INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of Cartesian 401(k)/Profit Sharing Plan
Overland Park, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cartesian 401(k)/Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

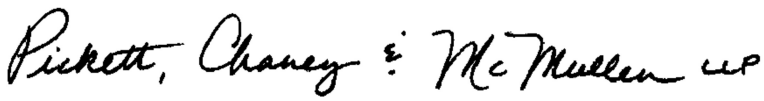

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARTESIAN 401(k)/PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the Cartesian 401(k)/Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that covers substantially all domestic employees of Cartesian, Inc. (the "Company"). Effective June 28, 2018, the Company was acquired by Blackstreet Capital Holdings. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on January 1, 2000. Effective May 22, 2022, the Plan was amended and restated to adopt the Third Cycle Restatement to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA")

ADP Retirement Trust Services, LLC serves as the Plan's trustee and investment custodian for 2025. For 2024, Reliance Trust Company served as the Plan's trustee and investment custodian. The Participant recordkeeper is ADP Retirement Plan Services.

Eligibility – Employees are eligible to participate in the Plan after 30 days of service. An employee enters the Plan on the first day of the month coinciding with or next month following the date the eligibility requirements are satisfied. The Plan excludes non-resident aliens.

Contributions – Participants may contribute up to 90% of annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Upon meeting the Plan's eligibility requirements, participants are automatically enrolled in the Plan with a deferral contribution of 6%, unless the participant elects a different deferral rate. Employees who are over 50 years old may elect to make catch up contributions. Under the Secure 2.0 Act of 2022, effective January 1, 2025, a participant who reaches the age of 60 through 63 during the Plan year may contribute an additional catch-up contribution to the Plan. Participants may designate a portion or all of their contributions as Roth contributions. The Plan has an auto-increase feature, whereby anyone that was auto-enrolled in the Plan will also have their deferral increased by 1% each January 1st, up to 15%.

The Company makes matching contributions equal to 50% of a participant's deferral rate, up to a maximum of 6% of compensation. The Company may also make discretionary contributions to the Plan. During 2025, no discretionary contributions were declared.

Participant Accounts – Each participant's account is credited with the participant's and the Company's contributions, an allocation of the investments' earnings and losses, and is charged with the participant's withdrawals and distributions, and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Upon enrollment in the Plan, participants direct contributions to the available investment options, which currently consist of various mutual funds and common collective trust funds.

Vesting – Participants' contributions and earnings thereon are at all times fully vested and nonforfeitable. Vesting in employer matching and discretionary contributions is based on years of continuous service. A participant vests 33% for each year of service with at least 1,000 hours and is fully vested after three years.

Forfeitures – Forfeitures of terminated participant's nonvested accounts are used to reduce employer matching contributions or to pay plan expenses. At December 31, 2025 and 2024, there are $10 and $53,168 of forfeitures available, respectively. In 2025, forfeitures of $60,965 were used to reduce the employer matching contribution.

Payment of Benefits – Upon termination of service, a participant may elect to receive either a lump-sum amount equal to vested account balances, or monthly, quarterly, or annual installments over a fixed, reasonable period of time, as defined by the Plan document. If the account balance does not exceed $7,000, a lump-sum payment is the only form of disbursement available. For distributions greater than $1,000 but not exceeding $7,000, the account balance will be rolled over into an individual retirement account, unless otherwise directed by the participant.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances in a single sum payment. Participants are allowed a maximum of two withdrawals in any 12-month period.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loans must be repaid over a term of no more than 5 years, and are repaid ratably through payroll deductions. Participants are charged a $50 setup fee when initiating a loan, and a quarterly maintenance fee of $12.

Other Income – During 2025, the Plan received $35,534 in revenue sharing payments which were used to pay administrative expenses. As of December 31, 2025 and 2024, the revenue sharing account had a balance of $0.

Administrative Expenses – Administrative expenses of the Plan may be paid by either the Company or the Plan. The Plan paid administrative expenses of $73,852 for the year ended December 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Contributions are recognized in the year service is rendered by the Participant.

Payment of Benefits – Benefit payments are recognized upon distribution.

Date of Management's Review – Subsequent events have been evaluated through October 1, 2026, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.
>
> Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
>
> Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

> Mutual Funds – Mutual funds are valued using the published quoted price, which is the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying securities.
>
> Common Collective Trusts – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

		Fair Value Measurements Using:			
		Level 1	Level 2	Level 3	Fair Value
December 31, 2025:					
Mutual funds		$ 1,940,791			$ 1,940,791
Total assets in the fair value heirarchy		$ 1,940,791			1,940,791
Investments measured at net asset value	(a)				18,209,620
Investments measured at fair value					$ 20,150,411
December 31, 2024:					
Mutual funds		$ 1,496,652			$ 1,496,652
Total assets in the fair value heirarchy		$ 1,496,652			1,496,652
Investments measured at net asset value	(a)				15,623,958
Investments measured at fair value					$ 17,120,610

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions

4. INFORMATION CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC and Reliance Trust Company, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividend income
- Notes receivable from participants and related interest
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing / Money Purchase / CODA Plan which received a favorable opinion letter from the IRS on October 6, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain fees to ADP. Inc., a related party to ADP Retirement Plan Services, to administer the Plan. These transactions qualify as party-in-interest. Notes receivable from participants are party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan Sponsor was acquired by Bounteous on May 12, 2026. On or about August 31, 2026, the Plan was merged into the Bounteous, Inc. 401(k) Profit Sharing Plan.
