INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor
Park Square Enterprises, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Park Square Enterprises, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Park Square Enterprises, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Park Square Enterprises, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Park Square Enterprises, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Park Square Enterprises, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Park Square Enterprises, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of Park Square Enterprises, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The plan administrator and trustee are responsible for the oversight of the Plan.

General

The Plan was established on January 1, 1996 and is a defined contribution plan sponsored by Park Square Enterprises, Inc. (the "Company" or "Employer"). The Plan includes a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2022.

Eligible employees generally may participate upon attaining age 21 and completing two months of service, with entry on the first day of the month coinciding with or next following satisfaction of these requirements, subject to the eligibility exceptions specified in the Plan.

The Plan permits participants to make pretax and designated Roth elective deferrals, subject to applicable Code limitations, and provides for eligible catch-up and rollover contributions. Pretax deferrals generally reduce participants' current taxable income for income tax purposes, whereas Roth deferrals are included in current taxable income. The Plan provides for safe-harbor matching contributions and permits additional discretionary employer contributions, as described below.

Contributions

The Plan provides for safe-harbor matching contributions equal to 100% of participants' elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals exceeding 3% but not exceeding 5% of eligible compensation. Safe-harbor matching contributions are calculated on a payroll-period basis and are immediately 100% vested.

The Company may also make additional discretionary matching contributions under the terms of the Plan and adoption agreement. For purposes of these contributions, elective deferrals exceeding 6% of eligible compensation are not considered, and discretionary matching contributions are limited to 4% of eligible compensation for the Plan year. The Company may also make discretionary profit-sharing contributions. Participants are immediately 100% vested in these employer contributions. Safe-harbor matching contributions for the years ended December 31, 2025 and 2024 totaled $427,301 and $533,141, respectively. No additional discretionary matching or profit-sharing contributions were made for the 2025 or 2024 Plan years.

NOTE 1 - DESCRIPTION OF PLAN (*Continued*)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, not to exceed 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates between 3.25% and 8.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

Investment Options

The participants direct the investment of their account balance and may select from various investment options maintained by John Hancock Life Insurance Company ("John Hancock" or "JH"), the custodian of the Plan. Participants may change their investment option selections on any business day, as defined by the Plan.

Vesting

Participants are always 100% immediately vested in their elective deferral account, rollover contribution account, safe harbor matching contributions, qualified non-elective contribution account and discretionary matching and annual discretionary contributions.

Participant Accounts

Plan participants are offered a choice of various investment options and allowed to change their investment options daily. Each participant's account is credited and/or reduced by the participant's elective deferral contributions and distributions, the Company's contributions, and an allocation of the Plan's investment earnings/losses and investment fees and any administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

Forfeited Accounts

Forfeitures may arise from the correction of employer contribution errors or refunds of excess employer contributions. There were no forfeitures at December 31, 2025 or 2024 and no forfeiture activity during 2025.

Payment of Benefits

All of a participant's vested balance is payable upon the participant's normal retirement (at 65 years), at age 59 1/2, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations. Participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various installment and annuity options as provided by the Plan. Additionally, subject to certain limitations as defined by the Plan, Participants may elect pre-retirement withdrawals at age 55.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with GAAP.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, including the stable-value fund measured using net asset value as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Pooled separate accounts are valued using daily unit values. Unit values are determined from the values of the underlying investments, including applicable accrued income, adjusted for administrative and investment-related charges, and divided by the number of outstanding units in each class. The fair value of the Plan's interest is determined by multiplying the units held by the applicable year-end unit value. Securities traded in the over-the-counter market are valued at the closing price on the last business day of the year. Gains or losses on securities sold are based on average cost.

Notes Receivable from Participants

Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made. Participant notes receivable are measured at their unpaid principal balances plus any accrued interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation of fair value of investments. Incurred and paid plan expenses for the year ended December 31, 2025 totaled $34,693.

Subsequent Events

Management evaluated subsequent events through September 18, 2026, the date the financial statements were available to be issued.

NOTE 3 – CERTIFICATION OF INVESTMENT INFORMATION

John Hancock Life Insurance Company, the custodian of the Plan, has supplied the plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS (*Continued*)

Pooled separate accounts: Pooled separate accounts are valued using daily unit values provided by JH. Unit values are determined from the values of the underlying investments, including applicable accrued income, adjusted for administrative and investment-related charges, and divided by the number of outstanding units in each class. The fair value of the Plan's interest is determined by multiplying the units held by the applicable year-end unit value.

These investments are classified within Level 2 of the fair value hierarchy because their valuation is based on significant observable inputs other than quoted prices in active markets for identical investments.

Stable Value Fund: The Plan invests in the John Hancock Stable Value Fund, a collective investment trust that seeks to preserve principal and provide stable income by investing primarily in benefit-responsive investment contracts and related fixed-income investments. The Plan measures its investment using net asset value per unit as a practical expedient to estimate fair value.

The John Hancock Stable Value Fund is excluded from the fair value hierarchy because the Plan measures its investment using net asset value per unit as a practical expedient to estimate fair value.

At December 31, 2025 and 2024, the stable value investment totaled $879,910 and $775,654, respectively.

The Fund seeks to maintain a stable unit value of $1.00; however, preservation of principal is not guaranteed. Qualifying participant-directed withdrawals generally are processed at book value within one or two business days, subject to contractual provisions permitting delays. Plan-directed withdrawals generally may be paid earlier subject to a market-value adjustment, or without such adjustment within a period of up to 12 months, subject to contractual exceptions. Transfers to competing investment options and certain employer-initiated events may be subject to additional withdrawal restrictions.

Pooled separate accounts described above are deemed to be Level 2 and are reflected below:

	2025	2024
Investments in the fair value hierarchy:		
Pooled separate accounts	**$ 11,428,286**	$ 10,160,488

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan adopted a volume submitter plan which has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has not requested a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The plan administrator believes that the adopted and amended Plan continues to qualify and will remain exempt from federal income taxes under Section 401(a). As of December 31, 2025, with certain exceptions, the Plan is no longer subject to income tax examinations by U.S. federal taxing authorities for any tax years before 2022.

NOTE 6 - PLAN TERMINATION

The plan sponsor intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan holds investments managed by John Hancock, the Plan custodian, which qualify as party-in-interest investments. The Plan's payments of custodian fees to John Hancock and audit fees qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and the custodian. The custodian receives revenue from providers for services provided to the funds. This revenue is used to offset certain amounts owed to the custodians for its administrative services to the Plan.

If the revenue received by John Hancock from such fund service providers exceeds the amount owed under the MSA, John Hancock remits the excess to the Plan's trust. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2025, there were no excess amounts. The Plan or Company may make a payment to John Hancock for administrative expenses not covered by revenue sharing.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2025, certain participant contributions totaling $64,495 were not remitted to the Plan within the time prescribed by Department of Labor regulations. These contributions related to payroll periods ended March 31 and April 15, 2025, and were subsequently deposited into the Plan during May 2025.

The Plan Sponsor has agreed to pursue correction through the Department of Labor's Voluntary Fiduciary Correction Program ("VFCP"), including reimbursement to the Plan for applicable lost earnings. As of September 18, 2026, the voluntary self-correction status is pending and the lost earnings in the amount of approximately $423 has not been remitted. The delinquent participant contributions are presented in the accompanying supplemental Schedule H, Line 4a — Schedule of Delinquent Participant Contributions.
