INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the ArentFox Schiff 401(k) Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ArentFox Schiff 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as discussed in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles in accordance with the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (modified cash basis) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARENTFOX SCHIFF 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the ArentFox Schiff 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's plan documents for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by ArentFox Schiff LLP (the "Firm"). The Plan establishes a qualified cash or deferred arrangement permitting eligible employees to authorize the Company to make voluntary contributions on their behalf through payroll deductions. The Plan's custodian and recordkeeper is Empower Trust Company and Empower Annuity Insurance Company (collectively "Empower"). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility – All employees other than those covered by a collective bargaining agreement, contract service providers, or leased employees are eligible to participate in the Plan. Each eligible individual, as defined, may participate at any time on or after January 1, April 1, July 1, or October 1 following the participant's date of hire, as defined.

Transfer Into Plan – The assets of the Schiff Hardin LLP Incentive Savings 401(k) Plan were merged into this Plan effective October 20, 2025.

Contributions – Participants may contribute an amount of 1% to 75% of their Plan compensation, subject to certain Internal Revenue Code ("IRC") limitations. Participants also may make rollover contributions from other qualified plans. The Firm does not make employer contributions to the Plan, with the exception of any corrective contributions, which are made as necessary. Under the Secure 2.0 Act of 2022, effective January 1, 2025, a participant who reaches the age of 60 through 63 during the Plan year may make catch-up contributions to the Plan in an amount higher than the standard catch-up contribution limit applicable to other eligible participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of plan earnings (losses) and charged with an allocation of administrative expenses. Allocations of the plan earnings (losses) for investments are dependent on the earnings of the specific investments chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Participant Investment Options – Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers variable annuities, mutual funds, common collective trusts, a stable value fund and self-directed accounts as investment options for participants.

Vesting – Participants are immediately vested in their own contributions plus actual earnings thereon.

Payment of Benefits – Upon termination of employment, participants may elect to receive a lump-sum amount equal to the value of their accounts, a distribution in the form of installment payments, or a combination of these payment options. The vested portion of the account will be transferred out of the Plan upon termination of employment unless it exceeds $7,000. If the participant's account balance exceeds $7,000, the Plan will commence distribution at the time elected by the participant in accordance with the methods permitted by the Plan. In the event of a mandatory distribution between $1,001 and $7,000, if the participant does not elect to receive a lump-sum

payment or have such distribution paid directly to an eligible retirement plan, the administrative committee will pay the distribution in a direct rollover to an individual retirement plan designated by the administrative committee. If the total amount in the participant's account in the Plan is $1,000 or less on the date of distribution and the participant does not make an election, the accounts will be distributed to the participant in the form of a single lump sum payment and the applicable taxes will be withheld. Distributions are subject to the applicable provisions of the Plan.

In-Service Distributions – Participants who have attained age 59 1/2, but who have not terminated employment, may elect to receive a distribution of all or any portion of their accounts.

CARES Act – On March 27, 2019, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted a measure included in the CARES Act which allowed qualified participants to delay repayments of any new or outstanding loans through the end of the year, December 31, 2020. Required minimum distributions were suspended for 2020. The Plan will be amended for the adoption of these provisions by the required deadline.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivables are calculated on a fully amortized basis. A note is collateralized by the balance in the participant's account and bears interest at a rate equal to the prime rate on the first day of the quarter the loan is initiated, as defined, plus 2.00%.

Administrative Expenses – Administrative expenses of the Plan may be paid by the Firm or the Plan. Loan initiation fees are paid by the participant requesting the loan, and certain recordkeeping, investment management, service, distribution, and commission fees are netted against net appreciation in fair value of investments on the accompanying modified cash basis statement of changes in net assets available for benefits.

Termination of the Plan – Although the Firm has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions set forth in the Plan and under ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accounting records of the Plan are maintained on the modified cash basis of accounting as permitted by the Department of Labor. Under this basis, investment income is recognized when received, expenses are recognized when paid, contributions are recorded when received, and excess contributions are recorded when remitted to the employee rather than the period in which the employee exceeded certain Internal Revenue Code limitations. Investments are adjusted to fair value. The financial statements do not reflect receivables or recognize liabilities, as may be necessary, to fairly present the financial position and operating results in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation (depreciation) in fair value of investments included in the accompanying modified cash basis statement of changes in net assets available for benefits includes realized gains or

losses from the sale of investments, unrealized appreciation (depreciation) in fair value of investments, and certain recordkeeping, investment management, service, distribution, and commission fees. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the year or the cost of the investments if purchased during the year. Fees netted against net appreciation (depreciation) in fair value of investments represent fees charged by the trustees and sponsoring mutual fund companies for services provided in connection with recordkeeping and investment management.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on receipt.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance is considered necessary.

Contributions – Contributions are recorded in the year they are received by the trust.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through October 1, 2026, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – The fair values of mutual funds are based on quoted market prices of the shares held by the Plan at year-end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

Self-Directed Brokerage Accounts – The self-directed brokerage accounts consist of various investment options including money market funds, common stocks, mutual funds, and US Government securities. Money market funds are reported at carrying value, which approximates fair value. The fair values of common stocks and mutual funds are based on quoted market prices of shares held by the Plan at year-end. Accordingly, these fair value measurements are classified as having used Level 1 inputs. US Government Securities are valued by a pricing service at the closing price reported on the active market on which the individual securities or similar securities are traded. Accordingly, these fair value measurements are classified as having used Level 2 inputs.

Variable Annuities – The initial pricing input is the quoted price obtained from the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund net asset value (“NAV”) calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day. Accordingly, these fair value measurements are classified as having used Level 2 inputs.

Fixed Annuity – The Lincoln Stable Value annuity is stated at fair value as the guaranteed annuity contract is not considered fully-benefit responsive. Fair value is equal to the contract value, less any market value adjustment and contingent deferred sales charge, if any. The account is valued using obtainable/observable existing contracts and readily available financial information.

Common Collective Trusts and Stable Value Account – Valued at the NAV of its underlying investments, as determined by Empower.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows:

	Fair Value Measurements Using:

Variable Annuities		$ 2,591,063		2,591,063
Self-Directed Brokerage Accounts	2,307,180	513,642		2,820,822
Total investments in the fair value hierarchy	$ 84,278,489	$ 3,104,705	$ -	87,383,194
Investments measured at NAV **(a)**				190,767,743
Investments measured at fair value				$ 278,150,937

(a) Certain investments are measured at fair value based on the NAV per share practical expedient at December 31, 2025 and 2024. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments in variable annuities managed by Empower. Empower is the custodian, and as such, transactions with the custodian qualify as party-in-interest transactions under ERISA, which are exempt from the prohibited transaction rules. Certain Plan expenses are paid to Empower. Additionally, the Plan issues loans to participants, which are secured by the participants' accounts. These transactions are also considered party-in-interest transactions that are structured to be exempt from the prohibited transaction rules.

6. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Notes receivable from participants, and related interest income
- Net appreciation in fair value of investments
- Dividends and interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. TAX STATUS

The Plan received a favorable Internal Revenue Service determination letter dated July 29, 2014. The Plan has been amended since the date of the letter; however, Plan management believes that the Plan Document, as amended, continues to be fully compliant with applicable law and that the Plan is being operated in accordance with the Plan Document. As such, no provision has been made in the financial statements for income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Firm has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
