Independent Auditor's Report

Plan Administrator and Board of Directors
Conner & Winters 401(k) Retirement Plan
Tulsa, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Conner & Winters 401(k) Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to access whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or is derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of the Conner & Winters 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that covers various staff employees, as defined in the plan document, and partners of Conner & Winters, LLP (Firm) who are at least 21 years of age and have at least six months of service for elective deferrals and employer contributions and one year of service and employment on the last day of the year for profit-sharing contributions. The Plan is subject to the *Employee Retirement Income Security Act of 1974* (ERISA). Empower Retirement, LLC and its affiliate Empower Annuity Insurance Company of America (EAICA) serve as record-keeper of the Plan, Empower Trust Company, LLC (Empower) serves as trustee and custodian of the plan assets held outside the group annuity contract, and Prudential Retirement Insurance and Annuity Company (Prudential) serves as custodian of the plan assets held within the group annuity contract. Prudential is a subsidiary of EAICA, which is an affiliate of Empower. Charles Schwab serves as the manager for all self-directed brokerage investments for the Plan.

Contributions

Staff employees and partners of the Firm who are eligible to participate in the Plan may elect to make contributions as defined by the Plan. Contributions made by participants are matched by the Firm based upon matching formulas for the different participant employee classifications, as defined in the plan document. Firm profit-sharing contributions are discretionary as determined by the Firm. Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. All contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Investment Account Options

Participants direct the investment of their contributions as well as the Firm's matching and discretionary contributions into various investment options offered by the Plan. The Plan offers various collective trust fund options, mutual funds, pooled separate accounts, and a self-managed account option. Participants may change their investment options periodically during the plan year in accordance with plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Firm's matching and profit-sharing contributions, and an allocation of account earnings or losses and is charged with an allocation of certain administrative expenses. Allocations of administrative expenses are based on the participant's account balance as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Firm's matching and discretionary contributions is based on years of service, as defined by the Plan. A participant is fully vested after six years of service. Upon termination of service, the nonvested portion of a participant's matching and discretionary contribution account is forfeited, and the forfeited portion is used to reduce the Firm's future contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's

account. The loan interest rate is based on local prevailing rates as determined by the Plan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon severance from employment, a participant may elect to receive the value of the vested interest in their account in either a lump-sum amount, periodic installments, or a partial distribution. Hardship withdrawals, as defined by the Plan, are also permitted.

Forfeited Accounts

Forfeited nonvested accounts are used annually to reduce the Firm's contributions. At December 31, 2025 and 2024, there were approximately $1,000 and no balance remaining in these accounts for future use, respectively. During the years ended December 31, 2025 and 2024, approximately $8,000 and $110,000, respectively, was utilized from forfeited accounts to reduce the Firm's contributions.

Revisions and Reclassifications

Certain immaterial revisions have been made to the 2024 financial statements to separately present interest and dividend income that was previously included within net appreciation in fair value of investments.

Certain immaterial reclassifications have also been made to conform to the 2025 financial statement presentation. Amounts previously presented as net appreciation in fair value of investments for collective trusts and participant-directed self-managed accounts have been combined into a single net appreciation in fair value of investments caption.

The Plan also revised the amounts previously reported in Note 8 and the schedule of delinquent participant contributions to remove approximately $57,000 of remittances that were incorrectly reported as delinquent participant contributions.

These revisions and reclassifications did not affect total additions, net increase in net assets available for benefits, or net assets available for benefits previously reported.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at their fair value. Mutual funds and self-directed brokerage accounts, which consist of common stocks, mutual funds, and cash, are stated at fair value based upon quoted market prices.

The Plan's investments in the Group Annuity Contract (Pooled Separate Accounts) are valued at the NAV of the fund units, which is calculated based on the valuation of the funds' underlying investments at fair value at the end of the year. The investments are public investment vehicles, which are valued using the NAV provided by the

trustee. The NAV is based on the value of the underlying assets owned by the fund divided by the number of units outstanding.

The Plan's investment in collective investment trusts is valued at NAV. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Excess Contributions Payable

These amounts represent refunds to highly compensated employees (HCE) resulting from corrective action taken following the Plan's failure of the Actual Contribution Percentage (ACP) nondiscrimination test for the 2024 plan year. The test failure indicated that certain HCEs received contributions in excess of allowable limits when compared to non-highly compensated employees (NHCE). To restore compliance, the Plan issued refunds of approximately $108,000 by recording a liability for the corrective distributions to affected HCEs during the year ended December 31, 2024, reducing their excess contributions. These refunds were made by March 15, 2025, in accordance with IRS correction deadlines. For the year ended December 31, 2025, no corrective distributions or refunds of participant contributions were required or issued.

Administrative Expenses

The Plan incurs expenses related to general administration and record-keeping. Administrative expenses may be paid by the Plan but, if not paid by the Plan, will be paid or absorbed by the Firm.

Note 3. Certification of Plan Trustee and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower and EAICA, qualified institutions, have certified the following investment information included in the financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information and notes receivable from participants included in the schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan pays certain record-keeping fees to the Plan's trustee. The Plan pays certain administration fees to the Plan's record-keeper. The Plan also pays annual audit fees from plan assets. The Firm provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025				
Mutual funds	$ 66,354,406	$ 66,354,406	$ -	$ -
Self-managed accounts	21,382,370	21,382,370	-	-
Total assets in the fair value hierarchy	87,736,776	$ 87,736,776	$ -	$ -
Investments measured at NAV[(a)]	13,525,790			
	$ 101,262,566			
2024				
Mutual funds	$ 58,636,137	$ 58,636,137	$ -	$ -
Self-managed accounts	23,288,834	23,288,834	-	-
Total assets in the fair value hierarchy	81,924,971	$ 81,924,971	$ -	$ -
Investments measured at NAV[(a)]	14,708,374			
	$ 96,633,345			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments or unfunded commitments. The redemption notice period is only applicable to the Plan and does not apply to individual participant transactions, which are allowed daily.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan did not hold any Level 2 or Level 3 investments at December 31, 2025 and 2024.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document with Empower Retirement, LLC. The Plan utilizes the Empower Retirement, LLC Defined Contribution Pre-Approved Plan. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions and loan repayments to the Plan as soon as they can be reasonably segregated from the employer's general assets but no later than the 15th business day of the month following the month in which the participant contributions and loan repayments are withheld by the employer. Once the Plan has determined it has remitted employee contributions and loan repayments late to the Plan, the Plan is required to compute lost earnings on those contributions and loan repayments and allocate lost earnings to the participants impacted in an equitable manner.

While the Firm remitted all employee contributions and loan repayments to the Plan, remittances of $4,111 were not made within the required time period for the year ended December 31, 2024. Lost earnings on 2024 delinquent remittances were not fully funded by December 31, 2025. Late remittances to the Plan are required to be reported as nonexempt transactions until the year they are corrected; therefore, these late contributions are included on Schedule H, Line 4a of the Form 5500.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 1, 2026, which is the date the financial statements were available to be issued.

Termination of Plan

Effective July 1, 2026, all employees of the plan sponsor became employees of Spencer Fane LLP, an unaffiliated entity. In connection with this transaction, the Plan was terminated on June 30, 2026. All plan participants were fully vested as of June 30, 2026. Plan management is working with third-party administrators to ensure participant account balances are rolled over to the Spencer Fane LLP plan or distributed in accordance with plan provisions.
