC 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Guardian Fueling Technologies, LLC (the "Company"), established the Guardian Fueling Technologies, LLC 401(k) Plan (the "Plan") on January 1, 2001. The Plan is a defined contribution plan (401(k)) covering all full-time employees who have satisfied eligibility requirements.

Effective April 1, 2017, the Plan Sponsor amended (Amendment 3) the Plan's eligibility requirements so that a full-time employee is eligible the first calendar quarter after the employee's start date. There is no minimum age requirement. The Plan is intended to comply with Section 404(c) of ERISA (The Employee Retirement Income Security Act of 1974). The custodian of the Plan is the Principal Financial Group (the "Custodian").

Contributions

Each year participants may contribute a percentage of their compensation not to exceed a certain dollar limit which is set by law. Each participant may elect to designate all or a portion of the amount deferred as Roth contributions. All eligible employees are automatically enrolled in the Plan at a 6% deferral rate and must log into the Plan's website to modify the contribution rate to 0% if they want to opt out of the Plan. On April 1, 2021, the Plan Sponsor (Guardian Fueling Technologies, LLC) amended (Amendment 8) the plan to contribute a discretionary matching contribution equal to a uniform percentage determined by the Plan Sponsor. For the years ended December 31, 2025 and 2024, the Plan Sponsor contributed $935,740 and $823,433, respectively. Contributions are subjected to limitations. Participants direct the investment of contributions made by them on their behalf to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN – (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service, based on the six-year graded provision of the Plan, which complies with a change in the retirement law effective for plan years beginning after December 31, 2001. A year of vesting service is a vesting service period in which the participant has at least 1,000 hours of service. However, a participant is 100% vested upon early or normal retirement age, becoming totally disabled or death. The vesting schedule is as follows:

Years of Service	Vesting %
Less than 1 year	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Distributions

On termination of service due to death, disability or retirement, participants are entitled to 100% of his/her account balance. For termination of service due to other reasons, a participant may receive the value of his/her vested balance.

Hardship Distributions

Participants who have incurred certain hardship conditions as specified by provisions of the Internal Revenue Code may elect to receive a distribution from his/her elective contribution account.

Forfeited Accounts

Forfeited non-vested accounts for each year ended December 31, 2025 and 2024 totaled $187,751 and $176,004, respectively. These accounts will be used to offset administrative expenses of the Plan. If forfeitures exceed these expenses, forfeitures shall be applied to reduce the Plan Sponsor's contribution to the Plan. For the years ended December 31, 2025 and 2024, $54,164 and $43,498 of forfeitures were used to offset administrative expenses and $134,214 and $131,861 were applied to reduce the Plan Sponsor's contribution to the Plan, respectively.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

1. DESCRIPTION OF PLAN – (Continued)

Expenses and Fees

Expenses and fees associated with the Plan are paid with Plan assets. Such expenses and fees include the compensation of investment managers, brokers' fees, and costs related to Plan administration. During the years ended December 31, 2025 and 2024, expenses and fees were $159,788 and $157,897, respectively. Audit fees are paid by the Plan Sponsor and are not recorded in these financial statements.

Participant Loans

The Plan allows loans of at least $1,000 and the number of outstanding loans for a participant is two. Loans are limited to a term of five years except for the purchase of a principal residence. Loans are carried at amortized cost.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when approved by the Employer. Revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from reported amounts of additions to and deductions from net assets during the reporting period.

Investment Valuation

Investments are recorded at the fair market value on the last business day of the Plan year. Quoted market prices are used to value investments. Increases and decreases in market value of the investments are reflected in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their account balances from the date of participation to termination.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2022, 2023, 2024, and 2025 are subject to examination.

5. FAIR VALUE MEASUREMENTS

Fair value as defined under generally accepted accounting principles (“GAAP”) is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

5. FAIR VALUE MEASUREMENTS – (Continued)

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 may also include insignificant adjustments to market observable inputs.
- Level 3: Unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for assets measured at fair values:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at fair value based upon net asset value.

Pooled separate accounts: Invests in mutual funds. The fair values of the underlying mutual funds are publicly quoted prices used in determining net asset value.

ASC 820 requires certain investments that were measured at net value per share (or its equivalent) to not be classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

5. FAIR VALUE MEASUREMENTS – (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024.

Fair Value as of December 31, 2025

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective investment trusts	$ 270,278	$ 270,278	$ -	$ -

6. COLLECTIVE INVESTMENT TRUST

The Principal Stable Value Fund ("PSVF") is a collective investment trust for which net asset value is based on the fair value. The PSVF invests primarily in contracts, short-term securities and debt securities. Investments in contracts are presented in the portfolio of investments at contract value, which represent invested principal plus accrued interest thereon. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contracts are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes.

The net crediting rate is equal to the gross crediting rate minus the wrap fee due the contract issuer and if applicable, the sub-advisor fee for specific investment strategies. Crediting rates reflect the amortization of realized and unrealized gains and losses in the underlying portfolio over the duration of the portfolio and, in consequence, may not reflect the actual returns achieved in the portfolio. From time to time the crediting rate may be significantly greater or less than current market interest rates.

A number of factors can influence future credit rates, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

The weighted average yield to maturity of all underlying investments at year end was 3.13%.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by The Principal Financial Group and Union Bond & Trust Company. The Principal Financial Group and Union Bond & Trust Company transactions qualify as party-in-interest transactions and have been identified as such within the supplemental information.

Certain plan investments are managed by The Principal Financial Group. It is the trustee/custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

During the years ended December 31, 2025 and 2024, Principal Life Insurance Company, Principal Securities, Inc., MAI Capital Management, LLC, HUB International Midwest Limited,

7. PARTY-IN-INTEREST TRANSACTIONS – (Continued)

Morningstar Investment, Greene Hazel & Associates, Inc., and Wilshire Associates, Inc. received advisory fees and/or administrative fees. Fees paid for these services are included in plan expense. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

8. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2025, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is August 31, 2026, which is the date on which the financial statements were available to be issued.

9. CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2025 and 2024 including investment information related to the 401(k) account (see Note 5), that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee, Principal Life Insurance Company, of the Plan.

The following is a summary of information certified:
