Independent Auditor's Report

To the 401(k) Plan Administrative Committee and Participants
ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORIC PHARMACEUTICALS, INC. 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the ORIC Pharmaceuticals, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established by ORIC Pharmaceuticals, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is administered by the 401(k) Plan Committee that is comprised of employees of the Company and an investment advisor. The Plan utilizes a pre-approved plan document provided by Empower Retirement, LLC, the recordkeeper of the Plan.

b. Eligibility

All employees of the Company are eligible to participate in the Plan upon their hire date, provided they are 18 years old and above except for employees covered by a collective bargaining agreement, non-resident aliens, and part-time, temporary, and seasonal employees whose regularly scheduled service is less than 1,000 hours.

c. Participant Contributions

Participants may defer up to 100% of their eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. In 2025, the Plan adopted enhanced catch-up limits to allow a higher catch-up contribution limit as allowed by the IRC for participants aged 60-63.

Participants may also roll over amounts representing pre-tax distributions from other qualified plans into the Plan.

d. Employer Matching Contributions

The Plan is a safe harbor plan that matches 100% of the first 3% of eligible compensation deferred and 50% of the next 2% of eligible compensation deferred during the Plan year, measured on an annual basis. The Company may also make nonelective contributions to the Plan at the discretion of the Company's board of directors. No nonelective contributions were made during 2025.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's net earnings (losses) and expenses. Allocation of earnings is based on the proportion of the participant's account balance to the total of all participants' account balances.

Participants are immediately vested in their elective contributions, all Company contributions, and any earnings thereon.

f. Payment of Benefits

Upon termination, death, disability, or retirement, the participant (or beneficiary) may elect to receive distributions of benefits in a lump sum or in installments over a period not to exceed the participant's life expectancy. Account balances less than $7,000 are distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator.

g. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their account balance as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

h. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their vested account balance, reduced by the highest balance of loans in the prior 12 months, subject to a $1,000 minimum and certain other restrictions. Participants may only have one loan outstanding at any given time. As these loans are repaid by the participant, the proceeds, including interest, are returned to the participant's account. Loans are payable through payroll deductions over periods ranging from one to five years for general purpose loans and up to fifteen years for principal residence loans. The interest rate on participant loans is the Prime Rate, plus 1% per annum, and is fixed at inception of the loan. The interest rate on outstanding loans at December 31, 2025 ranges from 8.50% to 9.50% with the loans maturing through 2038.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make a number of estimates and assumptions that relate to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates under different assumptions or conditions.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the Key Guaranteed Portfolio Fund, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the

measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses on investments during the year and the realized gains or losses on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. The Plan does not establish an allowance for credit losses on note receivables since the receivables are fully secured by the participants' account balance. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

g. Administrative Expenses

Certain loan and administrative fees are paid by the Plan. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified. The Plan charges certain distribution fees to impacted participants. The Company pays substantially all other administrative expenses incurred by the Plan.

3. Investments

Participants can direct their accounts among various mutual funds, pooled separate accounts, and a guaranteed investment contract offered by Empower Annuity Insurance Company of America.

The Core Plus Bond and Large Cap Growth fund are pooled separate accounts established and maintained by Empower Annuity Insurance Company ("EAIC") under a group annuity contract. The assets of the separate accounts are legally assets of EAIC and are not commingled with EAIC's general assets; however, the underlying investment securities and any voting rights associated with those securities belong to the separate accounts. Units of the separate accounts are valued based on the fair value of the underlying investments, as reported by the insurance company, and are not publicly traded.

The investment contract offered is the Key Guaranteed Portfolio Fund (the "KGPF"), which is a fully benefit-responsive group annuity contract. The KGPF invests primarily in mortgage loans, policy loans, and bonds such as Securities issued by states, territories and possessions and

political subdivisions in the U.S., mortgage-backed securities as well as other debt and other fixed-income securities. The value of the KGPF is determined as the value of the sum of Participant's KGPF contributions and deposits plus interest to the KGPF minus the sum of 1) any amounts distributed, 2) any transfers from the KGPF, and 3) any applicable fees and charges. Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events may result in the KGPF not transacting at contract value such as excessive trading, market closings, plan terminations, partial plan terminations or changes in laws or regulations. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring as of December 31, 2025.

The KGPF credits interest daily on a portfolio basis. The crediting interest rate may change or stay the same each quarter and apply to all money deposited regardless of when it was deposited. The crediting rate as of December 31, 2025, was 1.45%. Earnings on the KGPF fund are included in dividends and interest income on the accompanying statement of changes in net assets available for benefits.

Either the Plan Sponsor or Empower Annuity Insurance Company of America may elect to terminate the contract at any time with an advance written notice to the other party. The contract allows three options to settle the funds upon contract termination, 1) payment at book value, 2) lump sum payments with market value adjustments, and 3) any other termination option allowable under applicable law as mutually agreed upon by both parties.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Shares valued based on the quoted market price on an active market as of the reporting date.

Pooled separate accounts: The Plan's interest in the pooled separate accounts are valued at the NAV of the pooled separate account's underlying investments as based on information reported by the insurance company using the audited financial statements or daily reported NAV of the pooled separate accounts at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value at December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 17,114,163	$ -	$ -	$ 17,114,163
Total	$ 17,114,163	$ -	$ -	17,114,163
Investment at NAV:				
Pooled separate accounts				862,504
Total				$ 17,976,667

	Investments at Fair Value at December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 12,484,840	$ -	$ -	$ 12,484,840
Total	$ 12,484,840	$ -	$ -	$ 12,484,840

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31:

	Fair Value 2025	Fair Value 2024	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 862,504	$ -	Daily	1-2 days

There were no unfunded commitments related to the pooled separate accounts at December 31, 2025.

5. Risks and Uncertainties

The Plan assets are invested in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the financial statements and supplemental schedule was provided and certified by Empower Retirement, LLC, the trustee recordkeeper of the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025 as complete and accurate:

- Investment income
- Investments, at fair value
- Investment, at contract value
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest on participant notes receivable

7. Party-In-Interest Transactions

Certain Plan investment funds were managed by Empower Funds and Empower Annuity Insurance Company of America (“Empower”). Empower is the trustee and recordkeeper as of December 31, 2025 and 2024 and for the year ended December 31, 2025. Therefore, these investments and investment transactions qualify as party-in-interest transactions. The Plan also issues loans to participants that are secured by the vested balance in the participants’ accounts.

As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, ORIC Pharmaceuticals, Inc., is a party-in-interest to the Plan. However, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan which are exempt transactions.

8. Tax Status

The Plan utilizes a pre-approved plan document provided by Empower Retirement, LLC. Empower obtained its latest prototype opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the form of the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the opinion letter. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor and administrator believes the Plan is a qualified plan and the related trust is tax exempt as of and for the year ended December 31, 2025.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. If this occurs, the affected participants will receive their vested balance, which is their total account balance.

10. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through September 30, 2026, the date the financial statements are available to be issued.

In July 2026, the Plan was amended to allow in-plan Roth rollover conversions which pertain to transferring non-Roth contributions into Roth accounts.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the Plan's financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits reported on the financial statements	$ 18,326,514	$ 12,756,695
