INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Wheeler Clinic, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wheeler Clinic, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Wheeler Clinic, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides for the payment of benefits upon retirement, death, or total disability to certain eligible employees of Wheeler Clinic, Inc. (the "Company" or "Employer") or their beneficiaries. All employees are eligible to make elective deferrals into the Plan. Eligible employees who have completed 12 months of service and have attained age 21 are eligible for Company contributions. Employees are eligible to receive Company contributions at the beginning of the following month after they have satisfied the eligibility requirements. Payments to the Plan are made by a salary reduction arrangement under Internal Revenue Code ("IRC") Section 403(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In July 2025, the Plan added Empower Annuity Insurance Company of America ("EAICA") and Empower Trust Company, LLC ("Empower") as additional trustees. The Company is working on migrating all assets to EAICA and Empower as soon as administratively possible.

Participant Contributions

Participants may make pretax contributions of their earnings as elective contributions up to the limit prescribed by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants that are age 50 or older may elect to defer additional amounts (age-50 catch-up contributions) to the Plan. However, a participant's total deferral in any taxable year may not exceed a dollar limit which is set by law. Participants can change their contribution percentage or amount at any time and those changes will be effective as soon as administratively feasible. Eligible employees are automatically enrolled to contribute 2% of compensation unless the employee affirmatively directs that no contributions be made or elects a contribution amount other than 2%. The automatic deferral percentage will increase 1% per year up to a maximum of 10%.

Employer Contributions

For each Plan year, the Company may contribute to the Plan, on behalf of each eligible participant, a contribution equal to a percentage of the eligible participants' plan compensation, as follows:

Number of vesting years on first day of the Plan year that contains the applicable month	Contribution for the month
Less than 5 vesting years	4% of compensation for the month
At least 5 vesting years but less than 10	5% of compensation for the month
At least 10 vesting years but less than 15	6% of compensation for the month
At least 15 vesting years	7% of compensation for the month

NOTE 1 – DESCRIPTION OF THE PLAN *(CONTINUED)*

At the discretion of the President and Chief Executive Officer of the Company, an additional contribution may be made for a Plan year, on behalf of each participant who as described above, has at least fifteen vesting years as of the first day of the Plan year and also has employment status with the Company on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The net earnings or loss of each fund within the Plan, including capital gains or losses whether or not realized, are allocated to individual participant accounts in that fund based on the ratio that the value of each participant's account bears to the value of all accounts in that fund as of the valuation date.

Vesting

Participants are immediately one hundred percent vested in their employee contributions. A vesting year means a plan year in which an individual has been credited with 1,000 hours for which an individual is compensated.

A participant who incurs a severance from employment with the Company prior to normal retirement shall be vested in their Employer contribution account according to this schedule:

Less than two vesting years	0% vesting
At least 2 vesting years	25% vesting
At least 3 vesting years	50% vesting
At least 4 vesting years	75% vesting
At least 5 vesting years	100% vesting

Payment of Benefits

Upon a participant's termination, retirement, death or disability, the participant or beneficiary is entitled to receive the value of their vested account balance. Payment of the amount is made in a lump sum, annuity or rollover distribution paid directly to an eligible retirement plan. Withdrawals prior to the age of 59½ are allowed only at termination of employment; on a hardship basis subject to IRS regulations provided that the amount withdrawn upon hardship may not exceed amounts contributed (unadjusted for investment gains/losses); for the purpose of childbirth or adoption; or for the purpose of a participant loan. Participants with a vested account balance less than $5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Loans to Participants

The Plan allows for loans to participants whose investments are with Mutual of America Life Insurance Company ("Mutual of America") and Mid Atlantic Trust Company ("MATC") which are secured by the participant's vested account balance that is segregated in the participant's interest accumulation and money market accounts. Participants may borrow against their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The interest rates on the loans range from 3.50% to 9.50%. Principal and interest are paid directly to Mutual of America and MATC in equal periodic payments through salary reduction. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded. The amount of Plan assets collateralized by the loans was $903,551 and $793,201 as of December 31, 2025 and 2024, respectively.

NOTE 1 – DESCRIPTION OF THE PLAN *(CONTINUED)*

Notes Receivable from Participants

Participants may borrow from their fund accounts from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. The loan interest rate is equal to prime rate at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $297,623 and $49,677, respectively. These accounts are expected to be used to reduce future Employer contributions or pay plan expenses. For the year ended December 31, 2025, no forfeitures were used to reduce Employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and, changes therein as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Reclassification

Certain prior year information has been reclassified to conform with current year presentation. Specifically, changes to the fair value measurements to more accurately reflect the value of the benefit responsive investments.

Subsequent Events

The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2025 through September 22, 2026, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value of the money market fund is reported at the carrying amount which approximates fair value because the instrument is liquid in nature.

NOTE 3 – FAIR VALUE MEASUREMENTS *(CONTINUED)*

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,199,975	$ -	$ -	$ 56,199,975
Money market fund	5,903	-	-	5,903
Total investments, at fair value	$ 56,205,878	$ -	$ -	$ 56,205,878

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 52,334,281	$ -	$ -	$ 52,334,281
Money market fund	4,550,404	-	-	4,550,404
Total investments, at fair value	$ 56,884,685	$ -	$ -	$ 56,884,685

NOTE 4 – BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into a benefit-responsive investment contract with Mutual of America Interest Accumulated Account and a Guaranteed Fixed Account managed by EAICA. Both trustees maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the interest accumulation account and guaranteed investment contract are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. The contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mutual of America and EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below 0%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by Mutual of America, MATC, Empower and EAICA. Mutual of America, MATC, Empower and EAICA are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan provides for loans to participants through Mutual of America and MATC utilizing the participants' account balances as collateral. These transactions qualify as party-in-interest transactions as defined by ERISA. The Plan also provides for participant loans through Empower and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 7 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with sample language provided by the IRS in Revenue Procedures 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – CERTIFIED INVESTMENTS

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, MATC (as of December 31, 2025 and 2024 and for the period from January 1, 2025 through December 31, 2025), Empower and EAICA (as of December 31, 2025 and for the period from July 2025 through December 31, 2025), the trustees of the Plan.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 61,689,456	$ 57,271,904
