INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Laing Companies 401(k) Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Laing Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Laing Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Laing Companies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laing Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Laing Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Laing Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Laing Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions. The Plan Administrator oversees the governance of the Plan. The Plan was originally effective January 1, 1961. The Plan's most recent restatement was effective January 1, 2025.

General

The Plan is a defined contribution plan covering substantially all employees of Eugene Welders Supply Co. (the Employer). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan after 90 days of continuous employment provided that they are not union employees, nonresident aliens, or leased employees. Entry into the Plan is the date on which eligibility requirements are met for participant deferrals and the Plan's Safe Harbor contribution. Employees become eligible for profit-sharing contributions after one year of service with at least 1,000 hours. Entry dates for profit-sharing contributions are January 1 and July 1 of the Plan year coinciding with or next following the date the eligibility requirements are met.

Contributions

Each year, participants may contribute up to 100 percent of pre-tax or after-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan uses an auto enrollment feature with a pre-tax deferral rate of 2 percent for eligible participants who do not make a voluntary election. The Plan also allows for participants to make rollover contributions from existing qualified plans into the Plan.

The Employer makes Safe Harbor nonelective contributions equal to 3 percent of each participant's compensation. The Employer also makes nonelective profit-sharing contributions to the Plan and may include each participant in a separate allocation group. In 2025 and 2024, the Employer made a nonelective profit sharing contribution equal to 1.13 and 1.07 percent, respectively, of eligible compensation for participants with one year of service. All other employees are allocated enough profit sharing in order to pass the required nondiscrimination test. For the year ended December 31, 2025, the total Employer's Safe Harbor and profit-sharing contributions were $321,562 and $142,028, respectively. For the year ended December 31, 2024, the total Employer's Safe Harbor and profit-sharing contributions were $308,798 and $129,286, respectively.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and earnings on the participant's account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Plan Description, continued

Participant Accounts, continued

Participants are able to direct the investments in their beneficial account within Plan guidelines. This may include individually directed accounts in the custody of the Plan's custodian in a Personal Choice Retirement Account (PCRA).

Vesting

Effective January 1, 2025, vesting in the Employer's profit-sharing contribution portion of their accounts is based on years of continuous service as defined in the Plan. A participant is 100 percent vested after five years of service with the Employer. Participants are immediately vested in their elective deferrals and Employer Safe Harbor nonelective contributions plus actual earnings thereon. Participants who were employed on December 31, 2024 remain 100 percent vested in all accounts.

Years of Vesting Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Prior to January 1, 2025, participants were immediately vested in all contributions plus actual earnings thereon.

Forfeitures

Forfeitures represent the unvested portion of a participant's account as of the earlier of (i) the distribution of the entire vested portion of a participant's account, or (ii) the last day of the plan year in which the former participant incurs five consecutive one-year breaks in service. During the years ended December 31, 2025 and 2024, amounts forfeited from participant accounts were $2,272 and $-0-, respectively. As of December 31, 2025 and 2024, amounts available for use were $2,775 and $-0-, respectively. Forfeited amounts are used subsequent to year-end to offset Employer contributions, in accordance with the provisions of the Plan.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or their designated beneficiary) may elect to receive the value of the participant's vested interest in their account in a lump-sum. In-service distributions are permitted upon attainment of retirement age. In-service distributions for hardships are also permitted on account of an immediate and heavy financial need of the participant, subject to the Plan's rules governing hardship withdrawals.

Participant Loans

Participants are not permitted to borrow from their accounts under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Contributions

Participant contributions are recorded in the year in which they are withheld from compensation. Employer Safe Harbor and profit-sharing contributions are recorded in the year in which the underlying compensation is paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for additional information on fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Dividend and interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses and Fees

Administrative expenses of the Plan are paid by Plan assets or may be paid by the Employer at the election of the Plan Administrator. Expenses paid by the Employer are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments or are reported as a reduction from investment income.

3. Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., acting as the custodian for the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedules are complete and accurate as of and for the years ended December 31:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 15,432,121	$ 12,790,255
Participant Choice Retirement Account (PCRA)	6,034,623	4,790,840
Interest-bearing cash	275,362	227,400
Common/collective trusts	3,310	362
Net change in fair value of investments	1,787,957	1,128,489
Investment change from PCRA accounts	802,226	415,014
Dividends	472,853	370,286
Interest Income	3,148	13,066

4. Tax Status

The Internal Revenue Service (IRS) has informed Prime Retirement Solutions LLC by an opinion letter dated October 24, 2022, that the prototype non-standardized pre-approved profit-sharing plan with CODA adopted by the Plan, as then designed, is qualified under Internal Revenue Code (IRC) Section 401. Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants will become 100 percent vested in their accounts.

7. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded and have a readily determinable fair value. These funds are required to publish their daily NAV and to transact at that price.

Common stocks (including investments held in PCRA accounts): Valued at the closing price reported on the active market on which the individual securities are traded.

7. Fair Value Measurements, continued

Interest-bearing cash: Cash equivalent funds held by the Plan are valued at the contract value of the cash instrument. Interest-bearing cash is classified within Level 2 of the fair value hierarchy because its valuation is based on observable inputs other than quoted prices in active markets, and contract value approximates fair value.

Common/collective trusts: Units held in the common/collective trusts are valued using the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily at NAV. Pursuant to Accounting Standards Update (ASU) 2015-07, *Fair Value Measurements*, the common/collective trusts measured at NAV have not been classified in the fair value hierarchy. All common/collective trusts investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV practical expedient:				
Common/collective trusts				362
Total investments, at fair value				$ 17,808,857

8. Party-in-Interest Transactions

Certain Plan investments are managed by Alerus Retirement Solutions, an affiliate of Alerus Financial, N.A., the custodian of the Plan, and therefore these transactions qualify as party-in-interest transactions. Administrative fees paid to Alerus Retirement Solutions were $37,027 and $1,546 for the years ended December 31, 2025 and 2024, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Reconciliation of Form 5500 to the Financial Statements

The following schedule reconciles net assets available for benefits from Form 5500 to the financial statements at December 31:

	2025	2024
Total net assets per Form 5500	$ 21,745,416	$ 17,808,857
Employer contributions receivable	463,590	438,084
Employee contributions receivable	1,051	-
Total net assets per financial statements	$ 22,210,057	$ 18,246,941

The following schedule reconciles total contributions from Form 5500 to total contributions per the financial statements for the years ended December 31:

	2025	2024
Total contributions per Form 5500	$ 1,197,773	$ 1,375,772
Increase (decrease) in employer contributions receivable	25,506	(219,616)
Increase (decrease) in employee contributions receivable	1,051	(42,532)
Total contributions per financial statements	$ 1,224,330	$ 1,113,624

10. Non-exempt Transactions

For the year ended December 31, 2025, participant contributions totaling $1,051 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. The Employer is taking the appropriate steps to correct the situation in 2026 by reimbursing employees for lost earnings and interest, and has further implemented a procedure to ensure that all future remittances are made within the prescribed time period. There were no delinquent participant contributions attributable to the Plan in 2024.

11. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
