Independent Auditor's Report

Plan Administrator and Retirement Plan Committee
Hulman & Company Retirement Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hulman & Company Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hulman & Company Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hulman & Company Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of Penske Motorsports Corp., the Plan's sponsor, voted on August 6, 2025 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hulman & Company Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hulman & Company Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of Hulman & Company Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of the Hulman & Company Retirement Plan (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

The Plan is a noncontributory defined-benefit plan covering substantially all employees of Penske Motorsports Corp. (Company) and participating subsidiaries who had at least one year of service and were age 21 or older, or 19 if the eligible employee was included in a unit of employees covered by a collective bargaining agreement; if retirement benefits were the subject of good faith bargaining between the employee representative for such unit and the employer. The Plan excludes leased and nonbenefit eligible employees. The participating subsidiaries through December 31, 2025 include: IMS Properties, Inc.; Indianapolis Motor Speedway, LLC; INDYCAR, LLC; and IMS Productions, Inc. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Newport Trust Company (Newport) serves as the trustee of the Plan.

Effective December 31, 2012, the Plan was frozen. Benefits no longer accumulate and no new participants will be admitted to the Plan.

Effective August 6, 2025, the Plan was amended to terminate the Plan. Distributions of assets to Plan participants were made in 2025, and the Plan's governing body made the election to have remaining assets transferred to the Penske Entertainment 401(k) Plan in 2026.

Contributions

The Company's intention during 2024 was to continue funding the Plan to annually fund the Plan's current service cost and the initial past-service costs plus interest on them over a period of 30 years. During 2025, the Company made the decision to terminate the Plan and distribute the assets to participants. The Plan has met the minimum funding requirements established by the federal government.

Pension Benefits

The primary purpose of this Plan is to provide a minimum or "floor" retirement benefit for eligible employees who become participants in this Plan. The Plan is intended to work together with the Penske Entertainment 401(k) Plan; if the profit-sharing benefit is greater, then the profit-sharing benefit is awarded rather than the Retirement Plan benefit.

Benefits under the Plan are based on the average of an employee's highest five years of consecutive calendar-year wages, within the last ten calendar-years. The benefit will be equal to (a) reduced by (b) below, subject to certain minimum accrued benefit considerations:

(a) An amount equal to the sum of (1) and (2)

  (1) An amount equal to 1.00% of participant's average compensation not in excess of the participant's integration level multiplied by the participant's accrual service on such date.

  (2) An amount equal to 1.50% of participant's average compensation in excess of the participant's integration level multiplied by the participant's accrual service (not to exceed 35 years) on such date.

(b) Participant's adjusted profit-sharing benefit

Normal retirement age for Plan benefits is age 65. Participants may elect to receive reduced benefits upon early retirement at age 55, provided they have at least five years of service with the Company. Accrued benefits are payable as an annuity for life, certain life annuity or joint and survivor annuity for married participants. Participants with vested balances under $5,000 will receive benefits in the form of a lump-sum payment.

Death and Disability Benefits

A surviving spouse will be entitled to receive a monthly death benefit in the event of a participant's death prior to receiving any retirement benefits. The benefit is payable for life commencing on the earliest date on or after the date of death on which the participant could have elected to retire if he had a severance from employment on the date of death and survived to retire. The benefit payable to the spouse under this coverage shall be equal to the survivorship benefit that would have been payable to the spouse if the participant retired under the qualified joint and survivor annuity on such date and died. Survivorship annuities are payable at 50%, 75%, or 100% of the vested participant's retirement benefit, as determined by the participant's election.

A participant qualified for permanent disability insurance payments under the *Social Security Act* is eligible to receive disability benefits under the Plan. If disability occurs prior to normal retirement (age 65), the benefit shall be reduced l /180th for each completed month of the first five years and 1/360th for each completed month of the next five years by which the disability benefit preceded the normal retirement (age 65), and actuarially thereafter for each additional month by which the disability benefit preceded normal retirement (age 65).

Vesting

Upon completion of five years of vesting service but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. Eligible employees are fully vested upon completion of five years of vesting service.

