St. Albans, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We were engaged to perform audits of the financial statements of Northwestern Medical Center, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northwestern Medical Center, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Northwestern Medical Center, Inc. 403(b) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Northwestern Medical Center, Inc. 403(b) Plan does not have sufficient accounting records and supporting documents relating to certain annuity and custodial accounts. As further discussed in Note 2(i) to the financial statements, the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, allows the Plan to exclude from these financial statements certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, and the related income and distributions.

Prior to 2009, annuity and custodial accounts of the Plan were maintained as individual accounts and were not combined for plan level reporting. As a result, the Plan's books and records may exclude certain accounts entered into prior to January 1, 2009. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwestern Medical Center, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Northwestern Medical Center, Inc. 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Northwestern Medical Center, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (End at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

(1) Description of the Plan

The following description of the Northwestern Medical Center, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General – The Plan is a defined contribution plan covering all employees of Northwestern Medical Center, Inc. (the "Hospital"). An employee is eligible to become a participant on their first day of employment with the Hospital. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted November 1, 1995. The custodian of the Plan is State Street Bank and Trust Company and the recordkeeper is Transamerica Life Insurance Company.

(b) Contributions – Each year, participants may contribute up to 85% of annual eligible compensation, as defined in the Plan, subject to annual Internal Revenue Service (IRS) limits. Participants who attain the age of 50 before the end of the plan year may make additional catch-up contributions, subject to IRS limits. Special catch-up contributions are allowed if a participant has been employed at the Hospital for over 15 years. Participants are permitted to rollover contributions from other qualified plans. The Plan has an automatic enrollment feature with a deferral rate of 2%. The automatic deferral amount will increase 1% each year up to a maximum of 4%.

The Hospital has a discretionary matching contribution. For the years ending December 31, 2025 and 2024, the Hospital matched 50% of participants' elective deferrals up to 4%, for a maximum matching contribution rate of 2%. Per diem employees are not eligible for this contribution. Discretionary match contributions for the years ending December 31, 2025 and 2024 were $1,014,259 and $947,825 , respectively.

The Plan also makes a non-elective employer contribution. For the years ending December 31, 2025 and 2024, the Hospital contributed 3% of each eligible participants' compensation to their respective Plan accounts. Eligibility for this contribution requires completion of one year of service, defined as at least 1,000 hours worked during the Plan year. Per diem employees are not eligible for this contribution. Non-elective contributions for the years ending December 31, 2025 and 2024 were $1,432,905 and $1,343,358, respectively.

(c) Participants Accounts – Each participant's account is credited with the participant's contributions, and allocation of (a) the Hospital's contributions and earnings thereon, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations of investment earnings are based on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their account as provided by the Plan.

(d) Vesting – Participants are immediately 100% vested in employee and employer match contributions plus actual earnings thereon. Vesting in the Company's non-elective matching is based on years of continuous service. A participant is 33.3% vested after one year of credited service, with an additional 33.3% per year thereafter until fully vested.

Description of the Plan (continued)

(e) Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive distributions equal to the value of the participant's vested interest in their account. These distributions may be a single lump-sum, annuity payments, or installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution or installments, leave the funds in the Plan until retirement age, or transfer to a trustee of another qualified plan or individual retirement account. If the terminating employee's vested balance is less than $1,000, it is mandatory that the Plan distribute the entire account balance. If the employee's vested account balance is greater than $1,000 but less than $5,000, it will automatically be rolled into an IRA.

In-service distributions are permitted by those participants who reach the age of 59-½. A participant may withdraw rollover contributions at any time. Hardship withdrawals are also permitted under the Plan.

(f) Notes Receivable from Participants – Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%. The term of the loan may not exceed five years. Principal and interest is paid directly from the participants.

(g) Forfeitures – The remaining balances of forfeited, nonvested accounts as of December 31, 2025 and 2024 were $18,171 and $4,248, respectively. Forfeitures used to offset expenses were $8,292 in 2025 and $228 in 2024. Forfeitures used to reduce employer contributions were $19,435 in 2025 and $74,284 in 2024.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting – The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Risks and Uncertainties – The Plan invests in securities, which in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Summary of Significant Accounting Policies (continued)

(d) Fair Value Measurements - Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(e) Investments – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year.

(f) Payment of Benefits – Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

(g) Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(h) Administrative Expenses – In general, administrative expenses are paid by the Hospital, except for certain recordkeeping and professional fees.

(i) Excluded Contracts and Accounts – Historically, the Hospital has not maintained accounting records and supporting documents relating to the Plan activity before 2009. Due to the way in which the Plan was structured, such accounting records were not made available to the Hospital nor were there requirements to keep detailed records relating to the Plan activity. Since the inception of the Plan, participants have been immediately and fully vested in their accounts. The Plan was a collection of individual contracts with respect to which participants could engage in a range of investment actions without the consent or involvement of the Hospital. Since the Hospital was making contributions or forwarding employee salary deferrals, these accounts were considered to be a part of the Plan. Following passage of new 403(b) regulations in July 2007, the Hospital unsuccessfully attempted to obtain Plan accounting records from all prior years.

(j) Subsequent Events – The Plan evaluated subsequent events through September 15, 2026, the date the Plan's financial statements were available to be used.

(k) Reclassification – Certain accounts in the prior-year financial statements have been reclassified for the comparative purposes to conform with the presentation in the current year financial statements.

(3) Information Certified by the Custodian/Recordkeeper

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company (recordkeeper) and State Street Bank and Trust Company (custodian) have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

(4) Party-in-Interest Transactions

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

(5) Plan Termination and Amendment

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100% vested in their accounts.

Additionally, the Hospital may amend the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprives any participant of their accrued benefit.

(6) Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2025

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 92,218,071	$ -	$ -	$ 92,218,071
Total	$ 92,218,071	$ -	$ -	$ 92,218,071

Assets at Fair Value as of December 31, 2024

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 88,369,101	$ -	$ -	$ 88,369,101
Total	$ 88,369,101	$ -	$ -	$ 88,369,101

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(7) Investment Contract

The Plan has a fully-benefit responsive investment contract. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Investment Contract (continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment option or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(8) Income Taxes

The Plan is based on a prototype plan that received a favorable opinion letter from the IRS dated March 31, 2017, indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Income Taxes (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

(9) Withdrawing Participants

There were no participant distributions requested in 2025, but not paid until 2026.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per financial statements	$ 104,005,559	$ 93,191,182
Less: employer contributions receivable	(1,432,905)	-
Net assets available for benefits per Form 5500	$ 102,572,654	$ 93,191,182

The following is a reconciliation of the increase in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31:

	2025
Increase in net assets available for benefits per financial statements	$ 10,814,377
Less: employer contribution receivable	(1,432,905)
Increase in net assets available for benefits per Form 5500	$ 9,381,472
