Independent Auditors' Report

Leonardo DRS, Inc. Retirement
Benefit Plans Committee
Leonardo DRS, Inc. Welfare Benefits Plan
Arlington, Virginia

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leonardo DRS, Inc. Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, respectively, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis Of Matter - Basis Of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2025 and reportable transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description Of The Plan

The following descriptions of Leonardo DRS, Inc. Welfare Benefits Plan (the Plan), provides only general information. Participants should refer to the respective Plan Agreements for a more complete description of each Plan's provisions.

General

The Plan is a contributory welfare benefit plan established by Leonardo DRS, Inc. (the Company). The Plan provides health and other benefits to eligible employees of the Company who meet certain eligibility criteria for each component plan and covered dependents. The Plan also covers certain retirees of the DRS Naval Power Systems, Inc. (formerly known as DRS Power & Control Technologies, Inc.).

Certain Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The VEBA trusts (the Trusts) are VEBAs under Section 501(c)(9) of the Internal Revenue Code (IRC) of 1986, as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligible Dependents

Eligible dependents generally include an employee's legal spouse who was enrolled in the Plan, and dependent children up to the age of 26 that satisfy certain criteria.

Employee Health Benefits

The Plan provides health benefits (medical, vision, dental, and prescription drugs), life insurance, short and long-term disability benefits, and accidental death and dismemberment benefits. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

The Plan fully insures the vision, life insurance benefits (basic, supplemental, and dependent), accidental death and disability benefits (basic, supplemental, and dependent), short-term and long-term disability benefits (basic and supplemental). In addition, some medical and dental benefits are fully-insured for select groups. The Plan purchases annual insurance contracts for these insured benefits. Premiums for basic life insurance and basic accidental death and dismemberment insurance programs are paid to the insurance company from the general assets of the Plan.

Premiums for self-insured benefits including the other medical, dental, and prescription drugs plans are paid from the assets of the Plan and the VEBA trust.

Retiree Health Benefits

The Plan provides health benefits to certain eligible retirees from DRS Naval Power Systems who have reached the age of 55 or older with 10 years of service with the Company and who have not yet attained the age of 65.

On October 27, 2011, the Board of Directors of DRS Power & Control Technologies, Inc. amended the Plan to, among other things, include the following for nonunion participants:

1. Termination of medical coverage for current and future nonunion retirees who are not Medicare-eligible as of 11:59 pm on December 31, 2021.
2. Nonunion employees who will not attain age 55 as of December 31, 2013 will not be eligible for medical coverage upon retirement.
3. Coverage for eligible dependents of nonunion employees will end on the earlier of:
    a. The date the retiree or surviving spouse loses coverage,
    b. The attainment of age 65 (or upon eligibility for Medicare, if earlier), or
    c. 11:59 pm on December 31, 2021.

On May 31, 2012, the Board of Directors of DRS Power & Control Technologies, Inc. amended the Plan to terminate all coverage and eligibility for future coverage under the Plan for union members covered by the collective bargaining agreement within District No. 10 of the International Association of Machinists and Aerospace Workers, AFL-CIO, Lodge 1061 (the Members), among other things, as follows:

1. Termination of medical coverage and eligibility for future coverage as of 11:59 pm on June 30, 2014 for all Members who have not yet retired and have not yet attained age 55 as of June 30, 2014.

2. For any Member whose coverage or eligibility for future coverage has not otherwise terminated by (1) above, termination of medical coverage and eligibility for future coverage as of the earlier of:
    a. 11:59 pm on December 31, 2024, or
    b. 11:59 pm on the date immediately preceding the date such person attains age 65 or becomes Medicare-eligible for any other reason.
3. For any eligible dependent (other than a surviving spouse) of a Member, termination of medical coverage and eligibility for future coverage as of the earlier of:
    a. The later of (i) 11:59 pm on the date the Member loses coverage or eligibility for future coverage or (ii) 11:59 pm on the date coverage or eligibility for future coverage terminates for the surviving spouse of the Member (provided such surviving spouse is an eligible dependent);
    b. 11:59 pm on the date immediately preceding the date on which the eligible dependent attains age 65 (or becomes Medicare-eligible for any other reason, if earlier), and
    c. 11:59 pm on December 31, 2024.
4. For any eligible dependent who is the surviving spouse of a Member, the earlier of:
    a. 11:59 pm on the date such person attains age 65 or becomes Medicare-eligible for any other reason, or
    b. 11:59 pm on December 31, 2024.

Retiree Contributions

For the Plan, Retirees and the Company share the cost of the medical coverage. Participant contributions are determined as a percentage of the cost of the medical coverage. The percentage is based on the employee's length of service at retirement. For each non-Medicare eligible covered participant, the Company's total average annual cost has been capped at $7,500. Retiree contributions will increase if actual costs exceed these specified caps.

Employee Contributions

In addition to deductibles and copayments, employees contribute specified amounts based on applicable monthly premiums for their respective benefit elections. Employees pay the full cost of the vision plan, the supplemental and dependent life insurance, the supplemental accidental death and dismemberment insurance, and the supplemental (buy-up) long-term disability insurance programs based on the current group rate premium cost.

For the remaining portions of the Plan, contributions consist of premiums paid by both employees and the Company, depending on the type of coverage selected by each individual employee. The Company contributes amounts representing approximately 65-75% of the Plan's benefit payments and insurance premiums, with active and retired employees contributing the remaining 25-35%. Employee contributions to the Plan are withheld from their pay on a pre-tax basis and a post-tax basis, depending on the plan.

