INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Taylor Electric, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Taylor Electric, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Taylor Electric, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Taylor Electric, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Taylor Electric, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence

the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taylor Electric, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor Electric, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the

supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAYLOR ELECTRIC, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE A - DESCRIPTION OF PLAN

The following description of the Taylor Electric, Inc. ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) Profit Sharing Plan with 401(k) and 401(m) provisions covering eligible employees of Taylor Electric, Inc. ("the Company"). Employees become eligible after completing one Year of Eligibility Service or after completing at least 500 hours of service in each of two consecutive Plan Years. Employees enter the Plan on the first day of the Plan quarter after satisfying the applicable eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions – Each year participants may contribute a percentage of pretax annual compensation, as defined by the Plan, up to the statutory dollar maximums imposed under the Internal Revenue Code (IRC). Contributions may also be characterized as ROTH (after-tax) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to applicable IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated target-date fund until changed by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of mutual funds, ETFs and a cash equivalent fund as investment options for participants. The Company made a matching contribution equal to 40% of each participant's salary deferral that does not exceed 6% of compensation for the year ended December 31, 2025. The matching contribution is calculated and paid every pay period. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. All contributions are invested in a portfolio of investments as directed by the participant. Contributions are subject to certain statutory limitations.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings and/or (losses), and (c) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – At December 31, 2025 and 2024, the value of forfeited, non-vested accounts were $13,921 and $29,895 respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. During the Plan year ending December 31, 2025, the Plan used $29,947 from the forfeiture account to pay Plan expenses.

Investment Options – Investments of the Plan consisted of mutual funds, ETFs and a cash equivalent account held at Ascensus Trust Company, the custodian, during the year ended December 31, 2025. Participant salary deferral contributions and employer matching contributions are invested in the investment platform offered by the Plan based solely upon instructions received from participants.

Payment of Benefits – On termination of service, disability, retirement, or death, a participant will receive a lump-sum amount equal to the vested value of his or her account on the distribution date. The Plan allows for hardship withdrawals, as defined by the Plan. For termination of service due to other reasons, a participant may receive all or any portion of the vested value of their interest in his or her rollover account.

Vesting – Participants are vested in their accounts based on years of continuing service. A participant is 100% vested after five years of credited service. Participants are immediately vested in their elective deferrals and contributions from other plans.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events - Subsequent events were evaluated through September 22, 2026 which is the date the financial statements were available to be issued.

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments in mutual funds and ETFs are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment committee determines the Plan's valuation policies. See Note D for discussion of fair-value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses - The Plan or the Company can elect to pay the operating expenses of the Plan.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

NOTE C - CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and cash equivalents disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and cash equivalents held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and capital gain distributions for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, as authorized representative of Ascensus Trust Company, the custodian of the Plan.

NOTE D - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the period presented and there were no changes in the methods used to measure fair value as of December 31, 2025 and 2024.

Level 1 Fair Value Measurements

The Plan's investments in registered investment companies include mutual funds and exchange-traded funds. Mutual funds are valued at published net asset values per share, at which shares are purchased and redeemed. Exchange-traded funds are valued using unadjusted quoted market prices in active markets for identical securities at the measurement date. These investments are classified within Level 1 of the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

December 31, 2025	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Cash equivalents	$ 3,016,311	$ 3,016,311
Mutual funds and ETFs	52,190,546	52,190,546
Total assets at fair value	$ 55,206,857	$ 55,206,857
December 31, 2024		
Cash equivalents	$ 2,867,456	$ 2,867,456
Mutual funds and ETFs	47,973,686	47,973,686
Total assets at fair value	$ 50,841,142	$ 50,841,142

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments between levels as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no transfers out of Level 3.

NOTE E - TAX STATUS

The IRS has determined and informed the Company by a letter dated August 21, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended (see Note I) since receiving the August 21, 2015 determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe, as of December 31, 2025, that the Plan was qualified and the related trust tax-exempt.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are held by Ascensus Trust Company, which serves as custodian to the Plan. Ascensus, LLC provides recordkeeping and administrative services to the Plan. The Plan also engages third-party administrative and independent auditing service providers. These service providers are parties in interest to the Plan under ERISA.

During 2025, the Plan paid fees for recordkeeping and administrative services, third-party administration services, and audit services. These amounts are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PLAN AMENDMENTS

Effective January 1, 2024, the Company adopted an amendment to the Taylor Electric, Inc. Retirement Plan (the "Plan") to eliminate all provisions related to the Employee Stock Ownership Plan ("ESOP") component of the Plan. The Plan previously operated as a KSOP, which combined features of both a 401(k) and an ESOP. Under the amendment, the Plan continues as a 401(k) plan that includes 401(m) matching contribution provisions but no longer maintains an ESOP feature. Prior to the amendment, a portion of employee rollovers had been used to acquire and allocate employer stock to participants' rollover accounts through the ESOP component. As a result of the amendment, all employer stock previously held by the Plan was distributed out of the Plan to the affected participants.

Effect on Benefits and Net Assets:

- No additional allocations of employer stock will be made after the effective date of the amendment.

- The amendment did not reduce participant account balances or vested benefits.

- The Plan continues to provide for salary deferral contributions under section 401(k) and employer matching contributions under section 401(m).

The amendment effectively converted the Plan from a KSOP to a traditional 401(k) profit sharing plan, eliminating the ESOP provisions while maintaining the existing participant-directed investment structure. In addition, the Plan was amended in 2024 to provide that an Eligible Employee who has not satisfied the Year of Eligibility Service requirement but has completed at least 500 hours of service in each of two consecutive Plan Years, will be eligible to participate in the Plan in accordance with the Plan long-term part-time employee provisions.

NOTE J - REVENUE SHARING ARRANGEMENTS

The Plan participates in revenue sharing arrangements with certain investment providers. Under these arrangements, a portion of the investment management fees associated with certain investment options is credited to the Plan's Administrative Fee Account. Amounts credited in the Administrative Fee Account may be used to pay eligible Plan administrative expenses in accordance with the provisions of the Plan.

Amounts held in the Administrative Fee Account are not allocated to individual participant accounts and remain available for future Plan administrative expenses.

During the year ended December 31, 2025, the Plan used $14,057 from the Administrative Fee Account to pay Plan administrative expenses. The balance in the Administrative Fee Account was $0 at December 31, 2025.
