INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Kenneth Young Center 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kenneth Young Center 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENNETH YOUNG CENTER 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

(1) DESCRIPTION OF PLAN:

The following description of the Kenneth Young Center (the Organization) 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued on September 30, 2026, with subsequent events being evaluated through this date.

General -

The Plan is a defined contribution plan covering all full-time employees of the Organization who are not:

- Non-resident aliens;
- Part of a Collective Bargaining Agreement;
- Part-time employees (less than 20 hours).

An employee becomes eligible to participate with elective deferrals into the Plan the first of the month following one full month of employment. There is no minimum age requirement. Employees that work more than 1,000 hours per year become eligible for matching and discretionary contributions beginning one year after their hire date.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions -

A participant may elect to contribute a portion of his or her pretax or after-tax compensation for the Plan year, as defined in the Plan, not to exceed the Internal Revenue Code (the Code) section 402(g) limit as adjusted in any Plan year. All participants who were eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year were eligible for catch-up contributions of up to $7,500 during 2025. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Organization made a discretionary contribution of 2% of the participant's compensation for those employees who have completed one year of continuous service.

The assets of the Plan as of December 31, 2025 and 2024, are held by Reliance Trust Company, Standard Insurance Company, Voya Retirement Insurance and Annuity Company, Ascensus, LLC, and Symetra Life Insurance Company, the trustees of the Plan. Upon enrollment in the Plan, a participant may direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

(1) DESCRIPTION OF PLAN: (Continued)

Participant Accounts -

Each participant's account is credited with the participant's elective contribution and allocations of the Organization's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately fully vested in their salary deferral contributions plus actual earnings thereon, and in all other accounts, if the participant dies, becomes disabled, or retires while an employee of the Organization. Participants are also immediately fully vested in their discretionary matching and profit-sharing contribution portion of accounts upon meeting the eligibility requirements of the Plan.

Payment of Benefits -

Upon termination of service, a participant may elect to receive 1) a lump sum amount, equal to the value of the participant's vested interest in his or her account, or 2) partial withdrawals or installments, but only with respect to lifetime minimum required distributions, over a period of not more than their assumed life expectancy. If the participant's vested account balance does not exceed $5,000, payment is made in a lump sum distribution. Except for hardship, withdrawals are not permitted prior to a participant's death, disability, retirement, or termination of employment.

Plan Expenses -

Certain expenses of maintaining the Plan are paid for by the Organization.

(2) SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

Contributions -

Participant contributions are recognized in the Plan's financial statements in the period during which payroll deductions are made from participant's compensation. Employer contributions are recognized in the period in which the related compensation is earned, and the employer has an obligation to make the contribution in accordance with the provisions of the Plan document.

Contributions receivable represent amounts due from the employer that have not yet been remitted to the Plan as of year-end.

Payment of Benefits -

Benefits are recorded when paid.

Administrative Expenses -

Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Organization. Administrative expenses of $71,084 were paid by the Plan during the year ended December 31, 2025.

(3) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(4) FAIR VALUE MEASUREMENTS:

The Accounting Standards of Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

(4) FAIR VALUE MEASUREMENTS: (Continued)

Level 2: (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Insurance Company General Accounts: The guaranteed investment contracts are non-fully benefit-responsive. The fair value of the accounts is determined by adding to the contributions made, the earnings on the underlying investments, and deducting participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) FAIR VALUE MEASUREMENTS: (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,331,908	$ -	$ -	$ 10,331,908
Pooled separate accounts	-	1,100,893	-	1,100,893
Insurance company general accounts	-	-	640,448	640,448
Total assets at fair value	$ 10,331,908	$ 1,100,893	$ 640,448	$ 12,073,249

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,597,984	$ -	$ -	$ 10,597,984
Pooled separate accounts	-	1,004,148	-	1,004,148
Insurance company general accounts	-	-	673,901	673,901
Total assets at fair value	$ 10,597,984	$ 1,004,148	$ 673,901	$ 12,276,033

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	Standard Stable Asset Fund	Symetra Annuity	Voya Fixed Account	Total
Balance, December 31, 2023	$ 480,213	$ 110,329	$ 118,459	$ 709,001

Balance, December 31, 2025	$ 481,624	$ 56,228	$ 102,596	$ 640,448

(4) FAIR VALUE MEASUREMENTS: (Continued)

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Quantitative Information about Level 3 Fair Value Measurements -

	Level 3 Investments as of December 31, 2025			
	Fair Value	Valuation Techniques	Unobservable Input	Range
Insurance Company General Accounts	$ 640,448	*Assumed Proceeds at Discontinuance	Composite Crediting Rate	3% - 4%

	Level 3 Investments as of December 31, 2024			
	Fair Value	Valuation Techniques	Unobservable Input	Range
Insurance Company General Accounts	$ 673,901	*Assumed Proceeds at Discontinuance	Composite Crediting Rate	3.04% - 4%

* The value of the Insurance Company General Accounts at any time will equal contributions and transfers in, plus interest, minus withdrawals and transfers out, and charges that are deducted as specified in the contract.

(5) INCOME TAXES:

The Organization has adopted a prototype plan from Reliance Trust Company. Currently, the IRS has no procedures for processing determination letter applications for 403(b) prototype plan documents. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2022.

(6) CERTIFIED INVESTMENTS:

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held at December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, Voya Retirement Insurance and Annuity Company, Ascensus, LLC, Standard Insurance Company, and Symetra Life Insurance Company (the trustees of the Plan), qualified institutions.

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities/mutual funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) PARTY-IN-INTEREST TRANSACTIONS:

Plan assets include investments in funds managed by Reliance Trust Company, Voya Retirement Insurance and Annuity Company, Ascensus, LLC, and Symetra Life Insurance Company, totaling $2,472,726 and $2,383,772 as of December 31, 2025 and 2024, respectively. As custodians of the Plan, these transactions are considered to be party-in-interest transactions. Personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.
