INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
JHT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of JHT 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Voya Institutional Trust Company as of December 31, 2025 and for the period from September 16, 2025 through December 31, 2025. Management has also obtained certifications from Voya Retirement Insurance and Annuity Company for the period from January 1, 2025 through September 15, 2025 and as of and for the year ended December 31, 2024. The certifications state that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Key parties of the plan - Johnson Health Tech North America, Inc. ("JHT") is the plan sponsor, employer and plan administrator. The following are participating employers.

Johnson Health Tech Retail, Inc.
JHTNA Manufacturing, LLC
Johnson Health Tech Trading Inc.
Fujiiryoki, Inc.
SyncLync, Inc.

Prior to September 16, 2026, Voya Retirement Insurance and Annuity Company ("VRIAC") was the investment agent that maintained investment and participant records and held custody of plan assets and Ascensus, LLC. was the third party administrator that performed various compliance tests as tax counsel. Effective September 16, 2025 Voya Institutional Trust Company ("VITC") maintains investment and participant records and holds custody of the plan assets, including insurance products made available through VRIAC, under a trust agreement between VITC and VRIAC. The two Voya entities are collectively referred to as "Voya." Voya also became the third party administrator and tax counsel that performs various compliance tests. Tactical Financial Group is the plan's investment advisor. An employee of the plan sponsor is trustee.

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through September 24, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information. Earnings on investments bought, sold and held during the years are reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission ("SEC"), are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Pooled separate accounts - The pooled separate accounts were valued at the NAV. The NAV, as certified by VRIAC, was used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate accounts less their liabilities. This practical expedient would not have been used if it had been determined to be probable that the pooled separate accounts would sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$101,205,802	$ -	$ -	$101,205,802
Total investments at fair value				$101,205,802

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				83,463,813
Total investments at fair value				$ 83,463,813

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There were no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2024		Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

(a) The objective of these funds is to provide for capital appreciation and/or income consistent with the risk and return of the fund type, as described above. These funds utilize various U.S. equity market segments to accomplish their objectives.

(b) The objective of these funds is to provide capital appreciation and current income using a risk profile that is consistent with the target date of the funds.

(c) The objective of these funds is to provide for capital appreciation and/or income using investments in various foreign equity markets, including Europe, Canada, Asia and the Pacific Basin.

(d) The objective of this fund is to provide capital appreciation and/or income using investments in real estate investment trusts and real estate companies.

Investment at contract value - The plan has a fully benefit-responsive guaranteed investment contract through an annuity contract issued by VRIAC. VRIAC maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract. The contract also provides two declared interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate, determined at least annually. The guaranteed minimum floor rate may change after a defined period, but it will never be lower than the 1% GMIR that applies for the life of the contract. The average yield earned by the fund was 1.50% in 2025 and 1.65% in 2024.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. Voya has the option to limit participant transfers from this investment within the plan, however, VRIAC has never exercised this option so it does not have practical effect.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan administrator was not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 2005 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees that are 18 years of age or older are eligible to participate in the plan.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Beginning January 2025, newly eligible employees are automatically enrolled in the plan and have 2% of compensation withheld as elective deferral contributions (auto-enroll). In 2024, newly eligible employees were automatically enrolled in the plan and had 1% of compensation withheld as elective deferral contributions. Auto-enrolled participant deferral percentages automatically increase by 1% each year until they reach a maximum of 10%. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer matching contributions may be made at the employer's discretion. Employer matching contributions were equal to 50% of the first 6% of the employee compensation contributed as elective deferral contributions in 2025 and 2024. These contributions were funded coinciding with each payroll.

d. The employer may make discretionary nonelective contributions. There were no nonelective contributions in 2025 or 2024.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and rollover contributions and an allocation of employer contributions. Participants are allowed to change their investment options daily and change their deferral percentage each pay period.

Vesting - Participants are 100% vested in their elective contributions, rollover contributions and related earnings. Employer contributions and related earnings become vested on the schedule set forth below.