Plan Termination

Effective August 6, 2025, the Plan was amended to terminate the Plan. During 2025, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Benefits attributable to employee contributions, taking into account those paid out before termination

b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations discussed below

d. All other vested benefits (that is, vested benefits not insured by the PBGC)

e. All nonvested benefits

Certain benefits under the Plan are insured by the PBGC upon Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants received their benefits upon Plan termination depended on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may have also depended on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Due to the Plan termination and change to liquidation basis of accounting, as disclosed in Note 2, administrative expenses expected to be incurred during the period of liquidation subsequent to December 31, 2025 of $36,879 were recorded as of December 31, 2025. Purchase of annuity contracts expected to be incurred during the period of liquidation subsequent to December 31, 2025 of $28,280 were recorded as of December 31, 2025. All participant accounts were fully liquidated by December 31, 2025. The remaining net assets available for benefit as of December 31, 2025 were transferred to the Penske Entertainment 401(k) Plan during September 2026. The accrued transfer of $193,023 was recorded as of December 31, 2025, resulting in $0 of net assets available for benefits as of December 31, 2025 under the liquidation basis of accounting.

In connection with the Plan termination, the Plan transferred approximately $2,330,092 of assets to Delaware Life Insurance Company for the purchase of annuities as a settlement for certain retirees of the Plan. Delaware Life Insurance Company took over the monthly payments of these participants during 2025.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for 2025 are prepared on the liquidation basis of accounting. The accompanying financial statements for 2024 are prepared on the ongoing basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

(A) Retired or terminated employees or their beneficiaries

(B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

Administrative Expenses

Administrative costs may be paid by the Company or the Plan, at the Company's discretion.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Tax Status

Effective January 1, 2021, the Plan entered into an updated adoption agreement, which operates under the Newport Group, Inc. Volume Submitter Defined Benefit Plan #18-001. The Plan has not submitted to the Internal Revenue Service (IRS) for an individual determination letter as the nonstandardized prototype document has received a favorable opinion letter from the IRS. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2025 and 2024
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2025 and the schedule of reportable transactions for the year ended December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

	2025			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 257,968	$ 257,968	$ -	$ -

	2024			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 5,683,013	$ 5,683,013	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Mutual funds are considered Level 1 securities held by the Plan. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 2 or Level 3 securities held by the Plan. See Note 2 for definitions of inputs utilized to determine fair value.

Note 5. Accumulated Plan Benefits

An actuary from Newport Group estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of January 1, 2025 was as follows:

	2025
Actuarial present value of accumulated plan benefits	
Vested benefits	
Retired participants and beneficiaries receiving payments	$ 4,771,939
Other participants	406,949
	5,178,888
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	$ 5,178,888

Changes in the actuarial present value of accumulated plan benefits were as follows:

	2025
Actuarial present value of accumulated plan benefits, beginning of year	$ 5,430,428
Increase (decrease) during the year attributable to	
Increase for interest due to the decrease in the discount period	308,644
Actuarial experience loss	21,896
Benefits paid	(582,080)
Net decrease	(251,540)
Actuarial present value of accumulated plan benefits, end of year	$ 5,178,888

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: 6.00%
- Mortality basis: Pri-2012 Total Dataset Mortality Table with Projection Scale MP-2021
- Retirement: At normal retirement age (65)
- Asset valuation: Asset method

The foregoing actuarial assumptions were based on the presumption the Plan would continue. Based on the 2025 amendment to terminate the Plan, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits after the termination election date.

Note 6. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan paid $22,375 and $29,266 of administrative fees to the trustee during December 31, 2025 and 2024, respectively. Administrative expenses expected to be incurred during the period of liquidation subsequent to December 31, 2025 of $36,879 were recorded as of December 31, 2025. The Plan paid $153,000 to Gallagher Bassett for consulting services during 2025. Individually nonmaterial expenses paid during 2025 totaled $54,321. The Company provides certain administrative services at no cost to the Plan.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8. Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include reporting estimated accrued transfer of assets to the Penske Entertainment 401(k) Plan, administrative expenses, and accrued purchase of annuity contracts through liquidation date.

Note 9. Subsequent Events

Subsequent events have been evaluated through September 28, 2026, which is the date the financial statements were available to be issued.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
