Independent Auditor's Report

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of **Rees Broome, PC 401(k) Plan** (the Plan**),** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Rees Broome, PC 401(k) Plan**'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Rees Broome, PC 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Rees Broome, PC 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Rees Broome, PC 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Rees Broome, PC 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of plan

The following description of the Rees Broome, PC 401(k) Plan (the Plan) provides only general information. The Plan agreement and summary plan description should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor profit sharing/401(k) defined contribution plan covering substantially all employees of Rees Broome, PC (the Company) who have been employed for three months and are age eighteen or older. Entrance dates occur on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined by the Plan, not to exceed the Internal Revenue Service deferral limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants age 50 or older may make additional catch up contributions as defined by law. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor nonelective contributions equal to 3% of eligible compensation. The Plan also allows for discretionary matching contributions. No such contributions were made for the year ended December 31, 2025 and 2024. Additional profit sharing amounts are allowed to be contributed at the option of the Company’s Board of Directors.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, net of allocated administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor nonelective contributions plus actual earnings thereon. Vesting in matching and profit sharing contributions are subject to a three-year cliff vesting schedule.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount that is equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to thirty years. The loans are secured by the balance in the participant’s account. All new loans are assigned interest rates equal to the then existing prime rate of interest. As of December 31, 2025 and 2024, interest rates ranged from 4.25 percent to 9.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in their account, installments over a period not to exceed the participant's lifetime or the joint lifetime of the participant and their spouse. For termination of service due to other reasons, a participant may elect to receive the value of their vested account interest as a lump-sum distribution.

Forfeited accounts
There were no forfeited non-vested amounts as of December 31, 2025 and 2024.

2. Summary of accounting policies

Basis of accounting
The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates
The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
The Plan's investments are stated at fair value in the financial statements. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Contributions receivable and allowance for credit losses
Contribution receivables related to participant contributions and safe harbor nonelective contributions are determined based on the paycheck date. Contributions receivable related to profit sharing amounts are based on the year to which the profit sharing amount is attributed. At Plan year end, management performs an assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant. If necessary, an allowance is established for expected credit losses to be recognized over the life of the receivable. Any allowance for credit losses is charged to change in net assets available for benefits in the period the receivable is recorded and revised in subsequent periods to reflect changes in management's estimate of expected credit losses. As of December 31, 2025 and 2024, no allowance for credit loss was considered necessary.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
Significant administration expenses of the Plan are paid directly by the plan sponsor except for fees paid to the investment managers from their respective funds and certain fees paid directly by the participants.

3. Information prepared and certified by the trustee

The plan administrator has elected the alternative method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the investment information certified by Fidelity Management Trust Company was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

The Plan's financial information that was certified by Fidelity Management Trust Company is summarized as follows:

a) Total investments as shown in the accompanying statements of net assets available for benefits of $30,019,964 and $29,000,494 as of December 31, 2025 and 2024, respectively.
b) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $293,601 and $323,862 as of December 31, 2025 and 2024, respectively.
c) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of $4,822,037 for the year ended December 31, 2025.
d) Interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $24,407 for the year ended December 31, 2025.
e) All investments-related information in the accompanying supplemental Schedule H, Line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2025.

4. Fair value measurements

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following section describes the valuation methodologies the Plan uses to measure its assets at fair value. There have been no changes in the methodologies used at December 31, 2025.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments in cash reserves and common stock are through the use of Fidelity BrokerageLink. Fidelity BrokerageLink is a self-directed brokerage account that gives participants expanded investment choices and the opportunity to more actively manage their retirement contributions. These funds are valued at the actively traded value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value as of December 31, 2025 are summarized below.

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 29,750,589	$ -	$ -	$ 29,750,589
Investments in cash reserves	68,596	-	-	68,596
Investments in common stocks	200,779	-	-	200,779
Total	$ 30,019,964	$ -	$ -	$ 30,019,964

Assets measured at fair value as of December 31, 2024 are summarized below.

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 28,776,868	$ -	$ -	$ 28,776,868
Investments in cash reserves	35,499	-	-	35,499
Investments in common stocks	188,127	-	-	188,127
Total	$ 29,000,494	$ -	$ -	$ 29,000,494

5. Party in interest transactions

The Plan invested in shares of registered investment companies managed by the trustee. A portion of the income or loss of the Plan was derived from these investments. Fees paid by the Plan to the custodian for certain investment management fees were deducted from the net asset values of the registered investment companies held by the Plan.

Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in all employer contribution accounts.

7. Tax status

The Plan is operating under an adoption agreement with Fidelity. The prototype plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by the Plan. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

In accordance with authoritative guidance issued by the FASB, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan is subject to income tax examinations for years ended December 31, 2022 through December 31, 2025.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 30,696,955	$ 29,669,699
Employer contribution receivables	(279,631)	(251,856)
Participant contribution receivables	(103,759)	(93,487)
Notes receivable in default	(29,666)	(28,379)
Net assets available for benefits per the Form 5500	$ 30,283,899	$ 29,295,977

The following is a reconciliation of the change in net assets per the financial statements to the Form 5500 as of December 31, 2025:

Change in net assets per the financial statements	$ 1,027,256
Less: change in participants contribution receivables	(10,272)
Less: change in employer contribution receivable	(27,775)
Less: change in notes receivable in default	(1,287)
Change in net assets per the Form 5500	$ 987,922

10. SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act of 2022 did not have a material effect on the Plan's financial statements.