Years of service	Percentage
1	25%
2	50
3	100

Upon death, disability or attainment of early retirement age (defined as 55 with at least seven years of service) or normal retirement age (defined as 65) while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age while employed. Distributions can be made in the form of a single lump sum payment or partial withdrawals. In-service withdrawals can commence upon attaining age 59½. In addition, hardship withdrawals are permitted in certain circumstances.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and investment advisory services, and nonparticipant directed charges for administrative and investment management fees. Certain nonparticipant directed fees are paid using forfeitures and the remaining nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeited non-vested employer contributions may be used to reduce employer contributions or pay plan expenses. In 2025, $11,403 of forfeitures were used to pay administrative expenses. In 2024, $81,065 of forfeitures were used to reduce employer contributions. Unapplied forfeitures were $134,576 and $7,332 as of December 31, 2025 and 2024.

Notes receivable from participant - Participant loans are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya. Voya receives indirect compensation from the mutual fund investment providers for providing these management services. Pursuant to a service agreement between the plan sponsor and Voya, Voya remits certain service credits to the plan on a periodic basis. Voya is also the plan's investment agent as defined by the plan documents and, therefore, all transactions between the plan and Voya qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any employer contributions and related earnings.

5. INCOME TAX STATUS

Effective September 16, 2025, the plan adopted the Voya Retirement Insurance and Annuity Company non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received a favorable opinion on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Prior to September 16, 2025, the plan was operating under the Newport Group, Inc. non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY VOYA

Management has obtained certifications from Voya, a qualified institution under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

a. Investments held by the plan and the fair values of such as of December 31, 2025 and 2024;

b. Guaranteed investment contract and the contract value of such as of December 31, 2025 and 2024;

c. Dividends and interest income from investments, net appreciation (depreciation) in fair values of investments, and other income during 2025 and 2024; and

d. Contributions to and withdrawals from accounts, administrative expenses, and purchases, sales and interfund transfers of investments during 2025 and 2024.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
JHT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of JHT 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Voya Institutional Trust Company as of December 31, 2025 and for the period from September 16, 2025 through December 31, 2025. Management has also obtained certifications from Voya Retirement Insurance and Annuity Company for the period from January 1, 2025 through September 15, 2025 and as of and for the year ended December 31, 2024. The certifications state that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Key parties of the plan - Johnson Health Tech North America, Inc. ("JHT") is the plan sponsor, employer and plan administrator. The following are participating employers.

Johnson Health Tech Retail, Inc.
JHTNA Manufacturing, LLC
Johnson Health Tech Trading Inc.
Fujiiryoki, Inc.
SyncLync, Inc.

Prior to September 16, 2026, Voya Retirement Insurance and Annuity Company ("VRIAC") was the investment agent that maintained investment and participant records and held custody of plan assets and Ascensus, LLC. was the third party administrator that performed various compliance tests as tax counsel. Effective September 16, 2025 Voya Institutional Trust Company ("VITC") maintains investment and participant records and holds custody of the plan assets, including insurance products made available through VRIAC, under a trust agreement between VITC and VRIAC. The two Voya entities are collectively referred to as "Voya." Voya also became the third party administrator and tax counsel that performs various compliance tests. Tactical Financial Group is the plan's investment advisor. An employee of the plan sponsor is trustee.

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through September 24, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information. Earnings on investments bought, sold and held during the years are reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission ("SEC"), are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Pooled separate accounts - The pooled separate accounts were valued at the NAV. The NAV, as certified by VRIAC, was used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate accounts less their liabilities. This practical expedient would not have been used if it had been determined to be probable that the pooled separate accounts would sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$101,205,802	$ -	$ -	$101,205,802
Total investments at fair value				$101,205,802

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				83,463,813
Total investments at fair value				$ 83,463,813

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There were no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2024		Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts					
Bonds	(a)	$ 4,261,941	n/a	Daily	n/a

(a) The objective of these funds is to provide for capital appreciation and/or income consistent with the risk and return of the fund type, as described above. These funds utilize various U.S. equity market segments to accomplish their objectives.

