Independent Auditor's Report

To the Plan Administrator of
S. Camerota & Sons, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the S. Camerota & Sons, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

S. Camerota & Sons, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

Years Ended December 31, 2025 and 2024

1. Description of the Plan

General

The following description of the S. Camerota & Sons, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan available to all employees of the Company. For elective salary deferrals (401(k) contributions), eligibility begins after three months of service for employees who are aged twenty-one or older. For Company match and profit sharing contributions, eligibility begins after one year of service (or 1,000 hours) for employees who are aged twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax and after tax annual compensation as defined by the Plan, up to a maximum amount of $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Such contributions are made through payroll deductions every pay period.

Participants who are age 50 or older are permitted to make an additional pre-tax contribution (Employee Catch-up Contributions) to the Plan when the Participant's pretax contributions are otherwise limited under the Plan or by law. The maximum amount a participant may contribute as Employee Catch-up Contributions is $7,500 for the years ended December 31, 2025 and 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company determines each year the percentage of the employee's salary it will contribute to the Plan (discretionary match). For 2025 and 2024 the Company contributed 50% of the first 3% and 25% of the next 3% of participant contributions for a maximum matching contribution of 2.25%. The Company may also make a discretionary profit sharing match. In both 2025 and 2024, no profit sharing match was made.

1. Description of the Plan (continued)

Investment Options

On a continuous basis, participants may direct investments of their account into one or more of the Plan's available investment options. Participants may elect to change their investment options at any time throughout the year.

As of and for the years ended December 31, 2025 and 2024, all investments were participant-directed.

Participant Accounts

Each participant's account is credited with the employee's contribution, and an allocation of: (a) the Company's contribution (b) investment income or losses of the selected investment funds, and is charged with a fixed administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are charged a fee for withdrawals.

Vesting

All employees are fully and immediately vested in their own contributions and related earnings.

Company contributions, including discretionary profit sharing contributions, plus actual earnings thereon, are vested in accordance with the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of the Plan (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow from their fund accounts, with the plan administrator's approval. The loan amount is limited to 50% of the individual's vested account, but not exceeding $50,000, or less than $1,000. The loans are secured by the vested balance in the participant's account, bear interest at a rate commensurate with local prevailing rates at the time the loan is made and may be repaid over a maximum of five years. Loans for purchase of a primary residence may be repaid over a maximum period of ten years. Principal and interest is paid ratably through weekly payroll deductions. The Plan allows for a maximum of two loans at one time per participant. At December 31, 2025, the range of interest rates on participant loans outstanding was 4.25% to 9.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will become fully vested and may receive a lump-sum amount equal to the value of the participant's account (unless it is a Required Minimum Distribution, in which case, benefits may be paid in partial distributions). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A lump sum death benefit will also be paid to a designated beneficiary. In-service withdrawals at age 59 ½ are also allowed.

The Plan permits hardship withdrawals and loans only under certain defined conditions. Withdrawals of after-tax contributions are permitted subject to Plan limitations.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Participant Forfeitures

Forfeitures of non-vested Company contributions may first be used to pay any administrative expenses, then remaining forfeitures are used to reduce future Company contributions. The balance in the forfeiture account was $1,236 and $3,155 at December 31, 2025 and 2024, respectively. Forfeiture additions and related earnings totaled $1,236 and $5,565 for the years ended December 31, 2025 and 2024, respectively. During the year ended December 31, 2025 and 2024, the forfeited participant accounts used to reduce the Company's contributions amounted to $3,155 and $4,816, respectively.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Administrative Expenses and Professional Fees

Administrative fees in excess of available forfeiture funds and other expenses of the Plan are paid directly by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from such estimates.

Fair Value of Financial Instruments

The Company accounts for the fair value of financial instruments pursuant to Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements,* for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

2. Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments (continued)

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the company's own credit risk.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2025 and 2024. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Key Guaranteed Portfolio Fund consists of investment-grade fixed annuities seeking to achieve consistent returns and is reported at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Principal and interest are fully guaranteed by the entire general account assets of Empower Annuity Insurance Company of America (formerly, Great-West Retirement Services).

Purchases and sales of securities are recorded on a trade-basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. All investments are made as directed by the Plan's participants.

3. Information Prepared and Certified by Trustee

The Company entered into a trust agreement with Great-West Retirement Services (now known as Empower Annuity Insurance Company of America due to a name change in 2022) on June 30, 2009. Pursuant to the trust agreement, the assets of the trust are held and administered by Empower Annuity Insurance Company of America, the trustee as of December 31, 2025 and 2024.

3. Information Prepared and Certified by Trustee (continued)

The trustee holds the Plan assets and executes investment transactions. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2025 and 2024, net appreciation (depreciation) in fair value of investments, interest and dividend income earned on investments, and notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower Annuity Insurance Company of America, the Trustee.

4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy under ASC 820 prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

Level 1 - Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 - Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31:

Description	Level 1	Level 2	Level 3	Total
2025				
Investments:				
Mutual funds	**$ 15,549,517**	**$ -**	**$ -**	**$ 15,549,517**

Total investments at fair value	**$ 15,549,517**	**$ 2,031,402**	**$ -**	**$ 17,580,919**

4. Fair Value Measurements (continued)

Description	Level 1	Level 2	Level 3	Total
2024				
Investments:				
Mutual funds	$ 12,556,404	$ -	$ -	$ 12,556,404
Fixed annuities	-	2,102,243	-	2,102,243
Total investments at fair value	$ 12,556,404	$ 2,102,243	$ -	$ 14,658,647

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan received a favorable tax determination letter from the IRS dated June 30, 2020, which states the Plan, as then designed, qualifies under the applicable provisions of the Internal Revenue Code and is therefore exempt from federal income taxes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Parties-in-Interest Transactions/Related Party

During the years ended December 31, 2025 and 2024, there were transactions involving the investment of Plan assets in investment funds maintained by the Plan trustee, a party-in-interest as defined in Section 3(14) of ERISA and a related party under U.S. GAAP.

8. Non-Discrimination Testing

During 2025, the Plan failed Actual Deferral Percentage/Actual Deferral Contribution Percentage (ADP/ACP) testing. As a result, the Plan recorded $5,339 in excess employee contributions payable as of December 31, 2025 on the Statement of Net Assets Available for Benefits. The Company made the correction during 2026.

During 2024, the Plan passed Actual Deferral Percentage/Actual Deferral Contribution Percentage (ADP/ACP) testing.

9. Subsequent Events

The Plan has evaluated events occurring between December 31, 2025 and September 29, 2026, the date the financial statements were available to be issued.