11. Subsequent events

The Plan has assessed events occurring subsequent to December 31, 2025 through September 22, 2026, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.

Independent Auditor's Report

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of **Rees Broome, PC 401(k) Plan** (the Plan**),** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Rees Broome, PC 401(k) Plan**'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Rees Broome, PC 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Rees Broome, PC 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Rees Broome, PC 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Rees Broome, PC 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

To The Plan Administrator of
Rees Broome, PC 401(k) Plan

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of plan

The following description of the Rees Broome, PC 401(k) Plan (the Plan) provides only general information. The Plan agreement and summary plan description should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor profit sharing/401(k) defined contribution plan covering substantially all employees of Rees Broome, PC (the Company) who have been employed for three months and are age eighteen or older. Entrance dates occur on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined by the Plan, not to exceed the Internal Revenue Service deferral limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants age 50 or older may make additional catch up contributions as defined by law. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor nonelective contributions equal to 3% of eligible compensation. The Plan also allows for discretionary matching contributions. No such contributions were made for the year ended December 31, 2025 and 2024. Additional profit sharing amounts are allowed to be contributed at the option of the Company’s Board of Directors.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, net of allocated administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor nonelective contributions plus actual earnings thereon. Vesting in matching and profit sharing contributions are subject to a three-year cliff vesting schedule.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount that is equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to thirty years. The loans are secured by the balance in the participant’s account. All new loans are assigned interest rates equal to the then existing prime rate of interest. As of December 31, 2025 and 2024, interest rates ranged from 4.25 percent to 9.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in their account, installments over a period not to exceed the participant's lifetime or the joint lifetime of the participant and their spouse. For termination of service due to other reasons, a participant may elect to receive the value of their vested account interest as a lump-sum distribution.

Forfeited accounts
There were no forfeited non-vested amounts as of December 31, 2025 and 2024.

2. Summary of accounting policies

Basis of accounting
The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates
The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
The Plan's investments are stated at fair value in the financial statements. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Contributions receivable and allowance for credit losses
Contribution receivables related to participant contributions and safe harbor nonelective contributions are determined based on the paycheck date. Contributions receivable related to profit sharing amounts are based on the year to which the profit sharing amount is attributed. At Plan year end, management performs an assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant. If necessary, an allowance is established for expected credit losses to be recognized over the life of the receivable. Any allowance for credit losses is charged to change in net assets available for benefits in the period the receivable is recorded and revised in subsequent periods to reflect changes in management's estimate of expected credit losses. As of December 31, 2025 and 2024, no allowance for credit loss was considered necessary.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
Significant administration expenses of the Plan are paid directly by the plan sponsor except for fees paid to the investment managers from their respective funds and certain fees paid directly by the participants.

3. Information prepared and certified by the trustee

The plan administrator has elected the alternative method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the investment information certified by Fidelity Management Trust Company was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

The Plan's financial information that was certified by Fidelity Management Trust Company is summarized as follows:

a) Total investments as shown in the accompanying statements of net assets available for benefits of $30,019,964 and $29,000,494 as of December 31, 2025 and 2024, respectively.
b) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $293,601 and $323,862 as of December 31, 2025 and 2024, respectively.
c) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of $4,822,037 for the year ended December 31, 2025.
d) Interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $24,407 for the year ended December 31, 2025.
e) All investments-related information in the accompanying supplemental Schedule H, Line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2025.

4. Fair value measurements

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following section describes the valuation methodologies the Plan uses to measure its assets at fair value. There have been no changes in the methodologies used at December 31, 2025.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments in cash reserves and common stock are through the use of Fidelity BrokerageLink. Fidelity BrokerageLink is a self-directed brokerage account that gives participants expanded investment choices and the opportunity to more actively manage their retirement contributions. These funds are valued at the actively traded value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value as of December 31, 2025 are summarized below.

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 29,750,589	$ -	$ -	$ 29,750,589
Investments in cash reserves	68,596	-	-	68,596

Total	$ 29,000,494	$ -	$ -	$ 29,000,494

5. Party in interest transactions

The Plan invested in shares of registered investment companies managed by the trustee. A portion of the income or loss of the Plan was derived from these investments. Fees paid by the Plan to the custodian for certain investment management fees were deducted from the net asset values of the registered investment companies held by the Plan.

Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in all employer contribution accounts.

7. Tax status

The Plan is operating under an adoption agreement with Fidelity. The prototype plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by the Plan. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

In accordance with authoritative guidance issued by the FASB, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan is subject to income tax examinations for years ended December 31, 2022 through December 31, 2025.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 30,696,955	$ 29,669,699
Employer contribution receivables	(279,631)	(251,856)
Participant contribution receivables	(103,759)	(93,487)
Notes receivable in default	(29,666)	(28,379)
Net assets available for benefits per the Form 5500	$ 30,283,899	$ 29,295,977

The following is a reconciliation of the change in net assets per the financial statements to the Form 5500 as of December 31, 2025:

Change in net assets per the financial statements	$ 1,027,256
Less: change in participants contribution receivables	(10,272)
Less: change in employer contribution receivable	(27,775)
Less: change in notes receivable in default	(1,287)
Change in net assets per the Form 5500	$ 987,922

10. SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act of 2022 did not have a material effect on the Plan's financial statements.

11. Subsequent events

The Plan has assessed events occurring subsequent to December 31, 2025 through September 22, 2026, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.