(b) The objective of these funds is to provide capital appreciation and current income using a risk profile that is consistent with the target date of the funds.

(c) The objective of these funds is to provide for capital appreciation and/or income using investments in various foreign equity markets, including Europe, Canada, Asia and the Pacific Basin.

(d) The objective of this fund is to provide capital appreciation and/or income using investments in real estate investment trusts and real estate companies.

Investment at contract value - The plan has a fully benefit-responsive guaranteed investment contract through an annuity contract issued by VRIAC. VRIAC maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract. The contract also provides two declared interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate, determined at least annually. The guaranteed minimum floor rate may change after a defined period, but it will never be lower than the 1% GMIR that applies for the life of the contract. The average yield earned by the fund was 1.50% in 2025 and 1.65% in 2024.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. Voya has the option to limit participant transfers from this investment within the plan, however, VRIAC has never exercised this option so it does not have practical effect.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan administrator was not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 2005 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees that are 18 years of age or older are eligible to participate in the plan.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Beginning January 2025, newly eligible employees are automatically enrolled in the plan and have 2% of compensation withheld as elective deferral contributions (auto-enroll). In 2024, newly eligible employees were automatically enrolled in the plan and had 1% of compensation withheld as elective deferral contributions. Auto-enrolled participant deferral percentages automatically increase by 1% each year until they reach a maximum of 10%. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer matching contributions may be made at the employer's discretion. Employer matching contributions were equal to 50% of the first 6% of the employee compensation contributed as elective deferral contributions in 2025 and 2024. These contributions were funded coinciding with each payroll.

d. The employer may make discretionary nonelective contributions. There were no nonelective contributions in 2025 or 2024.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and rollover contributions and an allocation of employer contributions. Participants are allowed to change their investment options daily and change their deferral percentage each pay period.

Vesting - Participants are 100% vested in their elective contributions, rollover contributions and related earnings. Employer contributions and related earnings become vested on the schedule set forth below.

Years of service	Percentage
1	25%
2	50
3	100

Upon death, disability or attainment of early retirement age (defined as 55 with at least seven years of service) or normal retirement age (defined as 65) while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age while employed. Distributions can be made in the form of a single lump sum payment or partial withdrawals. In-service withdrawals can commence upon attaining age 59½. In addition, hardship withdrawals are permitted in certain circumstances.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and investment advisory services, and nonparticipant directed charges for administrative and investment management fees. Certain nonparticipant directed fees are paid using forfeitures and the remaining nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeited non-vested employer contributions may be used to reduce employer contributions or pay plan expenses. In 2025, $11,403 of forfeitures were used to pay administrative expenses. In 2024, $81,065 of forfeitures were used to reduce employer contributions. Unapplied forfeitures were $134,576 and $7,332 as of December 31, 2025 and 2024.

Notes receivable from participant - Participant loans are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya. Voya receives indirect compensation from the mutual fund investment providers for providing these management services. Pursuant to a service agreement between the plan sponsor and Voya, Voya remits certain service credits to the plan on a periodic basis. Voya is also the plan's investment agent as defined by the plan documents and, therefore, all transactions between the plan and Voya qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any employer contributions and related earnings.

5. INCOME TAX STATUS

Effective September 16, 2025, the plan adopted the Voya Retirement Insurance and Annuity Company non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received a favorable opinion on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Prior to September 16, 2025, the plan was operating under the Newport Group, Inc. non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY VOYA

Management has obtained certifications from Voya, a qualified institution under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

a. Investments held by the plan and the fair values of such as of December 31, 2025 and 2024;

b. Guaranteed investment contract and the contract value of such as of December 31, 2025 and 2024;

c. Dividends and interest income from investments, net appreciation (depreciation) in fair values of investments, and other income during 2025 and 2024; and

d. Contributions to and withdrawals from accounts, administrative expenses, and purchases, sales and interfund transfers of investments during 2025 and 2024.