Company Contributions

The costs of the postretirement benefit plan are shared by the Company and retirees. The Company pays the full cost of basic life insurance, basic accidental death and dismemberment insurance, and short-term and long-term disability insurance. The Company makes contributions to the Plan as needed to fund claims in excess of employees' contributions.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying statement of net assets available for benefits and related statement of changes in net assets available for benefits have been prepared on the modified cash basis of accounting whereby all activity is recorded on a cash basis, except for certain receivables and changes in fair value of investments, which are based on quoted market prices. Accordingly, the accompanying financial statements are not intended to present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

Valuation Of Investments And Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments in the accompanying statement of changes in net assets available for benefits includes realized gains (losses) and unrealized appreciation (depreciation).

Estimates And Assumptions

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities and the actuarial present value of the benefit obligation at the date of the financial statements and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Actuarial Present Value Of Benefit Obligation

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect a reduced obligation due to a portion of those costs expected to be borne by Medicare, the retired participants and other providers.

Claims Incurred But Not Reported

Plan obligations for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Funding Policy

The Company pays eligible claims from the Plan as incurred. The Company contributes to the Plan in order to fund benefits as they become payable. In the event of a Plan deficit, the Company intends to fund the Plan to meet the obligations of the Plan.

Claims

Claims are recorded when paid.

Rebates

The Plan utilizes a pharmacy benefit manager (PBM) that periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. Refunds due from the Plan's PBM are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid.

Pharmacy rebates totaling approximately $12,940,000 and $9,300,000 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

Administrative Expenses

The Plan pays various third party administrators to provide administrative services for claims administration. Investment expenses relating to the investment funds are deducted from the income earned on the assets. Fees for personnel, facilities, actuarial and other professional services are paid by the Company.

Subsequent Events

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The Plan's investment information as of December 31, 2025 and 2024, and for the years then ended, included throughout the financial statements and supplemental schedules, was prepared by or derived from information certified by The Bank of America, N.A. (Bank of America), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Bank of America that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets as of December 31:

	2025	2024
Money market funds	**$ 531,263**	$ 441,675
Mutual fund	**934,952**	940,395

Bank of America also certified to the completeness and accuracy related to the following investment income (loss) for the years ended December 31:

	2025	2024
Net change in fair value of investments	**$ (3,818)**	$ 90,362
Dividend income	**128,853**	28,661
Interest income	**18,596**	19,894

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Money Market Fund And Mutual Fund

Valued at the daily closing price as reported by the fund. These investments are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual fund and money market fund held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 531,263	$ —	$ —	$ 531,263
Mutual fund	934,952	—	—	934,952
Total assets at fair value	$ 1,466,215	$ —	$ —	$ 1,466,215

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 441,675	$ —	$ —	$ 441,675
Mutual fund	940,395	—	—	940,395
Total assets at fair value	$ 1,382,070	$ —	$ —	$ 1,382,070

There have been no changes in the valuation methodology used at December 31, 2025 or 2024.

5. Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy. The Company has included the effects of the Medicare subsidy in measuring its postretirement benefit obligation; therefore, the Plan's postretirement benefit obligation differs from that of the Company.

6. Benefit Obligations

The following table summarizes key information related to the benefit obligations as of December 31:

	2025	2024
Amounts currently payable:		
Claims and premiums payable and claims incurred but not reported	**$ 8,474,000**	$ 8,100,000

The change in the benefit obligations for the years ended December 31, 2025 and 2024 is as follows:

	2025	2024
Amounts currently payable:		
Beginning of year	**$ 8,100,000**	$ 8,106,000
Claims and premiums incurred	**110,472,916**	109,520,428
Claims and premiums paid	**(110,098,916)**	(109,526,428)
End of year	**8,474,000**	8,100,000
Post retirement benefit obligation:		
Beginning of year	—	232
Interest costs	—	3
Assumption changes and actuarial losses	—	(235)
End of year	—	—
Total Benefit Obligations	**$ 8,474,000**	$ 8,100,000

The significant assumptions used in determining postretirement benefit cost and the accumulated postretirement benefit obligation as of December 31, 2024 are as follows:

	2024
Discount rate for benefit obligation	5.57%
Discount rate for benefit cost	5.04%
Participation rate	
Nonunion	40%
Union	40%
Mortality table in disclosure	PRI-2012 Table MP Scale 2021 with Nonunion/ BC Union

The foregoing assumptions were based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the postretirement benefit obligation.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions and the plan benefit obligations are prepared based on certain assumptions pertaining to interest rates, healthcare inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

8. Tax Status

The Trusts established under the Plan to hold the Plan's assets are qualified pursuant to the appropriate section of the IRC and, accordingly, the Trusts' net investment income is exempt from income taxes. The Trusts have obtained favorable tax exemption letters from the Internal Revenue Service (IRS) dated August 20, 2007. The Plan and the Trusts are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trusts. The Plan Administrator and the Plan's counsel believe that the Plan and Trusts, as amended, continues to qualify and to operate as designed in accordance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party In Interest Transactions

The Plan invested in a money market fund managed by an affiliate of the Trustee. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are permissible parties in interest transactions under ERISA.
